LOCAL NEWS.

CARIBOU.—These animals are becoming quite numerous in the vicinity of Lower Queensbury.

BREW DOWNS.—The bill-board which the city authorities erected on Phoenix square blew down in a gale of wind on Thursday.

FIRE.—A dwelling occupied by James Higgins, near Marysville, was burned Wednesday morning. Loss, \$500; no insurance.

SPECIAL SERVICES.—Rev. Joseph McLeod has been holding evangelical meetings at Lincoln, and has met with considerable success.

WATERING THE STREETS.—The watering cart made its first appearance this season Thursday afternoon, and laid the dust in good style.

AN ERROR.—In last week's issue, it was stated that the Musketeers would be in this city on the 24th of May; it should have been the fourth.

LECTURE.—Rev. Jos. McLeod delivered a lecture at the Marysville hall on Monday evening last to a large audience on the subject of Temperance.

THE UNIVERSITY.—This year's graduating class will number 12. The boys are "plugging" desperately, causing a big rise in the tea and towel market this week.

LAWYERS.—Some of the U. S. corps men have been busy during the week cleaning the square below the officers' quarters and preparing it for lawn tennis.

ELECTIONS.—Petitions were filed with the clerk of the place against the return of A. H. Gilmore, M. D. for Charlotte and G. G. King, M. P. for Queens county.

IMPROVEMENTS.—A new siding has been built by the C. P. R. two miles east of Wasita, to facilitate the loading of about 1,000 cords of fire-wood for the river steamers.

BUILDING.—J. C. Risteen & Co. are erecting a single tenement house on government road, above Smyth street. The building will add greatly to the appearance of that part of the town.

GETTING READY.—The Fredericton brass band has resumed practice, and, having obtained some new talent, hope to have a band second to none in the maritime provinces this summer.

MINUTE.—The world-renowned Gordon's minutemen will appear in this city some time soon, and will doubtless be given a good show. They bring with them their celebrated gold band.

FREDERICTON'S SHARE.—By the will of the late M. P. Black of Halifax, his sister, Mrs. E. H. Wilmot, of this city, falls heir to about \$50,000. His niece, Mrs. R. D. Wilmot, of St. John, receives \$1500.

HIGH JINKS.—The marriage of Joseph Sands and Miss Cox, employees of the Queen hotel, furnished the boys an opportunity for a bonfire celebration on the court house square Wednesday evening.

IMPROVEMENT.—Queen street is receiving a much needed cleaning and is beginning to look respectable. If the authorities would have the others cleaned in the same manner it would be a great improvement.

HARD LINES.—A Monctonian has placed new laurels about the hoary head of Vesuvius by ascending the mountain and looking down the crater. He says if Gehenna is anything like Vesuvius it will go hard with Moncton.

MOVEMENTS.—This description of game has been plentiful this spring and many have been trapped and shot along the river since the ice went out. Among amateur sportsmen Harry Atherton takes the lead with a score of fourteen pelts up to date.

A HOX OUT.—The largest ox that ever was seen in the city came down on a raft from the Tobique river the other day in charge of a man by the name of Williams. It was twelve feet long from the tip of the horn to the tip of the tail, five feet high and eight nine feet.

THE QUEEN CITY.—Bangor is to have a big celebration in merchants' week, on the 29th 27th and 28th inst. There will be baseball, a horse-trot and a regatta for which about \$2,000 have been raised. There is to be an excursion from Fredericton and other provincial points.

GAME.—The residents at McLeod's hill were astonished a few days at the hold appearance of a large bull moose, which came out into the clearings and seemed to have designs on Mr. Edward Brennan's clothing line. He disappeared before fire-arms could be brought to bear.

PROMOTED.—W. S. Hooper, the popular and efficient agent of the Dominion express company here, has been appointed to the agency of the company in St. John, and leaves about the fifteenth of this month for that city. It is not yet known who will be his successor in Fredericton.

A PAINFUL ACCIDENT.—Miss Monahan, while using a crocheting needle at the Regent street school on Tuesday, had the misfortune to have the implement impaled in her thigh. Medical attendance was summoned, and after the application of chloroform the needle was extracted.

A FAKIS ARRESTED.—Martell, who it will be remembered figured prominently in the Welton robbery case, was arrested on his return to St. John on a charge of selling a man a watch for \$25 that was actually worth only \$5 dollars. He was discharged next day on refunding the \$25.

