Telegraphic Ticks

A fatal accident occurred at Pilot Mound, Manitoba on Saturday. A number of children who were playing on the railway when a traction engine drawing separator passed. Little Doris McJanet jumped on the separator tongue and overbalancing, fell beneath the machine both wheels passing over her body and killing her instantly.

The Daily Graphic's mammoth balloon which left the Crystal Palace London on Saturday night has succeeded in its attempt to break the over sea record.

The balloon crossed the north sea to Denmark and travelled over Scandinavia with great speed. The aeronaut's bearings were lost in the fog and an exciting descent was made at Brook, in Sweden, Sunday.

Commander Bradford Briggs, United States navy retired, was picked up Sunday by the police while wandering aimlessly in the streets and placed in a hospital for the insane. Subsequently he was turned over to Captain John B. Fremont, naval attaché to the American embassy who placed him under medical treatment. He seemed to be suffering from the hallucination that he was being persecuted.

A petition asking that the sentence of death on Thomas F. Collins, sentenced to be hanged on November 15th for the murder of Mary Ann McLaughlin, be commuted to life imprisonment is being circulated and largely signed in Albert county. This course is the only one left open to the friends of the condemned man as the decision of the jury in the last trial was final so far as the courts of law are concerned and no action was taken by the defence council to have the case reserved. The petition has been gotten up by persons in the county who have been interesting themselves in Collins' case ever since the beginning. The petition will be laid before the governor in council by Collins' attorneys, H. A. McKeown, of St. John and J. C. Sierren, of Monoton. Collins still protests his innocence.
