

LOCAL NEWS.

DEDICATE.—The new Baptist church at Maryville will be dedicated on Sunday, the 14th inst.

ON THE ROAD.—John H. Taber, the popular candy man, has sold out his business and has gone on the road.

GOES HOME.—Lute Craig, who was at the hospital suffering amputation of an arm on account of having been bitten by a horse returned home Wednesday.

NORMAL SCHOOL.—Examinations for admission into the French department of the Normal school, took place on Monday. There were twenty-three applicants.

APPOINTED.—Policeman Paul Phillips has been appointed to be sergeant of the force in this city, sergeant Valentine becoming customs officer in place of James Carr, resigned.

NEW POST OFFICE.—A new post office near the Sugar Island boom has been opened. It will accommodate the boom men especially. Joseph Hawkins will be postmaster.

BASEBALL.—The Irish literary and benevolent society of St. John will run an excursion to this city on Monday next. They will gather at pine park for a base ball match.

A TRICK.—On Tuesday afternoon, a little child of Michael Hartney fell out of a second story window on Regent street. She was not injured besides a good fright and general shaking up.

FURTHER POSTPONED.—If report is to be credited, the David Weston will resume her trips on the river, beginning the 12th inst. she is just as likely to reach here Christmas day as the 18th of August.

INHALE.—On Tuesday a man named Johnson, working in the hay field near Murray at Kingsclear, became deranged. It is thought to be on account of the excessive heat. He is recovering.

OLD RESIDENT ILL.—Capt. Hammond, well known to most of our readers, is lying very ill at his home at Kingsclear and his friends are doubtful of his recovery. His illness is the result of a heavy cold.

A SUCCESSOR.—A successor to the rev. Father Chastillon in the incumbency of St. Dunstan's church, this city, has been appointed in the person of rev. Father Savage. The rev. Father will be warmly welcomed.

THE WATER WITCH.—The Nackawick water witch made a successful trip to the river on Wednesday, reaching the city about eight o'clock. She received about as big a welcome as would an Allen liner reaching St. John.

CLOSING CALL.—Harry Maxwell, working at the N. B. Foundry got caught by a drilling machine on Monday, and made a very narrow escape from accident. As it was his arm is severely lacerated. Had the machine not been stopped when it was the arm would have been torn off.

A NOVEL CHASE.—Among the many mishaps that spring into being, on account of the meagre river accommodation, the most novel is one made of empty oil casks which a citizen floated on Saturday. The casks were decked over and covered by a tent, that besides giving shelter also acted as a sail.

NO BARRIER.—All the mails for the east side of the river now go to Keewick by train. Ten miles travel each way are thus cut from the route of Mr. Urquhart, the mail carrier; the mail that by the old system would reach this city in the evening now being held over at Keewick, thus losing a day. The advantage is not apparent.

B. AND A. RAILWAY.—A gentleman who has lately returned from Houston speaks of the great activity being displayed in the work of contracting for the construction of the Bangor and Aroostook road. He says that men are present from all parts of the United States looking for jobs. He believes the road will link Houston.

RETURNING.—Gov. Russell and party of Massachusetts, returned to this city from the Miramichi fishing grounds on Monday, after having a very successful outing. They have over a hundred salmon and grills to their credit. They report themselves well pleased with this city and especially delighted with the Miramichi.

LAW TEST.—Fishery inspector Orr, a short time since made a seizure of some twenty-six salmon nets on the upper St. John. The owners of the nets have decided to enter an action through Mr. Fisher of Woodstock, and an amount of \$200 has been subscribed for the purpose. The object is to test the validity of the law.

CHIMNEY SITES.—One of the best places for the construction and operation of a creamery or butter factory is at Eel River. There is a first class water power, with good spring water and sufficient cows can be got readily. The prominent farmers are considering the advisability of erecting a factory and it is expected that one will be put up.

DRIVING RACES.—Chas. promises a series of horse races on the 15th and 16th, \$500 has also been hung up for competition by the horse companies of Maine and New Brunswick. Our horsemen and firmers are talking seriously of taking in these sports and an excursion will likely be arranged.

FRONT.—The F. C. Baptist sabbath school picnic, connected with the church in this city was held on the grounds of Dr. Henry, formerly O'Malley's, on Monday. Wheeler's bus with the popular Joe holding the ribbons bore the little ones away from the dust of the city to a pleasant day in the green fields. A very pleasant time was the result although the rain interfered slightly with arrangements.

CITY COUNCIL.—The regular monthly meeting of the city council took place on Tuesday evening with all the members present excepting Ald. Macpherson. Several important questions were discussed, such as the debt of St. John's relief fund and the Deak Settlement road, nothing important was discussed. Most of the discussions now take place in committee and are kept from the general public, which is perhaps as well.

