LOCAL NEWS.

In Port. - The schooner "Welcome Home" arrived from St. John on Wednesday with a general cargo.

SENATORIAL. - Mrs. Whitman Haines, of St. Mary's, is still very ill and hopes of her recovery are slight.

AT ST. PAUL'S. - Rev. Mr. Smith, of Quebec, a young graduate of McGill college, occupied the pulpit of St. Paul's Sunday last.

THANKS. - J. Z. Currie, who is now in London, Eng., attending the international council of hygiene, has two Herald's thanks for late English papers.

STAY AT FIRE. - The roof of Todd's foundry was on fire this morning, but was extinguished without the aid of the firemen. The damage was very slight.

NEW SCHOOL. - Over 200 pupils have already been received by principals Mullin for admission to the normal school, for the term commencing September 1st.

ELECTION. - It is understood that the date of the local election in Kent county has been fixed. The nomination will take place on Tuesday, 8th September and polling on the 15th.

SOLD OUT. - E. B. Nixon has sold out his stock of wall-papers etc. to J. F. Murray. Mr. Nixon who has been offered a position on the road for a Montreal firm, will leave soon for that place.

LUMBER FOR ST. JOHN. - On Friday, R. A. Estey shipped to St. John two car-loads of four inch spruce dealt to be used by James Harris & Co. in the manufacture of rolling stock for the C. P. R.

AT THE CITY HALL. - Peck & Fursman's mammoth "Uncle Tom's Cabin" company, with military bands hand and orchestra, is to appear at city hall, early in September, for one night only.

THE SOAP CO. - In order to purify the talow required in the manufacture of their soap, the Fredericton soap company will erect a building near their factory at St. Mary's for this purpose.

JUMPED A TREE. - The Calais excursion train, when coming near the city yesterday morning, struck a tree, which the heavy gale of wind had blown across the track. Fortunately no damage was done.

LECTURE. - On Sunday afternoon, all the Sabbath schools of the city assembled in the Baptist church, where an address on Sunday school work was delivered to them by Rev. Mr. Lucas, of the N. B. Sunday school association.

BYCICLE. - A young man named Bert Brown, a commercial traveller, at one time champion bicyclist of Toronto, gave a very good exhibition of fancy bicycle riding on York street Friday at noon. It attracted quite a crowd of the lovers of the wheel.

RE-OPENED. - The city schools re-opened on Monday last, with a good attendance. The only change in the teaching staff is Charlotte street school, where Miss Mary Nicholson will take the place of Miss Hunter who has been granted leave of absence.

REGISTERED AT LONDON. - Among the Canadians registered at the High Commissioner's office at London, for the week ending August 25, were Messrs. C. E. B. Fisher and J. J. Weddall, of Fredericton, M. G. B. Henderson and Mr. and Mrs. T. Adamson Hill, of St. John.

TREES BROKEN. - The prevailing heavy wind on Friday played sad havoc with the trees around the officers' square. Some large limbs were broken off disfiguring the square. Also a large maple on the Cathedral ground was broken off blocking the sidewalk.

A NEW BRIDGE. - Tenders will be received by the board of works department until the 29th inst., for rebuilding the bridge across the Mispeck river, St. John county. Plan and specification may be seen at the office of the department and also at Joseph Dalzell's, Red Head.

SPON COMPETITION. - At the race on Saturday afternoon last, Frank Ristgen captured the first class spoon with 90 points, Q. M. S. Walker coming second with 85, and Major Logie, next with 83 points. The spoon in the third class was captured by Pte. Worth of the I. S. C.

UP THE TORQUE. - Over 300 people availed themselves of the opportunity to take a trip up the Tobique Valley railway one day last week, a special picnic train being provided for them by Willard Kitchen, the contractor. They went up a few miles on the road and held a picnic.

TAKEN TO THE ASYLUM. - M. Murphy, the well-known Regent street baker, was on Monday morning last taken to the lunatic asylum by Roberts. On Wednesday, Miss Shannon, who lived at Maryland hill was taken down, and on Thursday, Miss Dickson, who lived at the corner of Carlton and King street.

NEW STREET OPENED. - H. B. Rainsford is about opening a street from Regent to St. John street, partly in continuation of Union street. The authorities should now take the matter in hand and open a street from the foot of Union to Shore street.

COW REMOVED. - While Jeff Mount was driving Gunter's hack and span on Westmorland street Tuesday morning in a hurry to catch the Woodstock train, a cow started to cross the road a short distance in front of the horses. Before Jeff could rein the team up, the horse and coach passed over the animal, bruising her somewhat. No damage was done to the coach and occupants.

