

LOCAL NEWS.

VERY HOT.—Tuesday was the warmest day of the season, the mercury showing ninety degrees.

PROHIBITION.—The prohibition commission will meet here on August 13th and 15th to hear evidence respecting the liquor traffic.

THEIR NEW HOME.—Charles Hill, wife and family of Pokio, visited their new home at Nashvankas, the Thompson farm, on Thursday.

YACHT RACE.—The schooner, Annie Olive, loaded here this week that were seen by Donald Fraser at his River DuChate mill.

FAST WORK.—One of our speedy bicyclists made the trip from this city to Marysville, three miles, in eighteen minutes. This included crossing the bridge.

HURT BY A HORSE.—Mrs. Hayward of Waukegan was severely hurt by a horse jumping on her one day last week. She was trying to prevent a horse from getting into a field.

NASTY WOUND.—Thomas Cox met with a painful accident while working at Peter's mill on Thursday. A peevish pig ran through his foot and Dr. Seery had to be called to attend.

FOR REPAIRS.—Rev. Father Korman received \$120 from his congregation at Stanley for repairs to the church at that place. The work is now being done. His people don't wait for a picnic but pay right up.

CITY WORK.—Road master McKay has made a very neat piece of road out to the railway station. Pipe laying has been going on on Victoria and Bowery lanes and will be completed in about a fortnight.

USERS.—Mayor Beckwith was thrown from his carriage on Wednesday evening. His horse taking fright at the gyrations being below town. He was not seriously injured. The buggy has had to be sent up for repairs.

LIKE A FATHER TO THEM.—The Indians of St. Marys have erected a flag staff in the centre of their tepees through the kindness of Indian agent Farrell. He is kind to them and they show him a great deal of respect.

GOOD AS NEW.—A double seated top buggy is almost indispensable to a well regulated family nowadays. The new one built in thorough repair may be had by applying to F. I. Morrison, Queen street. Terms reasonable and made suitable.

OXE OF OURS.—Fred Hat, of this city, made a good showing at the Moncton bicycle races on the 12th, being second; first having been taken by Jack Kirkpatrick, of St. John. Our boys generally hold their own whenever matched.

CROPS.—Crop prospects on the highlands are fine, in fact the yield of this year will be superior to that of any former period during the past ten years. The intervals do not promise much, perhaps on account of the cold spring and too much rain.

ESCAPED LUNATIC.—Mrs. Rosa Griffin, who was being taken to the lunatic asylum at St. John, escaped on Tuesday while waiting for the train at Cross Creek station of the C. E. R. She hid in the bushes most of the day and was found in the evening on her way home.

ICE CREAM.—On Monday evening the ladies of the F. C. Baptist church held a very pleasant social at their church vestry. Ice cream, strawberries, etc. were in profusion and the ladies saw that every one had a share. Rev. Mr. Hartley was present and took an active part.

THE RIVER BOATS.—A promise has been made that the David Weston will be put on between this city and St. John next week, while the Soulanges will come on in August. Many appear to be doubtful, but it is hoped for the benefit of the city that the boats will be put on.

SCALDED.—Thos. Clarkson, of Stanley, is laid up, the result of a severe scalding. A fellow workman in the camp threw a bucket of boiling water over him in a spirit of mischief burning his arm and body pretty severely. It was thought that the tea was cold and no harm was intended.

BRIDGE BUILDING.—John Petty, esq., has about completed the repairs of the Garden creek bridge at Acton on the old St. Andrews road. This bridge was built by Mr. Hood of that place twenty-eight years since and will with these repairs be good for five years longer at least.

R. T. OF T.—The general council, R. T. of T., of the maritime provinces held a session at Zionsville on the 13th. There were 22 delegates present. The report of the grand council showed an increase of 14 new councils with 500 new members during the year. Quite a number attended from this city.

POOR RESULTS.—The Southampton packet, the little tow-boat steamer built to ply between this city and Southampton, did not make a very successful trip. She had to be hauled by a horse through the Bear Island rapids and did not go above Nackawick. She is now above the water works undergoing repairs.

IT WAS MUD.—He was out sporting in a new birch canoe on Thursday afternoon and took a cold bath all of a sudden. A dug out rushed to the rescue and helped the youth from a wet bath. We don't give his name, but one of the boys on the wharf said it would have been "mud" if the rescue party had not gone to him.

