LOCAL NEWS.

FREDERICTON COLTS.—H. O'Neil and Chas. Boyle have entered their colts in the McSweeney colt stakes, the trots to take place next fall at Moncton.

NO BETTER.—William Murphy, of Cork station, is not doing as well as his friends would like. His arm is very painful and is showing no signs of getting better.

RECENT ADDITION.—John and Mrs. Edwards, of the Queen, are being complemented on a recent addition to their household, a boy born on the 2nd inst.

U. N. B.,—The U. N. B. alumni society have secured Dr. Wesley Mills, of McGill university, Montreal, to deliver the society oration at the encoenial exercises on the second of June next.

GONE WEST.—Frank Cooper, who has made himself a very popular clerk at R. M. Campbell's dry goods store left for Kansas city on Tuesday to take a position in the business conducted there by his brother Fred. He deserves all success.

NEW SHOP.—Wilmot Guiou, the popular surveyor and grocery man, is fitting up a shop and office opposite the Springhill hotel. During the balmy days of summer Wilmot will therefore be found, when not on the rafting ground, in this cosy little building.

TEMPERANCE SOCIETY.—The Tuesday evening's performance by the Tilly branch C. of E. temperance society at city hall was well worthy of better patronage. The minstrel troupe in connection are good players and will at a future time no doubt be more highly appreciated.

SPECIAL TRAIN.—A special train was put on the Gibson-Woodstock branch of the C. P. R., on Tuesday. It is under conductor Colwell, and will handle logs and heavy freight principally. Conductor Hoben runs his old train which now carries a daily mail to all stations on the line.

CHEAP HAY.—Tuesday was a great hay day at the market, some fifty loads being on sale. Seven and eight dollars per ton were asked while five and six were offered. Several loads were taken home, the farmers not being willing to sell at such a low price. Most of the hay came from the islands.

PORK GONE UP.—A few days since conductor Sterling's train on the C. P. R. struck a large hog at one of the way stations. The pig was thrown on top of a snow drift with both hind legs broken. Ere the train had got out of sight of the accident butchers were at work completing the slaughter.

GOING WEST.—Geo. N. Bookout, who has worked at Edgecombe & Sons' carriage factory for years as a trimmer, has decided to go west. He goes to Los Angelos. Several of the other employes are also considering the advisability of taking a similar step as they have been out of employment since the factory shut down.

COLD BATH.—An amusing though rather severe mishap took place at the Grand Pass, Sugar Island, where the boom company are building piers on Monday. John Barker was unloading his sled of stone when the horse started, throwing him backwards into the open water, where the ice had been cut out. He was speedily got out none the worse for his ducking.

VISITING.—D. H. Ross, with his wife and child have returned from Missoula, Montana, on a visit to their friends in Fredericton and vicinity. Mr. Ross belongs to Woodstock, Mrs. Ross is a daughter of John A. Gunter, of Queensbury. Mr. Ross has done well in the west where he has been nine years. The firm of D. H. Ross & Co., of which he is president is one of the largest in the state.

GONE TO ST. JOHN.—Alexander Haining, so well and favorably known at Lemont & Sons as head clerk, has severed his connection with that establishment and taken a position with Emerson and Fisher, St. John. Sandy was very popular with all. The proprietors and workmen joined in a complimentary address and presented Mr. Haining with a handsome gold ring as a token of their appreciation and best wishes.

MAPLE SUGAR.—The warm days of the last of February set the sap running and sugar makers were a little nonplussed. It was something unusual and they were not prepared for it. The present cold weather has however put things in their normal state again. There promises to be unusual activity in sugar making this season, as last year the products sold well and the demand could not be supplied. Through Queensbury the maple is considered a more profitable tree than the apple and care is taken that the young trees are not injured.

DO YOU NOTICE IT?—Kingsclear and Prince William appear to be agitated by the rumor of an election for the county of York to the dominion parliament. It arose from a very unsuspicious incident, viz: The passing of Messrs. Ingraham and Golding through the parishes, trying to procure the right of way for the Prince William railway. No one appears to have been paid for his right, the intention appeared to be to let each know that such a thing as a railway was talked about. This unsuspicious incident coupled with the unsuspicious incident of a daily mail on the Gibson-Woodstock line have set election mongers all agog.

