LOCAL NEWS.

RESIGNED.—Miss Kate Murphy has resigned her position as matron of the P. L. asylum. She formerly belonged to Fredericton.

AGRICULTURAL SHOW.—St. Mary's and Douglas Agricultural show will be held on or about the 15th of October.

S. A. FESTIVAL.—The harvest festival at the S. A. barracks on Sunday and Monday last was attended by large numbers. It was a success financially.

OROMOCTO MILL.—Mr. Chase, who had his mill at Kingsclear burned some time since, has erected a mill at Oromocto and has just started sawing.

NEW MILL.—Hale and Murchie's mill has been completed and now has commenced the regular work of sawing. She is a well equipped mill and cuts fast.

SIDEWALK.—Ald. Duffy is receiving great credit from the people of the lower mills for his activity in getting a sidewalk placed there. One is now about completed.

APPOINTED.—John Davidson, of Edinburgh has been appointed to the chair of mental and moral philosophy in the university, in place of Prof. Murray, resigned.

IMPROVED.—Phillip Cox, B. A., of Maugerville, who has been at the hospital here for some weeks, was able to take a walk out on Tuesday and is rapidly getting better.

FOR SIXTY DAYS.—Rowe, Jarvis and Webb mentioned in last issue as the youths who robbed J. J. Weddall's dry goods establishment, were sentenced by the police magistrate to sixty days jail.

Thos. Wheeler has lately imported a very fine team of driving horses from St. Stephen. They are well mated, fast and will make quite an addition to his livery stable. They are the neatest team in the town.

GAINING FRIENDS.—Visitors to the city from Sunbury county speak of the growing favor in which C. B. Harrison, M. P. P. is held. They say that should an election be called his success is assured there.

LETTER BOXES.—It is reported that the Marysville town council are considering the advisability of placing letter boxes in different parts of that town. It will prove a great convenience and the cost will not be great.

CONTRACTS AWARDED.—H. B. Clarke has been awarded the contract for the erection of the auxilliary engine house at the water works; W. J. Scarr has the contract for the new exhibition building and is speedily getting to work.

NORMAL SCHOOL.—Only twenty-two of the large class of candidates for admission to Normal school failed. One hundred and ninety-five passed but many of them conditionally. There were two hundred and seventeen applicants.

FROM A CRUIZE.—Gus Tweedale, with several friends, has returned from a sporting and exploring expedition to Cain's river. His camp was visited by Geo. Hanson and Mr. Likely of Marysville. They reported trout in abundance and many signs of deer.

MCADAM BURGLARS.—Grant and Nason who were sent up by police magistrate Marsh to stand trial at the coming session of the county court for burglary at H. Dinsmore's shop, McAdam, underwent speedy trial on Friday and were sentenced to three months in jail.

GONE WEST.—Jer. Harrison, of the bank of Nova Scotia, has gone to Chicago from Halifax to take a position in the new branch just being opened there. He is a son of C. B. Harrison, M. P. P., and has had quite a service in several of the branches of the Nova Scotia bank.

LOW WATER.—The schooner Genesta owned by John Gibson, of Marysville has loaded with shingles at Morrison's for Cape Cod. She was aground here several times. A wood boat remained all day Wednesday aground in the Oromocto shoals. Another grounded opposite the Star line wharf on Tuesday.

RIVER STEAMER.—The David Weston, when near Hampstead on Tuesday morning on her upward trip broke one of her paddle wheels. The Belleisle was called into requisition and has been on the route since. Although a very poor boat, yet the people are glad to have even that much accommodation.

TEMPERANCE PICNIC.—The Maugerville S. of T. and the Sheffield I. O. G. T. had their temperance excursion and picnic on Friday. The Florenceville, with large contingents from this city and St. Marys, proceeded to Maugerville and Sheffield taking on the different societies. The picnic was held at Upper Jemseg and a grand time enjoyed.

THE CITY'S PET.—The sturgeon that has been a captive during the summer in the Phœnix Square fountain was on Friday snared by G. Sisson, caught and carried to the river and set at liberty. Garve says that the sturgeon winked one eye as a token that he wished success to the Celestial, gave a flip of his tail to the city clerk and took a header for the St. John falls.

