TOWN TOPICS

(From Tuesday's Graphic.)

BORN

At Campbellton, to Mr. and Mrs. Wm. Richards, a son.

THANKSGIVING DAY

Monday was very quietly observed here. The weather was disagreeable.

PLEASANT PARTY

About forty young people met at the home of Mr. and Mrs. Jos. Stevens last evening and had a most enjoyable time.

STOLE OVERCOAT

A young man was arrested yesterday for taking a coat which did not belong to him from Gray's boarding house.

SCARLET FEVER

A case of scarlet fever has been reported to the Board of Health. Prompt measures are being taken to keep it from spreading and becoming epidemic as it is on the Miramichi.

DIPHTHERIA AT ATHOL

Diphtheria of a somewhat severe type made its appearance at Athol within the past few weeks, but with timely and vigorous treatment, the disease was promptly subdued and the place is now entirely free from infectious diseases.

CASE STANDS OVER

The town's appeal case, Crockett vs. the Town of Campbellton, which was to have come up before the Supreme Court last week has been allowed to stand over until the next sitting, owing to the illness of M. G. Teed, Esq., who is acting for the Town.

WILL HUNT GAME

Ralph Pulitzer, son of Hon. Joseph Pulitzer, publisher of the New York World arrived at Fredericton on Monday to spend three weeks hunting big game on the headwaters of the Little Southwest Miramichi. He has engeged Charles B. Love of that city as guide.

A JOKE ON DONALD

One of the greatest jokes of the season is the suggestion that Donald Morrison may run for the legislature in Northumberland. It is said that the Hon. John Morrissy nearly had lockjaw from excessive laughter when he heard that Donald was trying to resurrect himself politically.—Herald.

NEW STATION

A new station for the Transcontinental Railway is being constructed at McGivney's siding, on the Fredericton branch, and a telegraph operator will be placed in charge in a few days. A large quantity of rails for the new road have arrived at Chatham Junction and will be shipped to McGivney's siding in a few days.

SEASON NEARLY OVER

Navigation for the season on the Restigouche is drawing to a close. Sunday morning the river was full of drift ice, which had formed during the night. Two large steamers are loading lumber here and the work is being rushed. The Lady Sybil did not sail until daylight Monday as she was late arriving. She had a full cargo of freight. Things along the water front are being put in shape for the close of the river.

DELIGHTED SPORTSMEN

Hugh C. Watson of Cambridge, England, who accompanied Guide Braithwaite to the Miramichi woods a short time ago shot a moose on the second day out. Mr. Watson had hunted in India, Africa and Newfoundland, but this is his first trip to New Brunswick. He was very anxious to get a moose to complete his collection of hunting trophies, and he is delighted with his success. Mr. Watson and his friend, Mr. Lindsay, who accompanied him, have made up their minds that New Brunswick carries the palm as a big game country, and they will probably remain in the woods uptil the end of November.

MERCHANTS SHOOT

The annual shoot for prizes donated by the merchants of Campbellton was held at the rifle range yesterday. The day was dark and foggy and not favorable for high scores. It was also disagreeable, and some of the contestants did not shoot at all ranges. The following are the scores:

T. Carter	80
M. Mowat	80
Dougald Stewart, Dalhousie	74
W. I. Cates	74
John White	70
Dr. Price	69
J. R. McKenzie	62
Geo. Sargeant,	61
C. Carter	59
J. Alward	57
Anslow	53
Reid	44
Allingham	36
Thompson	36
McDonald	30
O. Larzen	22

Matheson	20
Clifford	12

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is always. It's simply Common Sense.

Try one at 25 cents, and cheerfully recommend

COUNTY COURT

The regular session of the County Court will be in session today at Dalhousie.

CASES NOT SERIOUS

There are a few cases of scarlet fever in town at present, but in all of these the danger period is considered past.

POND FROZEN OVER

There was skating on Doherty's mill pond on Saturday and many enjoyed it. The snow of Sunday and the rain of Monday spoiled it in the meantime.

