

RUSSIA'S EMPRESS MUST LEAVE RUSSIA

Health Is Such That She Must Go to Southern Europe.

REFUSES TO LEAVE

ST. PETERSBURG, Tuesday.—Only the shadow of the former self, with nerves shattered from what the doctors fear is incipient consumption, Empress Alexandra, has refused to take the only possible course that will save her life—the abandonment of Russia's rigorous climate for the sunshine of Southern Europe.

She will take the advice of the court physicians and the issues only on one condition. She announced today that either the czar or Czarovich accompany her. For political reasons, this is impossible.

The fear of terrorist violence has reduced her to such a condition that she believes she would never see her husband or son again once she would leave.

With steam up and every sailor at his post, the Imperial yacht Standart has waited for many days for the czar's arrival. If it were not for his advisors, the czar would permit the youthful Czarovich to go with his mother, but it is considered certain that if the czar were killed, or even died a natural death during the czar's absence, the terrorists would overthrow the dynasty.

THRILLING TIMES IN CROSSING AFRICA

Lost For Several Days in a Desert Without Seeing a Man.

SURROUNDED BY FIRE

SALFESI, V. Rhododia, Tuesday.—Lieut. Gen. Z. of the Prussian Army, who for months has been making an effort to cross Africa in a specially-constructed automobile, has reached Wankia, Rhododia. He had a hard time since he was last reported. He lost his way between Victoria Falls and Wankia and wandered for seven days without seeing a human being.

His worst experience was when he was overtaken by a brush fire. The whole plain was ablaze and he was soon surrounded by flames as high as a house.

He tried to dash through but soon the spokes of the automobile wheels became entangled in the herbage and were burned to the rims.

Lieut. Graetz's hair and clothing were singed. He momentarily feared an explosion of his petrol. He escaped with his life by a hairbreadth. Later he suffered terrible thirst in the arid wilderness.

LONDON, Monday.—Sir Charles Tupper was sworn in to the privy council today.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn heavy growths back to flesh again. That is impossible, but I can now surely all the pains and rigidity of this deplorable disease.

In Germany with a chemist in the City of Darmstadt I found the last discovery which Dr. Shoop's Rheumatic Remedy was made perfect, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism. As late as 1884, I had formerly cured all curable cases of this horrid, most dreaded disease. The secret is in the granular waste, found in Rheumatic blood, seen to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when that is done, the cause of Rheumatism is gone forever. There is now no real need—no actual excess to suffer to get with old help. We sell, and in confidence recommend.

HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness—You are too modest. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such help comes the following, from grateful women, established beyond a doubt the power of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

to relieve all female ailments. Mrs. Frank Euseby, Lindsay, Ontario, writes to Mrs. Pinkham: "When I wrote to you some time ago, I was a very sick woman suffering from female troubles. I had inflammation of the female organs and could not stand or walk any distance. At last I was comforted by my friend, the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound. After using three bottles of it, I feel like a new woman. I most heartily recommend it to all Pinkham's Vegetable Compound to all women who suffer from female troubles, and has positively cured and comforted women who have been in bed with displacements, hindrances, irregularities, fibroids, tumors, irregularities, periodic pains, headache, a beating-down feeling, flatulency, indigestion, dizziness, nervous prostration.

A. G. ADAMS & CO. THE HOME OF NEW GOODS.

SUSSEX, N. B., Tuesday.—Are there any conservatives in King's county? This was the question which might be well put by persons attending the great gathering held last evening in the exhibition building, and who witnessed the overwhelming ovation accorded Frank B. Carvell, the next Liberal representative from Carleton county.

FOWLER WAS FROZEN OUT. It was the greatest freeze out that George Fowler ever received. It was the stiffest and most telling exposure of his connection with Western land scandals which it has been his lot to experience and it became the wildest demonstration in support of the Liberals that Sussex has ever known.

FOWLER READ DRY STATISTICS. Fowler, who had demanded every advantage in the debate, talked for an hour on subjects known to every child in the province. He wasted his time reading dry statistics to which nobody would listen, and he endeavored to laugh off the evident hostility displayed by the immense audience.

SAILED INTO CHAFFING MEMBER. Excitement started when Carvell took the platform, and sailed into the great movers of the Conservative party. They too, however, were not to be headed off so soon, and a counter-attack was made against his point and his associates in the notorious land deals.

DARED FOWLER TO MAKE STATEMENT. The nomination papers were filed at 12 o'clock at the court house, and the Hon. J. R. Bennett presided in the presence of a few spectators.