FOR THE WOODS.—John Kilburn sent a crew to the lumber woods via the C. E. R. on Wednesday. One of onr local lumbermen was at Oromocto during the week hiring men. He reports good men very scarce. When boom work is completed there will be men to hire, but there will not be enough to supply the demand. Many young men have gone to New Hampshire and Maine and prefer to work there rather than here.

FOR STEALING.—A Woodstock youth, Geo. Buck, was arrested by detective Roberts on the arrival of the train on Monday and was placed in the lock-up, He said that all the reason he could give for his arrest was: On Saturday night previous he gave his father nine dollars, his wages for the week, and that afterwards he took $10 from his father's desk without his knowledge. He was accompanied by a chum, named McCrea. The latter was also arrested but was let go.

FREDERICTON HORSES.—The Kearsarges appear to meet the requirements of the Am[illegible]ns as instanced by the contingent from this city carrying off several prizes at the recent Bangor fair as follows: John H. Reid, first prize, six year old stallion Kearsarge Chief; first prize on four year old stallion Kearsarge, jr., and first prize on two year old stallion Invader, Isaac Peabody; three first prizes on Lady Blackmont, Kitty B and Percheron Zephyr; second on matched pair, second on four year old gelding Morris and first and second on yearling fillies. Dr. F. M. Brown third on three year old filly Lola.

LAYING A CURVE.—Engineer Ruel has been at work locating a curve to enable trains from Woodstock to cross the railway bridge without haivng to use the Y at the bridge approch. It appears to be the object of the C. P. R. to make this city the terminus instead of Gibson as at present, doing away with an operator at the Gibson station. The change may have some good features but will not be at all pleasing to the people across the river. The curve leaves the present track at the school house and crosses the Marysville road between E. Hanson's and the Methodist church, clearing the village altogether.

NEW RIVER STEAMER.

She Will Cost $50,000 and do the Trip in Five Hours.

All through the summer the necessity of putting a fast boat on the river between the city and St. John has been discussed. It has become patent to everyone that this city has lost some thousands of dollars that might have been spent here were there a good steamer on the route. It has been hoped that the Star line would try to meet the wishes of the people, but if they tried they have failed. Now, however, there is a prospect that next year will see the fastest boat that ever has ploughed the waters of the St. John. A new boat is to be built at a cost of about $50,000, that will be guaranteed to make the trip in five hours. About twelve thousand dollars of this stock will be subscribed by Fredericton citizens at fifty dollars per share. Farmers and residents on each side of the river will be asked to take stock so that they will have an interest in the running of the boat. The remaining stock will be placed at St. John, where Troop, Brennan and others have agreed to invest largely. It is therefore but a question of filling up the stock list and building the vessel. It will boom all villages along the river and benefit St. John and this city to a large extent. Then the beauties of the river may be seen without the passengers being so tired out as has been the case this year. All should aid in having the work pushed. Enough stock has been taken here now to assure the success of the undertaking and all will be pleased to see the new steamer.

FARMERS DAY.

The Grand Parade in Connection with the Exhibition.

Mr. Scarr has the new exhibition building well started and will have it ready for the reception of exhibits on the 28th inst. Supt. Stewart of Woodstock, was in the city during the week and will have excursions run from that city in connection with the exhibition. Such men as Jas. S. Neill, D. F. George and F. B. Edgecombe taking an active part in the show is sufficient guarantee that the exhibition will be worthy the patronage of all. A. D. Thomas, who has always taken an active part in all shows held here, is fully awake to the necessity of enlisting the sympathy of the farmers. He will have charge of the farmers parade and will introduce many new features. The order of this parade will be as follows:

Wagon drawn by four or six horses and containing band.

Barouche containing president, vice presidents and members of the executive committee.

Sulky plough drawn by a pair of horses with a blue flag with white letters "God Speed the Plough."

Combination seeder and harrow drawn by two horses and decorated.

Manure spreader decorated.

Cultivator or gouche harrow, decorated.

Mowing machine, decorated.

Hay rake, gaily decorated, drawn by two horses with flag inscribed "New Brunswick Yeomanry."

Hay rack decorated with natural flowers and flags, with twenty-five girls dressed in white, to sing.

Toronto reaper and self binder, drawn by two horses.

Other machinery connected with farm work will likewise have a place. Horsemen in full dress will occupy places in the procession. Any locality that wishes to send a dozen or more horsemen to take part may adopt any style of dress that suits. The Queen and Barker, as well as the lesser hotels, are preparing for a rush and all visitors may be sure of getting good and sufficient accommodations. Cheap rates and excursion fares on all boats and railway lines.