NICK CURS.—W. Chestnut, of this city, is the possessor of a fine pair of curs, which he obtained from Thos. Evans, Cain's river. They are about six weeks old, and are very playful and tractable. John Gunn has also two fine specimens of the junior breed which he obtained from the same source.

AUTHORISED WITNESS.—Will sell all the articles retained in the government stables on Phoenix square on Friday morning, May 8th, consisting of harness, wagons, slevens, sleighs, sleds, hobbles, horse clothing, lap rugs, buffalo robes, with a variety of other things. See notice in this paper and posters.

THE RIFLE.—On Thursday evening next the annual meeting of the York county rifle association takes place in the drill hall. Final arrangements will then be made for entering a team from York county in the Dominion league matches, which are to take place May 16th, May 29th, July 11th, July 25th and August 8th.

A BAD ACCIDENT.—While Thomas Ross and James Minto were working at T. Whitehead's residence, George Street, on Monday last, the staging on which they were standing gave way and precipitated them to the ground. Ross had his left leg broken above the knee, but Minto only received a general shaking up.

A Misleading Report.

Once Fredericton was all on fire in the temperance work, says the Rev. J. Shannon, but in the last three or four months there has been scarcely a word for temperance. If he had five hundred of the electors of York before him, and it was not Sunday night, he would speak plainly to them. He would tell them that he would not give a snap for their temperance if it was held subservient to their politics. He considered that John A. Macdonald and A. G. Blair, through their supporters, did more evil in York county in one election than all the ministers in the county could undo in four years.—Gleaner.

Rev. Mr. Shannon authorities THE HERALD to state that he made no such remarks as those attributed to him by the Gleaner. In his address on last Sunday evening he deplored the use of liquor in elections, and declared that the temperance principles of the men who would support candidates who were drinking men were of little value to the cause. He did not mention either Mr. Blair or Sir John in connection with the election, but he made no such remarks as those attributed to him by the Gleaner. In his address on last Sunday evening he deplored the use of liquor in elections, and declared that the temperance principles of the men who would support candidates who were drinking men were of little value to the cause. Mr. Crockett Speaks.

To the Editor of THE HERALD.
Sir,—I have been pained during the discussions in the press relating to the case of the late Mr. Crockett, to witness the unmerited condemnation passed upon Mr. Crockett and his son for having laid the information against the unfortunate young man. I feel assured that if the writers had been acquainted with the facts of the case they would have made their comments in a different spirit.

Tessio's offence was unfortunately of such a character as to render his removal from the institution a necessity in the interests of public morals and decency. His shameless exhibition of obscene pictures—so obscene as to forbid any description in the public press, besides exhibiting them during the opening exercises in the assembly hall, and his reproduction of them during the hour allotted for drawing with such modifications as his vile imagination suggested, besides exhibiting them in various places outside—all of which he admitted—indicated the absence of that degree of moral sense which would warrant the institution to send him forth as an instructor of youth. If the Normal school were a reformatory he should have been retained and dealt with according to the usages of such institutions, but an institution established for the training of teachers cannot with safety to itself, much less to the public schools, harbor such persons within its walls.

If such conduct was going on in the school without the knowledge of the principal, it was the duty of those who were aware of the facts to inform him. This is what Mr. Crockett and his son have done, and for which they have been most unjustly held up to public obloquy and scorn. Instead of censuring them for the commission of a crime which they were authorized to deal with, it is the extension of our most pernicious to the interests of one of the most important services of the country.

Yours truly,
Wm. Crockett,
Principal, of Education,
Fredericton, May 2nd, 1891.

Recent Fires.

Two fires within half an hour of each other kept the firemen of hose reels Nos. 2 and 3 pretty busy on Thursday afternoon. The first alarm was caused by a slight fire in the back with house, near Estey's firm, now occupied by Thos. McKenney and Russell. The fire caught from the stove, and was extinguished without the aid of the hose companies. The other fire was at the building occupied by R. B. Carvell at a hotel, and R. A. Estey as an office and warehouse. This was caused by a spark falling on the roof, which was quickly in a blaze. It was, however, soon under control, and the firemen, by their prompt attention, saved Mr. Carvell's house from being entirely destroyed. The damage to Mr. Carvell's house was about \$600 (the total amount of insurance, \$1000). Mr. Estey was insured in the Commercial Union for \$500, which will fully cover the damage to his property. Mr. Estey has removed his office to the building across the street, for the present.

