WELCOMED HOME.

Fredericton Gives the Attorney General a Rousing Reception.

THE ADDRESS AND PREMIER BLAIR'S REPLY.

The Parade and Demonstrations.

The reception accorded the Hon. A. G. Blair last evening on the occasion of his home-coming must have been as pleasant to that gentleman as it was right and proper for the citizens of this, his native city, to tender. He went away on our country's business, he, in the face of great odds, won a victory. Not only had he Dr. Stockton to combat but the brightest legal authority in England as well. This in itself is an honor to Fredericton. Apart from all political ideas this city should feel proud that it is the home of a citizen possessed of that ability and eloquence necessary to defend its interests.

The hon. A. G. Blair, premier of New Brunswick, returned from his trip to the mother land on Friday evening, hearty and well. All classes of citizens irrespective of party turned out to accord him a welcome. Mrs. Blair who accompanied him was also in the best of health.

The reception committee have been busy during the week and the result of their labors was the very fine demonstration which welcomed the first officer of the province to his home.

All are more or less familiar with the business that called the attorney general to England. When the maritime bank failed it held \$35,000 of the people's money; money in many cases earned by the laborer. The liquidators of the bank had thought that they could keep this money from the people, as represented by the government, by appealing to the privy council of England. But New Brunswick had in this case, as in others that might be mentioned, a man able to take her people's part against the strongest and most learned pleaders of the mother country. Mr. Blair represented the interests of the people before the privy council of England, won his case, although opposed by the opposition leader, Dr. Stockton, and showed that he was willing and fully competent to look after the rights of his constituents.

Nature appeared to be in favor of the demonstration, as just enough rain fell to lay the dust, then the sun came out in all its grandeur, making a very fine evening indeed.

About seven of the friends of the hon. Mr. Blair began to gather at the Queen, till Queen street was pretty well blocked with carriages when a move was made towards the railway station. Here a very large crowd had gathered, and when the whistle of the approaching train was heard the bands struck up a lively tune.

Mr. Blair took a seat in a barouche drawn by four white horses. The various bands then fell into line, the following being the order of procession with pairs and singles:

- D J Stockford, marshal
- Infantry school band
- Officers of the school
- Barouche with attorney general Blair and sheriff Sterling
- Fredericton brass band
- Members of government
- City marshal Roberts
- John Inches
- A G Blair, J P
- F P Thompson
- Ald Macmillan
- F B Edgcombe
- Dr. Coulthard
- Dr. Currie
- John Anderson, M P P
- Norman Edgcombe
- D F George
- W E Edgcombe
- G T Whelpley
- Thos Colter, M P P
- Wm Edgcombe
- Robert Barker
- Rich Boone
- J D Hutton

- Joe Farrell
- W P Whitehead
- W P Flewelling
- Alfred Haines
- Dr. McLean
- Seary

- Wm Edgcombe
- Geo Hughes
- Wm Wilson, M P P
- Willie Heron
- John Richards
- Wm Lemont
- Hedley Edgcombe

and upwards of fifty others, the procession being swelled at each corner by the accession of teams. When York street was traversed and the turn made down Queen, that thoroughfare was lined on each side with pedestrians so that the street was a mass of people and moving carriages. At P. B. Edgcombe's a fine display of bunting was strung across the street and his magnificent double store was a cynosure to which the eyes of all were turned.

Down Queen the line of march was made, bunting and flags meeting the eye at every turn from flagstaffs and windows, the display at the Queen hotel being especially striking; the sidewalks thronged with citizens and people from the country who had come to do honor to the premier of the province, a man whose speeches in the old country they have read with so much enthusiasm. He had done honor there to the land and people of his birth, now it was the turn of his people and the citizens among whom his life had passed to show him all respect and a cordial welcome home. Parliament square was reached, the steps of the legislative building being a mass of people, all the available space being thronged. When order had been restored a round of cheers went up for the hon. A. G. Blair, cheers that told the waiting multitude that the man whom the province had called to the highest position in her gift, has a mighty grasp upon the hearts of the citizens of the celestial city.

The following address was then read by Sheriff Sterling:

To the Honorable A. G. Blair, Q.C., Premier and Attorney General of New Brunswick:

Sir—Your friends in this city and vicinity take this cordial welcome on your return home from your visit to the mother country, and to congratulate you and the province upon the success of your mission.

The fact that business of a provincial nature called you to England, caused the result of your mission to be watched with interest by the people of the province generally, and the successful termination of the Maritime bank case before the privy council, emphasizes the fact that since this province has had a political existence it has always produced men equal to the task of looking after its interests, both in the local and federal parliaments, and before the highest tribunals in the realm.

Your decision to unite pleasure with business has afforded you the opportunity of observing the operation of those institutions in the motherland, of which ours are copies; of judging of the condition of its people and of meeting representative men from almost every portion of the empire there on political and legal errands.

Consider the ravages of cholera and the speed with which it is sweeping over Europe it would be wise should our health officers take steps to guard against its entrance to this country. We are threatened with an epidemic of measles and diphtheria, and perhaps may suffer seriously. Should it be the means of carrying off our officers, especially to our county councillors, that health boards are necessary, are indispensable, the suffering may not be in vain. At present no steps are being taken to isolate the cases or prevent the spread of the contagion. It will be too late when the damage is done. Just now these diseases are confined to the Indians of St. Marys and Kingsclear, and no case is reported from this city. It is well, therefore to heed the warning and to take steps to hold these diseases in check.