MAKING THE W.—A touring party, consisting of W. W. Allen and Le B. Robertson, of St. John, and Busby Allen and Dr. Hardy, of New York, reached this city on Thursday evening. The latter made the trip from New York by the Richelieu St. Lawrence and St. John, the former meeting them at Edmundston. They report a rather escape at the Tobique rapids, where having taken the wrong channel they were almost submerged.

NEW BATTERY CHURCH.—A new Baptist church was organized by Rev. Messrs. B. H. Thomas, Isaiah Wallace and J. W. S. Young, at Dow Settlement, York Co., on the evening of July 28th. The new organization starts with a membership of 14. Harry S. Shaw, Berwick, is the pastor, and it was largely the result of his energetic labors that the new church was gathered. Mr. Shaw is a graduate of Acadia college, of the class of '88.

STRONG TESTIMONY.—Ass Dow, of Canterbury, than whom no man has a better knowledge of roads and roads after especially in this province, said after taking a drive on the Dow Settlement road lately made by Coun. Jamieson with his own machine, that it was the best job he had ever seen done; that the machine was a success in every respect, work, cost and quickness. This is especially strong testimony coming from a man who has taken an active part in road affairs for forty years.

FINE TIME AT THE RINK.

The Very Successful Sports and Social at Maryville.

The sports at Maryville on Thursday evening last drew out a larger crowd than has for months met in the skating rink. That building had been handsomely decorated for the occasion which, with the very beautiful costumes of the ladies, made a pleasing picture indeed.

The first event on the program was a bicycle race which, on account of the rink floor being covered with sawdust, took place on the highway, the course being from the Methodist church down a quarter of a mile and return. There were three competitors: Wm. Crowe, Barry Atherton and Brun Lemont. Mr. Macpherson, of Maryville, acted as starter, while Geo. Gifford stood at the turn. There was a good burst of speed, the race being won in 1:25; the men coming in in the following order: Atherton, Lemont and Crowe.

Then all repaired to the rink where a refreshment table was laid out by the Misses Stella Clayton, Alma Gibson, James Robinson, Bessie Gibson and others proved very attractive indeed.

Down at the south end the Dolly Varden refreshment table was the public and received a most enthusiastic reception. We cannot at this time give a description but the "family" has the right snap to make it go.

The boys half mile race brought out Jas. Lee, John Markey and Joe Chapman. Lee held to the sixth lap, when he fell out leaving the race to Chapman.

The sack race was won by Albert Davern, defeating Amos Lee, John Markey and Wm. Estabrook.

In the high kick, H. McLeod, of Fredericton, and C. Clayton tied at 7 feet 11 inches. This was a very good work, considering that it was done on a sawdust floor.

The three-legged race was contested by the following pairs: R. Walker, T. Snider, F. Robinson, H. Gibson; E. Millican, E. Walker, J. C. White, A. Davern, W. Estabrook; Tufts, Stevenson; Wheeler, Lee. Owing to the numerous competitors two races were made of it, Markey—White and Wheeler—Lee being the winners.

The fat man's race was won by policeman Barker, defeating T. Morrison and Joe Robinson. This heat was not satisfactory and Morrison and Robinson want it contested again.

H. McLeod, W. Gosman and E. Staples contested in the broad jump; McLeod being the winner in 11 feet 3/4 inches.

A half mile running race took place between Good, Seymour, Walker, Tompkins and Snider; Good winning hands down.

The tug of war which concluded the sports, was between the cotton mill and the fishermen, Geo. Gifford and Alf. Barker being the respective anchors. Gifford's team was too heavy for their opponents and won in forty-eight minutes.

The fireworks were much enjoyed by all and made a fitting conclusion to a very pleasant entertainment. Quite a number attended from Fredericton.

Equity Court.

The chief justice presided at the monthly sitting of the equity court Tuesday. In the case of Porter v. Meahan et al, his honor gave judgment in favor of the plaintiff and ordered foreclosure for the amount claimed.

McGoulligan v. Dickenson.—In this case an injunction had been granted to restrain the execution of a writ of habere facias possessionem under an agreement to purchase, and file a bill for specific performance. Mr. Jordan, Q. C., moved to dissolve the injunction. Mr. Vanwart, Q. C., contra, said that Dickenson v. McGoulligan.—In this case an injunction was granted to restrain the cutting of grass on the property in dispute. Mr. Vanwart, Q. C., moved to dissolve the injunction, and Mr. Jordan, Q. C., contra; court orders.

Beats of Union.

All the churches, especially of the F. C. Baptist denomination, are discussing the basis, formulated as the groundwork of union between the F. C. and Baptist churches of Canada. A vote was taken at the F. C. church on Thursday evening when the great majority were against the union. Maryville F. C. church voted against the union on Friday evening.