HARD TO PLEASE EVERYBODY

Lumber shippers want mild weather and open water to ship their lumber; truckmen and teamsters want some frost and a little more snow to make good sleighing; farmers want a good fall of rain first to fill up the swamps and brooks to provide against a shortage of water during the winter, and not much frost but plenty snow to protect their fields; rink managers want good hard frost to make ice and enough snow to cover up all out door ice; but the boys and girls want good hard frost to freeze the pond well, but no snow whatever.

MAY BE POSTPONED

Henry Braithwaite, the veteran guide, returned last week from the Miramichi woods, having been called here to answer to a charge of game law violation preferred against him at Chatham. J. J. F. Winslow, acting for Mr. Braithwaite, is endeavoring to have the case held over until the close of the hunting season, so that sportsmen who have the veteran guide engaged for the balance of the month will not be deprived of his services. Arrangements will probably be made to enable Mr. Braithwaite to return to the woods on Monday with Ralph Pulitzer of New York, who is to hunt big game for the balance of the month.

JUST THE SAME HERE

Reports from the country districts all go to show that the local government displayed wonderful activity during the few weeks preceding the elections in looking after the roads and bridges. The work was shamefully neglected during the fine weather of the summer months, but with the elections and winter approaching the government heelers got busy. The discovery was made that non-partisans and lukewarm liberals were the best road makers, and in hiring men this class was given the preference every time, while old time Tories, who could be counted on to vote the Tory ticket were frozen out. This game was ably worked in every county of the province and has made the Hazen government a laughing stock.—Herald.

APPOINTMENT CONFIRMED

For some time past many reports were current regarding the appointment of the Very Rev. Alex. McDonald, D. D. V. G., pastor of St. Andrew's Parish, Antigonish Diocese, as Bishop of Victoria, British Columbia; but now that the Pontificial Letters from Rome have reached Bishop Cameron of Antigonish last week, confirming the appointment, there is no more doubt in the matter. Dr. McDonald, who graduated from the Propaganda College in Rome in 1884, was appointed by his Bishop on his return home, Professor of the University of St. F. X. Antigonish, where he remained until his appointment as pastor of St. Andrews five years ago. St. Andrews parish can now feel proud of giving one Archbishop and two Bishops to the Church of Canada.

RECKLESS SHOOTING

Quite a number of our citizens who proposed spending a few days this season in search of big game and wild fowl, have changed their minds, on account of the great danger which exists from the reckless use of firearms by incompetent fanatics, who should, to say the least, have their brains and eyes examined before being allowed to travel through the forest or anywhere else with death dealing weapons. What used to be looked upon as enjoyable sport and recreation, is now beginning to be looked upon as a dangerous undertaking and severe measures should be adopted to protect the unsuspecting hunter, or this much coveted sport will very soon become a thing of the past. The idea of mistaking a man for a deer or a bear is simply preposterous.

BORN.

At Campbellton, November 10th, to Mr. and Mrs. Frank Blackhall, a son.

WAS MOWAT, JR.

The score mentioned in the Reid trophy shoot was made by Morden Mowat, son of Mr. Max. Mowat.

ABLE TO BE OUT.

Many friends will be pleased to hear that Mr. William Currie, M. P. P., is able to be out again after his recent illness.

SOME SNOW.

Returning hunters say that there is considerable snow at the headwaters of the Restigouche. The lakes and small streams are frozen over.

FIRST CARGO.

The first cargo of rossed pulp wood to leave the Restigouche, was shipped from Dalhousie on Monday, when a large steamer sailed with a full cargo.

BOARD OF TRADE MEETING.

A meeting of the Board of Trade will be held in the council chamber, on Friday evening next at 8 o'clock.

By order, John. T. Reid, Secretary.

REPORTED DISMISSAL.

