LOCAL NEWS.

MAKING THEM HAPPY.—The aims house folks were made happy on Friday, a beautiful Christmas dinner being prepared by...

AT THE I. S. C.—Private Weldon is on trial by court martial for disobeying orders, and private Duplessis is in the lock up, waiting advice from the authorities at Ottawa, when he will be sentenced.

MASSONS PARADE.—The Free Masons of this city and vicinity will parade to the Cathedral to-morrow, headed by a band. The Rev. Mr. Parkinson pastor of the Gibson C. of E. church will preach a special sermon.

DIED AT PRINCE WILLIAM.—The sad news reached this city on Wednesday of the death at Prince William on the 22nd of Mrs. Kitchin, wife of Joseph Kitchin. A gripe was the cause. Mr. Kitchin is also very ill with the disease.

COMPLETED THEIR WORK.—The Fredericton boom company have had a very successful week at Nashwaak since the river closed making chain booms. They finished their work on Saturday last. It is thought that a breakwater will yet be built.

PASSED AWAY.—One of the old residents of Stanley, John Douglas, passed away very suddenly at his home at this place on Tuesday evening at the age of 76. Although born in England he spent most of his life in this province. He leaves a widow and family.

FOR NEW YEARS.—Lower Gagetown will have a horse race on New Year's day if the weather is suitable. F. Smith, Charles White, J. S. White and Dr. Bridges will try their flyers, three are expected from Cole's Island and two from Gagetown. There will be an orange supper and dance in connection.

A BAD SPOKE.—Some of those who have occasion to drive across the river, don't swear, but look very angry when they try to wade their horses through the slough at the Temple landing. It appears that a sewer has broken and that water comes through making a very bad spot. It is late to repair it but something should be done.

AT HOME.—A social will be held in the "aud Kirk" on the 31st under the auspices of the ladies of the congregation as a reception to the Rev. Willard Macdonald. The city clergy will be in attendance and the services of the F. O. M. W. orchestra will be called into requisition. The building will be tastefully decorated and a grand time promised.

ACCIDENT AT THE WHARF.—On Wednesday morning, Robert Byles, who is filling the new wharf with stone, got one of his horses into a sad predicament. Driving along the wharf with a load, the horse slipped and fell on his side into one of the cribs, which was filled with large stone within two feet of the top. After a half hour of desperate struggle, the animal was hauled out by a team, pretty badly scratched, and cut but able to work.

L. O. TEMPERANCE.—Officers of Prohibition lodge L. O. Temperance society for the ensuing year are as follows: James McConaghy, president; Miss Lucy Anderson, vice president; Miss Henry, chairman; J. J. Todd, secretary; F. Bradbury, jr. secretary; A. S. Thompson, treasurer; James Fraser, marshal; Miss Phoebe Niles, D. Marshall; Miss Julia Wheeler, ass. secretary; John Cochran, jr. sent; J. Green, outside sent; Mrs. Curtis, organist.

UNINTENTIONAL.—Some of the U. N. B. boys are doing a lot of thinking these days respecting the proceedings against them for publishing an article from Outing without appending the name of the author. In the November issue of the monthly an apology was made, the omission of the author's name being unintentional. If this is the case the boys are not to be blamed, as mistakes happen to the best conducted journals, and Outing has not a Canadian copyright, it could scarcely have any legal remedy against the Monthly even if it desired to pursue the matter further.

Entertainments.—Lower Kingscliff will have a pleasant social in the temperance hall at that place, under the auspices of the ladies of the Methodist church, on the evening of the 30th.

The Union Sabbath school at Nashwaak held a very successful Christmas tree concert in the hall at that place last night. There were quite a number from this city in attendance.

FOR ALDERMAN HONOR.—It is rumored that J. F. Vanbuskirk will contest Carleton ward. B. Everett is also spoken of as a probable candidate. Ald. Estey will be in the field for reelection, his nomination papers being ready should he not return in time.

In King's ward the vacancy caused by the resignation of Ald. Beckwith who will contest the mayoralty will be filled by J. Bebbington and George Davis are being urged by their friends to come out.

No opposition voice is yet heard in Queen's or Wellington and it is not likely that these wards will have election.

In St. Ann's, H. P. Pitts is in the hands of the constituency.

