LOCAL NEWS.

BARK.—Several rafts of hemlock bark have reached here from up river points during the week for D. F. George.

VICTORIA HOSPITAL.—Collections will be taken at the Methodist church to-morrow in aid of the Victoria hospital fund.

SEEDING.—Oats and potatoes have been put in the ground during the week although the land, except in certain localities, is very wet.

TAKEN TO THE HOSPITAL.—Miss Needham, of George street, who was suffering severely from a burn received a short time since, was on Friday removed to the hospital for treatment.

STEAMBOAT AGENT.—Wordon R. Ingraham, of Shogomoc, has been appointed agent of the Florenceville in place of Wm. Gibson, deceased. Mr. Ingraham will make a good officer.

HAND CUT.—While working at a shingle saw in Morrison's mills on Monday, David Hiscoe had one of his hands badly cut. He was speedily looked after by a physician and is doing well.

AT ST. STEPHEN.—Rev. R. W. Weddall of this city, goes to St. Stephen on Monday where in the evening, under the auspices of the Epworth league, he will give a talk on his trip to Europe.

APPOINTMENT.—G. G. Sisson at Tuesday night's meeting of the council was appointed janitor and engineer of the city hall, in succession to the late M. Nowlin. Mr. Sisson will prove a good and capable man.

LARGE OX.—John Gibson has among his large herd of cattle at the Miller farm, the prize ox of the county. Butchers place his weight at 1100 lbs. dressed. There are several others which crowd this weight pretty hard.

SAFE ARRIVAL.—A cablegram, Wednesday morning, received by A. G. Blair, jr., announced the safe arrival at Queenstown, Ireland, of his father, the attorney general, and the other members of the party, all well.

SMELT.—Smelt have made their appearance in the river and the boys say that they never before saw them so willing to be caught. To prove it they display good catches. Several are preparing their nets for gaspereau.

RECLAIMED.—The Wallace-Hopper company have met with great success at Marysville, where they have occupied the hall for five nights. The band turned out in their new uniforms and gave the company all the assistance possible.

ANOTHER EXODIAN.—Fred Nicholson, for many years clerk of the Queen hotel, left Thursday evening for Minneapolis. Fred was very popular and has hosts of well wishers in this city, who hope he may be successful in his new venture.

NEW MILL.—Hanson Brothers have the frame of their mill well under way a few rods below the mouth of the Dunbar. It will be driven by steam and will contain a grist mill and rotary. There is a large quantity of lumber ready for sawing.

THE C. E. R.—The Canada Eastern railway company are rejoicing in an increased freight traffic caused by the shipments of small lumber and pulp wood over the Chatham end of the line. Passenger traffic for the past month has also been very good.

HOLDS THE SEAT.—The supreme court of New Brunswick has refused a stay of proceedings, ordering the petition against the return of the hon. G. E. Foster off file and so he holds the seat for Kings county whether it is the wish of the people or not.

FIRE AT TAY.—The active efforts of principal Munroe and Mr. Bell prevented a conflagration at the Tay school house Thursday. A spark got on the roof and the very high wind fanned it into a flame in short order. A few shingles will repair the damage.

BASE BALL.—All the fields around the city are occupied during the evenings by the boys. Base ball promises to be as great a rage this year as in any former season. Several match games are on the tapis for the 24th, particulars of which will be announced later.

NORMAL SCHOOL TEACHER.—The Chignecto Post says: Miss Landers, professor of elocution at the ladies' college, has been offered the position of examiner in reading at the Normal school, Fredericton, and will probably accept. The duties do not begin until June 1st.

U. N. B.—On Wednesday next examination begins at the university for honor certificates and class distinctions, continuing through the week. Final examinations for the year, including degrees begin on the 23d inst. and continue to the 31st. The encœnia will be held on June 2nd.