ROOSTOOK AHEAD.—Dunham L. Kelly, of Stanley, who has paid a two weeks visit to Carleton and Aroostook counties, returned on Wednesday. He reports himself well pleased with that part of the country and says that although Stanley is a fine farming parish, yet Carleton and Aroostook counties are far ahead of it in everything.

HE CAN DO IT.—Capt. Coombs, of Gibson, is receiving much credit from the Stanley people for the very fine roads he has made with the road machine. No fault can be found with them except that they are so enticing that the boys steal out the horses and give them a spin over the new roads. Capt. Coombs can build a road and quote an amount of it, so Williamsburg people say.

AT SPRINGHILL.—The W. A. picnic under the auspices of the C. of E. held at Springhill on Mr. Sewell's farm Tuesday last was much enjoyed. Mr. Sewell took an active hand in the sports. Wheeler's bus had a load of picnickers from town and many went by private conveyance. The proceeds amounted to a little over twenty-five dollars. Those who wished enjoyed a dance at the hotel this ending a very pleasant day.

STILL FLOURISHING.—Stanley Village appears to be having a new lease of life. Harry Turnbull is getting his new hotel well under way and a new house is going up on the side of the hill almost opposite the grange. The mill is busy and Andy Douglas and the grange have all they can attend to. The old house that has stood since Stanley was first planned is being renovated and promised to be good for fifty years to come.

PRESENTATION.—The Rev. Mr. Chapman, pastor of the Marysville Methodist Church was on Wednesday evening made the recipient of a handsome set of Dickens' works richly bound, also a gold pen accompanied by an address read by Miss Miles. The presentation was made through the Epworth league. The reverend gentleman has done much to forward the work of the church and has made many friends especially among the young people.

THE GLORIOUS TWELFTH.

How the Day Was Celebrated.

The Orangemen and friends turned out in force and the train from this city was well filled. A large addition was made at Marysville, while all along the route detachments of different sizes joined the main guard. The C. E. R. had all arrangements made for the comfort and safety of the excursionists and landed them at Chatham well within the schedule time. Here they were taken in charge by the I. C. R. officials and whirled at rapid speed, sometimes a mile per minute till Moncton was reached.

By the praise bestowed upon the Moncton people the intensity must have been well used. The Marysville band, which had gone with the excursionists, here met with the other bands and Moncton had more music than is generally the case, some five bands in all. The procession was a large one. After parading the principal streets, with sixteen banners floating, the men were drawn up in rank and were addressed by the mayor and several prominent citizens. After disbanded the majority repaired to the park where a series of bicycle races took place, the old men repairing to the hotels where again they walked over the route of former processions and fought the battle of the flag.

By five o'clock, just twenty-four hours from the time they started, the excursionists returned, tired and sleepy, but much pleased with their trip. The procession was the only event that marred the day was the death of an old man, James Hunter. While the procession was marching he fell in the ranks, on the railway track, striking his head on one of the rails and was dead when picked up. A physician pronounced it heart disease.

At Fredericton Junction the 12th of July was celebrated in honor of the glorious and immortal William III., and passed quietly and pleasantly away. The members of the Sunbury L. O. L., No. 145, met at the agricultural hall at 10 o'clock, a. m., and a profitable session was enjoyed. At 11:30 o'clock they adjourned for dinner. They marched to the hotel of brother James Patterson, where they partook of a beautiful repast worthy of the amiable hostess, Mrs. Patterson. At 3 o'clock, p. m., they again met in the hall, and spent the time until 5 o'clock in a most sociable and agreeable way.

The order of the day at that hour was a public parade, which did credit to the noble and loyal boys of 145, some of them, 'tis true, being somewhat past their teens. From parade they repaired again to the house of brother Patterson, where they were served with an excellent tea. They wish to express their kindest thanks to both brother Patterson and Mrs. Patterson for the courteous and hospitable treatment received. At 7:30 they again met at the hall in a public meeting to listen to a profitable and interesting lecture by the Rev. G. W. Foster, W. M. of 145. Subject: "Orangeism and its relation to the world."