Exportation of Sheep.—The hon. Mr. Blair was in St. John on Saturday, on his return from Halifax. In the afternoon he and the solicitor general met S. Schofield, agent of the Furness line of steamers, according to appointment and had a full discussion with him as to the facilities his company offered for the exporting of sheep to the English market by the steamers of the Furness line. Mr. Schofield furnished the members of the government with a good deal of information as to rates, freight accommodation on the steamers and the facilities for marketing sheep in London, which information, at the request of the presenters, was reduced to writing and forwarded to the secretary of agriculture—Telegraph.

Disappointed.—To say that the local horsemen were sadly disappointed on Friday, would be a very mild way of putting it. They were worse than disappointed—they were angry. Great preparations have been made to get the "fliers" in tip top shape for a contest and vengeance was threatened on a certain horse for his triumphs of last winter. There were several horses whose owners appear to think they can do down any four footed animal in the town, any distance or any style. These were aching for a race. Of course there are some who are pleased with the condition of things as their favorites are not in good shape, but had the going been good they would have to be trotted out.

Church of England Officers.—At their meeting, the Church of England temperance society, on Monday night, elected the following officers: Rev. G. G. Roberts, president; Sir Leonard Tilly, Rev. Mr. Alexander, Rev. Mr. Parkinson, Sir John C. Allen, Major Gordon, G. E. Estey and Dr. Brown, vice presidents; J. D. Perkins, secretary; A. A. Sterling, treasurer; E. Mullin, J. Bebbington, T. Wandless, A. Jewett, J. S. Beck, A. D. Thomas, E. L. Dunn, T. Rainsford and Wm. Tippet, committee.

Tilly branch, Church of England temperance society held their meeting at Morrison's mill in the afternoon of Tuesday evening. Following are the principal officers: Jas. Duffe, president; Daniel Ryan, secretary; John O'Hara, treasurer. A very enjoyable evening was spent with readings, recitations and music to entertain the time. There was considerable important business done and many interesting discussions; also a very eloquent address from a new member.

CHRISTMAS DAY.

Dull Time for the Livery Men—Good Attendance at the Churches.

As has been the usual custom the stores were all closed on Friday and the bustle and noise of the week gave place to Sunday peace and quietness. Many of the citizens had taken advantage of the excursion rates and had gone to spend the day with their friends at St. John, Woodstock, Chatham, and Stephen, while each of these cities sent its quota to Fredericton to supply the places made vacant. Some went out to the country to meet with their friends, perhaps parents, around the old familiar haunts.

There were no horse races as had been intended, and but little driving took place; it was the dulllest holiday for the livery men, perhaps parents, around the old familiar haunts.

On going to bed on Thursday evening all expected to see the ground bare of snow in the morning, and the terrors incident to a green Christmas were fully expected, but in the morning the ground was covered with the soft, white snow, just enough to make very bad wagoning and no sleighing at all.

At all the churches, the services were well attended, perhaps more so than is generally the case. The various choirs had prepared some excellent special music which was fully appreciated. A special service was also held in the Methodist church at Marysville.

On the river, the boys, despite the bad skating, turned out in large numbers and any good "spot" was liberally patronized although there was too much snow for pleasure.

A Dying Kick.—If the Gleaner had hit within a thousand miles of the mark in its Thursday evening's announcement of the business transacted at the recent session of the government, it might have been expected that one of the family had sneaked into the council chamber and concealed himself under the table. As it is he may be acquitted of the suspicion. His gift was not intended to come to him if he had fallen asleep in the back porch of the departmental building or in the coal cellar and had a bad dream. We only notice the rubbish because the name of an elderly gentleman who was highly respected and was therefore justly so, has been gratuitously dragged into the subject of Mr. Fenety's tenure of the office of printer, or the proclaiming of the act which was not intended to come up and was not mentioned or even thought of at the recent government session. This statement would not be necessary for Mr. Fenety's information as he knows the kindly feelings entertained toward him by the government, but to reassure his many friends, some of whom may not have realized the depth of the Gleaner's tergiversation and mendacity.

"The members of the government are very reticent as to the business they transacted," so says the Gleaner. They would not utter a word as to the best friend, the vanishing Gleaner, and therefore there must surely be something rotten in the state of Denmark—and the lieutenant governor declines to sign the proclamation. We really would not have believed this of the governor, and then to go and drop into the Gleaner office and take the cat out of the bag. Naughty governor to refuse so reasonable a request of your advisers, and doubly naughty to go and talk about it.

We may say for the information of the Gleaner that THE HERALD is increasing in circulation as rapidly as that paper is decreasing, and that we are so far from being able to pay the people we employ in the office at least once a week.