DEATH AT WOODSTOCK.—Charles Bull, one of the prominent residents of Woodstock, died at his residence there on Sunday evening last. He had been confined to the house about a week with pneumonia. Deceased was in his sixty-fifth year and leaves a wife and two young children.

DELEGATES.—At the meeting of the members of the Cathedral congregation on Monday, the 2nd inst., James S. Beek and Geo. T. Whelpley were elected delegates to the diocesan church society, to the diocesan synod judge Fraser and T. C. Allen with A. F. Street and Alex. Burchill, substitutes.

RETRIBUTION.—The Montreal Herald says: New Brunswick of all the provinces had stood most staunchly by the national policy. Now she gets her reward by being shorn of part of her political strength. Henceforth she will send only fourteen members to parliament in place of sixteen. A righteous retribution.

ELECTRIC LIGHTING.—A committee has been appointed by the city council to consider a proposition made by the Thompson-Houston electric light company, through their representative, P. T. Calkin, respecting the lighting of the streets and city buildings, by electricity. The company will put in the system and operate it themselves or sell out to the city. As many favor the electric light, it is thought that if the system does not cost too much it will be placed.

THE STEAMER.—The report of capt. Smith, R. N. R., and J. H. Harding has been forwarded to the minister of marine and fisheries in regard to the steamer David Weston. It is said that the steamer is to receive a certificate. She will be in perfect shape for traffic as soon as certain skeins of red tape are unwound. Meantime the traders and farmers along the river may tear their hair, there is no recourse for them only to put up with what they get.

REMOVAL OF INDIANS.—Indian agent Farrell, of this city, purchased a piece of the Nevers estate at Oromocto as a home for the Indians of St. Marys. The price paid was $600. There are several families now on the grounds and it is expected that besides the St. Marys Indians the few families scattered along the river will remove to this reserve. They will be assisted in putting up houses. The Indians across the river do not think much of the project as they can get a living here more readily than they can on the reserve, and only those will go who may so desire.

HORSE RACES.

An Attractive Program Arranged for May 24th.

At a meeting of the shareholders of the Fredericton park association held on Monday evening last, the following were elected directors: Messrs. Beckwith, Thompson, George, Edwards, Tennant, Wiley, LaForest, Peabody, Thomas, McKee, Estey and Flewelling.

At a meeting of the directors held on Wednesday evening, hon. F. P. Thompson was elected president; D. F. George, vice president; and W. P. Flewelling, secretary.

The association will again become a member of the national trotting association.

A committee was appointed to announce a program of races for the 24th May, among which will be a matched race, half mile heats, three in five, between the two well known local horses, Harry M. and Geo. Allright, owners to drive. This race of itself, should be enough to draw a large attendence, but two other races for local horses will likely be arranged. The admission will be placed at twenty-five cents for gentlemen and ladies will be admitted free.

At the meeting of the directors it was decided to place the driving tickets for the season at $4 each, and they will be placed in the hands of Dow Vandine for disposal, or they may be had from the secretary.

The committee who are to arrange for these races hope that owners of horses will be willing to let them start, as small prizes will be offered in each race to the first, second and third horses, consisting of a nice Kersey blanket for first, a driving ticket for second and a whip for third in each race.

The full program will be given in another issue.

City Council.

All the aldermen, except Messrs. Walker and Randolph, were waiting patiently for business on Tuesday night, when the mayor who was late arrived.

Alderman Farrell from road committee presented a report, recommending some necessary work. He stated that the government would make all necessary repairs required on the roads entering the town. He brought up the question of compelling the farmers to take their produce to the market instead of hawking it about the streets, no toll to be charged.

Alderman McNutt presented the roll of firemen. After some little skirmishing with alderman Macpherson, the matter was referred to the fire committee by the casting vote of the mayor.

All the city officials were re-appointed with salaries the same as last year.

The request of the Sun publishing company respecting an advertisement of the city in their special edition at a cost of $60 was granted.

