

TOWN TOPICS

(From Friday's Graphic) WHAT'S THE USE? What's the use? A man can run a store without advertising and he can wink at a girl in the dark—but what's the use?

AFTER STORIES Jas. B. Connolly, the writer of stirring sea tales is touring the Gaspe coast in search of material for a series of fishing stories.

WIFE OF JAMES ADAMS Mrs. Jane Adams who died at Matapedia, this week the wife of James Adams, and not of John Adams as was reported in the Graphic.

A DENIAL It is not true that the Town Council intends establishing a private water works system for the benefit of the Tribune. Where such a report originated it is difficult to determine.

A STRANGE WEAPON A sailor of the barque Anselmy possesses a curiosity in the shape of a genuine Australian boomerang. This strange weapon was found in the remote "Never, never land" of the Antipodes continent.

PROBATE COURT The will of the late John Culligan was probated yesterday and letters testamentary were issued to the executors John and Arthur Culligan. The real estate was valued at \$15,000 personal \$10,000. W. A. Mott, Proctor.

SAY POLES ARE MISPLACED. Complaints are being made by the residents of Gerard street with regard to the location of the new telephone poles. In several cases it is said, they are being placed too far from the curb, thus decreasing the width of the sidewalk.

HAD TO CARRY HIM Two sailors from one of the barges in port, created some amusement on Water street yesterday. One of the tars had imbibed so freely that he was helpless and had to be carried to the vessel on the shoulders of his shipmate.

PICTURESQUE CRAFT The little sailboats of the farmers on the Quebec shore present a pretty sight going to and returning from market. In some cases the sails of the tiny craft are of various colors, like those of the motley fishing armadas of the south of France.

A MERCHANT WITH IDEAS Mr. C. A. LeBlanc is a business man of Campbellton who is full of ideas with regard to the betterment of the town's welfare. Mr. LeBlanc at one time was a member of a city board at New Bedford and has acquired considerable experience in municipal affairs.

TRIBUNE IN HOT WATER The Tribune has got itself into a peck of trouble. The officials who have been assailed with such venom and vindictiveness intend making things warm for that paper unless an apology is forthcoming. One gentleman, in particular, has threatened to thrash the editor unless he recants at an early date.

MILINERY OPENINGS. Miss Utlican wishes to announce to the public that she will hold her millinery openings on Wednesday and Thursday, Sept. 30th, and Oct. 1st, when a full line of the newest creations will be shown. The best styles, in shapes, shades and colors will be displayed and the ladies are requested to attend this gorgeous exhibition of feathered creations.

HANDSOME MILINERY. Next Wednesday the 30th a delightful throng of ladies will visit our autumn millinery opening, and find that charming exclusiveness always associated with the "Parisian" style in evidence.

The display comprises a multitude of beautiful hats in all the stylish effects which will be worn this season. The large size predominates, with, of course, some small toque effects. The large drooping shape is still the most appropriate style.

For trimmings extremely large and pretty wings are much in favor, as well as ospreys and ostrich feathers.

The satin hats are particularly excellent, also flowers, foliage, etc. The fashionable shades are toupes, tan, browns, siren blue, grey and green.

The Parisian's showing is always in the fore, and this autumn's opening emphasizes the superiority.

Had Weak Back Would Lie In Bed For Days And Was Scarcely Able To Turn

Llments and Plasters Did No Good But DOAN'S KIDNEY PILLS Cured Mrs. Arch. Schaner, Black Point, N.B., writes—For years I was troubled with weak back. Oftentimes I have lain in bed for days, being scarcely able to turn myself, and I have also been a great sufferer while trying to perform my household duties. I had doctors attending me without avail, and have tried liniments and plasters but nothing seem to do me any good. I was about to give up in despair when my husband induced me to try Doan's Kidney Pills, and after using two boxes I am now well and able to do my work. I am positive Doan's Kidney Pills are all that you claim for them, and I would advise all kidney sufferers to give them a fair trial.

Doan's Kidney Pills will cure all kinds of Kidney Trouble from Backache to Bright's Disease, and the price is only 50 cents per box or 3 boxes for \$1.25, at all dealers on mailed direct on receipt of notes by The Doan Kidney Pill Co., Toronto, Ont.