Miraculous.

As all are aware the Kickapoo Medicine Company are doing the town. On Monday night they held forth in the city hall and performed almost a miraculous cure on Charles Good of Kingsclear, judging from effects. He said he had been crippled with rheumatism for the past five years. He was helped to the platform by two men and after an hour's treatment he came from behind the curtains and danced a breakdown to the astonishment of all. As a dancer he is hard to beat. Many appear to think that the cure was too rapid to last long.

Wedding Bells.

Rev. F. D. Crawley appears to be very much sought by those wishing to enter married life. At his residence on the 23rd ult., he performed the marriage ceremony between Jerimiah M. Howe, of Burton, Sunbury Co., and Miss Martha Shanks of the same place. On the following day, the 24th, James E. Carr of the same parish and county and Miss Georgia A. Smith went through the same interesting rite. Both happy couples have hosts of friends who wish them all the joys incident to married life.

Out With The Military.

As a popular out-of-town resort, the Springhill hotel has long been famous and many very jolly gatherings have been held beneath its hospitable roof. The drive and ball of Monday night was another pleasant occasion that will long be remembered by the participants. Major Buchan, lieutenant Hemming and the officers of the I. S. C., with post master Hilyard, Dr. McLearn, A. J. Gregory and other prominent citizens with their ladies, making all told about twenty-five couples took part. The drive to the hotel was much enjoyed, the roads were good as they generally are here, and the horses felt fully alive to the situation. The hotel was in the best of shape, and Austin and his coterie of attendants surpassed themselves. Dancing was the order of the the evening, and was continued till one o'clock, when the party departed for home, delighted with the drive. The orchestra provided some excellent music. Another outing to the hotel will take place in a short time.

GROSS ERRORS.

The Auditor's Report, a Volume of Mistakes.

Want of space last week prevented giving any account of the mistakes in the auditor's report of York county accounts for 1891. Those who have the report may look the items up for themselves. As many are not furnished with it, however, we will give some of the accounts as they appear. On page twelve, columns headed schools, Victoria hospital and total are not added correctly. Page thirteen has a mistake where $428.08 added to $21.17 makes $450.25. Page twenty-one stands as follows:

$50.00	No acct.
5.00	no acct.
56.70	$46.97
84.40	79.89
40.00	no acct.
50.00	no acct.
35.00	no acct.
$331.10	$136.86

Add these for yourselves and see that the $136 86 is carried forward so that that page is totally incorrect.

Turn next to page twenty-five. Here we find a mistake in the column headed, grant.

On page twenty-seven on the credit side of Kingsclear account, there is a mistake of $10, making the "over expended" in that parish $10 short.

Then turn to page twenty-nine, as we have not got well started yet, and add credit side of account for Bright. There appears to be something wrong there also, and if you follow it up you will see that it has been carried into page thirty-two making that page also perfectly worthless as a correct statement.

Continuing, add the column under "over expended" on page thirty-three, and there is another mistake. Nor is this the last of the list.

Page forty-five shows a balance of cash in hand for Stanley parish of $6.63. A moment's work will show you it is six dollars too much.

Page seventy-six gives Alonzo C. Dow, Canterbury, a credit of $18.56 overpaid, when you can see at a glance that the amount should be $8.56.

Page 103 next claims your attention. If you add the amount under juries on page 113 you will find a mistake which is carried through pages 114, 115, 116, 117, 118 and 119, making the total payment wrong. This brings us back to page 103 where total payments from 30th Nov. 1890, to the 30th Nov. 1891, is wrong, leaving the balance on hand incorrect. This $558.70 you can follow into page 121, leaving a mistake on that page also, which sets page 120 astray.

Again on page 133, we find this $558.70 boldly reposing under the title assets, when you have seen that it is a little offcolor. Of course it puts the final sum, liabilities and assets, astray also.