Letters were read from trustees of St. Paul and Mr. Limerick, respecting damages to property by defects in the sewer. Mr. Limerick claims $500 damages. The matter was referred to the street committee for settlement.

The meeting was one of the best from a business point of view that has been held by the present board. There was very little bickering.

Dairy Agents.

Reports from the dairy agents sent out by the department of agriculture are quite encouraging so far as heard from. Mr. Hubbard had a very good meeting at Harvey Station, where an association has been formed with Thos. R. Speedy, president; John A. Little, vice president; Thos. Robinson, secretary treasurer; Robert Little, Jas. Coburn and Amos Little, executive committee. Mr. Hubbard was at Nashwaak Village on Monday evening and had a good meeting, though the attendance was not as large as could be desired. The farmers have been aroused and are considering the matter of forming an association. It is proposed to establish cheese factories at the Muniac and in the Danish Colony. Many orders are coming in for seed corn. Five pounds will be sent free to any person who will give it a fair trial and report results; a larger quantity will be sold at cost.

What Could They Do.

In speaking of the loss of a representative by St. John as a result of the redistribution or gerrymander bill the Sun asks, "What else could they do?" It is like the wail of a highway robber who, to cover his misdeed, kills the man he has robbed. We could go back to the beginning and change the tariff laws so that combines could not rule the dominion, driving all small operators out of business thus necessitating the shutting down of many small industries and forcing the laborers therein employed to remove from the country. The census would then not show such a state of affairs and there would be no occasion for a reduction in the representation. If the Sun would look around and speak out its correct thoughts it would use a plentiful supply of sack cloth and ashes, and its wails would be numerous.

The Drives.

Although there has been but very little rain yet the river has risen so that there is fair water for driving. Some of the men who were on the Meduxnikik for Fred Moore reached town on Thursday night, the drive on that stream being pretty well out. The Nashwaak drives are coming along quite fast. There is good driving on the Tay. The logs are out of the Dunbar and the main drive has all got under way. The river is full of running logs and the mills are busy. Some work has been done at the booms here but full operations will not begin before the 12th or 15th. As far as can be learned there is a large amount of snow up river, the very cold weather preventing it thawing. It is thought that next week will see the drives all coming along finely and at present they are doing as well as can be expected.

So the Story Goes.

When the refusal of a commission by the lieutenant governor, respecting the opposition was announced, there was a scramble by the Sun reporter to get to the telephone, so that the sad tidings might reach the office of that journal as speedily as possible. He called, and said: "The opposition petition is busted, the hull thing has gone under." It happened that the office devil was at the other end of the line and caught the message thus: "The oppossum's baby's busted, he has gone to thunder." He conveyed the intelligence to the man of all work about the premises, who entered the editorial sanctum with the truth in a nutshell as follows: "It's busht, be gob, it's busht!"

Some Mistake.

The Advance says: "Mr. Gibson seems to have found that he cannot operate his Blackville mill on the Bartholemew river to advantage. He has, therefore, sold the stock of logs which he intended to manufacture there, to Wm. Richards, who will, no doubt, saw them at his Chatham mill. These logs, about four millions feet, will be a valuable addition to Mr. Richards stock for the season, especially as the outlook for driving is so very poor, and they will lessen the St. John shipments to a corresponding extent." There appears to be some mistake about this, as the mill has been thoroughly refitted and made ready for a big summer's work.

FREDERICTON HORSES.—Hugh O'Neill has entered his bay filly by Mack F. in the Moosepath colt stakes for two year olds. Charles Boyle has entered his grey mare, by Harry Wilkes, in the three year old class. Races to take place on August 10th and 11th. Jen F., another colt owned in this vicinity, by Mack F., has been entered among the two year olds. This one is called very speedy.

NOW IS YOUR CHANCE.—Tennant, Davies & Co. in addition to their great bargains in zephyr ginghams, which they sell at ten cents a yard, are offering a lot of ginghams slightly imperfect at five cents a yard.

