PROPERTY TRANSFER.—The farm nearly opposite the city, the property of Mr. Edwards, of the Queen hotel, has been sold by Mr. Boyce to G. H. Burton, of St. John, England. There is every probability that before the end of the summer Mr. Burton will be joined by his parents with view to permanent residence here.

DOMINION DAY.—Chatham is to have a big day of sports on Dominion day. The program will consist of trotting and running races, boat races, trades' procession, and other attractions, which will doubtless draw a large crowd. Fredericton wishes the eastern city every success.

REINWAY.—A horse which had been driven by John Welton of St. Mary's, was left standing at the Fredericton park association grounds Thursday evening. It became weary of remaining inactive, ran away, steering its course clear down Queen street, but was captured on the highway bridge. No damage was done.

BONNET HOP AT ST. MARY'S.—The St. Mary's women held their second promenade concert and bonnet hop on the green at the end of the bridge, Wednesday evening. The attendance was very large and everybody enjoyed themselves to the utmost. Dancing was indulged in to an unlimited extent, music being furnished by the R. S. I. band.

ACCIDENT.—What might have proved a serious accident occurred yesterday afternoon. A young son of James Fowler was riding a velocipede over the road at the corner of Regent and Queen street when a carriage struck him dragging him a distance of thirty feet. The lad was somewhat hurt and had to be taken home in a coach. He is better to-day.

AT ST. PAUL'S CHURCH.—Rev. Robert Atkinson, of Eton, N. S., occupied the pulpit of St. Paul's church last Sabbath morning and evening. Every person who heard him was delighted, and an effort should be made by the trustees to secure him, if possible, as a pastor. Rev. Mr. McLeod, of the same place will preach in that church to-morrow.

PARALYZED BY FEAR.—The Redgouche Pioneer says that Miss Margery Duncan, a very highly respected lady, died at her home at Tide Head on Thursday morning. The forest fire had reached her brother's wood pile, and her fear of their home being destroyed caused her to be stricken down with paralysis from which she never recovered consciousness.

SHOOTING CONTEST.—At the rifle gun shooting contest on Phoenix square last Saturday evening, the double barrel shot gun, offered by Lew Barker for the best shooting, was won by Robert Coombes. He and B. Lint were tied at thirteen points, but in shooting off the latter was defeated. A meerschaum pipe is being fired for this week.

HOUSES STRUCK BY LIGHTNING.—During the heavy thunder storm of Tuesday afternoon, the house of Charles Wiggat, Gibson was struck by lightning. Mr. Wiggat narrowly escaped being killed. She had just left the room through which the fluid passed, and was in an adjoining one when the lightning struck the house, knocking her senseless. The damage to the building is estimated at \$100.

TO GO TO MONCTON.—At a meeting of the fire department, at the central hose station, Tuesday evening, it was decided to send a delegation, composed of several members from each of the city companies, to attend the celebration at Moncton. The firemen will have a fifth day. For the A. A. A. grounds on the 24th inst. for the purpose of raising funds to pay the R. S. I. band which is to accompany them to Moncton.

PICNIC.—A party of young ladies and gentlemen to the number of about forty, went on a picnic excursion to Spring Hill Wednesday afternoon. The picnic, which was under the auspices of the F. O. M. W. club was a very enjoyable affair. In the evening the company removed to the Spring Hill hotel, where a dance was held, music being furnished by the club orchestra. They returned about 11 o'clock well pleased with their outing.

WEST TO ST. JOHN.—The Salvation army band went to St. John on Tuesday to attend a mammoth demonstration there. In speaking of this the telegraph says: "The Fredericton band was also in attendance. In this band three lassies take an important part, playing two reed instruments and a cornet. They have proved excellent musicians and an attractive feature." The telegraph reporter must have been somewhat misinformed, as there is only one reed instrument in the band and that is played by a boy.