Page 142 has another peculiar balance. Jos. Miller's credit appears by this to add very slowly. He can take a grain of comfort, however, from the fact that most of the mistakes are on the credit side though not all showing the amount on hand.

Were there more time and opportunity the report might be examined more minutely, but enough has been shown to satisfy all reasonable people that as an exact showing of the standing of the different parishes it is incorrect, it is worthless. There are other mistakes which have not been noticed. What steps the councillors may take at the July session is not yet known, but it is reasonable to suppose that either a reprint will be ordered at the expense of the officials who have plainly neglected their duty, or a balance sheet struck and the standing of the different parishes estalished. It will not do to let the matter run over into another year or it will be "confusion worse confounded."

It appears very strange after all that secretary Black said and did respecting the ex-secretary's work that such errors should creep into his so soon. He may charge it to the auditor; it is between them, let the best man shoulder it. It may be said to be the fault of the printer. Some errors, we will allow, appear that way, but the proof reader, who was the auditor, is responsible. Let the secretary treasurer and auditor in their organ give us a correct statement. It will be of no use to shield themselves behind the printer. Come out boldly, assume the report as your handiwork, acknowledge its mistakes and give us something that can be depended on.

The Great Northwest.

The C. P. R. car devoted to the exhibits of the cultivated and natural products of the northwest was at the station here on Thursday. Although the storm eclipsed a Manitoba blizzard, yet all day the car was thronged with representative farmers. The car was divided into four sections, devoted to Manitoba, Assiniboia, Alberta and British Columbia. Among the exhibits were: Ladoga and No. 1 hard Manitoba wheat, buckwheat, barley, white and black oats, flax, linseed meal, oilcake, wild grasses, wild and cultivated fruits, ores of gold, siver, copper, iron and nickel, bituminous and anthracite coal and a fine display of polished woods. One astonishing object was a bundle of raspberry vines, some of which were fourteen feet long. The specimens of coal were much admired and the specimen of nickel from the Sudbury mine was a great centre of attraction. The roots do not surpass ours, but the grain, especially wheat, is beyond anything that can be produced here. The idea of sending this car through the provinces is a grand one as it shows to the greatest advantage the capabilities of the northwest as a home for an enormous population, having not only a great grain area but vast and wealthy mineral resources and wood of the best quality for domestic and ornamental purposes.

Marysville Notes.

A piece of ground has been secured on the farm of Elias White, as a building site, for a Baptist church. The greater part of the cost of building has been promised and nothing delays the work, now, but the weather. The construction will be let by tender, the building to be neat, substantial and comfortable and an addition to the other handsome edifices of the town. Rev. Mr. Nobles of Gibson, has worked the matter up and will carry it to a successful conclusion. There is also talk of a church of England meeting house being constructed during the summer.

John Daley returned last week from the New Hampshire woods. While working at a landing there he had one of his legs badly hurt by a log rolling over it. Dr. Sharp is attending him. Although no bones are broken yet the cords and muscles are seriously damaged.

Richard Staples has completed his work at the dam. He has put in two sluce gates and made a snbstantial job of it.

The skating carnival was postponed till Monday night next on account of Friday's storm.

Kingsclear Creamery.

The New Brunswick Dairying Company appearently means business. Z. R. Estey and Isaac Kilburn have built and filled an ice house for the company, twenty-two by sixteen feet and twelve feet high. It is only a temporary structure, but will last till a better one can be provided. Some of the farmers are a little bit shy of signing the guarantees, but it is thought that enough milk can be got to render the business a safe investment. The offer made by the company of fifteen cents for enough cream to make a pound of butter is a good one; in fact is a better price than is got for butter generally, it being sold here sometimes as low as nine cents per pound. It is thought that when fairly started, the farmers will be better satisfied and take more interest in its development.

CONCERT.—The Ancient Order of Hibernians of this city intend celebrating St. Patrick's night by a concert and entertainment in St. Dunstan's hall. A fine program has been arranged for the occasion.