STRIKE AT THE SEWER. - Tuesday morning, some of the men employed at the York street sewer, quit work. The trouble arose over from the boss, Mr. Sisson wanting the excavation better planned up, so as to avoid another cave in, as one had occurred the day previous. Mr. Gilman stated that this was all nonsense, and that it did not need planning up, so the men quit work, and other men were put in their places.

SMASH UP. - On Sunday afternoon, three young men of this city hired a horse and buggy at Golding's livery stable. They went up the road towards Marysville, and at the crossing just this side of that place the wagon upset, and all hands were thrown out and more or less injured. The buggy which was a handsome one, was pretty well destroyed, and the horse was severely injured. This should be a warning to young men who go driving on Sunday.

New Brunswick Farm Delegates. The government has appointed Charles Burpee, ex-M. P. of Sunbury, Jas. E. Fairweather of Hampton and John A. Campbell of Kingsclear, commissioners to purchase the importation of stock. They have also instructed secretary in charge to procure the services of John Robertson, former professor Robertson of the dominion experimental farm, to accompany the commissioners. They will leave here about the first of September. The stock to be purchased will consist of 150 cattle, some each of Holstein, Shorthorn, Jersey and Ayrshire, and the same number of sheep. The stock will be bought chiefly in Ontario.

THE GAME IS UP.

He was a stranger but they did not take him in.

A certain young man of prepossessing appearance and very affable manner, who claims to be from the west, and considers himself both very smart at spritng and putting up jobs on the eastern public has been noticed lying around the city for the past two weeks. He gives no information as to who he is or where he came from, but is very anxious to get on a race with some of our local runners. Now, while Mr. "Bowen" may think that he is cunning, he does not give the Fredericton sports due credit for their ingenuity; for there are quite a number of men here who take an interest in athletic sports, who have known this gentleman for the last ten days. Also how fast he can run, for what distance, how many men he has swindled, and what he has been doing for the last two or three months. They are also aware of a certain Mr. Donovan of St. John is, and perhaps it would be an act of kindness for some of the local sports to give him onto the racket, and let him to understand that there are not as many "squirrels" in Fredericton as some over-the-line fakirs may imagine. The following letter, which has been received at this office from a prominent gentleman in St. John, will explain the matter more fully:

TO THE EDITOR OF THE HERALD: Sir, - I believe you have a man in your city that claims to be a runner of great speed, and unquestionably he is, but with his running ability he carries an air of mystery. Here are the facts: This man says his name is Sprague but his real name is Down; he is a "flyer" and has been "doing" the west just the same as he will do Fredericton if the boys don't look out. He goes into a place, issues a challenge to every one, and if no one accepts, a stranger bobs up in a neighboring city, takes up the challenge, procures their backing, and together they take the boys out of the boodle. Bowen has been doing the west. Not long ago he had a pal and they faked a certain city, and then he and his pal had a race for a big pool, the pal scooped all this fellow had and broke him; now he has turned up in Fredericton to work his skin game there.

I see the St. John Globe has a paragraph accepting "Sprague's" challenge, and signed William Donovan. Now the only Donovan that ever ran here is doing a term at Dorchester. If he is out he never could beat 12 seconds. FAIR PLAY. St. John, Aug. 21, 1891.

Veal, Vidi, Vici.

About seven hundred people assembled at the amateur athletic games on Saturday afternoon last, to witness a game of base ball between the ladies' base ball club, and a team composed of Fredericton's best players. The game was a regular fare from the start, for the young ladies composing the former club could neither bat nor throw a ball. The boys, however, tossed the ball and let the visitors bat as hard as they liked, and run bases. The game was interesting, and nobody was at all dissatisfied with the afternoon's sport. Seven innings were played, the Fredericton team winning, twenty-one to twelve. On Monday they played at Sussex, defeating the local team by a score of twenty-six to fourteen, and on Wednesday they went to Moncton. The management there would not allow them the use of their grounds, so they spread a canvas over the field, and they played a game with one of the Moncton clubs.

Beware of the base ball maiden and her fetching little ways.

She's deadlier than the summer girl that now is in ambush lays. She comes in with the springtime, and there's mischief in her eye, And though she doesn't look it, she is most intensely fly.

Accidents.

On Monday while Andrew Lindsay, an employee of Geo. East & Sons, was attempting to one of their horses, the animal kicked striking him savagely on the leg.

While a lad named Chase was playing on the wharf at Estey's mill, the other day, he lost his balance and fell into the water. Fortunately one of the mill hands was standing near and saw the incident and was able to rescue the lad.