FISHER THE LANCER.—A curious blunder of a Cumberland bridegroom, says the Chatham World, this week caused no little consternation among his friends. The hour for the ceremony had arrived, and the guests, numbering almost a hundred, were in attendance, when it was discovered that the groom had neglected to secure a license and none could be obtained within a distance of eighteen miles. A fast team was secured, the young man drove the eighteen miles and returned, and the wedding took place three hours later than the appointed time. But as the train would not wait, the wedding hour was postponed until the following day.

Public Examinations.

The public closing examinations at the York street school were held yesterday. The attendance of pupils and visitors was large. The reason for holding the examination of this school a week previous to those of the others, was that the present school building will be moved, and the work will have to be commenced immediately, in order to have it ready by the commencement of next term. As will be seen by the marks below the competition was very close.

Military Notes.

Lieutenants Blair, Fisher and Hawthorn, of the 71st Batt., have received from Holson & Sons, London, complete outfits of the latest regulation uniform and equipment. They are precisely the same as those worn in the Imperial army, and are very handsome in design.

Nothing definite has yet been decided upon about the military camp, but it is thought by the officers of the R. S. I. that it will be held on the 30th of the present month, or possibly a week later. Work has been received by Col. Marsh, commanding the 71st Batt., and the various corps are now awaiting further orders.

In conversation with a HERALD representative, major Markham of the Princess Louise Hussars, Kings county, stated that Col. Domville also had received official notice from Col. Maunsell, D. A. G., to hold his regiment in readiness to go to camp either the 30th of the present month or the 7th of next, probably at Hampton.

Since the above was put in type, word has been officially received by Col. Maunsell that there will be no military camp until fall. It is in all probability he held at Fredericton.

Fancy Sales.

The churchwomen's branch of the W. A. A. held a very successful fancy sale on the grounds of the persons, Gibson, Thursday afternoon and evening. A refreshment table under the management of Misses Peppers, Patters, Friel, Staples, Seely, Watmore and Flewelling, kept the large gathering supplied with refreshments. Efficient committees were in charge of the supper and fancy tables. The R. S. I. band was in attendance. About \$100 was realized.

A sale of fancy and useful articles was held at Bear Island hall, Thursday afternoon and evening. In the evening a basket social was held at which a large sum was realized. The proceeds are to be devoted to the building fund of St. John's church, Bear Island.

During the lawn tennis match on Thursday afternoon, the girls of the parish school band held a sale of fancy goods on the officers' square. Besides the fancy goods, ice cream and refreshments were in abundance. Something over \$90 was realized.

Election of Officers.

On Thursday evening, the officers of the Protestant lodge, No. 8, L. O. T. were elected for the coming term. In addition to this, a large amount of other business was transacted. The following are the officers.

Wm. Anderson, President.  
Miss Lucy Anderson, vice president.  
Miss P. Niles, recording secretary.  
J. Parks, financial secretary.  
A. J. Thomson, treasurer.  
Miss Henry, chaplain.  
Misses Peppers, Patters, Friel, Staples, Seely, Watmore and Flewelling, marshals.  
Miss Price, deputy marshal.  
James McDonough, inner guard.  
John Pollock, outer guard.  
Harry McLeod, assistant secretary.

Swimming in the River.

It is about time that something was done by the civic authorities to prevent persons from swimming in the river, where it can in any way injure the water which has to be used all over the city for drinking as well as other purposes. An incident which shows the need of this prevention occurred the other day, when four persons went to the bank of the river and about two hundred and fifty feet above the water works pier, stripped off their clothes and washed themselves in the water. If it cannot be stopped it would be better to have a new system of water works in which the citizens would not be obliged to drink the river water in which these persons have washed.

Trouble Over a Mill.