Gibson and St. Marys

The infant child of Charles Saunders was buried on Friday afternoon. Death was caused by congestion.

C. McCluskey is rebuilding his fishing schooner and intends having her ready for a launch as soon as the river opens.

Rev. Mr. Parsons, F. C. B., has been holding revival services in Garden's hall during the week. Meetings were well attended and much interest taken.

The many friends of councillor Spencer Inch will be sorry to learn that his little two year old daughter has died with croup and was buried at Sunnybank on Thursday afternoon.

Four candidates were received into the membership of the Methodist church on Sunday evening, the Rev. Mr. Chapman, of Marysville, presiding. There was a very large congregation.

The Bolts family have purchased a residence at St. John and removed there during the week. Capt. Bolts, a son, who was lost at sea during the autumn, left a life insurance of $2,000 to his parents.

A musical and literary entertainment will take place at the Baptist church on Tuesday evening next, in aid of the S. S. school and organ fund. Tickets 20 and 10 cents. A 'bus will leave corner of York and Queen streets at 7.30. Best talent of Fredericton will assist.

The third of the series of monthly concerts, under the auspices of the Episcopal church, St. Marys, took place at the church hall on Tuesday evening. Mr. Dobson, principal of the school, gave some very choice violin solos. The church organ, a character song, was finely rendered by Miss Steele. Mrs. Ruel recited in excellent shape "Edinburgh after Flodden." Then came the Three Old Maids of Lee, who were so charming that they had to respond to a rousing encore. Mrs. Ruel's rendition of the Jonesville singing choir was all that the famous writer Samantha Allen could desire for one of her best pieces. Miss Ida Staples sang a solo in her usual fine manner, even surpassing her efforts at the previous entertainments. One of the treats of the evening was the solo, "Whispering Hope" by Mrs. W. Tilly, accompanied by Miss Lily Manzer and Mr. Dobson, organ and violin. The singing drew forth many comments, the instrumental music also receiving high praise. The most finished and artistic music was an organ recital by Mrs. Coombes, accompanied by Mr. Dobson with violin. It delighted all, and the applause which followed would not be stilled till they appeared again in a short selection. The best part of a program in which all were good was concluded with the tableau, Nations. It represented Britannia with all the nations at her feet. Mrs. M. Macklin as Britannia was superb, the other characters also being ably represented. While they stood grouped under the Union Jack, "Rule Britannia" was sung. Refreshments were served. There was a large attendance and the entertainment was an unqualified success.

The Death Record.

Ethel Rosamond, the little six months old daughter of Charles F. and Mary E. Estey, of Nashwaaksis, died on Thursday, the 25th ult., after a few days illness.

A daughter of Martin Kennedy, Cork, was buried Wednesday, the 24th at the age of twenty. Death was caused by la grippe which has been very severe in that district the past three months.

Letticia, the youngest daughter of S. H. McKee, sr., of this city and wife of John McBey, died at Somerville, Mass., on the 27th ult. Paralysis of the brain was the cause of death. She had reached the age of forty-nine years and was much respected by all.

J. E. Collins, well known in this city and county in connection with newspaper enterprise, died at New York hospital on the 23rd of February last. He was born in Newfoundland, but came here in 1874. He is survived by his wife, who was a daughter of the late Dr. Murphy of this city.

All that was mortal of the late Marshal Richey was borne to the grave on Saturday last, the sad possession forming at two o'clock. The Rev's Weddall and Payson conducted the services at the house and grave. Preceding the hearse, the members of Hiram Lodge, F. & A. M., walked two abreast, than followed the mourners and a very large number of citizens. The aldermen and civic officials attended in a body. Many beautiful floral tributes of respect and love reposed on the casket. The interment took place at the old burying ground. Thus was laid to rest one who took a deep concern in all that was for the benefit of his native city.

Moses Smith, of the firm of M. & T. Smith, blacksmiths of this city, died on Wednesday of cancer of the stomach at the age of sixty years. He was well known in the city and country. Deceased leaves a wife and family who have the sympathy of all in their bereavement.