BOODLING.

Rev. A. J. Mowatt Condemns the Treatment of the Charges.

At the annual meeting of the Bible society at Ottawa district on the 4th, Rev. A. J. Mowatt, of Montreal, strongly condemned the action of the federal government in reference to the boodle charges. He spoke from the text "Righteousness exalteth a nation." Said he: "In these days of rebuke and reproach that have fallen upon the land, the Bible "honorable" is ready to become, if it has not already become, a term of opprobrium. Here among thieves, public opinion is a great power when it awakens and shouts "down with traitors," but the public voice is often a burlesque of national righteousness. It slaughters many an innocent victim and honors many a scoundrel. It was public sentiment that crucified Christ and rescued a murderer. And in this last decade of the 19th century, right here in Canada, an appeal to public opinion does not settle the righteousness of a thing. It may still be, "crucify Christ," burk inquiry, choke off conviction, down with the truth, let rogues and thieves have the national purse, let bribery and corruption rule the land. National righteousness, what is it? Is it the voice of royal commissions, as with ajustment they balance opinions, make a compromise with truth, whitewash the party in power?" The speaker answered such questions in the negative, declaring that only the standard of the Bible could be taken in such cases. And to this end every man should study the scriptures.

He Deserves It.

Time and again the people of Harvey, York county, have shown their good will towards the pastor and his wife, Rev. J. A. and Mrs. McLean. The latest among many acts of kindness, was the gift of a load of oats for the pastor's horse and a money present to Mrs. McLean from the Tweedside section of the congregation. Many of the people also turned out and hauled more than enough wood to last them for a year. Then Messrs. McCulloch and Coburn came with cicular and cut it into proper lengths. The young men followed with axes and completed the good work leaving them with a supply sufficient to keep house and heart warm for many a day. The kindness of Mr. and Mrs. Marshall Robinson also will not soon be forgotten. On the afternoon on which they last called at the manse they left on every hand substantial tokens of their large hearted generosity. For this and all tokens of a like nature the pastor returns sincere thanks. He feels it is done for the Master's sake. Inasmuch as ye did it unto one of the least of these ye did it unto me.—Telegraph.

The Reformatory.

Lady Tilley, who never takes her hand from the plough once she gets it in motion, has written another letter to the press respecting her latest philanthropic scheme, a reformatory and industrial school for juvenile offenders. The letter states that the scheme has taken a definite form and the entire plan has been arranged. The old penitentiary will not be used, but a building in connection capable of accommodating fifty boys will be furnished and equipped. An estimate of the cost is $7,000. $2,000 have already been subscribed, $3,000 is expected from St. John city and county and the remaining $2,000 from the different towns throughout the province. A committee of ladies will be invited to take up the subscriptions, the work to begin next week. When the institution is thoroughly equipped it will be handed over to the local government, they having agreed to maintain it. A representative board of directors will be chosen for its management.

FARMING IMPETUS.—A gentleman, whose name we are not at liberty to announce as yet, has been in this city making arrangements for the shipment of horses, cattle and sheep to the West Indies. The shipments will be made monthly at the rate of sixty beef cattle, fifteen horses and any number of sheep in good condition. As the market is widened of course the shipments will be enlarged. It is thought that the business can be made profitable and if so, it will furnish an impetus to the farming industry.

SEVERELY PUNISHED.—Lance corporal Hagen is under arrest and will receive severe punishment for disobeying orders in regard to the safe keeping of private McDougal. It will be remembered that McDougal a short time since raised a disturbance at the barracks and was put under arrest. It appears that contrary to orders corporal Hagen allowed him to walk in the hall of the guard house and McDougal seized the opportunity and escaped. It is thought that he has reached Maine.

THE BUSY TOWN.—Work at Marysville is going on with a rush. The mills are all busy. The logs are coming in so that there will be no more lost time and wood is being hauled to the brick yard where two kilns will be got ready and burned. The new mill is waiting for the engine which is being hurried along by Mr. Kelly of the New Brunswick foundry. The cedar is on hand for sawing and this mill will furnish a large amount of work.