Samuel Wells, broiling logs at Estey's mill, west end, fell off a brow twelve feet high, striking on a hemlock raft on the head and shoulders. He bled profusely at the nose and it was thought at first was fatally injured, but he went to work again.

What came very near being a serious accident occurred on York street Friday at noon. A horse attached to a buggy became frightened at the playing of the Calais band, and before the driver had him under control the wagon passed over a little boy named McNeil and an old man - name unknown. The boy was conveyed to his home on Needham street, and a doctor summoned. The little fellow is not seriously hurt; the old man merely receiving a shaking up.

Camp Meeting for New Brunswick.

The last issue of the Wesleyan contains the announcement that "a camp meeting for the promotion of the work of God (D.V.)" will be held in the beautiful hardwood grove on the premises of John Godfrey beginning on Thursday, 27th inst., at 7:30 p. m. The grove is one of the most suitable spots for holding a camp meeting to be found in the maritime provinces. It is situated in the beautiful Douglas valley, on the Canadian Pacific railway, within half a mile from Welsford station, New Brunswick, N. B., and is therefore easily reached from any part of the maritime provinces or the United States - only 24 miles from St. John. Persons driving to the meeting are requested to bring hay with them; provision will be made for tying horses on the ground during the day. Ample provision will be made for all who wish to erect tents on the ground. Persons wishing to be provided with food and lodgings for one or more days are requested to correspond with Rev. J. F. Estey, not later than the 21st inst. Breakfast and tea 25 cents each; dinner 35 cents. Board per week at reasonable rates."

A "Block" Game Spoiled.

Israel Block is the name of a Russian Jew, who has been doing business for some time at Magalloway settlement, York Co. After he had succeeded in getting a lot of goods from some St. John and other houses, Israel made up his mind to skip. He accordingly began packing up his stock. Some of his creditors hearing of it at once procured the necessary papers from Judge Tuck and started out to capture Mr. Block and his stock. A large quantity of the stock in cases and boxes, which had been shipped to St. Andrews preparatory to further removal, and addressed to Louis Block, was seized by Sheriff Stuart on Monday in the railway station. What remained in the store was pounced upon by the Sheriff of York county. Block got away himself, and it is said, took \$2,000 in cash with him. He was seen at Eastport, and afterwards started for Deer Island. A Charlotte county deputy started after him, but he failed to find him, although he ran down another Jew who might have been taken for a chip off the same block.

Salvation Army Changes.

It is learned that an extensive change is about to be made in the system of the Salvation Army in Canada. The system inaugurated by commissioner Adams, that of local government by brigading, has been found to be unworkable, and a return to the old system of direct control of affairs is to be made. This will necessitate a thorough reorganization of the officers and stations, and about 200 of them will be more or less affected.

Social Amusements.

The Star Social club held a picnic at Sewell's grove, Spring Hill, Thursday. The usual sports were indulged in.

The women's aid society of Maryville, are arranging to hold a fancy sale on the grounds of James Gibson at that place. The grounds are well adapted for this kind of an entertainment and no doubt the sale will be largely attended.

On Friday morning, a picnic party arrived from St. Stephen and Calais under the auspices of the Calais city band. The excursionists spent the day visiting the points of interest in and around the city and left about eight o'clock for home.

The Presbyterians of Stanley are to hold a picnic and fancy sale on the grounds of the Stanley agricultural society, on Wednesday, 29th inst. The usual sports will be carried on for which suitable prizes will be awarded. The proceeds go towards the building of a new church.

A picnic is to be held on Tuesday next at Harvey. The regular train from this city passes the grounds at eleven o'clock leaving ample time for those who wish to spend the day returning by the evening. Sports and amusements will be indulged in. Refreshments for sale on the grounds.

On Wednesday, Sept. 2nd, the steamer Florenville will carry the picnic of the Marguerite division, S. of T., to Gagetown. The Fredericton brass band has been engaged, and will provide music. The committee are endeavoring to make this one of the best they have yet held, and should be encouraged by it.

On the 23rd of September, a harvest supper and fancy sale will be held at the Bear Island hall, by the ladies of that place. There will no doubt be a large attendance from this city, as the supper will be held on a good site, and the ladies will be served in the hall. Rev. A. G. Downey will deliver an address in the evening.

A Progressive York County Farmer.

