IMPROVEMENT NEEDED

The night service at the Campbellton telephone central is disgraceful and can not be tolerated by subscribers. This is the universal opinion of persons who use the telephone after midnight. Monday night, or more properly speaking, Tuesday morning three different people endeavored to get a connection and after waiting patiently for a long time they gave it up. About ten o'clock the telephone office endeavored to get the Graphic on the phone to get information about an important dispatch. After ringing and waiting for a time the operator was obliged to look up the office and walk half the length of the town to get the information, in consequence of which delay was lost a valuable news dispatch.

A little later a gentleman who had come in on the express wanted to telephone the station to the agent to get a parcel he had forgotten and left in the train. He had the same experience and was obliged to telegraph to have the parcel returned. Again at about 4:30 the Graphic wished to use the phone but could not get a reply after prolonged ringing. For a long time subscribers have put up with this service at night, being promised improvement, which has never materialized. If the sleepy young man who is in charge cannot be aroused by the constant ringing of the alarm bell we would suggest that the company furnish a mechanical instrument which will pull him out of his bed when a connection is required, or hire a less tired and more wide awake operator.

What a lot of birthdays people have on board ship. We have now reached the season when wives take to the country and husbands take to drink.

The worst punishment that could be inflicted on the man who thinks he can run things better than any one else, is to let him try. When you teach children to avoid kissing, swamping gum and eating half-baked foods and to be clean you will be doing something to prevent tuberculosis, declared Dr. S. A. Knopf, of New York, at the recent convention of the American Medical Association in Chicago.

Ireland shows a healthy vigor in planning for her All-Ireland Industrial Congress at Galway next September to which America, France, Germany, Denmark, Australia and Mexico are to send representatives. The opening of new markets for Irish goods outside of Ireland will be specially considered. There is plenty of opportunity for accomplishing something.

FACTS FOR SICK WOMEN

LYDIA E. PINKHAM No other medicine has been so successful in relieving the suffering of women or received so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound.

In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have. In the Pinkham Laboratory at Lynn, Mass., any woman any day may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless. The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of Lydia E. Pinkham's Vegetable Compound to restore their health.

STEAM LAUNDRY IS BADLY GUTTED BY FIRE THIS MORNING

Fire Broke Out in Engine Room And Had a Good Start When The Alarm Was Sounded--Prompt Work of The Firemen.

LOSS WILL BE HEAVY

The Campbellton Steam Laundry was badly gutted by fire at 1:30 this morning. The fire was discovered by the crew of a locomotive shunting in the I. C. R. yard, which promptly sounded an alarm which was followed by the I. C. R. shops and the power house horns. The fire department responded very promptly and in less than ten minutes from the first alarm a powerful stream was playing on the blaze. The fire evidently originated about the boiler and all the lower portion of the building and the shed to the rear.

(From Wednesday's Graphic.) A mass of flames when the firemen arrived and it looked as if the building was doomed and the adjacent building owned by A. G. Adams & Co. was also in danger of destruction. The firemen put a good fight and it was soon evident that the damage would be confined to the laundry building. Four powerful streams were playing on the fire and kept the fire from breaking through, although at one time the whole front was a sheet of flames. The building is very badly gutted and the plant will be ruined. The loss will be heavy, but fortunately is partly covered by insurance, being insured with the Traders.

Mr. McLaughlin, the owner, has arranged to make a transfer of this property to R. M. Currie tomorrow and it was planned to make some improvements in the near future. A large amount of paint and oil together with other materials, belonging to Geo. H. Metzler which will probably be totally destroyed. His loss will also be heavy. As we go to press the fire is practically out.