RAILWAY FACILITIES.—On account of the increased business given the C. P. R. on the Woodstock-Gibson branch by the Keswick-American syndicate, the company have put in a track to the railway wharf, so that lumber from the mill can be hauled to the side of the vessels. There never in the history of the wharf has been so many shingles awaiting shipment there as at present.

SAD NEWS.—A telegram to Thos. Graham of New Maryland, on Wednesday evening, from Rivere du Loup, conveyed the sad news of the death of his son William at that place. He was in his 23rd year, and was going to the drive for John Kilburn. He was in the best of health when he left home and the blow is thus doubly heavy.

MCMASTER UNIVERSITY.—Dr. Rand, so well known to most of the people of the province, having filled for years the office of chief superintendent of education, has been appointed, by the senate of the McMaster university, professor of education and ethics in the arts department, chancellor, in place of Dr. McVicar, resigned.

W. C. T. U.—Beside the many improvements and business changes mentioned in last issue, the ladies of the W. C. T. U. intend making important changes in their building on York street. Among others the restaurant will be enlarged and will be made the best lunch room in the city.

MESSED.—Major Buchan was messed by his officers on Wednesday evening prior to his departure from this city for Toronto. He has been of much benefit to the I. S. C. stationed here, and it is hoped his successor, major McDonald, who has arrived, will carry on the work as effectively.

THE VICTOR.—On Tuesday, E. Sewell's new tug, the Victor, was taken to St. John where she will have her machinery put in place. She is called a neat little vessel and will be used at the Mitchell boom. It is expected that the Victor will be the speediest boat on the river.

RAINPROOF COATS.—Don't forget that Tennant, Davies & Co. have received a fine stock of those celebrated melissa rainproof coats, just the thing for spring and summer overcoats as well as being rainproof—go and see them.

WITHDRAWN.—John W. Gilmor, who has been in the business office of the Telegraph for a long time, and for many years was manager, withdrew from the establishment on Saturday.

ANNUAL MEETING.—The shareholders of the C. E. R. will hold their annual meeting at the office of the secretary, G. F. Gregory, on the 7th day of June next at 11 o'clock.

THEY HAVE GONE.

Those who will be Missed from the Homes.

At Royal road, on the 30th ult., Frederick William, the nine year old son of Sydney and Jesse Keen, died after a short illness. He was a bright little fellow and his friends feel his loss very much.

Mrs. Dennis, mother of Mrs. D. Lenihan of this city, died on Wednesday morning of congestion of the lungs. She was remarkably strong and healthy until this fatal illness. Much sorrow is expressed by her many friends.

Mrs. Edward Vail died on the 1st inst., after a short illness from congestion of the lungs. She leaves a husband and one child to mourn their loss. Deceased was much esteemed and sorrow is felt by a large circle.

Margaret Tobin, a well known old lady of this city, died on the 3d and was buried on Thursday last. Her death was caused by bronchitis after a brief illness. The funeral took place from the residence of M. A. Akerley, St. John street. She was in her sixty-fifth year.

At Milltown, N. B., Mrs. Caroline E. Barter, a former resident of this city, relict of the late Thomas Barter, died on the 2nd inst. She had reached her eighty-second year and had been a consistent member of the Methodist church for many years. The funeral took place on Tuesday afternoon.

The remains of Miss Lipsett were interred at Lincoln on Tuesday last. Deceased was a sister of Miss Hannah Lipsett, of Charlotte street. Her death occurred on Saturday evening last from congestion of the lungs. Deceased was much esteemed in this city and the neighboring county.

Miss Elizabeth Miller was buried at Nashwaak Village on Thursday last. She had been in poor health for some time and her death occurred on Monday evening last. She had been living with her sister Mrs. McLean. Deceased was a sister of Mrs. W. H. Vanwart of this city. There was a large attendance at the ceremonies.