It was reported about town last evening that Mr. Donald McBeath, the popular government scaler, was the latest victim of the Hazen machine. Mr. McBeath is a gentleman who never intereferes in politics and on what grounds his dismissal has been based, is hard to foretell. Citizens, irrespective of politics, are up in arms at this injustice, and some prompt action will doubtless be taken in the matter.

A GOOD OFFER.

The Graphic learned yesterday that a prominent business firm had opened negotiations with Mr. R. M. Currie, for the purchase of the old laundry site on Water street. The firm purpose putting up a thoroughly modern, three storey brick building for store and office purposes. The price offered is the same as the town offered, viz., $2,000. Again, our up-town contemporary has been proved to be wrong in its assertions.

CHATHAM SALOONS.

Rev. George Woods, pastor of St. Andrew's church, delivered a strong Scott Act sermon Sunday. He went into the matter, fully, taking up the number of drunks as compared with last year. He also compared the convictions during the same period, and showed that while drunkenness had increased, there was a decrease in the convictions, and the Scott Act was very poorly enforced. The speaker stated that there were many practically open bars in the town and that the council had hardly done anything to stop the traffic.

WAS SEEING THINGS.

A gentleman from the northern part of New Brunswick informed a Sun reporter yesterday that during last week they had 22 inches of snow. On one day in particular this snow drifted so that it was necessary to double head a train for some distance out of Campbellton. Sleighing has been in order for some time past in different parts of the province.—Sun.

The gentleman must have been dreaming or "seeing things," as the snow storm of last week did not exceed four inches in any section of the north shore, except possibly the headwaters of the rivers, where about a foot fell. The snow which fell was of that damp variety that could not drift. There has not been sufficient snow yet to make good sleighing.

CULLIGAN—ULTICAN.

St. John the Evangelist church, Belledune, was the scene of a very pretty wedding on Tuesday morning, when Mr. Joseph Herman Ultican, the only son of Patrick Ultican, Esq., of Jacquet River, was united in marriage to Miss Caroline Sophia Culligan, daughter of the late John Culligan.

The ceremony was performed by the Rev. Father Van de Mortell, pastor of the church.

The bride looked charming in her travelling suit of blue chiffon broadcloth and wore a large picture hat of black satin with black plumes. She was attended by her sister, Miss Josephine Culligan, who was also attired in blue broadcloth, with hat to match. They both carried pearl Rosaries, the gift of the groom. The groom was ably supported by his cousin, Mr. Leo Ultican.

After the ceremony, a dainty wedding breakfast was served at the home of the bride. Owing to the recent bereavement in the bride's family only the immediate friends and relatives of the contracting parties were present.

The young couple are both very popular, and received many handsome gifts, among which were substantial cheques from the bride's brothers, Messrs. John and Arthur Culligan.

The happy couple took the 9 o'clock local express for a trip to Prince Edward Island, followed by the best wishes of a host of friends.

The case of Jean Baptiste Henry vs. Thomas Malcolm was next disposed of by the Supreme Court at Fredericton. This was an action for damages under the Workmen's Compensation Act for injuries sustained by the plaintiff while employed on the International Railway, and was referred to the full bench by Judge Landry.

The court held that a rock cut on a railway in course of construction was not a quarry, and instructed the trial judge to fix the amount of damages at any amount, not to exceed $1,600, which would be equivalent for three years' wages. Mott & Harrison for Plaintiff; Curry, K. C., for defendant.

ANY WEAKNESS IN YOUR BACK?

Sometimes you experience pain and weakness, without much suffering. Later on the pain will surely come. The trouble can be stopped now by rubbing on Nerviline—rub it in deeply over the spine, and then put on a Nerviline Porous Plaster. In these remedies you will find wonderful and quick relief. They will spare you from an attack of Lumbago which is the outcome of neglected pain in the back or side. For all muscular pains, weakness and strains, Polson's Nerviline and Nerviline Plasters have no equal. Refuse substitutes.