TEMPERANCE MEETING.

How the Northumberland People are Forcing the Fight.

The following respecting a temperance meeting at Boiestown has been received. It was held at the Methodist church on the evening of the 5th inst. Rev. Mr. Bell of Boiestown, occupied the chair.

The first speaker of the evening was Rev. Mr. Marshall, Methodist minister of Chatham. He held his audience well for nearly an hour as he described in forcible words the benefits of the Scott act in opposition to license law. He was followed by Rev. Neil McKay, Presbyterian minister of Chatham, who is a regular warhorse in Scott act collections, and clearly showed the benefits arising from the Scott act.

The next speaker was John Hinchey of Bloomfield Ridge, who gave a very clear account of the prohibitory law of 1885 and its benefits to the country, and showed the absurdity of high license, giving as an illustration the fact that in the city of Halifax more liquor was sold by unlicensed than by licensed vendors and under the same law. How is that for license?

John Cameron of Campbell, next took the stand, and during his speech, gave a very apt and suggestive illustration of the way in which the Scott act deals with the rumsellers. He said Mr. Richards at Boiestown has a pet bear which is anything but a pet when free; but Mr. Richards keeps his pet chained. The Scott act is a chain around the rumseller's neck, and the Scott Act Inspector was the force tightening that chain. Now shall we lose our chain and our tightening force over this coil by the coming election. By all means, No, No! The electors present when asked who would support the Scott act, rose in a body. A very representative committee was formed Rev. Mr. Bell chairman. In the face of such comforting assurances as these, how can it be doubted that the Scott act will be sustained at the coming election.

S. A. Funeral.

On Sunday last, the remains of the late James W. Chapman were interred at Gibson under the observances of the Salvation Army. The army with its band was followed from the city by a large crowd which uniting with the people of Gibson and those of Marysville made a very large attendance. After each soldier had taken a look at his dead comrade, the coffined body was removed to the open air where hymns, prayers and testimonies were offered. After about half an hour of devotion the cortege took up its way to the graveyard, the banner of the army, folded and wrapped with a white ribbon being in advance. Then followed the band and army, the hearse with four pall bearers, soldiers next and then the people. The band played several slow and measured selections. At the cemetry the coffin was placed at the grave, prayers were said, a passage of scripture read, several hymns sung and then the body was lowered and covered. The ceremony lasted two hours.

ST. CROIX COTTON MILL.

What Has Been Done in the Slashing Line.

The following appears in the St. Croix Courier: The statement of the Fredericton HERALD in regard to the slasher tenders at the Gibson cotton mill beating the record of the St. Croix mill slasher tenders is proved incorrect by an examination of the slashing books at Milltown. The books give the following:—4074½ cuts dressed in 60 hours on slashers Nos. 2, 3 and 4. These three machines are the same in every way as the three at Marysville and the length of cut is the same. The Gibson mill men will have to go a long way by the 3786 cut mark claimed by THE HERALD before they beat the St. Croix. During the same week that the above 4074½ cuts were dressed at Milltown, slasher No. 1 dressed 942½ cuts. This is a machine for running heavy ticking. And No. 5, a tape dresser, dressed 1008½ cuts, which makes the 6025½ cuts spoken of in the Courier last February. When the Marysville men do their best the Milltown men believe that longer experience will enable them to do better.

AMONG THE FLYERS.

What is Being Done on the Track by Local Horses.

The coming exhibition has set the local horse world all agoing and the fleet footed steeds are being brushed out on the park all favorable evenings.

Among the horses handled by D. J. Stockford may be mentioned the four year old, Nellie, by Kearsarge, owned by A. Gibson, jr. She has lately shown her ability to put up a mile in 36½ or better.

Tam O'Shanter, owned by J. A. Edwards, an All Right, has gone miles here in 40 lately. He has gone to Halifax to compete in the races there.

A yearling, by Sporter, the property of Dr. F. J. Seery, is a beauty. It is said this youngling will be sent against the maritime record of 1.24 for half mile this fall.

Nancy Hanks, a two-year-old, the property of J. R. McConnell, recently raced at St. John, is coming along finely and in her class this fall will beat three minutes quite a little.

The four-year-old gelding, Oak Hall, by Kearsage, owned by C. H. Thomas, is very speedy and has hung together eights in twenty seconds. He can, without doubt, trot in 2:50 or better.

