Hundreds of thousands—both men and women—keep healthy by using

BEECHAM'S PILLS

a remedy that has stood the test for half a century and is now used over all the civilized globe. They purify the blood, strengthen the nerves, regulate the bowels, aid the kidneys and cure stomach-troubles. Build up the nervous force and repair the ill effects of overeating. The best safeguard against indigestion, biliousness and dyspepsia.

Take Beecham's Pills regularly and you will maintain good health at small cost.

At Small Cost

Sold Everywhere. In boxes 25 cents.

ONLY A Common Cold

BUT IT BECOMES A SERIOUS MATTER IF NEGLECTED. PNEUMONIA, BRONCHITIS, ASTHMA, CATARRH or CONSUMPTION IS THE RESULT.

Get rid of it at once by taking

Dr. Wood's Norway Pine Syrup

Obstinate coughs yield to its grateful soothing action, and in the racking, persistent cough, often present in Consumptive cases, it gives prompt and sure relief. In Asthma and Whooping Cough it is a successful remedy, rendering breathing easy and natural, enabling the sufferer to enjoy refreshing sleep, and often effecting a permanent cure.

We do not claim that it will cure Consumption in the advanced stage, but if taken in time it will prevent it reaching that stage, and will give the greatest relief to the poor sufferer from this terrible malady.

Be careful when purchasing to see that you get the genuine Dr. Wood's Norway Pine Syrup. Put in a yellow wrapper, and on the glass is the trade mark.

Mr. W. O. Jenkins, Spring Lake, Ala., writes: "I had a very bad cold settled on my lungs. I bought two bottles of Dr. Wood's Norway Pine Syrup but it only required one to cure me. I have never met with any other medicine as good."

Price 25 cts. a. all dealers.

Dr. Bonnier of Matapedia and Dr. Bonnier of Montreal were in town last evening.

Dr. Bonnier who is the assistant inspector for the provincial board of health of the province of Quebec came to Matapedia a few days ago, endeavor to check the epidemic of smallpox in that neighborhood.

Dr. J. A. Beaudry, the chief inspector for the province of Quebec will arrive Saturday morning and will adopt drastic measures in an effort to stamp out the disease.

Dr. Beaudry has been inspector of hygiene for twenty-four years and is known as one of the most expert men in Canada, in the treatment of smallpox. If Moncton desires an expert to settle the differences of opinion existing among the physicians as to whether or not smallpox exists, there is no doubt Dr. Beaudry would go down with pleasure and Moncton could not obtain a better man.

Dr. Beaudry gave Campbellton much valuable when smallpox was prevalent here in 1900.

Wm. Sproul is preparing to rebuild his Royal Hotel and has commissioned Mr. H. H. Most of St. John, architect, to prepare plans. The new hotel will be one of the most modern and up-to-date in the Maritime Provinces, and will be a valuable addition to the commercial and tourist equipment at Campbellton. Mr. Sproul plans a building of brick on a stone foundation, four stories high and with a frontage of 165 feet.

The ground floor will contain the office and writing rooms, manager's room, dining room, kitchen, pantries, etc., also a ladies' waiting room, barber shop and a few guests' rooms. On the second floor will be the ladies' parlor, gentlemen's reception room and guest chambers, while the third and fourth floors will be devoted entirely to chambers. All rooms will be connected, so that they can be used either in suites or separately, and as the rooms in the back will overlook the river they will be equally as desirable as those in the front of the house. The basement will contain the laundry, billiard room, vegetable cellar, etc.

In connection with the ground floor will be some six or eight fine sample rooms. The new hotel will be heated throughout with steam and it is Mr. Sproul's intention to make it one of the most comfortable and convenient of modern hostleries, a credit alike to himself and to the town of Campbellton.

BATHURST, Thursday. — The Record of Direct Hal, sire of Claudia Hal is 2.04% instead of 2.14% as announced in Wednesday's issue.

On account of the good condition of the speedway and the favorable weather the match race will be held on Saturday at 2 p. m. instead of Thursday as first announced.

W. G. Fenwick went to Memramouc this morning.

What might have been a serious accident occurred yesterday afternoon when the three year old daughter of A. Myers was run over by a horse on King street. The child was crossing the street and was struck by the fore leg of the animal and knocked down. Her head was stepped on by the horse and she was injured. An ugly wound on the skull, Felix Frenette witnessed the accident and ran to the scene, picking the child up and carrying her to Dr. McNichol's office where medical aid was given.

Luckily the horse was not going very fast or the result might have been fatal. Parents should take a lesson from this and keep small children off the streets.

The season's lumber operations are about done now. Many men are already out of the woods and in all probability another week will see them all out.

SAN FRANCISCO, Thursday. — Machine guns operated by the government forces of Chile in a great conflict with strikers at the Nitra beds and in the City of Iquique laid 2500 men low, most of whom were killed according to advices received yesterday by the newspaper.

San Borja, which arrived today direct from Chile. Business at Iquique which had never before been scarcely disturbed by anything but earthquakes was paralyzed when the great army of workers went on a strike. One fracas after another occurred until soldiers and strikers met in the streets of Iquique and on the outskirts and openly defied each other. Being ordered to disperse the army of men the soldiers opened fire. The men had little opportunity to fight back even though they had been armed for the assault was so sudden. This took place on January 1st and a week later it was thought by common agreement, the strikers went back to work without the expected advance in wages. It was reported that the mine owners will voluntarily increase the pay of their employees.