GRADE CROSSING WANTED. A correspondent referring to the condition of the town's sidewalks wants to know when the I. C. R. intends erecting a grade crossing over its tracks east of the station. We pass a pite question.

(From Saturday's Graphic) SMELTS ARE PLENTIFUL. Smelts are plentiful just now and many fishing parties are being formed as a result.

WENT FISHING. A party of young men from one of the uptown stores spent yesterday in fishing at Parker's Lake.

AFTER GAME. John A. Pillsbury, of Moncton, will go to the Tobique country with a party of friends to hunt big game.

A DOMESTIC EVENT. A baby boy was born to Mr. and Mrs. Thomas Matheson yesterday. Mother and child are doing well.

THE BUILDING BOOM. The building boom in Campbellton shows no decided increase. Several more new dwellings are being erected.

NEW SALESMAN. Cyr and Nelson have engaged the services of Mr. Harry Ferguson, formerly employed by A. G. Adams & Co. as assistant.

ANOTHER LARGE SAFE. Another huge safe was installed in the Bank of Nova Scotia today. The new building is assuming a fine appearance.

SCOWS FOR PORT ELGIN. The tugs Goliath and Wm. Aitken, with several scows in tow put into Summerside, P. E. I., Monday on their way to Port Elgin.

A STORY TELLER. Mr. Landry of the Intercolonial Hotel bears quite a reputation as a story teller. He loves to spin a yarn as well as to listen to a well told tale.

GASPE COAST PROSPEROUS. The reports of conditions along the Gaspe coast are very encouraging. Money is said to be very plentiful, the past season being a profitable one.

A COMMON SCOLD. Our uptown contemporary is degenerating into a common scold, judging from the way it abuses everything not in accordance with its own peculiar views.

THE MAYOR ENTHUSIASTIC. Mayor Murray is enthusiastic over Campbellton's possibilities. He sees a wonderful future for the town when the various railway and other enterprises have been completed.

BUSINESS CHANCES. There are a great many business opportunities in Campbellton at the present time. A picture store where framing could be done would do well as would another well stocked news store.

BOY NEARLY DROWNED. A young lad named George Gagnon, while playing on one of the wharves at Mission Point yesterday fell overboard and came near drowning. He was rescued by one of the ferryboat hands.

IMPROVEMENTS AT DALHOUSIE. A great many improvements are being made at Dalhousie. The new ship channel now being dredged out will prove of great commercial importance when completed.

WILD BE GOOD. The boy who took a basket of grapes from an uptown store door on Wednesday, was before Judge Matheson yesterday morning. As this was his first offence, and he promised to be good in future his honor allowed him to go.

WAS REMANDED Thomas Marr, the English sailor, who is charged with the larceny of clothing to the value of \$75, was brought before Judge Matheson yesterday, and remanded for a further hearing today. Marr entered a plea of guilty to the charge against him.

PRETTY WEDDING. A very pretty wedding occurred at Bathurst on Sept. 22, when Mr. Fred Johnson, of Campbellton, was wedded to Miss Maggie Doucet, of the former place. The ceremony was performed by Rev. Father Varrily, and the couple left on the express to spend the honeymoon in Montreal.

DROVE FISH HOOK IN HAND Jacob F. Gould, of Dalhousie, while fishing at Eel River recently met with an accident which has deprived him of the use of his right hand for some time to come. In some unaccountable way one of the hooks was driven into his palm, where it remained until removed by a physician. Mr. Gould was compelled to walk several miles before surgical treatment could be obtained.

ASKED FOR PROTECTION. Thieves running away from the clutches of the law seldom appeal to the police for assistance in their flight, yet that is what Tom Marr, the man charged with stealing several suits of clothes in Campbellton, did when he asked Officer Seely of Dalhousie to find him a night's lodging. The officer, not knowing that Chief Crawford was hot on his trail, made him comfortable in the police station for the night. The next morning Seely was rather taken back when he learned that the man had been arrested later for the offence charged above.

(From Monday's Graphic) DIED OF TYPHOID Wilson Daly, died at Athol yesterday of typhoid fever. He was a native of Gloucester county and was about 19 years of age. This was the only case of typhoid fever at Athol.

NOT TOWN LANTERNS. The lanterns stolen and destroyed along the trench of the new water main, belonged to the contractors, not to the town. The town has had some lanterns stolen from trenches in the town.