The chief argument against the adoption of the basis is that those who oppose it will eventually drift into the reformed Baptist church, thus lessening the power of the two old churches without any advantage to either. The young people of the union, the older members are invariably against it. It may be said in favor of union that the church would be very strong, in fact be the ruling church in New Brunswick.

Coal in York County.

Nothing daunted by the mishaps of last year, Mr. Glendenning, postmaster at Harvey Station, is still actively engaged in searching for coal. Last season he found traces of this mineral but too far from the railway to suit his purposes. He has a better prospect than ever before, and we cannot say how soon coal will be extensively mined in the county. The borings are about a quarter of a mile from the track on Patrick Maloney's farm. Nothing has as yet been done at the Tracy mines, though the coal sent from there to Boston last fall was declared by some to be excellent.

All the land lying in the neighborhood of the Oronotico and its lakes, gives traces of coal, but as yet no quantity has been found in profitable shape for mining.

P. W. Railway.

The survey party are to-day nearing the vicinity of T. Fraser's store and will, by Saturday next, reach Long's Creek, about eighteen miles from this city. All the way into the Woodstock down the road has been located between the highway and the river, excepting at Pokok where it strikes the highway at the bridge and follows the highway for about one hundred yards. The flag is being set along the road following the high banks. The surveyors report that operations will soon commence. It is said that the proposed location will follow the line of Long's Creek, striking the river again at Springhill, but this is disputed.

At the Churches.—Rev. W. H. G. Temple, of Boston, occupied the pulpit of the Methodist church on Sunday evening last. The morning service was by Mr. Tennant, a nephew of M. Tennant of this city. Both services were much appreciated. The pulpit of St. Paul's was occupied in the morning by Mr. Wagstaff, of the B. and F. Bible society. He officiated at the F. C. Baptist church in the evening. Rev. Mr. and Mrs. Archibald, returned missionaries, had many enthusiastic hearers at the Baptist church. Rev. Mr. Weddall has returned from vacation.

EDUCATION.—As an instance of the enterprise and endurance of foreigners, it may be stated that two female Arab peddlers walked from Fern hill, lower Springhill, to Lawrence's hall, upper Prince William, a distance of thirty five miles, on Wednesday. The feat will be thought a good one when it is considered that they had to visit each house, and take time for their meals.

HAYING.—Fred Moore, of Canterbury, farms on a large scale. In one day last week he put forty-five tons of hay into the barn. He had four teams of horses and two six foot mowers, putting on the horses two hours alternately. His crew of thirty hands camped in the field and were thus ready for work at once. He will this year cut some hundreds of tons of hay.

FISHING PARTY.—Ald. Walker, Jas. R. Fournier, Mr. and Mrs. Fleming and John Harvey returned Monday from a week's visit to the Nashwaak narrows. They brought a fish hawk home with them, with a wing, spread of six feet.

SUMMER SCHOOL.

Science Classes Begin Work on Monday.

At the Centennial school on Monday evening last the sixth session of the summer school of science for the Atlantic provinces convened. Mayor Peters presided.

Dr. J. C. Macpherson, superintendent of education, Hon. J. W. Longly of Halifax, Mr. Justice King, J. V. Ellis and Geo. U. Hay, president of the school, occupied seats on the platform. Dr. Inch spoke as follows: He said St. John always made visitors feel at home, particularly when they were interested in educational matters. After attending to the number of meetings in the cause of education held there within the past few years, he said he hoped they would never be the welcome. A very high opinion prevailed here with regard to the teaching profession, and this was the case all over the world, the leading men of the church and state showing in an unmistakable way their appreciation of the teacher. He hoped this school would be numerously attended, so as to show that the teachers were prepared to fulfill their duty and means to render themselves more worthy of their high calling. The teacher who did not study up with his books and shut him self up with the things about him was in danger of becoming a bad teacher. He was pleased to find by the prospectus that no narrow conception governed its motives. Not only was the whole circle of the natural sciences embraced, but it took in many other things. He was pleased to find that the danger of losing the comprehensiveness of education, and then pointing out what teachers would investigate for the benefit of the pupils who were under them. Men now had a higher regard for the teacher without paying less attention to the spirit within.

On Thursday evening at the residence of the bride's mother at Maryville, Miss Hattie Tufts and Edward White were married by the Rev. W. W. Lodge, pastor of the Methodist church. Miss Martha Tufts, sister of the bride and Fred Sprague supported the happy couple in the trying ordeal. Only immediate relatives were present. They have the best wishes of all.

On Monday, August 1st, by the Rev. W. McDonald, Miss Francis Scott, youngest daughter of Geo. Scott, of Hammond, N. B., and Frederick Kelley, son of John Kelley of Kingsclear were married. The contracting parties drove to Fredericton, where the ceremony was performed, after which they returned home, and a reception was held which only friends and relatives attended. The boys held forth with their chivalrous instruments.

PERSONAL.

Concerning People Known to Most Readers.