Rheumatic Pains Relieved.
B. P. Crocker, Esq., now 84 years of age, and for twenty years Justice of the Peace at Martinsburg, Iowa, says: "I am terribly afflicted with sciatica rheumatism in my left arm and right hip. I have used three bottles of Chamberlain's Pain Balm and it did me lots of good." For sale by all druggists.

DOESN'T KNOW DODDS.

Atamian On Trial at Liverpool For Defrauding Emigrants.

LONDON, Thursday. — Arshag Atamian, on trial at Liverpool with others on the charge of conspiring to defraud emigrants, when questioned regarding the correspondence found in his possession, said he knew Dr. Hugh L. Dickey, but not W. Dodds of Halifax. The judge remarked that it was strange that Atamian did not know Dodds, when Dodds asked him to burn his letters.

Do Not Crowd the Season.
The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then colds come and the doctor says that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it is used. It is pleasant and safe to use. Children like it. For sale by all druggists.

ST. JOHN, N. B., Thursday. — Consequent upon a reduction of ten per cent in the wages the men employed at the lumber mills of A. Cushing & Sons at Union Point, and at Stetson & Co.'s mill at Indiantown, have announced their intention of going on strike. Several hundred men are affected. Stetson & Co.'s men will go out today and Cushing's men will go out on Saturday unless the management give them the old rate of wages.

Chamberlain's Cough Remedy is Both Agreeable and Effective
Chamberlain's Cough Remedy has no superior for coughs, colds and croup. The fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Polham, a merchant of Newburyport, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by all druggists.

BATHURST

BATHURST, Friday. — The ice speedway is in elegant condition for the match race tomorrow. The horses are being daily worked out and everything points to an exciting event.

GEO. G. MACKENZIE'S

SPLENDID STORE

(From Saturday's Graphic.)
Elaborate alterations have just been completed in the store of George G. McKenzie & Co., making it one of the most up to date emporiums of its kind in the Maritime Provinces and a credit alike to the firm and to the town of Campbellton.

The alterations are at once noticeable to one familiar with the former layout of the store, as the first place the main store, or dry goods department is much brighter than formerly. The office which was in about the centre of this department has been removed and a large skylight above the former location of the office now throws a great volume of light to all parts of the store.

The new office has been made much larger than the old one on account of the firm's rapidly increasing business. A splendid assortment of wash goods greets you on the right as you enter the main store. It extends nearly half the entire length of the store and is replete with choice muslins, blouses, etc.

Next in order is the ladies' boot and shoe department. Here is to be found high and medium class goods of every thing in the footwear line at the most reasonable prices. This department contains a fitting room neatly furnished.

First on the left as you enter is the smallware department, including gloves, ribbons, hosiery. Following this is the firm's large and attractive dress goods department, containing cloths, silks, trimmings, etc. Next in order is the staple goods department.

The new arrangement of the different departments makes buying much easier for the firm's hundreds of customers, for it enables the staff of clerks to serve with greater alacrity. There are three large departments on the second floor, viz. furniture, carpets, and ladies' ready to wear.

The first thing which strikes the eye on entering the carpet department is the large display of squares. These are to be found principally in various colors and designs and the designs and color effects of most of them are very pretty. There is also here a splendid stock of carpets, oilcloths, Japanese mattings, lace curtains, etc., at the lowest possible prices. The firm is carrying a much higher grade of goods in this department than ever before and an inspection of their goods would repay any housekeeper.

The furniture department contains some of the prettiest yet most substantial sets ever seen in Campbellton.

In the ready-to-wear department ladies may obtain a whole costume or a separate skirt or coat, also blouses. These are, all in the very latest patterns.

At the present time the firm is conducting a big alteration sale on the second floor. In removing stocks to the different departments at the completion of the alterations many lines became slightly soiled in handling. These have all been placed together along with odds and ends which must be kept apart from the new spring goods, on the second floor where they may be had at greatly reduced prices.

It is the intention of the firm to devote at all times a section of their store to bargain sales where remnants and broken lines will be placed and can be bought for little money.

The men's haberdashery and boot and shoe department now occupies the entire first part of the store formerly devoted to groceries. The new store is fitted with silent salesmen, attractive showcases, etc.

The first shipment of spring goods such as shirts, collars, and boots and shoes, have arrived and are as choice as any ever imported into Campbellton. The firm is handling a far more extensive line of men's goods than ever before and it is their intention to cater to the best as well as the medium class trade. They did a large business in men's goods in the past, but it is their aim to do a larger one now.

The grocery department is divided from the men's furnishings by an arch. A full line of staple and fancy groceries is to be found here, all arranged in a most attractive fashion. The choicest lines of everything to be found in an up-to-date grocery store are in evidence here. The new arrangement of the grocery department enables the clerks to give their customers a quicker and better service.

The grocery delivery system of the firm has been improved and is now about as prompt as it is possible for a system of this kind to be.

A visit to the store of the firm of George G. McKenzie & Co., is well worth while. The firm is certainly keeping pace with the times and the people will doubtless appreciate their efforts to give Campbellton the best by according them a liberal patronage.
