Joseph Haggerty and Frank Daley are building a camp up river for the New River Lumber Co.

We are glad to hear that Mrs. Margaret Giles is improving every day.

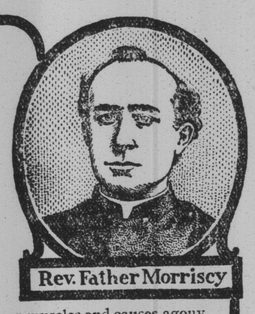

Herd Grass of St, George spent Thursday here.

A Home for Four Million Books

(Harper's Magazine.)

The building of New York's new public library is approximately rectangular, with two interior courts and four main stories besides the cellar. The building proper is 500 feet long on Fifth avenue and 270 feet deep It covers an area of 115,000 square feet, exclusive of the included court on the Fortieth street side, with a contents of 10,000,380,000 cubic feet; it costs a little over $8,000,000, exclusive of the site. It is divided into more than 200 rooms and halls, and the main reading room, over-looking Bryant Park on the west, is the largest reading room in the world. This room is 295 feet long, 77 feet wide and 50 feet high. Beneath it is the main stock room, divided into seven stories and fitted with 63 miles of shelves, with a capacity of housing 2,700,000 volumes. Other book-rooms have a capacity of about 800,000 making the library, as it stands to-day, the potential home for three and a half millions of books. We are informed that the total length of its shelves would reach from New York to Philadelphia; and those who digest statistics may be further interested to know that there are 375,000 cubic feet of white marble in the building. The whole is as fireproof as metal and stone can make it. Even the book-shelves are of bronze. In fact, the only wood used is the oak and French walnut of the wainscotting in some of the rooms.

Quick and Permanent Relief from Rheumatism

Rev. Father Morriscy

It is not exposure to cold or wet that is the real cause of rheumatism — it is bad kidneys. So long as the kidneys are doing their work properly, filtering from the blood all the Uric Acid formed there from the waste products of the body, rheumatism cannot exist. It is only when the kidneys fail, and the blood becomes loaded with this Uric Acid, that the slightest exposure stiffens up the joints or muscles and causes agony.

Father Morriscy's No. 7 Tablets

promptly relieve and permanently cure rheumatism by putting the kidneys into perfect shape for their work. Once the strengthened, invigorated kidneys get the Uric Acid cleared out of the blood the rheumatic pains disappear. If they ever show symptoms of returning a few No. 7 Tablets will tone the kidneys up again and keep you free from the dreaded rheumatism.

Father Morriscy's No. 7 Tablets have proved their value in hundreds of cases where other remedies have failed entirely.

Touching Gift From Canada

(London Daily News.)

In the Liberal Christian Monthly, the Rev. R. J Campbell, M. A., writes: "The other day I happened to be having a few moments private conversation with a member of the cabinet. I do not suppose it will do any harm to say who it was—it was Mr. Winston Churchill, I found him greatly touched by a letter he had just been reading, and which he allowed me to see.

"It was from a workingman in Canada, stating that the writer was sending to the Home Secretary and to the chancellor of the Exchequer some small gifts the work of his own hands, in token of gratitude to those two statesmen for what they were doing for the poor of this country. He gave at some length the story of his own early sufferings in an English manufacturing town, where as a child he often had not enough to eat in his poverty stricken home, notwithstanding the utmost efforts of his respectable parents to do their best for their children.

"The account was more than pathetic it was very moving, I do not suppose Mr. Churchill ever dreamed he was giving me a sermon, but so it was. Here were two statesmen, who with others are the stewards of immense national revenues, and here was a man so unselfishly grateful for the use they were making of them that both he and they were lifted to a higher level of common feeling in consequence.

"So cabinet ministers have hearts, you see!"