It appears that Messrs. Hale & Murchie, proprietors of the steam saw mill below town, are likely to get into trouble over a spring which they have bought. The spring is situated on the opposite side of the main road from the mill and has been used by the public of the neighborhood from time out of mind. Hale & Murchie want to close the spring up and convey the water across the road to their mill for protection from fire. The road master of the district forbade them laying pipes under the road and served them with an injunction through Wm. Wilson, his attorney. It is not known what steps they will now take.

Death of J. F. McManus.

The people of our city were shocked on Tuesday evening to hear of the death of James F. McManus, clerk of the York Co. circuit court, which occurred at his office on Regent street about half past six. The deceased had been sick for some time with bronchial trouble, but his death was brought on by an attack of la grippe. During the afternoon, preceding his death he felt better, and went down to his office and laid down on the sofa, from which he never rose. When found a few minutes later, he had passed away. His funeral was held Thursday morning and was largely attended.

People's Five Year Benefit Order.

A commandery of the people's five year benefit order has been established at Marysville. The public installation of officers will be held at the Marysville hall, Tuesday evening. H. R. McDonough, supreme vice commander of the order, will install the different officers.

The regularly fortnightly meeting of the York commandery will be held on Thursday evening, at their rooms in Fisher's building. This commandery is now progressing rapidly, several members being added at every meeting. E. B. Nixon is worthy commander and C. H. Biggs worthy secretary.

Police Penalties.

On Tuesday morning, the Douglas shooting case was called on, but after taking some evidence, the P. M. granted a postponement until 26th inst.

After this case, the Howard Scott case came up for final judgment. C. W. Beck with appearing for the defendant in the absence of J. A. Vanwart, Q. C. who was absent from the city. Certificates of former convictions were read, and Howard sentenced to two months imprisonment in the county jail. It is understood that the case will be appealed.

Fred Nicholson, of the Queen hotel, and Miss Mattie Eyles, of Gibson, were married Thursday morning. The ceremony was performed by Rev. Mr. Parkinson at the residence of the bride's father. It was a strictly private affair, only the immediate relatives being invited. Mr. and Mrs. Nicholson left by the St. John boat, and will make a tour of Boston, New York and the eastern states. The HERALD extends congratulations.

The New School Building.

To the BORERS OF THE HERALD:

Such comment is being made, and justly so, over the action of the board of school trustees in soliciting tenders from parties outside the city for the new school building to be erected here. It does not seem hardly fair to the citizens of this city, and to their taxes to the city, should be obliged to compete with outside parties, for the erection of a purely local building, such as the one which we are now erecting, and for which the city is paying the price. It is well known to the public and the school trustees in particular, that if any public building of a local or provincial character is erected in Halifax or any other city in the province of Nova Scotia, no tenders are solicited here. They should tenders be solicited in the far off city of Halifax for the new school building in Fredericton? It is unfair to our citizens, some of whom contribute in no small degree to the income of the city, that it should be allowed, and the board of school trustees should see the error of their ways in this respect, and "put out the brake."

Thanking you for your space, Mr. Editor, I remain,

FREDERICTON DISTRICT.

Report of the N. B. and P. E. I. Methodist Conference at Marysville.

The Fredericton district of the N. B. and P. E. I. Methodist conference was in session at Marysville all day Tuesday and Wednesday and much important business was transacted. The session opened at nine o'clock Tuesday morning and closed Wednesday night.

The following delegates, clerical and lay, were present:

Clerical—Revs. Messrs. Shenton, Payson, D. Chapman, Hincks, Howie, Magers, Dawson, Knight, Baker, Dobson, Comben, Howard, Johnson, Williams, Read, Watson and A. Chapman.

Lay—Messrs. J. Weddall, A. Lindsay, A. E. Rapp, Wm. Harrison, J. T. Carr and Geo. Johnson.

On the question of ministerial character and work there was no objection.

Messrs. Reid, Chapman, Watson and Silvers were examined and recommended as candidates of the ministry.

Financial reports from the various circuits of the district were presented and were deemed satisfactory. The collections for conference funds were in advance of last year. Fredericton raised for missions \$275, the woman's missionary society \$230, and for all conventional funds \$600. For all purposes last year the church raised \$3,418.