THE HOME OF NEW GOODS.

Dee Side, Nov. 9.

Editor Graphic.

Dear Sir,—Will you please allow me space in your valuable columns to make a few remarks in connection with a petition asking for a grant of money to repair the road leading to Dee Side, and of the five hundred dollars secured through the efforts of Mr. John Hall Kelly, M. P. for our county?

In the summer of 1907 I was talking to Mr. Kelly at Matapedia, and asked him to help us get some money to repair the Dee Side road, that is the road beginning at Mr. R. O. Stiles' and thence to the Dee Side Settlement, as it was in a very bad condition, especially in the spring and fall. Mr. Kelly said that he understood that we had a very bad road, and that if I got out a petition he would try to get a grant of money for our road.

I at once got out a petition, and had it signed by all, with the exception of two, whom I presented it to.

In the petition, I asked for six hundred dollars, that meaning two hundred dollars per mile, beginning at Mr. Stiles' and ending at Dee Side.

This spring, about two weeks before the provincial election, I was at Matapedia. Mr. Kelly came to me and said, I want to tell you that on behalf of your petition I have the promise of five hundred dollars for your road. I then asked Mr. Kelly who would have the expending of the money and he said, you had the trouble of getting out the petition, and you are the man I intend having to expend this money, but he said, I don't think the money can be got until July, (that is July past.)

A few days later I was talking to S. M. Adams, of Matapedia, and he said Mr. Kelly told him that he had got a grant of five hundred dollars for Charles McDonald, to repair the Dee Side road.

Mr. Thomas Moores told me that Mr. Kelly had told him and Mr. Mowat, at Matapedia, that he (Mr. Kelly) had got a grant of five hundred dollars for Mr. Charles McDonald for the Dee Side road. Mr. Mowat mentioned at the time that he (Mr. Kelly) could not put this money to a better use than repairing the Dee Side road, that he had at one time lived there and knew the real condition of the road.

Now we have been waiting for this said money to begin repairs, but, alas! no money. Winter has set in and no repairs.

A few days ago Mr. Walter Coughlin said that Mr. Kelly told him that the money was granted to open a road along the Restigouche River between Runnymede and Dee Side. He further stated that the grant was not secured on behalf of the said petition, but was asked for two years ago, but would not give further information. Mr. Coughlin is the only man who seems to know anything about it.

Now, when I heard of some people wanting money granted for our road, to open up a road along the river, I called the attention of the people of Dee Side, with the exception of Messrs Rob. Ferguson, and John Sharpe, they being absent at the time, and all were with me in trying to get aid for our road. I sent word to John Sharpe, and he also was against having the money go to open up a new road along the river.

Again Mr. Coughlin speaks up and says that all the people want the money to open up the river road, except myself, and I am the only man, he says, who wants the money for the Dee Side road. He also stated that all the Dee Side people told him that I was complaining all summer because I had not the expending of the money. This you can see is certainly not true, as there had not been any money to expend.

Now, why did not Mr. Kelly give us the money he got to repair our road? I am sure we have capable men enough to handle this money. Mr. Coughlin again told me that there was not a man at Dee Side supported Mr. Kelly, at his election last spring. Is this the explanation? Has Mr. Kelly been led by those men that talk like Mr. Coughlin.

Does Mr. Kelly really think that the people at Dee Side voted against him? It looks very much as if this is the reason of withholding the money for our road. If so Mr. Kelly is making a big mistake, for I know he got a strong vote at Dee Side, for all believed he would deal honestly with us as he said he would.

In the face of things like this need Mr. Marcil wonder at the state of the poll in such a short time. Again comes forth our generous friend, Mr. Coughlin, and proclaims, not one vote did Marcil get at Dee Side, those he said, that did come, did not support Mr. Marcil, and that Dee Side would know it within a year. Let me ask Mr. Coughlin what he intends doing with us before a year; let me ask him why is he so interested in our road affairs, is it that he goes up the river a few times on a plumbing expedition; is this it?.

