

More Terrible Than War!

More terrible than war, far more pestilential, is that awful destroyer, that insidious murderer, Consumption, the annually average of one million deaths to the human race.

It is only a cold, a falling cough, or the careless, as the irritation upon the delicate mucous membrane causes them to cough, or the irritation settles on the mucous surface of the throat, a cough is the result. To prevent Bronchitis or Consumption of the Lungs, do not neglect a cough however slight, as the irritation spreading throughout the delicate lining of the sensitive air passages soon leads to fatal results. If on the first appearance of a cough or cold you would take a few doses of

Dr. Wood's Norway Pine Syrup

you would save yourself a great deal of unnecessary suffering. Dr. Wood's Norway Pine Syrup contains all the life-giving properties of the pine trees of Norway and Alaska, Gosh, Whooping Cough and all throat and lung affections is a specific. Buy now when you ask for Dr. Wood's Norway Pine Syrup to get it. Don't be misled into taking something else.

Miss Lena Johnson, Toledo, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup for throat troubles after taking numerous other remedies, and I say that nothing can take the place of it. I would not be without a bottle of it in the house."

ST. JOHN, Sunday.—Hon. L. B. Parks, who was lately appointed Police Commissioner of the C. P. R. route in New Brunswick was in the city Saturday. He told your correspondent that he had assumed his new duties and would leave the first of the week in a tour of inspection.

Tenders for Dredging.
Sealed tenders addressed to the undersigned and endorsed "Tender for dredging" will be received until Tuesday, May 26, 1908, at 4.30 p. m., for dredging required at the following places in the Province of New Brunswick:

Buctouche Beach, Buctouche Harbor, Caraque, Cape Tormentine, Dalouze, Loggieville, Miramichi Bay, Sagouah Lake, Oromocto Shoals, Sainte du Chenais and Quacois. Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenders.

Combined specification and form of tender can be obtained at the Dept. of Public Works, Ottawa. It must include the towing of plant to and from the works, dredges can be employed which registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the honorable the Minister of Public Works, for six thousand dollars (\$6,000), must be deposited as security for the dredging which the tenders offer to perform in the Province of New Brunswick. The cheque will be returned in case of non-acceptance of tender. The department does not bind itself to accept the lowest or any tender.

FRED GELINAS,
Secretary,
Department of Public Works,
Ottawa, May 14th, 1908.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department, Graphic 31ns.

NOTICE.
Public Notice is hereby given that the Jacques River Boom Company in pursuance of Chapter 115 of the Revised Statutes of Canada 1906 has deposited with the Minister of Public Works for Canada and also in the office of the Registrar of Deeds, &c., and for the County of Restigouche in the Province of New Brunswick, a certain Plan and Description of certain Piers, Booms, Dams, and other works constructed and to be constructed by the said company at or near the mouth of Jacques River in the said County of Restigouche and that the said company will at the expiration of one month from the first publication hereof, apply to His Excellency the Governor General in Council for approval thereof.

Dated this fourteenth day of April, D., 1908.

THE JACQUET RIVER BOOM CO.,
Arthur P. Culligan, President,
W. R. McMillan, Sec. Treas.,
Albert Mott, Solicitor for Applicant.

NOTICE.
Public notice is hereby given that William R. McMillan of Jacques River in the County of Restigouche, merchant in pursuance of Chapter 115 of the Revised Statutes of Canada 1906, has deposited with the Minister of Public Works for Canada and also in the office of the Registrar of Deeds, &c., and for the said County of Restigouche in the Province of New Brunswick a certain plan and description of certain piers, booms and other works constructed and to be constructed by him at or near the mouth of the Jacques River, in the said County of Restigouche and that, in compliance of the provisions of the said Statute, he has caused to be published in the first publication hereof, apply to His Excellency the Governor General in Council for approval thereof.

Dated this fourteenth day of April, D., 1908.

WILLIAM R. McMILLAN,
Albert Mott, Solicitor for Applicant.

FIREARMS SOLD TO NATIVES

Italian Forces Having Trouble Against Rebels in Africa.

ROME, Wednesday.—The fighting which has recently taken place in Italian Somaliland shows signs of an increase in the clandestine importation and sale of firearms to the natives. Reports, both of the encounter between the Italian forces and the Bimal rebels near Merka, and of that between the Italian forces and the Mullah's followers, lay particular stress upon the number of rifles captured from the raiders. In the last case some of the Derwishes were armed with firearms of which 40, nearly all of French manufacture, were taken from the men who were killed. Another conference is to be held at Brussels between the Powers who signed the Act of 1890, and Italy will urge that the export of the arms which forbid traffic shall be made most stringent.