Delegates to the conference were elected, the laymen from Fredericton being J. J. Weddall, M. Lemont, C. A. Sampson, from Gibson, W. E. Johnson, and from Marysville, A. Rowley.

Members of conference committees were elected as follows: Stationery, Rev. J. S. Phinney; Epworth League, Rev. Wm. Magers and J. J. Weddall; nominating, Rev. Wm. Dobson and Ch. Barker; Sunday school, Rev. Wm. Wass and M. Lemont; sustentation fund, Rev. L. Williams and a layman.

A resolution was passed in reply to the circular from Bathurst touching the school question there, expressive of sympathy in the case and hoping for an amicable settlement of the matter.

The prohibition petitions were also under consideration and it was reported that about 2,500 signatures from the district had been sent to Ottawa, 1000 of which went through Rev. Mr. Shenton's hands.

The Rifle.

The inter-city rifle match, was shot throughout the Dominion on Saturday last. The highest score was made by the team representing Bowmansville, 1,270 points. The Fredericton team was weakened by the inability of many of the old reliable, such as McFarlane, Pinder, Johnson, Miller, Lisset, Patchell, Winters and others, to be present, but the boys from the Infantry school turned out in force under Sergt. Walker, and did their best to fill the vacant places. Considering that only three of the whole team had ever used a Martini rifle, the score was a creditable one. Following are the scores made by the local marksmen:

Suicide at Harvey.

The residents of Harvey Station, York county, were startled Saturday by the announcement that a suicide had been committed in their midst. About two miles from Harvey village, at a place called Acton, lives a family named Brownrigg. The family is composed of Edward Brownrigg, his wife, John Brownrigg, his son, and Mrs. Sarah Ross, a daughter of the senior Brownrigg. Mrs. Ross was a widow whose husband has been dead for nearly a year. Since his death she has her little daughter aged five, and lived with the widow's father. For several days Mrs. Ross has been complaining of feeling unwell, but she was not confined to her bed. Her mind had been somewhat deranged and she acted very strangely since her illness. On Saturday morning while all the family with the exception of her little daughter, were absent from the house, Mrs. Ross drank a quantity of poison, the effects of which she died a few hours afterwards. After drinking the poison Mrs. Ross walked to the back door of the house and commenced vomiting. She informed her brother John, who arrived home a few minutes later, and that she had taken poison with the intention of ending her life, and told him what and how much she had drunk. Shortly after the son's entrance the father came in, and on being told the news he immediately started out for medical assistance. Sudding one of his horses he went on a gallop towards Harvey and obtained the services of Dr. Keith, who appeared upon the scene and administered to Mrs. Ross, succeeded in forcing antidotes down the woman's throat. When the stomach had been relieved the woman showed decided signs of improvement and complained only of a burning sensation in her stomach. Dr. Keith remained with her about two hours and a half when she was quite feeble but resting easily. When he departed he had a burning sensation in her stomach. About half-past four o'clock Saturday afternoon she died. She suffered considerably until an hour before her death when all pain left her. Mrs. Ross was thirty-five years of age. She had two children, two boys and two girls, three of whom are living with strangers, in the immediate vicinity of Harvey. An inquest was not thought necessary owing to the confession made by the deceased to her death. She was interred Monday afternoon from her father's residence.

New Notes.

Rev. Mr. Dobson preached an excellent sermon at St. Paul's church, Wednesday evening.

The provincial board of health held its regular meeting at the Queen hotel, Tuesday evening, and transacted some business.

J. H. Hawthorne has received a communication from Ocala, asking for a game of base ball on the 4th of July. The Yankees will likely be accommodated.

The Marysville millmen are in for "blood." Not content with sawing 87,183 feet of spruce deal in ten hours, they will endeavor at an early date to cut 100,000 in the same time.