I hope that all interested in this matter will learn by this how we have been fooled and for what reason I hope in the near future to learn.

Thanking you in advance, I remain,

Yours faithfully,

Chas. J. McDonald,

Dee Side, Que.

Tickling, tight coughs, can be surely and quickly loosened with a prescription Druggists are dispensing everywhere as Dr. Shoop's Cough Remedy. And it is so very, very different than common cough medicines. No opium, no Chloroform, absolutely nothing harsh or unsafe. The tender leaves of a harmless lung healing mountainous shrub, gives the curative properties to Dr. Shoop's Cough Remedy. Those leaves have the power to calm the most distressing cough and to soothe and heal the most sensitive bronchial membrane. Mothers should, for safety's sake alone, always demand Dr. Shoop's. It can with perfect freedom be given to even the youngest babes. Test it yourself and see. Sold by all dealers.

Miss DePlayne—Papa declares I am his greatest treasure.

Mr. Blunt—Indeed! Then he isn't as wealthy as I supposed.

DR. GILLETTE IS DEAD.

NEW YORK, Monday.—Dr. Walter R. Gillette, a former vice-president of the Mutual Life Insurance Company, who came into prominence during the insurance investigation, died at Roosevelt Hospital, after a lingering illness.

As a vice-president of the Mutual Life Company, he was indicted by the Grand Jury for alleged irregularities in connection with the company's management, and was one of the minor officials of the company who were convicted. Later the appellate division of the Supreme Court reversed the decision, and dismissed the indictment.

Dr. Gillette was born in Philadephia in 1840.

A clergyman writes: 'Preventics, those little Candy Cold Cure Tablets are working wonders in my parish.' Preventics will surely check a cold, or the Grippe, in a very few hours. DALHOUSIE FERRY IS NOW OFF THE ROUTE

Saturday the Last Day and Many Took Advantage Of It.

LOST DEPOSITS

(Special News Service)

DALHOUSIE, N. B., Saturday.—We congratulate the manager and editor of the Morning Graphic on the bright appearance, and spicy matter contained in the last number of its first year. It was a plucky undertaking to start a daily paper in our community, and those who read the Graphic regularly cannot do otherwise but say that the paper fills a want that no Moncton, St. John or Montreal paper can fill.

We are all interested in what is going on in this corner of the Dominion and the paper that publishes our advance from time to time should be patronized.

Nothing pleases our friends in the far west, or in the United States, as much as to receive a copy of the local paper, published in the land of their birth.

Let us all join hands to encourage the Campbellton daily by subscribing and getting our friends to subscribe, by sending good news for publication, and by advertising.

Today was the largest market day seen in Dalhousie for some time. The steamer Florence made her last trip to Miguasha, and a great many farmers came to town with large quantities of produce and returned, taking back many barrels of flour and other foodstuffs.

The Miguasha people report that further accommodation will be added to their wharf next year for the convenience of the public trading at Dalhousie. In addition to present house and shed, a barn will be built in close proximity to the wharf to shelter the horses, while the owners are in town. A light will also be placed at the end of the wharf, to guide parties crossing the river at night.

All our business people signed an agreement to close their places of business on Thanksgiving Day.

A petition will soon be presented to our mayor and town council, at the first meeting of the council, prayiyng that some lamps be placed on our main street, and church corners, pending the installation of a regular electric lighting system.

Mr. Beauchesne, the Conservative candidate in Bonaventure County, lost his deposit, and Mr. Flynn, the Conservative candidate in Gaspe, met a similar fate.

BAD FIRE AT PEEL DESTROYS A STORE.

HARTLAND, N. B., Tusday.—At Peel at 11.30 last night the store containing a general stock of merchandise belonging to J. N. Tompkins, was burned to the ground. Very little of the goods was saved. There was some insurance. Tompkins had been in the business a little more than a year, and his loss will be about 5,000.