The two-year-old filly by Elation, the property of C. H. Hatt, Marysville, is probably the best two-year-old in the county. She is large and sound as a bottle, good disposition and has a perfect way of moving.

May, the four-year-old black mare owned by J. H. Fleming has come to her speed very fast and has shown her ability to trot in 2:40, putting up a mile the other day with two losing breaks in 2:43½

The grey gelding, Helena B., owned by Charles Boyle, carried a third place in the last races at Moosepath. Since returning has shown miles in 40. On Thursday afternoon she trotted a full half in 1.17½ and three-quarters in 58. She can, without doubt trot in 35.

Mr. Dunbar occupies the sheds at the entrance to the park and has a string of good ones in his care, a number of which he will probably start in the fall races. Mr. Dunbar has been very successful this season, having fitted, mated and sold the chestnut team, belonging to Isaac Peabody, at Bangor at the late fair for $500 clear of expenses.

Sir Wilkie, four-year-old stallion, it is rumored will start in his class in the fall races. A half in 25 is his latest performance.

W. P. Flewelling recently drove his gelding Dred, two half miles in 17 and an eighth in 17 seconds, a 2.16 gait.

It was thought by many that Mr. George would allow his black gelding, George Allwright, to be fitted and put in the fall races but this gentleman does not seem inclined to trot this game gelding in public anymore.

The probable local horses to start in the fall races are Bessie Clay, Nancy Hanks, Helena B., Tam O'Shanter, Nellie and Sir Wilkie.

FREE FROM CARE.

The Sickle of Death has been Busy during the Week.

William Pollard, an employe at the Queen hotel, died on Friday morning after about a week's illness. For many years he had worked as a carpenter here and was well known to all.

Word has reached us of the death at Kingsclear on the night of Thursday, the 8th inst., of Joseph Ketchum, one of the old residents of that parish. He was in his sixty-third year, and esteemed by all.

Sister Ligoria, a sister of Simon Nealis of this city, died at St. Vincent's convent, St. John, on Saturday last. She had been a sister of charity for thirty-five years, and had taught school here as also at St. John, Shediac and Buctouche. Paralysis of brain was the cause of death.

T. William Bell, who removed with his family from St. John to the Ketchum residence below town, died on Monday night at eleven o'clock from hemorrhage of the lungs. He has been ill for some time past. His funeral which took place on Thursday was largely attended. The interment was at Forest hill.

Mrs. William Moss died at her residence, New Maryland, on Saturday morning last, after a protracted illness. She was a daughter of coun. David Fisher and leaves a husband, three children and a large circle of intimate friends. All speak with esteem of the one passed away. The funeral on Tuesday afternoon was largely attended.

William Cochran, one of the old Nashwaak residents, passed away on Saturday night, after a short illness, at the residence of James McConaghy, jr. Diarrhœa was the cause of death. He was in his eighty-second year. For fifty years he resided on a farm near the F. C. Baptist church at Marysville. He left a large family and a great many sincere friends.

WEDDING BELLS.

Still Ring Out the Old, Old Story.

Miss Viva L. Bubar, of Marysville, daughter of Dudley Bubar, and Moses Dennison, were married at the residence of the bride's father on Wednesday in the presence of about seventy guests. The Rev. Mr. Parsons officiated. The bride was beautifully costumed and looked handsome. Geo. Turner and Miss Clara Bubar, sister of the bride, attended on the happy couple. They have the best wishes of all for future success.

Arthur G. Thomas, of the firm of C. H. Thomas & Co., was married at St. James church, St. John, on Wednesday evening to Miss Emma M., daughter of A. McMackin. The bridesmaids were Misses Fannie and Ruby McMackin, sisters of the bride, and Miss McMackin of Boston. Geo. Adams acted as best man. Among the many beautiful presents which attested the esteem felt for the happy couple were a silver service from the Social Whist club and a cherry side board from the Star Socials. The rev. C. J. James officiated.

Gibson and St. Marys.

John Wilson is very ill.

Bruce Dayton is painting the Baptist church.

Winslow Tilley and sister have returned from their Nova Scotia trip.

Wm. Lewis has changed his location. He can now be found in Dr. Bridges shop.

Mrs. Sherwood Yerxa and Mrs. Cowperthwaite left on Friday morning for Boston.