James Mitchell, of Lincoln, died on the 2nd inst. at the age of seventy-seven. Deceased was a man well respected for his virtues. He was a cousin of honorable W. E. Perley. Funeral on Sunday at 2 o'clock.

Hot Water.

The Southampton hot water case was continued on Saturday last, Cox and McKenna corroborating the statements made by constable Palmer. The police magistrate bound the parties over to appear at next session of the county court. The prisoners secured bail and were allowed to go.

It appeared from the evidence that one of the women owned the land, and a son the cattle, the father, who had contracted the debt, not having any interest in the property. The prisoners had gone to a magistrate who told them that they could protect their property. It is likely that other suits will follow.

Free Farms in the Canadian Northwest!

Manitoba, Assiniboia, Alberta, Saskatchewan.

THE Government give one quarter section (160 acres) to every bona fide settler. A second free quarter section can be pre-empted by deferred payments.

The Canadian Pacific Railway Company has a large quantity of the best farming lands for sale at $3.00 PER ACRE, with easy terms of payment.

In Manitoba, 2,000,000 Acres; In Assiniboia, 4,000,000 Acres; In Alberta, 3,000,000 Acres.

Under the Ten Years' Credit Plan, the purchaser pays only one-tenth of the purchase money in cash; the balance is payable in nine annual instalments with interest at only 6 per cent per annum.

1892. SPECIAL TERMS FOR FARMERS. 1892.

To enable Farmers to meet their payments from the products of the land, they can have their instalments fall due in each year after harvest.

REDUCED PRICES.

The Company are making a special effort to secure the settlement of their lands, and are offering a REDUCTION in the price of those listed at $4 per acre and upwards; in most cases amounting to FROM 25 TO 33 PER CENT.

Do not purchase Lands until you know OUR PRICES AND TERMS. If you do not intend purchasing write for the NEW PUBLICATIONS just issued by the Company. These will show you how and where to

SECURE A FREE HOMESTEAD OF 160 ACRES;

And give you facts regarding successful Farmers that will surprise you.

The Canada Northwest has the most productive soil in the world. Its wheat fetches the highest price; its live cattle are admitted to the English markets, while United States cattle are not. There is a market for the farmer at every station; and there are schools and churches wherever there are settlers. It is not subject to drought nor floods, to grasshoppers or to cyclones or tornadoes. Ask any Canadian Pacific Railway agent for books and maps concerning it; ask for "Farming and Ranching in Western Canada," or the "Free Farms" map, or "Actual Experience," and read the testimony of men who have gone there from Eastern Canada. Young women are in great demand; they find occupation as domestics directly they arrive, and readily get married to prosperous young farmers. Young men or young women can start life there almost without money. They make the money there; an independence is gained in a very few years by the thrifty.

The old settlers of New Brunswick should use their influence with the young men who intend emigrating to keep them within the Dominion, where there are offered better advantages than in the United States and they do not lose their nationality.

Lose no time in getting to the West and choosing your location. First come, first served.

Apply to any Ticket Agent, to C. E. MacPHERSON, A. G. P. Agent, St. John, N. B., or to J. HEBER HASLAM, Special Agent C. P. R., Moncton, N. B.

EQUITY SALE.

In the Supreme Court in Equity.

Between THE BANK OF MONTREAL, Plaintiff.
and
THE NEW BRUNSWICK TRADING COMPANY OF LONDON (limited) in liquidation, and CALDWELL ASHWORTH, Liquidator, Defendants.

THERE will be sold at Public Auction, in front of the Post Office, in the Town of Chatham, in the County of Northumberland and Province of New Brunswick, on SATURDAY, the seventh day of May next, at the hour of twelve o'clock, noon, pursuant to the directions of a decretal order of the Supreme Court in Equity, made in the above cause on the twelfth day of December last, and with the approbation of the undersigned, a Referee in Equity, pursuant to the fourth chapter of the Act of the General Assembly of this Province, passed in the fifty-third year of the reign of Her Present Majesty, Queen Victoria, the following lands and premises described as:

"ALL that certain tract, piece or parcel of land, situate, lying and being in the Parishes of Stanley and Douglas, in the County of York and Province of New Brunswick, and bounded as follows, to-wit: Beginning at a spruce tree blazed and marked H. S. What is this "Melissa" we hear so much about?