Marysville Notes.—Mrs. James Humble, of Stanley, visited her friends here on Monday.

TOKENS OF ESTEEM.

Pastors Remembered by Their People.

M. McDade received an elegant ebony, gold lined cane, the gift of his friends, and S. Carter, the enterprising proprietor of Progress, on Christmas.

On Monday evening the residence of the Rev. J. F. Parkinson, was invaded by about fifty of his friends. They came with good intent however, but the esteemed pastor was surprised at such a large delegation. After quiet was secured, Elias White on behalf of the congregation presented the reverend gentleman with a fine pung.

In the very pleasing address which he read, he was complimented on his fine pung, and his estimable lady might enjoy many a pleasant ride in that stylish conveyance. Mr. Parkinson replied to the effect that though he considered a stranger he had been treated as an old friend and that he would esteem the gift highly but more highly did he value the pleasant hour the gathering dispersed.

On the number of his friends, the Rev. Mr. Nobles, irrespective of religious distinction, took possession of his time, and to the number of fifty, tied to the parlor, without taking the trouble to knock, and to say that the reverend gentleman and his popular lady were most kind, would be to say that the most enjoyable of his life.

However the entire absence of warlike weapons proclaimed the visit to be one of peace, and the Rev. Mr. Nobles, in a bundle, carried by Emery Sewell, soon became a member of the party. The Rev. Mr. Nobles, in a bundle, carried by Emery Sewell, soon became a member of the party.

When all had got settled down, Miss Bessie Sewell and Miss Fannie Hoban came into the room, and the Rev. Mr. Nobles, in a bundle, carried by Emery Sewell, soon became a member of the party.

On the river, the boys, despite the bad skating, turned out in large numbers and any good "spot" was liberally patronized although there was too much snow for pleasure.

PERSONAL.

Concerning People Known to Most Readers.

Major Gordon, of Halifax, is here for the holidays. R. A. Estey was in Woodstock the first of the week.

Levie Theriault, M. P. P. was in town on Tuesday. Rev. Forester and wife are visiting at Mr. Temple's.

Rev. Puzley, Tweedie and La Billaie are in the city. Hon. P. G. Ryan and wife visited this city on Monday.

Harry Chestnut leaves for Southern California on Monday, to be gone all winter. F. B. Coleman has been appointed manager of the house of commons restaurant.

Fred Gunter and Harry McNally have returned from McGill college for the holidays. E. B. Atherton, of Nelson, B. C. is visiting his parents, Mr. and Mrs. Geo. F. Atherton here.

Judson Gordon, of Bear Island, has gone to Black river to run a camp for Gillman and Burden.

His Lordship, the Metropolitan, reached his eighty-seventh birthday anniversary on Saturday last.

Rev. Wm. Downey, whose pastorate at present is in Victoria county, is home for Christmas tide.

Mr. S. Simmons, of Gibson, has returned from Westmorland where he has been building bridges.

Dudley Pickett, formerly of Douglas, after an absence of sixteen years at Victoria, B. C. is here visiting his sister, Mrs. T. B. Dunphy. He reports all New Brunswick in that province as doing well. Mr. Pickett will remain for a month or so.

Good Money But a Swindler.—The country has been flooded with circulars, sent by a firm in New York, which when read would lead one to suppose that the strong bond of love that existed between the said firm, the Farmer, last week, published the contents of one of the circulars. A rather shrewd trader from one of the county districts had occasion to visit New York, a short time since, and being in possession of a circular, followed its directions as closely as suited his own good sense. He was told that the circulars were for a meeting on the 10th of the month, when the trader was to be escorted to the office. The trader put all the money he had in the bank, to guard against danger, and that afternoon he left for New York and the city (so to speak his location) till the office was reached. Not having the \$400, he had a small note, which he had placed in a small satchel, was not given to him; but a member of the firm took it, and the trader was told to hand over when the \$400 was ready. The trader, however, never sent the \$400 package, exchanged for another package, which he believes was a pasted box. On the way to the bank he asked to see the \$5000 package, but it was not there. He was told that it was in the trunk, but he found it was a chest and had no more to do with him.