VILLAGERS STONED THIS THIEF TO DEATH.

COURTRAI, Thursday.—Practically the whole population of the village of Belleghem, a short distance from Courtrai, armed with clubs and stones, set on and killed a man who was caught in the act of burglarizing the famous "panel of the Virgin" yesterday.

The village had been highly incensed at previous church robberies, notably that of the Church of Notre Dame, in this city last December, when Vandenberghe's masterpiece "The Elevation of the Cross" was stolen. Seven of those implicated in the killing of the burglar were arrested.

Doctors who made an examination of the body found 27 knife wounds.

DYNAMITERS' OUTRAGE

Attempt to Ruin Costly Residence at Port Henry.

PORT HENRY, N. T. Friday.—Dynamiters attempted to wreck the \$125,000 residence of George D. Sherman, near here.

A heavy charge of the explosive placed near the front of the dwelling tore off the piazza and broke all the windows on that side of the house. The explosion started a fire which was checked before it had gained much headway. Mr. Sherman and his family were not injured by the explosion.

The dynamiters gave warning of their intended outrage in a note received by Mr. Sherman last night.

THE AMEER'S THREAT

He tries to Check Anti-British Feeling

SIMLA, Saturday.—It is reported from Cabul that the Ameer of Afghanistan is now trying to check the anti-British movement in his dominions. He has issued a decree ordering that anybody who preaches a Jihad, or holy war, will have his tongue torn out, and anybody who leaves Cabul for the purpose of fighting the British will have his feet cut off.

PENNY POST

To Be Adopted Between Britain and United States.

LONDON, Saturday.—Addressing a trade conference in London last night, John Henniker Heaton, M. P., the father of the imperial penny postage, in advocating a penny telegraphic rate between Great Britain and the continent of Europe, said that it was common knowledge that penny postage with the United States would shortly be adopted.

MIDDLEBORO

Saturday.—George Anderson, aged 22, was killed by a motor cycle tonight. His skull was fractured.

Anticipating Christopher Columbus by a thousand years and more, five Buddhist missionaries in 458 discovered east of China a big island with an estimated breadth of 6500 miles between Atlantic and Pacific and distant 2250 miles from the Asiatic mainland. This, identified as America which was named "Pusang" after the agave tree of Mexico, was supposed, doubtless by the route that it lies westward of the East into Alaska from Kamchatka in the Kurile and Aleutian Islands, and then south by the Pacific coast into California and Mexico, in which last state, the climate and the natives pleasing them, they finally established their headquarters.

In 499 Hui Shen, a Buddhist priest, from China, visited Pusan, and three years later, after his return, reported to the emperor. He related how a Buddhist mission had evangelized the island and obtained monks among the natives. Now were the aborigines apparently forgetful of Hui Shen, since there exists today in Mexico the name of one Wu-Hai-sheeha, a name suggestive of the Chinese Hui-Shi, who came from far and habited in a long robe, extolled morality and new religious dogmas.

That Buddhist missionaries forestalled the big event of 1492 seems probable enough. Spaniards, who first had to do with Mexico found in her architecture, arts, and religious practices, a strong resemblance to Oriental practices. Especially the forms of Buddhism prevailed. Thus Asiatics seldom speak of Buddha, but rather of Gautama or Sakhyas names that, perverted more or less, obtained in Mexico before the conquest. Col. J. Legendre's penitentiary Guatitlan, a compound of the two. At Campechy is the image of a Buddhist priest in his recalcitrance at Palenque, a Buddha sitting crossed legs on a seat, that resembles two lions back to back. Among the Aztecs was a deity with the head of an elephant although the elephant and lion were unknown to the new world.

At Palenque too, and Mitla there are temple structures such as Java, the north of China and in Mongolia. Again in Tibet and northern China Buddhist priests are known as Llamas, but in Mexico as Tlamas. While finally the flora and the fauna of Pusan appear to have resembled closely with those of modern Mexico.

All this does not detract, however, from the laurels of Columbus, who, in obedience to the general law of civilized aggression, made his venture from the east to west.