We have also to record the death at Victoria hospital on Wednesday afternoon of Miss Mary Lister, sister of J. W. Lister, janitor of the parliament buildings. An operation had been performed for the removal of a cancer from the stomach from which the patient did not rally. She had been at that institution about ten days, but had been ill for over a year.

Martin Nowlin, one of the well known men of this city through his connection with the city hall of which he was janitor for years, died on the 1st inst. after but a short illness. He had reached the age of seventy-five years and was much respected by all. Deceased was a man who had been careful of his savings and had amassed some property. He was the father of Geo. Nowlin of Marysville. All who have business at the hall will miss Mr. Nowlin. The flag was floated on the city hall in his honor and a fine cross of flowers was placed on his coffin by the mayor and city officials.

Fortune for All.

The St. Croix Courier says: It is possible that some of the citizens of this town may yet become millionaires. It seems that a fortune of $40,000,000 has long been held by the bank of England for the Linton family, of which Mrs. James, and Mrs. E. R. O'Brien and Mrs. A. C. Grant, of this place would be presumptive heirs. It seems that John Linton, who came out to this country in 1692, was the second son of Earl Tanney and had been educated for the Anglican ministry at Oxford. He afterwards, against the wishes of his family, became a quaker and leaving home, came with many others to Pennsylvania to swell Penn's colony, already founded there and located in Buck's county. His elder brother, Sir Roger Linton, never married, and upon his death the entire estate should have passed into John Linton's hands, but he could not be found. He had four children and his son Joseph was the great grand father of the present Mrs. Nutter, of Oak bay. Other branches of the family reside in Pennsylvania, Ohio and Indiana. A united effort is being made by the different branches of the family to prove their descent from the original John Linton, and documentary evidence is being collected here and forwarded to W. S. Linton, attorney at law, and mayor of Saginaw, Mich., who has already much evidence in his possession and feels confident of proving his claim. There is several of the family in York county, who will hear this with much interest.

Marysville Notes.

Mrs. Moses White is now confined to bed and all hope of recovery is at an end.

There is considerable illness in the town, but nothing of a very serious character.

It is reported that Mr. Duncan, of the cotton mill, has accepted a position at St. John.

The Baptist church, the foundation of which is now being laid, will be of wood thirty-two by forty-eight feet with tower and gothic windows.

Geo. Hanson, the popular blacksmith, has plenty to do at this season, repairing farming tools and wagons. George is a good hand at this kind of work, and all will find it to their advantage to give him their work.

There was a very successful parlor concert at Mr. Waycott's on Thursday evening. The rooms were nicely decorated and the attendance was large. The concert was for the benefit of the new C. of E. church fund.

The talk of building a post office and custom house here is being revived and it is now probable that the work will be undertaken in a short time. The present post office is rather small to supply the needs of the people.

John Dunbar's grey has knocked the conceit out of several of the owners of fast horses here. It is a goer and will do it every time. The races on Saturday night were lively, and the boys say they have more fun than if they went to Fredericton for their racing.

Gibson and St. Marys.

All the sick are convalescent.

Owing to the illness of Miss Miles a department of the school was closed for a few days.

Inspector Bridges has made his visit and reports the schools doing satisfactory work, under the principalship of Mr. Dobson.

Monday was a lively day for moving in this vicinity. It will be a necessity to have the houses numbered or the people will all get astray.

Inch brothers are handling some very fine cattle. It is expected that they will next week purchase fifteen head from John Gibson, each ranging over 600 lbs.

A gospel temperance meeting was held in the Gibson church hall on Sunday afternoon under the auspices of royal council R. T. of T. Mr. John Chapman occupied the chair and interesting addresses were delivered by Rev. F. D. Crawley and Mr. E. C. Freeze.

Ordination.