Big Game.—In all sections of this county as well as in Charlotte and Sumbury deer are becoming very plentiful, and though the animals are not often shot, yet along all water courses and where the country is suitable their tracks are everywhere to be seen. Since the deer have been almost unharmed as very few farms have been supplied with rifles and the old time shot gun, unless overcharged by the hunter, is not a very close range and is not an effective weapon. It is however different now, guns of the best class, especially magazine rifles, like the Winchester, are becoming common and hunters are being brought in from Maine, so that the increase among the deer is likely at an end. Game wardens may do all possible, it is in the hands of the people whether the deer will be exterminated or not.

Ald. Beckwith is quietly canvassing his friends for the office of mayor on election day, but the friends of Mr. Richards feel confident in the ability of their champion to head the poll.

Despite the crowds who paraded the streets last week, there was an entire absence of drunkenness and the police had little to do in that line. The police were more beneficial to the city now in the prevention of crime than in the way of punishing offenders.

The Fredericton Market.—The market has been good during the week, everything except butter and beef bringing extra prices. Turkeys sold readily at four cents, while extra good ones went up to fifteen. All kinds of poultry went at a similar rate. There could not be any complaints as to scarcity of purchasers as everything was sold each day, before noon. What do you think of a man who has been in the lumbering at Blackville. At present he has in four teams and twenty-six men and is turning out seventy logs a team per day. This is not very often bested.

The Baptist Sunday school, St. Mary's, had a very enjoyable Christmas tree on Wednesday evening in the Orange hall. The tree was very handsome, and each pupil picked some of the fruit. The Rev. Mr. Nobles, of Gibson, made a short address, reading words of wisdom, which was well received. There were recitations by the Misses Titus, S. Atkinson, M. Atkinson, and Frank Smith. The Rev. Mr. Atkinson, Alice Brewer, Mand Brewer and Mattie Bouslog, recited. The Rev. Mr. Clark, with a fine teacher's Bible. It was a very pleasant close to the school year and all enjoyed themselves.

John C. Cowie, of Nashwaak, was married to Miss Leticia Nicholson of the doxology. The ceremony took place at the residence of the bride's parents, on Thursday by the Rev. Mr. Payson. They left shortly after the wedding on a tour to Boston.

Tyler T. Dunphy and Miss Banister, both of this city, were married at St. John, on the 17th inst. by the Rev. Canon Ben. Stock. The groom has for several years held a position in the hotel business, and many friends in this city extend congratulations.

Lewis V. Hagerman, of Queensbury, was married to Miss Evangeline M. Carter, daughter of Dr. Carter, of the doxology. The ceremony took place at the residence of the bride's parents, on Thursday by the Rev. Mr. Payson. They left shortly after the wedding on a tour to Boston.

Miss Margaretta Ryder, daughter of Benjamin Ryder of Gibson, was married to Harry Gorman, by the Rev. Mr. Nobles of the doxology. The ceremony took place at the residence of the groom, only immediate friends were present. There were many friends at Gibson who wish they and their young husband lots of prosperity.

One of the largest weddings that has taken place in this vicinity for a number of years past was that of Miss Mary White, H. White, Gibson, on Wednesday evening, the 24th inst. when his adopted daughter, Miss Estira Maud White, was married to Mr. Owen Doherty, yard master of the C. P. R. There were about one hundred guests present and a beautiful supper was provided. The bride was tastefully dressed and received many beautiful presents among others a handsome gold watch and chain from Mr. White. The contracting parties are very much respected in Gibson and Maryville and embark on the sea of married life with many good wishes. The Rev. T. Parsons, of Maryville P. C. Baptist church, officiated. Miss Laura Peterson, of Gibson, and Stephen Brown, of Fredericton, lent their support for the trying occasion. The contracting party left in the morning for a trip to St. Stephen.

Local Talk.—Estey's saw mill has started again and will be busy most of the winter.

Turkeys appeared in very scarce and readily sold at 12 and 13 cents per pound. York county council will meet for the despatch of business on Tuesday, the 19th January.

There are many asking why the mails have been so late, especially on Monday and Tuesday.

The 1st battalion band will again be heard as they have re-organized. W. E. Miller will be instructor.

Although strongly against their wishes drivers of the fleet footed steeds had to pass on wheels on Tuesday or not appear at all.

To-morrow morning, the Rev. D. Chapman, of Maryville, will occupy the pulpit of the Methodist church here. The Rev. Mr. Weddall, resident pastor, is in the evening.

It is thought a far better business will be done here in this line this winter than last. Edward Higgins has quite a heavy lot to get, but is open for other contracts.

Twenty applications have reached Normal school from teachers who wish to attend for advance of class. There are others yet to come. In the French department fourteen applicants have been heard from.