The rev. brother was greeted by a full house and was listened to with rapt attention. He was also tendered with a handsome collection at the close. Speeches were made by Rev. Mr. Estabrook and county master D. L. Duplessis, chairman of the meeting. After singing God Save the Queen the Orangemen and friends dispersed, feeling that they had spent an enjoyable day. One good old Orange veteran said, "He had attended thirty-five 12th of July and this was the best he had ever seen."

There was a grand parade and dinner at Keewick under the auspices of Anderson lodge, No. 23. The proceedings passed off very pleasantly and there was a good attendance. For the 22nd. A meeting of the park association took place on Tuesday evening when it was decided to have a grand evening of sports on the track beneath the electric light. Friday, the 22nd inst., has been appointed the day, and already arrangements are being made for some striking events. The track will be lighted by electric light so that the races may be seen as plainly as in daylight. The evening's entertainment will open with a grand parade of four in hand, tandems, pairs and singles. The program of races will be as follows: Pneumatic, cushion tired and safety bicycles, half-mile race for the first and second, a mile for the latter. Two races, half-mile heats, bet 3 in 5 for local horses. A hand will be in attendance and there will be dancing on the green. A good time is promised.

The Assessment. All the boys are having more or less argument over the assessment and the amount of taxes which they have to pay. It is the opinion of all that this city is too highly taxed but it must be taken into consideration that the residents of Fredericton have many luxuries and all the necessities of life and they must pay for what they get. Some may say that we can get along with less expense and perhaps we can but we cannot enjoy all the privileges without footing up the cost. Some think that it will be well to reduce the proposed grant to the St. John's relief fund by five hundred dollars at least while others speak of a still lower gift. We have nothing to say in this matter, it rests with the city council to vote what they please but they must bear in mind that many of the poor of this city pay into the fund that goes to Newfoundland and should vote accordingly.

He Will Catch It. A Fredericton tramp who enjoyed the hospitality of Marysville for a few days and was accorded the best of treatment thought fit in a mean, sneaking manner to vilify the people of that town, especially the owners, by an article in one of the city papers under the title of Marysville's bad boy. The article was not only contemptible but showed between the lines the profile and real hair of the professional tramp who wrote it. He went to the town hall and humbly begged for work and no sooner had he been well fed than he like a snake he turns on his benefactors. The boys are after him however and say that there won't be enough of him left to gress a rag.

St. John Relief Fund. A meeting was called by Mayor Beckwith at the city hall on Wednesday afternoon and was not so well attended as it should have been although most of the highest rate payers of the city were present. Among others were Sir J. Allen, Geo. F. Emery, F. B. Edgewood, J. J. Weddall, T. C. Allen, Dr. McLeod, Jas. S. Neill, G. F. Fisher, Judge Fraser, E. B. Winslow, A. Lottimer, and C. A. Simpson. Judge Fraser moved, seconded by Sir J. C. Allen that the city contribute to the St. John's N. F. relief fund \$1,500 outside of all voluntary subscriptions. It was also decided to have a meeting on Monday night next for further consideration of the matter.

McNally's Ferry. The ferry at Kingsclear, run or not, by Alanson McNally, comes in for a vast amount of abuse. We do not know the circumstances of the case further than that there is a continual round of complaint about the ferry accommodations at that place. It would be better to drop the business altogether as to have it in such a way that a person does not know whether he is going to get across or not. We have received a long communication respecting this ferry which contains very little news and for which we have not space.

The Government. The Montreal Star of a recent issue devotes considerable space to the lieutenant governorship of New Brunswick. It speaks of Hon. Peter Mitchell as a man well fitted for the position and that the feeling appears to be that he will be the next to occupy the gubernatorial chair. We are of the same opinion and think that the people of central New Brunswick will hail with cordial sympathy the Hon. Sir S. L. Tilley.

DEATH'S BOINGS.

The Funeral Held in Many Homes.

Mr. William Currie died at his residence, Orontoco, on Thursday morning. He had been ill for some time and his death was not unexpected. Deceased leaves a son and two daughters. Mrs. S. J. Parsons, of Benton, a lady much beloved by all, died at that place on Tuesday last after a few weeks illness of inflammation of the lungs. The interment took place at Woodstock, the Rev. Mr. Page officiating.