OUR TRAIN SERVICE

Some time ago we made the suggestion that the Board of Trade meet and discuss the matter of a more adequate train service for Campbellton, but it seems that there is no one here sufficiently interested to move in the matter. This is a mistake on the part of our business men as today business matters are greatly handicapped by a poor train service. More especially does this effect mail order business. To-day a prospective customer between Campbellton and Newcastle can send some damn order for goods to a Montreal firm and if the case is urgent, whereas here a whole day is lost and in some cases nearly two days would elapse before a reply could be obtained. This should be remedied and we feel confident that if the Board of Trade and Town Council took this matter up, and the proper representations made to the proper departments through our member at Ottawa, something could be done.

Just so long as our citizens allow matters to drift along, we will have to put up with the old state of affairs. As far as the present service goes it suits The Morning Graphic better than any railway service could, as it places our issues early at the homes of its readers down the line, but in the best interests of the town we think a change is needed.

LIKES FIELDING BUDGET.

LONDON, Wednesday.—The Financial News enthusiastically analyzes Mr. Fielding's budget speech, saying that the speech is a model of what such addresses should be. It is correct to the point, without a superfluous sentence, and entirely free from unadvisable phraseology.

The Financial News says Mr. Fielding's proposed bill amending the Bank act is a clear indication of the expansion of the country's business, with which the natural increase of bank capital is apparently unable to cope.

CALCUTTA

Saturday.—A bomb which had been placed on the rail of a street car line here, was exploded yesterday by the wheel of a car passing over it and four natives were injured by the explosion. It was evidently the intention of the perpetrators of the outrage to wreck a street car containing white persons, as notices in Bengali recently have been circulated warning natives not to ride in first class cars. Apparently the bomb was charged with phosgene gas, a dynamite. This being the fifth attempt within the last five months to blow up street cars, with bombs, and much meanness has resulted.

OTTAWA, Saturday.—Preparations for a general election in June are said to be quietly proceeding, and few of the members believe they will be here this day, after the election. Notices from the well grounded belief that there will be no surrender on the Aylesworth election bill, and that the only way out of the deadlock is an immediate dissolution.

POUGHKEEPSIE

Saturday.—Harry Thaw's plea for release from Matteawan Insane Asylum will likely be decided Monday, May 25. Jerome asked Thaw to permit his alienists to examine him and judge of his mental condition. This was declined by Thaw, who offered to be examined by alienists of his own choice, as suggested by counsel for both sides. This Mr. Jerome refused.

OTTAWA, Saturday.—The National Transportation Building Commission's advertising for tenders for eleven bridges in New Brunswick. Tenders must be in by June 9th next. The bridges must be completed by various dates, ranging from next October to May 1st, 1909.

LAKE MANITOBA DUE AT QUEBEC

(Special News Service.)
MONTRÉAL, Saturday.—Lake Manitoba is reported 145 miles east of Cape Ray at 8.30 a. m., due at Quebec about 5 p. m. Monday.

REPRESENTATIVE WANTED.

We want correspondents and canvassers in every district in Northern New Brunswick, and Bonaventure and Gaspé Counties, P. Q., or represent the Graphic and Events. Liberal cast particulars.

THE GRAPHIC, Campbellton

96-10

CHRISTIANA, Saturday.

In addition to the fact previously mentioned in these despatches that Mrs. Belle Paulsen, the central figure in the last issue, Indiana, murder mystery was the daughter of Petters Paulsen, a travelling conjurer and magician and performed with her father at places in Norway, the association press has gathered here and at Trondheim many additional details of her family history.

Her mother was regarded as a respectable woman. Her father was a Swede of gypsy origin. He was a clever illusionist and attracted large, rather than select audiences. Belle used to travel in his company everywhere in the country, and was especially well known in Christiania.

An old artist friend of Paulsen was found here today. His name is Julius Basted. He says he knew Paulsen at Karlstad, Sweden in 1888, when Paulsen was from thirty to thirty-four years of age. Basted says he was wonderfully clever and the world's best imitator of birds. He earned much money from his exhibitions. His daughter, who was about six or eight years of age, accompanied him. He is described as having been a brutal man and lavish with his money.

Belle Paulsen was confined at Christiania, and South Norway. Her family at that time lived luxuriously. The girl's confirmation dress was ordered from Paris.

Shortly afterwards Paulsen retired from business and invested his savings in a glassware business. His daughter remained at Christiania and Basted says in 1889 or 1890 married an engineer.

Old Paulsen is said to have died last year at Nasvik from the effect of falling down a flight of stairs. It is reported that the daughter before leaving Norway, was a participant in a suit in the Divorce Court and that the case never has been finished.