A correspondent writing to the St. John Sun says: "Five years ago Israel R. Golding of this city, purchased a farm about two miles above the town in Kingsclear, on what is known as the 'old road.' It is on high land and the soil is of a good quality, inferior quality, before Mr. Golding became the owner. The first year the farm yielded about 25 or 30 tons of hay, most of which was of poor quality. This year, besides a large crop of oats, he has raised 100 tons of hay, with the exception of a few loads of all first quality, and in three years more he says the hay yield will not be less than one hundred and fifty tons. Besides the hay Mr. Golding has a fine crop of oats yet quite green, averages a height of six feet and stands upright, none lodged. This is an example of what the ordinary land of the county is capable of producing when properly cultivated. Many of our farmers who are disposed to grumble at the poor land they own, should visit Mr. Golding's place and see for themselves how to till the land, and what land properly cultivated is capable of producing. The owner of this farm claims it will take him several years yet to bring his land up to the producing limit, and until he reaches that stage the investment is paying him a big interest."

The Roll Call.

Mrs. Everett died at the hospital on Thursday night. She had her leg amputated a short time since, and not doing as well as expected, was removed to the hospital where better treatment might be given her.

On Thursday evening, the death occurred at Maryville, of Mel Good. The deceased was a very popular young man, and his friends in this city and elsewhere will be with regret of his death. Consumption was the cause.

W. Gabriel Sison, a well-known resident of this city died at his home at Westmorland on Wednesday evening. He had been working all day, and after supper went upstairs, where he took a stroke from which he never recovered. His death was caused by congestion of the brain.

Robert Smith, a well-known and respected young man of our community passed away on Wednesday evening. Robert had been confined to his home for over ten years. His death was caused by that never failing disease consumption. The deceased had many friends in this city, who will be with regret of his death. He was a victim of typhoid fever, having been laid up for about two weeks. His funeral was held Friday afternoon, and was very largely attended.

PERSONAL.

Concerning People Known to Most Readers.

Hon. C. H. Lablolle is at the Queen this week.

P. A. McNeill, of the Telegraph, and R. A. Payne of the Sun, spent Sunday in this city.

J. H. Williamson, the popular station agent here, is taking a much deserved trip through Nova Scotia.

John P. Hudson, of New York, is visiting his sisters, the Misses Hudson, of this city. He is accompanied by his family.

Charles Everett and wife, of Fredericton, are spending the week at the home of Mr. Lebec for some days, reached St. Andrews on Saturday.

Mr. Pithalo of the bank of Nova Scotia, Fredericton, came here on Wednesday to spend his vacation. He was accompanied by his family.

George Thompson formerly of this city, with his cousin F. O. Thompson, of New Brunswick, both of whom are now living in St. Louis, are at the latter's home spending a week's vacation.

John Harvey the distinguished photo artist, and Stewart Morrison, merchant of Fredericton, spent yesterday morning sitting about the city and left at noon for Nova Scotia. They were astonished at the solidity and progressiveness of the hub-Moncton Times.

Joseph Anderson, wife and family, formerly of this city, but now of Boston, are visiting friends and relatives here. Mr. Anderson is a printer and served his time in the Colonial Farmer office, and now holds a local position in a leading book printing office in Cambridge, Mass.

Will have an Exhibition. A well attended joint meeting of agricultural societies No. 34, and Fredericton board of trade was held in the city hall Monday afternoon, to talk over matters in connection with the coming fall exhibition. Great enthusiasm was displayed by all hands and there was a determination evinced to make the exhibition a success if possible. Some speeches were delivered by secretary H. Beckwith and others. Work is only commencing as yet, and most of the time was taken up with the appointment of various committees. The collectors have already secured over \$800 of the \$1000 required. The citizens are subscribing liberally.

The exhibition committee called on the government with regard to a grant on Wednesday evening last, and were assured by the attorney general that a grant of \$1,000 would be made, and that the government would hold their sale of sheep and cattle during the progress of the exhibition.

AMONG THE FLYERS.

Notes of Interest to Local Horsemen.

Some of the province horses appear to be getting in good work on the tracks in the States. On Saturday last, Sandy Morris, Jr., grandson of R. R. Morris, won the 235 paces class at Mystic park requiring nine heats to decide the winner. In the 235 trotting class, at the same place, King Charles took third place. Best time, 2:20. On the 235 trotting, Maggie T. captured first place, the best time being 2:17. Cylavia, by Allie Clay, captured the sixth place in this race. The free for all class was won by Roscoe Wilkes, by Harry Wilkes.

The summary of this race is appended: Rosalind Wilkes, by Conn's Harry Wilkes, . . . 3 4 1 1 1 McDoel, 1 1 4 2 2 Alvin, 2 2 4 0 0 Mambrino Maid, . . . 4 3 3 4 0

"Dead heat." Sheriff Sterling has placed his four year old mare in the hands of D. J. Stockford to prepare for the four year old circuit races. This mare is an exceptionally good one as she has shown halves in 1:18, and has trotted faster than that. Mr. Stockford drove her a half on Wednesday afternoon in 1:20, over a very poor track, and without the opinion that he will make four year olds go very fast this fall to win from her, if he has good luck.