EAST ST. LOUIS, Ill., Monday.—While her twin brother was being sucked to his death in the quicksands of Long Lake, near Mitchell, Ill., yesterday Merle Rober, 15 years old, who was twelve miles away from her home, shrieked and fell to the front porch in a faint. Neighbors ran to her assistance and revived her. 'Fred is drowning, I can hear him calling to me. He is drowning, let me go to him,' screamed the girl. Merle made frantic efforts to clasp the house, but was led back by friends, who assured her that Fred was all right. The girl could not be quieted. Five minutes later a message came from Mitchell that Fred Rober had been drowned. When the news reached his sister she again fainted and up to a late hour last night was in a critical condition.

VIRULENT HAY FEVER Hay fever promises this year to be very severe and many are already suffering. The most positive cure is 'Catarhozone,' which destroys the germ and gives immediate relief. Cures quickly. Sold by all dealers. \$1.00 for two months treatment.

MEXICAN TROOPS AND INDIANS FIGHT TUSCON, Ariz., Saturday.—In a desperate battle between Mexican troops and Papago Indians last Tuesday at the Inmaculada Ranch near Bapayoc, Colorado, a mining camp in the altar district of Sonora nineteen Indians and two soldiers were killed and five soldiers wounded, according to a report received last night.

The Attorney General of Saskatchewan has verified the predictions of his friends and has made good. His record has been marked by a thoroughness and sincerity which go well with his high judicial ability. Ransom Moore, of the New York Sun, was in Regina during the late legislative session and in a recent article says: 'This Saskatchewan is a marvelous land—a land of peace and plenty—a land of indefatigable effort, whose bright light to every man is opportunity. Among her representatives at Regina I met many. All impressed me, but of the province's talented Attorney General I learned most. He is also the representative of the northern constituency of Prince Albert. He is a fine man, who would make fame anywhere. He was able, logical and brilliant. No, a thing escaped him. As a man of broad legal mind I liked him, as a parliamentarian he has no superior among the bright minds I have met in the West.—Prince Albert Advocate.

SAVOYELLE, Monday.—Theater last night broke into the Carnegie Library and museum between nine and ten o'clock. A great collection of old coins, valued at five to ten thousand dollars, was stolen. This is the second robbery of the kind in a year.

WOODSTOCK, Monday.—The liberals of Carleton county are summoned to meet here in the Hayden Gibson theatre on Saturday afternoon, August 8th, to select a candidate for the House of Commons. F. B. Carvell, M. P., is likely to be the choice.

BISLEY, Monday.—Morris Jones and Bertie, Canadians, each with a bronze jewel for excellent shooting. Commandant LaBelle is greatly annoyed over Spite incident.

OTTAWA, Monday.—Col. Benson of Petawawa with Col. English, Chief Instructor and Empire.

WINNIPEG, Monday.—J. J. Philip, Dominion Fruit Inspector, for Western Canada, is dead here after a short illness.

FOUND THE GAS LEAK BELLEVILLE, Monday.—A man in the Bloomfield Farmers' Manning Factory, went to look for a gas leak with a light. He found it and the explosion threw him about ten feet away and blew off about 20 feet of roof. Considerable damage was done, but the man was not badly hurt.

ALASKA CENTRAL RAILWAY TORONTO, Monday.—M. C. Frost of Chicago, promoter of the Chicago & Milwaukee Electric Railway is in town. There is hope of negotiating with the English syndicate to take over the Alaska Central railway. The railway in question are the enterprises which tied up the Sovereign Bank.

LONDON, Monday.—Member Croker and Coach Steering are on disputation with the showing made by Canadian runners in the marathon that on Wednesday Loughran, Simpson, Culler and Wood will be seen over the course. It is endeavor to show that it was the extreme heat rather than the fairly early pace that killed them off. Mr. Croker says all four can do the distance in 2:40. The team sails for home on Friday.

CONSTANTINOPLE, Saturday.—After thirty-two years of autocratic rule under Sultan Abdul Hamid II, Turkey again has been granted a constitution. An imperial trade was issued yesterday ordering that a chamber of deputies be assembled. This present constitution is practically a restoration of the one proclaimed December 23, 1876, by the present Sultan immediately following his elevation to the Sultanate after the violent death of Sultan Abdul Aziz on June 4th of that year and the deposition of Sultan Murad V on August 31, 1876.