Her relatives at Marysville received word Thursday of the death of Lynn, Mass., of Miss Lucy, daughter of the late Patrick Walker, of Marysville, and sister of Geo. and Mary Walker of that place and Mrs. R. Staples of Birdton. Consumption was the cause.

Mr. Geo. Ward, a well known former resident of this city, but residing lately at Orontoco, died at that place on Wednesday morning at three o'clock from inflammation of the bowels. He was in his 80th year and was much respected. His funeral took place on Thursday afternoon. Mr. Ward had many friends at Stanley.

A despatch to her friends here on Thursday contains the sad news of the death at Chienin, China, of Miss Kilburn, nee Miss Jennie Fowler. Cholera was the cause of death. Deceased was a daughter of Prof. Fowler, of Queen's college, at one time a teacher at the Normal school here. A sister of the deceased is at present visiting friends here.

Many will hear with deep regret of the death of Richard Estey, which occurred at the residence of his daughter, Mrs. Wm. Fowler, on Wednesday morning at 5 o'clock. He was a native of Douglas, born in 1810. He gave the name Estey's mills to the mills below town where he some time carried on an extensive business. He was twice married being survived by his second wife, a sister of A. L. Bilzard, of St. John. Deceased leaves the following family by his first wife: R. A. Estey, Mrs. Wm. Fowler, Mrs. D. H. Hart, Leonard Estey, of Grand Falls, Mrs. E. E. Phair, of Nelson, B. C., and Mrs. Hedy V. Bond, of Toronto. He was buried on Monday afternoon, all classes of citizens joining in the procession, thus showing his respect for the deceased. Revs. Weddall and Payton conducted the ceremony at the house and grave.

Marysville Notes.

James Hale has returned from the west. Miss Mattie Magee is visiting friends here. The shingle shed is rapidly approaching completion. The roads have been put in fine shape by Michael Wade.

The running drive has got in and now the river has been completely sanded. The sawmill had cut very fast this week making one of the best weeks on record. The Methodist picnic on Thursday on James Gibson's grounds was well attended and much enjoyed.

Frank Bryson, who is leading the band, is well liked by the boys, who are gaining rapidly under his management. Geo. Tapley, foreman of the ring road had his hand caught in the machinery on Thursday and two fingers badly mangled. Rolling town and Marysville base ball nines met on the hill on Wednesday evening with the result in favor of the latter.

The F. C. Baptists are preparing for a fair, to be held on Thursday next, on the church grounds. A pleasant time is said to be had.

Joe Wheeler has had the Ivanhoe painted and otherwise renovated so that now it is one of the finest conveyances on the road. The Methodist church has been painted inside, and now the painters are at work on the exterior. A staging is built to the top of the tower.

Dr. L. C. Sharp is to read a paper at the twelfth annual meeting of the N. B. Medical society, to be held at St. John on the 19th and 20th inst. Marysville turned out a large crowd to attend the Orange demonstration at Moncton on the 12th, but many of the prominent brethren did not go. All speak in the highest terms of the kindness of the C. E. R. officials and the pleasures of the trip.

Youthful Emigrants.

An emigrant girl left Mrs. Groveson's at Southampton, where she had been working, on Saturday night, and has since been missing. It is supposed that she has gone to the States. These emigrants should be more carefully looked after. It is not enough to find a home for them, it should be seen how they behave themselves and how they are used. There is now a boy in jail here for stealing that if he had been cared for properly, would not have been a criminal. When brought before Mr. Marsh he was dealt with as gently as the law would allow. Those who brought the boy here and threw him on the world, should have seen how he was treated, and that he was brought from wrong. This emigrant girl is another case in point. When these children are brought here they should not be as well as to make them report themselves to some one at least once a month so that it might be known how they were being used. Some of them turn out well, but the majority turn out the reverse.

We Suit Ourselves.

Mr. Black comes out in a letter over his own signature respecting the criticisms made regarding the report of the county council doings. There was no need of it. The Herald tells the truth at all times and under all circumstances and the people depend on it. A Herald reporter was present at the council meeting, and through the manipulations of Messrs. Fender, Scott & Co., was told that he would not get any pay for reporting. He could live through it, but it was a doubtful case as they knew whether their organ was able to provide a meal for its editor or not, hence they voted all to him.

Gibson and St. Marys.