Sir Garnet, which has been placed in the hands of W. G. Thompson, was driven a slow mile on Wednesday in 2:42 to road cart. He is in fairly good condition, a little thin, but as there will be something over a month to get him in shape, the public may expect a good account from him.

By the way, in Monday's issue of the Sun, there is an article stating that Maggie T. who trotted at Mystic park last week, won in straight heats. On Wednesday afternoon, she was expected to win in a province brood mare, and while that is perfectly correct, it will be well to inform the Sun, that this mare is a Fredericton bred mare, by Sir Garnet, out of a mare by Tom Patcher, and bred by M. C. Thompson. She was purchased from him by Joseph Kierstead, who had her driven a mile in 2:52, after which she exhibited speed enough to warrant her being named as a province brood mare. Dr. Penfold, of St. John, has been in the city looking after the interests of his four year old, Northwind, who has been under the care of D. J. Stockford. At a trot on Wednesday he pleased the doctor very much, but owing to his having need for him in his business he had him shipped to St. John on Thursday morning. The doctor's mare, Southwind, by Daniel Lam-bert will expect to show her stall at the government barns in a few days.

One of the residents of the out-lying districts has been noticed on the track with a black gelding that exhibits more than ordinary speed. It was on Wednesday afternoon he appeared with this dark one hitched to a road cart, and friend Stockford and one of his speedy ones, had all he could do to stay with him. This horse is said to have been bred by a Mr. Thompson, and if he is a sample of their slow horses, the town of Bathurst must possess some trotters that would do credit to the Fredericton track.

F. P. Thompson is having a very fashionable brood two year old colt worked during the evenings on the track by Charles Orr. This colt is by Harry Wilkes, dam by Constellation. He is a well made fellow of good size, and has shown quite a little considering that he has not had much handling. There are some who claim that if he had been entered in the two year old state race, both the pacer and Frank E. would have to trot better than 2:50 to win.

T. Murphy exercises his brown gelding by the Duke of Cambridge, every evening on the track. He was not worth many dollars when he passed into Mr. Murphy's hands, but from the improvement in his appearance and the speed he can show, he is worth two hundred dollars of any man's money at the present time.

Considerable interest is taken in the rumor that is being circulated to the effect that a certain green one owned within the limits of the county was driven on the Fredericton track a few afternoons since, a full mile in 2:51. The chances are that this smooth fellow may be started in the slow classes throughout the circuit this fall, and if he does, visiting horsemen may expect a surprise party from the Fredericton contingent.

One of the fastest horses in St. Mary's is owned by Nebemiah Kierstead. He is a pacer by Allright, dam by R. R. Morris. Mr. Kierstead frequently exercises him on the track in the evenings, and sometimes puts him open a 40 gate or better for a quarter. Under his judicious care, this colt, which is only four years old, will probably pace in 2:35 or better this fall.

Now that St. John and St. Stephen have fixed their dates for the fall races, and considerable time intervenes between the two, why should not Fredericton place their dates midway between these two, as they have been in the habit of holding their races in the month of October, and they so far have not proved as successful as they might have been, on account of the rainy season beginning about this time. Then if the exhibition be assured, and dates fixed for that event in the first week of October, get up three or four local races to fill in the days, which will no doubt be as attractive in consequence of there being composed of local horses as they would be if foreign horses were selected to take part. The horsemen generally believe that the month of October is a little too late to ask foreign horses to come to Fredericton. But if the circuit starts at St. Stephen or St. John, and Fredericton comes in between, the horses starting at the first named place would have a chance to come to Fredericton, where they would be assured a good treatment, good judgment in the stand, and can go from here to the last named place, making three consecutive days with the chance of making good money if their candidates be fast enough.

It is rumored that John McCoy proposes sending up a couple of horses from his stables at St. John to Fredericton to be handled for the fall races. But while he might have this idea in view, it would seem from public comment of the Fredericton horsemen that they would be just as well pleased if he would keep his horses home. For while, perhaps, through some technical law point he might be enabled to have his horses worked on the track at the present time. It is sure that in the course of a week he would be clearly prohibited from so doing as the Fredericton association purpose joining the National association during that time. Mr. McCoy while he had always been a patron of the Fredericton track while he resided here, working seven or eight horses per season on the track, has never, as yet, so it is said, paid his dues for using this, one of the best tracks east of