Mrs. Malcolm Brown has been called to Nashwaak village by the illness of her brother and sister.

Calvin Estabrooks and B. Webb are the delegates appointed to represent the F. C. Baptist church at the district meeting at Stanley, on the 17th inst.

Jas. Patchell, B. Dayton, J. Hall, Albert Boone and two others have been doing Grand Lake and Oromocto in the yacht Melbourne. They got quite a number of ducks.

Marysville Budget.

Joseph Allen is putting up three double tenement brick dwelling houses and a large livery stable.

Thos. Morrison has purchased a bus at St. John and will run regularly between this town and Fredericton.

Hezekiah Estabrooks, one of the oldest millmen here, has resigned his position. He went to Boston on Tuesday morning.

Miss Dunphy and Mrs. Richards have opened up a dressmaking establishment in place of the Misses Randall who have gone out of the business.

Elias and Michael White have been appointed delegates by the F. C. Baptist church, to represent that church at the district meeting at Cross Creek on Saturday, the 17th inst.; Jas. Collings and Moses Peterson substitutes.

COUNCILLORS ELECTION.—Matters in connection with councillors elections are very quiet at present. The old men do not say much, waiting to see the first move as to opposition. It is certain that there will be changes in several of the parishes, while over half will have no contests. Some little canvassing is being done, but in a quiet way. Bright, Kingsclear, Queensbury Manners-Sutton and possibly Dumfries will be contested, the other parishes will return their present representatives.

Royal Arcanum Outing.

The Royal Arcanum picnic and excursion to Gagetown and return on Wednes- last, 7th inst., was an unqualified success. About 300 excursionists, by invitation, left the Regent street wharf at 9.15, a. m. Stops were made at Glasiers, Oromocto, Maugerville and Taylor town to take on board guests. The Florenceville reached Gagetown at 12.20 and soon the picnickers had fires going in different directions on the shore preparing the tea and the coffee. After dinner had been served, the band of the I. S. corps with a great many of the visitors marched through the streets of the village, and to the Grammar school, where the principal, Miss Tibbitts, of Fredericton, welcomed them and showed them through the building. Brief remarks were made by Regent Clarke, past Regent Weddall, secy. of trustees Sampson, H. A. Cropley, J. W. McCready, of the Sun, and R. T. Babbit, of Gagetown, replied. The McGinty family, the air gun, and the archery in charge of Mr. Barker were well patronized. Jas. Smith catered to the wants of all in fruits and drinks.

At 6.15, p. m., the excursionists left the wharf for home, having the full moon most of the distance up the river, and arrived in Fredericton at 9.30. Coffee and ice cream were served on the boat. The picnickers were much pleased with the hospitality shown by the people of Gagetown. The Royal Arcanum, now in the sixteenth year of its existence, numbers 135,000 members, and has paid out to widows and orphans, 20,000,000. The council in Fredericton numbers sixty-six members made up chiefly of the business men of Queen street.

Cleveland's Minstrels.

Cleveland's famous minstrels in conjunction with "Cyrene" the Spanish dancer, are to appear at the City Hall on Tuesday evening next. The Washington Post says:

"Washington society was very largely and enthusiastically represented last evening on the occasion of the entree of Cleveland's All-United Minstrels. The event of the evening was the appearance, after the close of the highly satisfactory first part, of Cyrene, the truly phenomenal little Spanish dancer, who literally came and saw and conquered. Cyrene is little short of a marvel, and must be seen to be appreciated. She is a veritable little Celtiberian cyclone from the head waters of the Guadalquiver, and when she swings one small foot at least a foot and a half above her head, and revolves in a whirlwind of black and orange drapery on one small, but shapely limb, the audience goes wild. She danced the cachuca, the poloma and a tornado of kicks that badly demoralized a generously contributed felt hat.."

Coming and Going.

Miss B. Thompson is teaching at Magundy. Proff. Duff is home again. Mrs. E. Vavasour has returned from Sussex. Miss Moore has returned to her home at St. Marys, from St. Stephen, being ill. Mr. and Mrs. J. L. Haines have gone home to New York. A. G. Blair, jr., has gone to take a law course at the University of Virginia. J. P. Wetmore of the C. P. R. is here visiting friends. Jeffrey Yerxa of Boston is here visiting. Mrs. T. C. Allen and children have returned from Bay Shore. Mrs. F. B. and Mrs. A. W. Edgecombe with their families have returned from Springhill where they have passed the summer. Mrs. John R. Costigan, of Calgary N. W. T., who will be remembered as Miss Dowling by hosts of our citizens, has been spending a month with her friends here. She left on Monday last for Antigonish, N. S., where she will visit friends for a few weeks before returning to her home in the North-west.

