

THE HERALD  
EVERY SATURDAY,  
CORNER QUEEN AND ROBERT STREETS,  
FREDERICTON, OCTOBER 22, 1922.

THE CONTEST TO-DAY.  
The political contest which is being decided to-day has been short and bitter. Most people will be glad that it has been short, but every right thinking elector must regret that it seems to have been necessary to import so much personal animosity into it. We have had far too much of this sort of thing in election contests in this country and elsewhere.

WHAT WILL YORK SAY?  
The electors of York are saying today who shall represent them in the legislature for the next four years. They are saying more than that; they are saying who shall lead the government of the province, and what the policy of the government shall be.

SCOTCH SETTLEMENT.  
Oct. 17.—Our farmers have all finished digging their potatoes, which have proved a very good crop, one of our neighbors having dug seventy-nine barrels from four barrels planted.

AND NOW FOR THE VERDICT.  
To-day in all the Constituencies of the Province, with the single exception of Madawaska, the people's verdict is being rendered. By the time this issue of THE HERALD reaches its readers, the issue now pending will have been practically decided.

THE GOVERNMENT AS IT IS.  
The government of the province since they were last entrusted to their hands, and will give an emphatic endorsement to their policy of wise and progressive legislation, of prudent and economical management of the provincial finances, of increased efficiency in all the public services, of maintaining intact the rights of the province, and of carrying out in spite of all obstacles, and in the face of opposition without and within the legislature the reforms to which they pledged themselves when they assumed the seals of office.

THE GOVERNMENT AS IT SHOULD BE.  
The government is thoroughly representative of the people, and in close touch with them—it is led by a statesman whose ability is everywhere acknowledged, and it appeals to the people on its record with a full assurance that it will be judged on its merits and will not be found unworthy to receive a renewal of their confidence.

THE GOVERNMENT AS IT WILL BE.  
The following is taken from a despatch sent to the Toronto Globe from St. John. Can it be possible there is truth in the report: "The visit of Sam. Hughes, M. P., to keep the Orangemen in line re the promotion of Sir John Thompson to the premiership was kept very quiet. Mr. Hughes arrived in St. John Wednesday afternoon and in the evening had a conference with several leading Orangemen. He told them if the merit with Sir John Thompson and Mr. Meredith were carried out the Manitoba school matter would be dropped. If not, immediate legislation on the question would result. Mr. Hughes left the same night for Nova Scotia to meet the Orangemen there. He is now in Prince Edward Island visiting Orangemen to bring them in line, and will return here again. Hon. George Foster is alleged to have approached grand master Fowler on the subject before he left for England."

MONUMENT.  
Oct. 17.—The farmers of this locality have finished storing the last of the season's crop. The crop in general has been an abundant one. Hay was a very heavy crop in this part of the country; oats are turning out well; and the sound of thrashing machines is heard on every side; potatoes are not a large crop, but have turned out a sound crop of extra quality; wheat is a poor crop. Ploughing is now the order of the day, and farmers are busy preparing the soil for next year's crop. There has been much ploughing done already and the fall work is well advanced.

THE ORANGEMEN OF WELLINGTON, L. O. L., No. 57, held their annual social and basket sale on the thirteenth instant. The evening being fine and the roads good, the crowd was large. After a few remarks by the stage manager, John Dickson, the following program was gone through: Instrumental music, Miss Ada Slater; recitation, Caleb's Courtship, Miss May Chapman; dialogue, Peleg and Patience, by Miss Annie Stewart; Miss Annie Stewart, Miss Annie Stewart, Miss Annie Stewart; song and music by Mrs. Thos. Slater; recitation, grandma's beam, by Miss Mary Kennedy; negro dialogue, the doctor doctor, by Charlie Nicholson, John Dickson and J. Leslie Kennedy; song and music by Miss Annie Stewart; recitation, what Biddy said in the police court, by Miss Bella Carter; recitation by George Crawford. After the program the baskets were sold by Thomas Slater, auctioneer, after which the crowd enjoyed dancing until a late hour. Great credit is due to the entertainment committee for the able manner in which they discharged their duty. The receipts amounted to thirty-seven dollars for the Orange hall benefit fund.

THE SONS OF TEMPERANCE DIVISION have elected new officers, which are as follows: J. Leslie Kennedy, W. P.; Miss Mary Chapman, W. A.; David Dykeman, F. S.; John Green, F.; Mr. Crawford, chap.; Miss Susie Kennedy, C.; Burns Edgar, A. C.; Fred Saunders, R. S.; Miss Jennie Kennedy, A. R. S.; David Lyons, O. S.; Mr. Anderson, I. S.; Thomas H. Kennedy, P. W. P.; Miss Christine Kennedy, organist. The members of this division were held a more suitable member for W. P. than L. Kennedy, as he is a strong temperance man and attends very regularly. Your correspondent wishes him every success in his new office.

THE SOCIAL HELD AT THE CONGREGATIONAL PARSONAGE, Kewick Ridge, last Thursday evening, was quite a success. About seventy persons were present and the sum of twenty dollars was realized which goes towards digging a well for the pastor. Mr. Geo. Foster, of Kingsley, who has been visiting his friends and relatives here for the past week, returned to his home on Saturday.