HAILS FROM MONCTON. It is thought here that Jack McCormick, captured at Jaquet River Saturday morning, is one of a gang which has been committing a number of robberies and petty thieving in and about Moncton.

DENSE SMOKE. A dense pall of smoke hung over the Restigouche valley all day yesterday. During the evening a fresh easterly wind sprang up and cleared the atmosphere. It was close and sultry all day.

DROUGHT AT ST. JOHN. St. John has had thirty-five days without rain, the longest dry period for fifteen years. The weather is also exceptionally warm and the sun shines through an atmosphere of smoke from the forest fires.

INVESTIGATION AT NEWCASTLE. The date for the hearing of the charges against Arthur Robinson, the broker of New York, has been changed to October 8th at Newcastle, and summonses are now being issued by the Surveyor-General for witnesses.

MAKING IMPROVEMENTS Messrs MacRae Bros. are to make some improvements to their boot and shoe store. Already the contract has been let. They intend raising it some three and a half feet and will move it eight feet east. This will give them a building lot on the east side.

HAS DECIDED TO STAY. Many friends here will be glad to learn that Rev. P. J. Stackhouse has withdrawn his resignation as pastor of the Campbellton Baptist church, and that he will remain. During his pastorate here he has made numerous friends among all denominations, who would be sorry should he decide to sever his connections here.

POLICE COURT. The three prisoners accused of stealing and destroying lanterns placed along the trench for the new water main along the Tobique road were before Judge Matheson Saturday morning. Two were found guilty and fined \$13 and \$8 respectively. In the other case the prisoner proved his innocence.

AN ENTERPRISING PAPER. Although the burglary at Jaquet River took place early Saturday morning, and the prisoner was tried here before Judge Matheson Saturday afternoon, the capture of this criminal in the Saturday evening issue. The editor, no doubt, was too busy looking for some criminal negligence on the part of some official or contractor of the town to bother with such a trifling matter, or perchance he was trying to smooth down the ruffled temper of some gentleman callers at the paper's office.

ROBBED CAMP. Mr. John L. Steeves has reported to the police that a camp belonging to him about twelve miles from the city of Moncton on the McLaughlin road, and which is being used as a lumber camp, was broken into on August 1, and the following articles stolen: one web of cloth of fifteen yards, five pairs of pants, a Scotch plaid lap robe, a roll of flannel, two axes, one bushel beans, one-third of a barrel of pork, one cross saw, a pair of brace and bits, twenty-five pounds of soap. He also reported that two axes were stolen from the same camp on September 17th.

OFFICER SEELY'S WORK. Officer Seely, of Dalhousie, is not pleased with the captain's report of the capture of Thomas Marr. He has informed our reporter that Marr had walked to Dalhousie from Eel River and applied to him late at night for a night's lodging in the jail. He stated that he had come from the boat and was looking for work. He (Seely) allowed him the privilege of a night's lodging. In the morning Seely met Chief Crawford and was asked to find him a night's lodging. The chief just went to find him. He had engaged to work with Chas. A. Doyle.

Mr. J. S. Harquail says "I do not think it fair that another should get credit for work done by him."

That part of Dalhousie where the Inch Arran is located is one of the beauty spots in that picturesque region. Fronting the upper reaches of the magnificent Bay Chaleur, it is worth a journey of many miles to see.

Here may be seen nature in all its rugged grandeur, the bold headlands, the fir-crowned islets and the glorious basin bathed in the summer sun. To the south stretches Eel River bar, a long, narrow strip of headland running far out to sea. A high, purple mist hangs above the horizon's rim and the white sails of the vessels seem like the wings of huge sea-birds beating to the west. Just the place for a prolonged holiday, a spot where the din of the great world beyond is never heard, a place to win back the energy lost in the busy turmoil of life. Some day this beautiful spot will be thronged with tourists from all parts of the country and the states. At present it is only one of the many beautiful nooks of this picturesque but untrodden region, with no one minding its praises or make known its wondrous charms.

The new rising mill at Dalhousie is one of the best equipped in the Dominion. All the machinery is up to date and the plant is employing at present over 100 men. In the event of the town's water supply giving out a reservoir has been built to furnish the necessary water for motive power. A new ship channel is also being constructed to enable vessels of heavy draught to load at the wharf. Altogether things look promising for Dalhousie's new industry.