Will it do what is claimed for it?

MELISSA proofed coats or other garments are just what the Inventor and Manufacturers claim them to be, neither more nor less. They are both rain-proof, porous and odorless, therefore perfectly healthful and comfortable. They are common sense garments and should be treated in a common sense manner. Although rain-proof, they are not waterproof in the sense that a water cushion or bottle made of rubber is waterproof. Being porous, water can be forced through them, either by heavy pressure or by squeezing with the fingers. If they were absolutely waterproof they would be absolutely air-tight and therefore no better than rubber. *Herein lies the peculiar value of the invention.* Sensible people do not buy rainproof garments for the purpose of forcing water through them or for carrying water in them, neither do they take shelter under a water spout, nor sit in a pool for pleasure. They buy rainproof garments to wear for the purpose of protecting themselves from the weather, and a Melissa coat or mantle will effectually protect the wearer for many hours in a heavy rain or snow storm. Melissa has a peculiar water-repellent property which prevents water when falling in the form of rain or snow on a garment from penetrating the cloth, and the true way to test the utility of a Melissa garment is, not by pouring a stream of water on it from a watering can, but by wearing it in a heavy rainstorm. The result will be found eminently satisfactory. Continued exposure to the weather will not impair in the slightest degree the rain-proof quality of Melissa. It is fixed and permanent. These garments, thoroughly well made from fine materials, are now on the counters of the first-class dealers throughout the whole country.

HOTEL BRUNSWICK

FUTURITY STAKES.

To be Trotted on the Moncton Driving Park AUGUST 31st and SEPTEMBER 1st, 1892.

Open to Colts owned in the Maritime Provinces on or before January 1st, 1892.

Stake No. 1, for Trotting Foals of 1891.
Stake No. 2, " " " " 1890.
Stake No. 3, " " " " 1889.
Stake No. 4, " " " " 1888.

CONDITIONS:

The fees in each Stake will be twelve dollars, payable as follows: $3.00 on 1st March, when nominations close; $4.00 on 1st June, when animals nominated must be named, breeding, sex, color and ownership given; and final payment of $5.00 one week before the race.

Any owner can nominate any number of eligible colts or fillies in either Stake but can only start one animal in each class.

ONE HUNDRED DOLLARS ($100) WILL BE ADDED

to stakes No. 2, 3 and 4, and fifty dollars to stake No. 1, and the purses will each be divided as follows; When four or more starts, in premiums of 50 per cent. to first, 25 per cent. to second, 15 per cent. to third, and 10 per cent. to fourth. When three start, premiums of 60, 30 and 10 per cent., where two start, 80 and 20 per cent.

Any animal distancing the field in either stake will be entitled to first money only. In such an event, the remaining colts to trot off on same terms as above, the balance of purse to be divided same percentage as above, according to number of starters. Should there, however, be any premiums for which any distanced horses stand equal the horses shall trot one heat for the same under the original conditions of racing with the exception that distance is to be waived. In all such cases the heat is to be trotted, and no arrangements to divide money will be permitted.

Distance in the yearling race will be two hundred yards; in the two-year-old race one hundred and fifty yards; in the three-year-old race one hundred yards; in the four-year-old race the regular distance of eighty yards.

Stake No. 1 will be half mile heats, best 2 in 3; Stake No. 2 mile heats, best 2 in 3; stake No. 3 mile heats, best 3 in 5, and stake No. 4, the same. On all other matters National Rules to govern.

There will be also be a FREE-FOR-ALL RACE, for a purse of $250. The entrance fee in this race will be 10 per cent. of purse, payable 5 per cent. with nomination, which closes ten days before the race, and 5 per cent. evening before the race.