John Pithblado has gone to Halifax. Mr. A. Murphy is visiting friends here.

Miss Jennie Turner, who has been in Fredericton for some time, is on a visit to his relatives and friends in Fredericton. Mr. Bart is engaged in the grocery business in New York state, but disposing of some real estate to make St. Paul, Minn., his future home.

Albert Segge, one of the well known residents of King street died after a short illness on Sunday last, the 31st ult. The funeral took place on Tuesday afternoon and was largely attended, the Rev. Mr. Payson officiating.

Mr. W. B. Phair and family are rustating at Skiff lake.

Rev. W. McDonald has gone to Nova Scotia for a month's vacation.

Herbert G. Vavasour, brother of Ed. Vavasour, of the post office department, after an absence of a number of years, is home on a visit. Mr. Vavasour purchased the tickets on the Southern Pacific railway running from Tucson, Arizona.

Charles Burts, son of the late Stephen Burts, formerly of St. Mary, after an absence of some years, is on a visit to his relatives and friends in Fredericton. Mr. Burts has been engaged in the grocery business in New York state, but disposing of some real estate to make St. Paul, Minn., his future home.

WORLD IN PAY.—It has been said that the country are not only getting civilized, but are becoming as much if not more so than their white brethren. On the reserve at French Village the Indians will furnish the mowing machine and then lie in the shade while the white man cuts the grass.

A NEW HAT.—A shining new beaver hat is all the office for the man who can prove that his hat is not only getting civilized, but is becoming as much if not more so than their white brethren. On the reserve at French Village the Indians will furnish the mowing machine and then lie in the shade while the white man cuts the grass.

THE WRECK COOP.—All along the river between the city and Woodstock, the fields of wheat are about ripe, and the crop will be a good one, perhaps the best for years. A heavy frost will be taken to find out whether it can be or not. It would appear as though the county law is as strong as that of the city and a nice test case will likely follow.

AMNIBARY.—Thursday afternoon last was the thirty-second anniversary of the Prince of Wales' ship to this city. The present provincial auditor, Jas. R. Bee', was then mayor, and presented an address of welcome from the city. The county address was presented by William Whitehead, then county warden. The P. M. Band furnished the music.

EXHIBITION TIME.—In connection with the exhibition to be held in this city at the autumn, some very fine horse racing events are promised. The park association have the matter under consideration and prizes will be offered which will bring to this city the best trotting blood of Maine, Nova Scotia and the Island province.

WORLD IN PAY.—It has been said that the country are not only getting civilized, but are becoming as much if not more so than their white brethren. On the reserve at French Village the Indians will furnish the mowing machine and then lie in the shade while the white man cuts the grass.

FOR BETTER OR WORSE.

HAPPY BRIDES who have the Herald's Best Wishes.

At Vancouver, Albert Law, head clerk in the hotel at that place, and Miss May Hogg entered the sea of matrimonial bliss, on Saturday. They have hosts of friends who wish them plain sailing and few breezes.

Bedford, of Geary, Sunbury Co., and Miss McKnight of New Maryland, were on Tuesday 2nd inst., married by the Rev. Mr. Alexander. A sumptuous wedding supper was spread at Long's hotel, where the friends of both parties were seated and officiating clergyman enjoyed themselves.

A pleasant wedding took place in this city on Wednesday morning last, when Miss Addie J. Freeman, daughter of E. C. Freeman, of Geary, Sunbury Co., and Mr. Wm. Kinghorn, of Nashwaak, officiated. After the ceremony the bridal party took the train for their future home.

On Wednesday the 3rd inst., the Rev. Mr. Weddall, celebrated the marriage of C. F. Chestnut, druggist of this city and Miss Mary Morley, eldest daughter of the late Thomas H. Hogg. This marriage is a society event as both parties are held in much esteem in their respective circles. The Herald extends congratulations.

The Boston Herald of Wednesday last, says: "A very quiet wedding took place at the home of the bride's aunt, Mrs. F. Doane, 133 Stratford street E. Boston, when Herbert H. Grant of Fredericton, was married by Rev. L. B. Bates, to Miss Florence E. Hunt, daughter of Mrs. Ella Hunt, of Cape Cod."

On Thursday evening at the residence of the bride's mother at Maryville, Miss Hattie Tufts and Edward White were married by the Rev. W. W. Lodge, pastor of the Methodist church. Miss Martha Tufts, sister of the bride and Fred Sprague supported the happy couple in the trying ordeal. Only immediate relatives were present. They have the best wishes of all.

On Monday, August 1st, by the Rev. W. McDonald, Miss Francis Scott, youngest daughter of Geo. Scott, of Hammond, N. B., and Frederick Kelley, son of John Kelley of Kingsclear were married. The contracting parties drove to Fredericton, where the ceremony was performed, after which they returned home, and a reception was held which only friends and relatives attended.