Rand Staples, Jack Hall and Alberdoone hauled in some fine trout at the Wynd on Wednesday. There was another big Indian wedding on Monday morning; the rattle of the musketry and the smell of beer could be traced far and near. Heep big time.

The Emeralds held a concert at Gibson last night in the Baptist church. The band was well filled and all were delighted with the superior music rendered by the band. There were quite a number of visitors present from Fredericton.

Pleasant Social.

The Sons of Temperance held a strawberry festival in their hall at Marguerville, Wednesday evening. It was a grand success. Miss Magee and Miss Fannie Perley presided over the refreshment stand. The ever ready Bob Trentwell prepared the cooling drinks, while Miss Foster and the Misses Strange served ice cream to the delighted buyers. Mr. Philip Cox put the audience into convulsions with his laughable sketches and recitations. There was music by different members, after which our own Canadian home was rendered when the merry party broke up, all being satisfied with the enjoyable evening spent with the popular Sons of Temperance.

CHRISTIAN ENDEAVOR GIRLS.

How They Charmed the Men of Wall Street.

The Christian Endeavor delegates to the number of thirty-five thousand met at New York during the week. They invaded all places of business and pleasure. They thronged the galleries of the stock exchange, and watched the doings of the brokers. The galleries were packed with the sightseers.

The stock exchange has had a famous glee club for years. For the entertainment of the pretty young Christian Endeavorers the whole band was marshalled upon the floor and business was practically suspended. Mr. Harding, as the precursor of the club, pulled from his waistcoat pocket the old-fashioned tuning fork which he carries about with him. The glee club surrounded him, he twanged the tuning fork on the Louisville and Nashville post, and in a fine bass voice began to sing:

Shall we gather at the river,  
Where bright angels' feet have trod,  
With its crystal tide forever  
Flowing by the throne of God.

The hymn was taken up by the glee club and by 200 brokers surrounding Mr. Harding. When it came to the chorus: "Yes, we'll gather at the river; The beautiful, the beautiful river; Gather with the saints at the river; That flows by the throne of God, everybody on the floor sang, including the fringe of brokers that skirted the regulation songsters of the Exchange. The echoes went up and down the great dome and came back, and the young women lifted their heads, and, in sweet soprano and rich contralto, carried on the hymn. Mr. Harding sang the hymn through. With each stanza the brokers sang better, and the hymn started young women up in the galleries became more at home.

When the hymn was done a sweet-faced young woman, whose hair was prematurely grey, stepped to the railing of the gallery, and, in a deep, contralto voice, began to sing:  
Bethel my God!  
Nearer to Thee!  
E'en though it be a cross  
That lies before me,  
Still my soul shall be  
Nearer my God, to Thee;  
Nearer my God, to Thee;  
Nearer to Thee!

The glee club, still in congregation and Mr. Harding in command, with his tuning fork uplifted, replied with the next stanza:  
Though, like a wanderer,  
The sun goes down,  
Darkness be my cover,<  
Yet in my dreams I'd be  
Nearer my God, to Thee—  
Nearer my God, to Thee—  
Nearer to Thee.

The girls up in the galleries waved their handkerchiefs at the brokers, and then the same sweet-voiced woman, this time accompanying her sisters to accompany her, sang:  
There let the way appear,  
Sleeps unto heaven;  
In mercy grieve,  
Angels to beckon me,  
Nearer my God, to Thee—  
Nearer my God, to Thee—  
Nearer to Thee.

It was the brokers' turn again, and they sang:  
Then with my waking thoughts,  
Bright with Thy praise;  
Out of my stormy griefs  
Bethel will raise,  
So by my woes to be  
Nearer my God, to Thee—  
Nearer my God, to Thee—  
Nearer to Thee.

There was a rest for a moment, and then the brokers began Wattle's cradle hymn:  
Hush, my dear, lie still and slumber;  
Hush, my dear, lie still and slumber;  
Some of the girls who had looked as if they were going to shed a tear or two over the other hymns, or over the unexpected leaving of the hymn sung to them in the Wall street stock exchange, began to titter at this. The brokers, as they sang, cavorted and pranced, and everybody had a fine time. The festival had now been going on nearly an hour. It was time to hunt right again and struggle for existence, and Mr. Harding, gathering his club about him and beckoning to the young women to give attention, struck up "My Country, 'tis of Thee," which all sang, and which ended the festival.

