# LUZERNE MAKING DIVORCE RECORD

**WILKS-BARRE, Pa., Wednesday.**—The number of divorces granted in Luzerne county this year promises to be the record number. Already fifty-nine have been given, and there are several applications in the hands of the judges.

A review of the causes for the desertions, as shown in an examination of the records, indicates that 70 per cent. of the divorces are upon the ground of desertion, and that this is due to couples marrying when they are too young to have a proper appreciation of the cares of married life, or of marrying when neither has any money saved and but a small earning capacity. There have been frequent instances of couples being married during the last year when the man did not have enough money to pay an alderman the wedding fee of \$5.

Records show, too, that the great majority of those who apply for divorce are Americans, while there are but few foreign-born applicants on the list, although the number of foreign-born young people who are married in this country greatly exceeds the number of native born.

# UNEMPLOYED HOLD A MASS MEETING

**TORONTO, Wednesday.**—A meeting of some of the unemployed of the city was held last night, and the decision was made to have a parade through the city streets as soon as enough unemployed men can be got together to make a showing. A large percentage of the men in attendance last night were Englishmen, and most of the latter were from London. The government, the city, the Salvation Army and especially the immigration agents were roundly censured, but the meeting as a whole showed a disposition to sensibly tackle the local unemployed problem. Much indignation was expressed at the methods of those responsible for the shifting advertisements in the English papers. Chairman Mills, formerly of London, asked the men present to state their grievances and one general complaint was that the farmers here worked the men fifteen to sixteen hours per day for an average wage of \$7 to \$12 a month.

# DEAFNESS CANNOT BE CURED BY LOCAL APPLICATIONS

As they cannot reach the diseased portion of the ear, there is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

# SUFFRAGETTES WILL STIR UP NEW YORK

**NEW YORK, Wednesday.**—The greatest woman suffragist crusade in the history of New York will be put in motion on the evening of December 12, when thousands of women will gather in mass meetings at Cooper Union to join in a plea for woman's rights.

The announcement of the movement was made today by Mrs. Harriet Stanton Bletch, leading suffragist and organizer of women's clubs, who said that the meeting would be held in honor of Mrs. Cobden-Sanderson, the English suffragette who was imprisoned for thirty days in a London jail during the English suffragist agitation. She recently spoke in Philadelphia.

He also was sponsor for one amending the copyright act by making the formula simple.

# DISEASE DECIMATING LABRADOR ESQUIMAUX

**ST. JOHN, Nfld., Wednesday.**—The reports of Dr. Grenfell, of the Deep Sea Mission, relative to the Eskimo, has caused considerable anxiety. Referring to the disease, which had been introduced by the inhuman practice of importing these northern people into the United States for the purpose of show and speculation, both doctors are agreed that therein lies the cause of the illnesses which have spread like the pestilence through the northern land. Dr. Hutton, of Oskok, said that he feared "it would be the race, and not the disease that would be stamped out." The Imperial Government on the representation of His Excellency Sir William Macdougall, proposed sending a medical man to treat the patients this year, but circumstances had prevented, and there is great fear that when next year arrives it will be found that the numbers of the Newfoundland Eskimos are considerably lessened. It is a sad reflection upon civilization in its modern form that the hitherto healthy and contented Northerners are now the victims of consumption and other diseases, as the direct result of the cupidity of the more civilized Northerners.

# ROOSEVELT SAYS NO MORE FOR HIM

**WASHINGTON, Wednesday.**—In view of the issuance of the call of the Republican National Committee for the Convention, the President makes the following statement: "On the night after the election, I made the following announcement: 'I am deeply sensible of the honor done by the American people in thus expressing their confidence in what I have done and have tried to do. I appreciate to the full the solemn responsibility this confidence imposes upon me, and I shall do all in my power not to forfeit it.' On the fourth of March next I shall have served three years and a half, and this three and a half years constitute my first term. This wise custom which limits the president to two terms regards the substance and not the form and under no circumstances will I be a candidate for or accept another nomination. I have not changed and shall not change the decision thus announced."

**A Home made Happy by Chamberlain's Cough Remedy.**  
About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores and found a certain remedy which had been recommended commended to me and which I bought. I tried it and the keepers insisted that I try Chamberlain's Cough Remedy. I did so and our little girl is well today. Geo. W. Spence, Holly Springs, N. C. For sale by all druggists.

**TOMKINS, Pa., Wednesday.**—Walter Packard answered the following note, which he found in the pocket of a pair of trousers he purchased from a mail-order house.

"Should this fall into the hands of a good-looking young man who desires to correspond with a young lady of sweet disposition, kindly write Miss Lulu Williams, Alton, Ill.

The expectant swain received the following reply:

"Sir: My wife has just received a letter from you, addressed in her maiden name. Fifteen years ago, when she was working in a sweet shop she might have written that note. She is now the mother of three children, and my lawful wife. If you don't cut out writing to her there will be trouble."

The young man has been advised to patronize home industries in selecting clothing and sweethearts hereafter.

# GOVERNOR WEDS GIRL WHO GAVE HIM ROSES

**UNION CITY, Tenn.**—A wedding of note took place here today, when Miss Mary Russell Gardner, daughter of Mr. and Mrs. W. H. Gardner, became the bride of Malcolm R. Patterson, Governor of Tennessee. Immediately after the ceremony, which was performed at the home of the bride's parents, Governor and Mrs. Patterson departed in a special car for Nashville. Later they will go on an extensive wedding tour.

The wedding was attended by many state officials, members of the Legislature and others. From outside the state there were relatives and other guests from St. Louis, Chicago, Birmingham Terre Haute, Little Rock, Atlanta and a number of other points. The ceremony was performed by Governor Gardner had been delegated by the Rev. Stirling J. Foster, of Birmingham.

An interesting story is going the rounds that paints a romance for a background of a courtship. Miss Gardner had been delegated by the Rev. Stirling J. Foster, of Birmingham, then a candidate for Governor, with a bouquet of roses at one of his campaign speeches.

They met on the stage of the Town Hall. It was a case of love at first sight. Miss Gardner forgot her lines and the nominee was overcome with confusion. The end was inevitable.

This is Governor Patterson's third matrimonial venture. His second wife died while he was making his canvass for the Democratic nomination.