This action on the part of the Sultan which came as a complete surprise to all observers of the progress of events in Turkey, was wrested from him by the young Turks, a political party that has now been working for a good many years for the establishment of a constitutional government in the realm of the Sultan.

The chief provisions of the restoration of 1876 were: The inalienability of the empire; the supremacy of the Sultan; individual liberty; the freedom of all creeds, of the press and of education; equal legal taxation; general election by ballot. The present constitution is a senate and two chambers; irremovable judges, etc.

OTTAWA, Monday.—During his stay in Ottawa, Lord Roberts will be presented with a civic address and tendered a luncheon by the Canadian Club. The South African veterans will form a guard of honor.

It is stated that Ottawa's population this year will be about 80,000.

OTTAWA, Sunday.—The dead letter office is being flooded with letters bearing only half of a three-cent stamp. The stamps being twice the size of the ordinary two-cent stamp and having two heads thereon, some people cannot see why they should not use a half of an old and use the stamp over two letters. These medical stamps are bringing in letters daily from all over the Dominion. A royal head seems to mean no postage stamp to a good many people. The royal heads have led his astray.

QUEBEC, Monday.—His Royal Highness, the Prince of Wales, paid quite a visit to St. Joachim this morning. He landed at the convent. This afternoon the Prince viewed a ratta on the St. Lawrence, and tonight a great naval display took place, all the ships in the harbor 'dressing ship' for the occasion, while a magnificent display of fireworks was given from the waterfront, which was watched by a large throng of people on the Terrace.

The Prince of Wales is scheduled to sail for England at daylight on Wednesday morning. He will probably be escorted some distance down the river by the Dominion government steamers, and the citadel and warships left behind will fire salutes and the bells of the city will be rung to indicate 'God speed'.

A pretty race across the ocean between the Indomitable and the Minotaur will follow. The crew of the latter say their ship will beat the former if heavy seas are encountered, claiming that they outdistanced the crack cruise battleship on the way out when the two ships battled with head seas.

NOUVELLE

NOUVELLE, Tuesday.—We are enjoying lovely weather this while back and most of the farmers are profiting by it to begin their haying, but most of them are complaining that it is a failure.

Mr. Dugas and daughter Laura attended the feast of St. Anne's in Bostwick.

Miss Sara Keays of Escuminac is the guest of Mrs. John Keays.

Mr. and Mrs. Thos. Damboise are receiving congratulations on the arrival of a baby girl.

Miss Minnie Fallu formerly of this place and now a resident of Blind River, Ont., has returned here to visit her old friends and relatives. She is cordially welcomed by everyone.

Miss Gertrude Groux of Charlo, is visiting her sister Mrs. A. Allard.

Mrs. Antoine Allard of Montreal, has come to spend the summer months at her husband's old home.

Miss Minnie LeBlanc left on Thursday to spend a few days in Maria and New Richmond.

Mr. White, Greene of Manouahar paid a short visit to Nouvelle West last week.

Rev. Father Gauthier celebrated Mass here on Sunday.

Miss Lucy Damboise spent a week at her home here.

Mr. Alex. Damboise, of the Waverley was visiting his friends here last week. The roads around here are in good condition and many are the young folk are profiting by them by driving.

A very pretty wedding took place in the church of St. John Evangelist when Miss Eugénie Soucy was united in marriage to Celestin Allard of this place. The bridesmaid was Miss Mary Ann Soucy, sister of the bride, while the groom was supported by his cousin A. Allard.

After the ceremony the happy couple drove to the home of the bride where a sumptuous repast was served. There were many guests among them being Mr. White, Greene, and uncle of the bride and Rev. Father Drapeau, priest of this place. The bride and groom were the recipient of many useful and ornamental presents.