About 200 of the girls descended on the Tombs court room expecting to be provided with seats from which to listen to the proceedings, found the court already occupied by the friends of the opium smokers gathered in by the Elizabeth street police on Sunday night. Chinamen were everywhere. They occupied all the seats and pretty nearly all of the standing room. Besides there were nearly seventy behind the railing and in the pens, and the court room smelled of opium. They chattered and chattered in choice Chinese, those on the outside spending most of their time endeavoring to pass things over the railing to their less fortunate countrymen, while the court squad kept lying about trying to restrain them. To add to the general confusion, dozen lawyers' clerks ran up and down the room vainly endeavoring to find their employer's clients.

Sergeant Langdon and roundman Campbell viewed their visitors in dismay. They were interested and they smiled and laughed so much that Justice Driver was obliged for order. The sergeant and roundman held a consultation, and decided that either the girls or Chinamen would have to go. They finally decided in favor of the visitors and the court squad was gathered together for the attack. The Chinamen protested and some fought, but every one except the prisoners was put out, and their seats were quickly filled by the Christian endeavorers.

Our Friends. Geo. Hatt is home on a visit from Montreal. Emery Currie, of New York, is looking up his old friends here. Mr. and Mrs. Wm. Lemont, of Montreal, returned on Saturday from a trip to the Island province. Dr. and Mrs. Bailey have gone to Digby, Wm. Temple, M. F., has returned. A. A. Child has arrived from Florida. Mrs. Henry Handless and Miss Alicia Wardwell are visiting Mrs. Geo. Hazen. C. H. Giles, wife and family of Springhill, have gone to Montreal on route to Fredericton, they intend returning in October. Alex. Hubar and wife of Avery's Portage, who have been visiting Aroostook county, returned on Monday after a very pleasant trip. Thos. Purvis, merchant of Millville, was in town on Friday. John Rutherford, of Harvey, was visiting friends here on the 14th.

New Up River Steamer. It has been decided to build a light draught steamer to take the place of the Florenville on the up river route. This boat is in need of repairs and is not suited to up river service, her carrying capacity and speed being more suited to the lower river. The new boat will be built under the supervision of D. F. George and will be so constructed that she can run most of the summer and be beneficial to the bridges, so that she will make the old landing at Woodstock.

Boys "rough and tumble" suits for the holidays at Lucy & Co's, \$1 per suit.—21.

Suggestion for a Summer Trip.

If you wish to take the trip of a lifetime, purchase the low rate excursion tickets sold by all principal lines in the United States and Canada via the Northern Pacific railroad to Yellowstone National Park, Pacific coast and Alaska.

The trip is made with the highest degree of comfort in the elegant vestibuled trains of the Northern Pacific railroad, which carry dining cars and luxurious Pullman sleeping cars from Chicago, St. Paul and Minneapolis to Yellowstone Park. The scenery en route is the most magnificent to be found in the seven states through which the road passes. Beautiful mountains, rivers, valleys, lakes and plains follow each other in rapid succession to delight the tourist, who will also find interest in the agricultural, mining, lumbering, industrial and other interests associated with the development of the great Northwest.

The crowning glory of the trip through the Northwest, however, is the visit to Yellowstone Park, the land of hot springs, geysers and gorgeous canons, and to Alaska with its endless ocean channels, snow-capped peaks, majestic glaciers and giant glaciers. If you wish to investigate this suggestion, further send to Charles S. Fee, General Passenger Agent, P. R. R., St. Paul, Minn., for copies of the handsome illustrated "Woodlands" book, Yellowstone Park and Alaska folders.

GOING AWAY.—To-morrow morning the Rev. Father Chastillon, curate of St. Dunstan's, will preach his farewell sermon to this congregation, going on Monday to begin his labors at Bouctouche. His going will cause much sorrow as he has many friends in this city and vicinity.

On Wednesday July 6th, the Rev. Mr. Wass celebrated the nuptial ceremony at Boiestown between Alexander McDonald and Miss Susan McLean, both of Parker's Ridge. The bride and groom were favorites in the locality and their friends wish them a hearty send off on the voyage of matrimony.