At Sheffield on Tuesday afternoon a congregational council was held for the purpose of examining James M. Austin, who has accepted a call as pastor of the Congregational church. Rev. S. Sykes, of Keswick Ridge, was appointed moderator and Jas. Withrow, of St. John, scribe. The examination and credentials being satisfactory the council voted to co-operate in the ordination and settlement of Mr. Austin. The ordination took place in the evening, there being a large attendance.

ARRESTING A COP.—A case that is exciting some interest is taking place in the vicinity. It appears that a certain policeman had got several pictures taken for which he did not pay. The result was that he was sued and an execution placed in the hands of a local constable. The constable did not like to make the arrest which it appears the policeman was willing to undergo. Up to the present there has been no arrest made and the policeman has made no attempt to settle the bill. The outcome is waited with interest.

Comedy and Drama Next Week.

Messrs. Frost and Fanshawe are to be at the city hall all next week commencing Monday with their comedy and dramatic company, appearing in a repertoire of new and original plays, their own property and used by no other company, introducing refined specialties by different members of the troupe each evening. The prices are to be cheap and within the reach of all.

These people are well spoken of by both press and public where ever they have appeared, and we clip the following from newspapers where they have been:

Quebec, Canada, Morning Chronicle—The Frost & Fanshawe company added fresh laurels to those already won by their fine rendition of "An American Beauty" last evening at Tara Hall. The drama being a very strong one, was nicely constructed and well balanced, the plot strikingly developed. The scene is laid in the South and the story is well told of a young lady who marries against her father's wishes and afterwards hunts down her father's murderer. Miss Annie Kerr, as the heroine, Nina Fontleroy, was at times grand and her impersonation ideal and true to nature. The whole cast were equal to the requirements of the play. Mr. Fanshawe, as Morosco Jones, was pleasing and satisfactory in every particular. To-night the romantic drama, "Lost in a Great City" will be presented, Mr. Franshawe appearing in dual role, "Twin Brothers" and assuming several disguises. Miss Annie Kerr plays the role of a street waif, a strong emotional part.

The Baltimorean—Those who during the past week attended the opera house and witnessed the productions by the Frost & Franshawe company have, in each instance, been thoroughly pleased. The company is made up entirely of artists, and under the able management of Mr. Franshawe, all the plays have run remarkably smooth, and his long acquaintance with the stage enables him to change the familiar scenes of the opera house almost beyond recognition.

Rockland, Me., Free Press—The Frost & Franshawe dramatic company opened a six night's engagement at the Rockland opera house on Monday evening as "Asa Jenkins, or Away Down in Maine," and gave a satisfactory performance. The play is a good one, and deserves to take a prominent place in the line of rural dramas.

Albany, N. Y. Argus—The best company of the kind ever seen here.

Syracuse Standard—Caught the town last night.

Buffalo Express—The acting was fine, stage settings magnificent.

Utica Herald—Always sure of a large business.

Montreal Record—Come again Frost & Franshawe.

Troy Press—Up to the times in everything.

ENTERTAINMENT.—Star council will hold a social in the temperance hall on Monday evening; a choice program of vocal and instrumental music has been prepared. Ice cream, etc., will be distributed during the evening. The F. O. M. W. orchestra will be in attendance.

ANNIVERSARY.—Fredericton lodge, Order of Unity, intend celebrating their second anniversary on May 12th. There will be addresses, music and refreshments and a good time is arranged for.

HIS LAST SEASON.

THE FAMOUS STALLION,

SIR CHARLES, 2745,

WILL make this his last season in this province, at his owners stables, 47 Waterloo street, St. John.

This horse has proved himself such a good sire that it is hardly necessary to say anything about him. He is the sire of Maggie T. 2.23½; Maud C., 2.27½; King Charles, 2.29 and a score of other fast ones.

This will positively be his last season as Mr. McCoy intends removing his stud to the States in the fall.

TERMS $30 FOR THE SEASON.