The firemen were again called out on Friday afternoon by the burning out of a chimney in a house on Charlotte street owned by Charles Parker of Woodstock, and occupied by Mrs. Sloss. No damage was done.

S. Murray of Spring Hill has purchased from S. Boston a gray racing horse which is said to be very speedy. It is now at the Barker house stables and is being looked after by J. B. Orr.

Sad Accident.

A distressing accident occurred on George street, Wednesday evening, by which a young lad by the name of Moore was seriously injured. It seems that Moore, along with some other lads, was jumping off a carriage wagon, and Moore slipped and fell. A livery driven by F. Carvell was just behind, and one of the wheels passed over the boy. The boy remained unconscious for some time and two doctors had to be summoned. The latest reports were to the effect that he was doing well as could be expected, and would likely recover.

The River.

The schooners Active and Water Lily arrived from St. John during the week, the former with a general cargo and the latter in ballast.

The schooner Glad Tidings, captain Gilchrist, which arrived early this week from St. John, sailed with a cargo of planed hemlock boards from St. John's mill.

Since last Sunday the water has been falling gradually. Unless the rains are heavy rains this month the drives will be seriously impeded on the upper St. John.

Church News.

To-morrow at the morning and evening services in St. Paul's church, Rev. Mr. McLean of Harvey will occupy the pulpit.

The Baptist churches of Hillsfield, Doaktown and Upper Blackville have secured as their pastor Rev. Mr. Cranford of Nova Scotia. Some very successful revival services have been held.

Rev. Ralph Brecken after lecturing in Woodstock proceeded to St. John where he preaches to-morrow (Sunday) in the Carlton Methodist church.

The Fredericton Market.

Base Ball Club.

The base ball club to Arbor day at 2.30 p. m., chosen later.

The Lone Stars are to have a good team in the field this year, and the club that gets ahead of them will have to hustle. Parker and Haines have been engaged as battery.

There is some talk of an amateur league being organized with the following clubs: Star Socials, Lone Stars, Alerts, Marysville B. B. club, Potato-Peels, Athletics and the I. S. C. club.

The Shamrocks, of St. John intend to have a good programme of sports on their grounds on Monday, 25th May, which will be observed as a holiday, the Queen's birthday falling on Sunday.

The Potato Peels accept the challenge of the Athletics for a game of base ball on Monday, 25th of May.

H. McKee, Captain of the Potatoes Peels.

The first game of Base Ball of the season was played here Friday afternoon between the I. S. C. club, and a team from Atkinson, Cook's minstrel. The game was a five inning one and resulted in favor of the I. S. C. by a score of 53 to 7.

The ground of the Fredericton athletic club will be taken over on May 1st by Mr. Scully, but the club has failed to pay the rent of the grounds.—Moncton Transcript.

An effort is being made to get up a local team among the members of the St. John club to play the Maine State college nine here on May 25th. The movement so far is not meeting with much success, as the old players are rather adverse to going on the diamond again.

The members and friends of the Fredericton base ball association have come to the front promptly with the funds necessary to retain their beautiful grounds for the coming season. The subscription list was circulated on Thursday and in an hour or two the necessary \$150 was obtained. Cranks in Fredericton die hard.

Hallifax will have at least two local teams this season, writes a Halifaxian to a friend in the ground. One nine will have Cranks and Doyle as a battery, and they will be supported by members of the Social club. The other nine will have "Shorty" Power and White as battery, with seven men back of them, the pick of last year's amateur league.

Lawyer Hughes spent Sunday up river and his frequent trips in that direction have aroused the curiosity of his friends.—Farmer.

Brother Macnutt should not be jealous. There is no mystery about the movements of George up river last Sunday. He has been a contract to play left-field for the NII Dependansms down on the play the press nine on the 24th with George at the bat and the firemen, by their prompt attention, saved Mr. Carvell's house from being entirely destroyed. The damage to Mr. Carvell's house was about \$600 (the total amount of insurance, \$1000). Mr. Estey was insured in the Commercial Union for \$500, which will fully cover the damage to his property. Mr. Estey has removed his office to the building across the street, for the present.