The Lost Child.

No tidings of the Smith child, lost at Doak Settlement have been got up to the present. There can now be no doubt but that the child is dead. There was a report that a bear was seen in the vicinity previous to the child's disappearance. This was denied but is now confirmed as Geo. Gamble, three miles below, caught a bear in his field on Thursday morning. The city council have taken up the matter and have decided to sift it to the bottom. There does not appear to be as much excitement in the settlement as the loss of the child should naturally call for.

A SPEEDY ONE.—A city father had a rather sensational ride around the city behind blacksmith Sam Cook's mare. Mr. Cook told the father to hold the horse till he had got in, then he could jump in himself. The alderman did so. "Can you get in quick for she will start very fast?" said Sam. "Oh yes!" was the the reply. The mare gave him almost half an hour to get in but when she started it was in a hurry. She scaled the street corners like a bird, one deponent saying that the carriage struck ground once only between Queen and King on York street. The alderman has been afflicted with a mania for flying ever since, outside of that he is all right.

INSPECTION.—James Farrell, inspector of health for the city, is making a very close inspection of all suspicious premises and those whom he finds deficient in the cleanliness of their yards and out-buildings will hear from him. The city is in a healthy state and a large amount of credit is due the inspector. This is gratifying to know especially at present when a visitation of cholera may possibly take place.

RETURNED.—Dr. Lunn, who has returned from a trip to Manitoba wishes to inform his many patrons that his Dental Office on Queen street, Fredericton, is again opened; also that he has secured the services of Dr. Agnew as an assistant and that all branches in their profession will receive careful attention. Nitrous oxide gas administered for painless extraction of teeth. Gold filling and extracting teeth specialties.—3 i.

OUT OF POCKET.—About one thousand dollars changed hands in this city on the result of the Sullivan—Corbett fight. A certain horse man of west end is out about two hundred dollars and several others dropped lesser amounts.

RETURNED.—While on his trip to Boston recently, A. Lottimer picked up a number of lines of American boots and shoes of excellent value, which he has just received and placed in stock.

RUNAWAY.—Mr. and Mrs. R. F. Randolph were the victims of what threatened to have been a serious runaway on Monday last. A neck-yoke strap gave out on one of the horses setting them off. Mr. Randolph held on to the reins and had about got the runaways under control when near the county jail Ald. Moore and Jas. McGrath caught the team bringing them to a standstill.

M.: All the right, title, interest, property claim and demand whatsoever, both at Law and in Equity, which John McNeill had on the tenth day of February, A. D. 1892, of, in, to and out of the following leasehold lands and premises and the several Indentures of Lease thereof, that is to say:

"ALL that certain piece or parcel of land situate, lying and being in the City of Fredericton, in the County of York, and Province of New Brunswick, and described as follows, that is to say: A portion of that lot or parcel of land known and distinguished as the Bryson lot, situate on Needham or Union Street, (so called) in the said City and County aforesaid, and bounded by lands on the upper or northwest side, now owned by James M. Beek, and known as the Keppell lot, and running back along the said line one hundred and forty feet in the southwesterly direction, and along the rear in southeasterly direction eighty feet, and from thence in a northwesterly direction one hundred and forty feet or until it strikes the said street, and running along the said street to the place of beginning.

"Also, in, to and out of all that certain other leasehold land and premises and the Indenture of Lease thereof, that is to say: All that certain piece or parcel of land and premises, situate lying and being in the City of Fredericton, in the County of York, fronting on the east side of Charlotte Street, being the vacant lands owned by the said Sophia Bloong Montgomery Campbell, situate between the lots sold to Archibald Jewett on the lower side, and agreed to be sold to Robert Sutherland on the upper side, being fifty-six feet ten inches on the front on Charlottee Street, and running back towards the river one hundred and sixty-two feet nine inches, more or less. Together with all and singular the buildings and improvements thereon, rights, privileges and appurtenances to said pieces of land belonging or appertaining and the several Indentures of Lease and unexpired term of years thereby granted."