The King's county election court on Tuesday dismissed the petition and the hon. Mr. Foster may now be said to be confirmed in his seat. The plea was that the election court had no jurisdiction in the case.

AROUND THE WORLD.

The Week's Events in Brief—The Ocean of Cook.

Frank C. Almy, the murderer of Christie Warden at Hanover, N. H., in July of last year, is to hang.

He never too late to wed. Mr. Wm. Webb, of London, Ont., in his 88th year, has just been married to Mrs. Way, aged 46, of the same city.

It is said to be probable that a movement will be inaugurated before long at Toronto, looking towards the abolition of separate schools in that province.

The Truro Sun says: Mr. John Suckling has shown us a new variety of cucumbers, called "Robinson's Telegraph." It is 1 1/2 inches long, 7/8 in circumference, and was grown in a greenhouse.

The Allan steamer Newfoundland has sailed from Montreal with goods valued at \$25,000 for the St. John sufferers. Some five thousand dollars more will be sent in cash in addition to the five thousand cashed some weeks ago.

The verdict in the Alice Mitchell murder case, in Memphis, Tenn., full account of which was given in THE HERALD last week was rendered as follows:—We, the jury, find the defendant insane and we believe it would be dangerous to the community to set her at liberty.

Since Queen Victoria came to the throne there have been 16 presidents of the United States, all of whom except three are dead. Of the three surviving, two are at present in nomination for second terms, Mr. Harrison and Cleveland, and the other survivor is Rutherford B. Hayes.

An infant about three weeks old was found lying on a doorstep on Paradise Row, St. John Monday night by the police. The child, which was contentedly taking nourishment from a feeding bottle, had evidently been left to take its chances by a heartless mother. The infant was taken to the Alms house.

Five Russians captured by Afghan troops at Calcutta among the rebellious Hazaras have been sent in chains to Cabul. The Hazara rebellion is assuming formidable proportions. The discovery of the Russians among the insurgents is regarded as conclusive proof that Russia is instigating the Hazaras to rebellion.

Mr. Gladstone, in the circular to his parliamentary supporters, issued Monday, exhorted them to attend the election for speaker of the house of commons on Thursday, and especially impressed upon them the necessity of being present on Monday next, when the address is moved in reply to the speech from the throne.

John Armstrong of Woodstock, has a curiosity; his Jersey heifer dropped a calf Sunday morning, perfectly formed except the left leg and foot. The leg is deformed; it has one natural foot and proceeding from the ankle another foot with long claws, and in all five toes on this leg. Otherwise the calf seems perfectly healthy and smart.

C. P. R. engine, No. 512, on train No. 8, made a fast run on Tuesday, between McAdam and St. Stephen. Including two stops of five minutes each, at Watt Junction and Moore's mill, she covered the distance of thirty-four miles in forty-five minutes. The engine was driven by Geo. Abrams and Conductor Henderson was in charge of the train.

A petition has been granted against the return of Arthur Balfour, First Lord of the Treasury and Conservative leader in the House of Commons, to London, as member of Parliament from East Manchester, on the ground that his election was obtained by bribery and illegal voting, by the wholesale treating of voters and the hiring of vehicles to carry them to the polls.

Bad Rix, a farm hand 22 years old, living at Husted, Ohio, has been the victim for the last month of severe stomach trouble. He was subject to frequent cramps, and he declared that there was some kind of an animal inside of him, and he was right, for he has since had fits of vomiting, during which a small frog was expelled. He thinks he swallowed it while drinking from a spring in the hay field.

The petition against the return of Mr. Foster came up at Hampton Tuesday before Judges Tuck and Fraser. A few witnesses in support of the petition were called, when the defence objected on the ground that as the provincial court had decided that the election court had no jurisdiction the case could not be proceeded with. This contention was sustained, and the petition was dismissed. There will probably be an appeal to Ottawa.

A reward of \$750—\$500 by the provincial government, and the balance by the city council of Moncton, is offered for the arrest of the desperado known as "Jim," and who was concerned in the murder of Officer Steadman at Moncton on the 1st of June. The man is described as being probably thirty years of age, about five feet seven inches in height, of dark complexion, dressed in black clothes, dark shirt, necktie with black spots, and having whiskers of three or four weeks growth.

Three desperate thugs, supposed to be part of the gang that has been terrorizing the provinces during the past month, were arrested at Truro Tuesday night. One of them drew a revolver and attempted to shoot the policeman.

Suggestion for a Summer Trip

If you wish to take the trip of a lifetime, purchase the low rate excursion tickets sold by the Northern Pacific Railroad and Canada via the Northern Pacific Railroad to Yellowstone National Park, Pacific coast and Alaska.

The scenery en route is the most magnificent to be found in the seven states through which the road passes. Beautiful mountains, rivers, valleys, lakes and plains follow each other in rapid succession to delight the tourist, who will also find interest in the agricultural, mining, lumbering, industrial and other interests associated with the development of the great Northwest.

The crowning glory of the trip through the Northwest, however, is the visit to Yellowstone Park, the land of hot springs, geysers and gorgeous canyons, and to Alaska with its endless ocean channels, snow-capped peaks, Indian villages and giant glaciers.

If you wish to investigate this suggestion, send a card to Charles S. Fox, General Passenger Agent, N. P. R. R., St. Paul, Minn., for copies of the handsome illustrated "Wonderland" book, Yellowstone Park and Alaska folders.