WILLIAMSBURGH.  
Oct. 17.—Wm. Gullison, who has been in the states for the last four years, has returned home on a short visit. Mrs. M. Allen, only daughter of Mrs. Martha Allen of Portland, Me., who came here in July for her health, died very suddenly at her uncle's, Geo. Dennison's. The deceased had been a frequent visitor to these parts and was beloved by all who knew her. She was in her sixteenth year. The sorrowing mother has the heartfelt sympathy of the entire community. The funeral services were conducted by Rev. E. H. Gough, assisted by Rev. Mr. Bell of Boiestown. Text, numbers xxiii: 10.

DEATH HAS AGAIN VISITED OUR MIDDIE. Lizette A. Kerr, daughter of Thomas Kerr, who has been a patient sufferer for over a year, died of consumption on the 15th inst. A few years ago while in Calais she became converted and united with the Baptist church of which she was a faithful member. During all her illness she manifested a cheerful submission to her Master's will. Deceased was twenty-two years of age and was a general favorite. Her many friends extended their sympathy to her sorrowing relatives.

DURHAM.  
Oct. 19.—Messrs. Herbert and George Eddy are around with their threshing machine. Oats are reported as very light and buckwheat a still poorer crop. Potatoes with most are not up to the average. Charles Baxter had forty barrels from two barrels sown.

Mr. and Mrs. John Bancroft and two children, who were visiting her father, George Johnstone, have returned to their home in Malden. Moses Pond and Levi Rogers trapped another bear last week. Henry Stockard was visiting his friends in Durham, Peniac and Bloomfield Ridge last week. His niece, Miss Chris Johnstone, of this place, went home with him to Calais to spend the winter.

MISS ISABEL JENKINS has returned from Parker's Ridge, where she was attending school. Mr. and Mrs. Miles McLaggan and son were visiting their friends in this place the first of the week. Squire John McBean also John R. McBean were around last week hiring men for their lumbering operations in the winter.

AVERY'S PORTAGE.  
Oct. 20.—As some of the farmers were returning from school meeting on the 18th inst., they saw smoke issuing from the roof of A. B. Avery's dwelling, and of course all hastened to the scene, but when they got there it was found to be useless to try and get the fire controlled. All went to work with a will and succeeded in saving all that was in the house, after that they turned their attention to the store and barn. In less than an hour the fire had done its work, and the buildings were burned to the ground. Fortunately, for his part he had his hay and grain, and his potatoes were not dry. We understand he is not going to build again, as the place is mortgaged for \$400 and is to be sold at auction next Monday. The fire caught in the roof of George Palmer's barn, but was put out before it had got under headway.

Mr. and Mrs. Daniel Aste, and A. G. Bainford and son, have recently returned to their home in Houlton, after visiting friends here and in Biddeford. As they were former residents of Miramichi, they were gladly welcomed by their many friends. The Rev. Mr. Gough, of Stanley, preached a very interesting sermon here last Sabbath.

FREDERICTON JUNCTION.  
Oct. 20.—Another matrimonial event took place here quite recently, when Barton Boone was united in marriage to Miss Lillie Tracey. The bride was handsomely attired in a grey cloth suit, which was very becoming. After the marriage ceremony was performed, about sixty guests repaired to the dining hall, where they partook of a sumptuous repast. The presents were numerous and costly. Mr. and Mrs. Boone's friends wish them all the happiness this world can afford.

SPRINGFIELD.  
Our farmers are having great facilities for threshing this season—four threshing machines running nearly last week. Messrs. G. Hagerman and W. Clark, of Scotch Settlement, have given special satisfaction with their work. At the annual school meeting on Thursday last, Jos. Anderson was elected to fill the office of trustee, made vacant by the expiration of G. Howland's term of office. Money was also voted to repair the school-house.

AROUND THE WORLD.  
The Week's Events in Brief—The Ocean of our Exchanges.  
Five hundred Swedes were made American citizens in a bunch at Rockford, Ill., Monday.  
The writ for the new election in Belkirk, Man., has been issued. Nomination third and polling tenth November.  
Albert A. Dodge, cashier of the International freight shed, St. John, N. B., has been arrested, charged with embezzling \$5,000.  
It is estimated that over \$100,000 have been paid out for potatoes to the farmers in Houlton, since the opening of the season.  
The new Mormon temple at Salt Lake City, Utah, is to be dedicated April 4, 1923. It has been forty years building and has cost \$2,500,000.  
Heavy snowstorms in Alberta have suspended business in Calgary and Banff. Trains on the Calgary and Edmonton branch are hung up by snow.  
All the troops have been removed from the Carnegie works at Homestead, Pa. The maintenance of the soldiers during the strike cost the state \$600,000.  
A potato was dug this season by Stephen McPhee, C. B., that weighed about two pounds, two ounces. It is a four pronged monster, looking something like a tooth.  
Official statistics of the St. John's fire show that the number of families burned out was 1,874; the number of persons, 10,294; the number of houses destroyed, 1,550.  
Since the outbreak of cholera in Hamburg there have been 77,982 cases of the disease and 7,598 deaths in that city. The total number of deaths in France since April is 3,184.  
Emperor William has sent \$12,500 to the Hamburg senate, requesting that it be expended in relieving the distress among the families of those who have died from cholera.  
Considerable excitement was created on Wall street, New York, Monday by an unknown man, who tore down a British flag from the front office of the bank of British North America, and after destroying it, walked quietly away.  
Levi Dudley, of Peel, Carleton Co., age about 35 and 40 years, was run over by the accommodation train on the C.P.R. about three o'clock Tuesday afternoon near Fort Fairfield, Me. He leaves a wife and several children.  
The house of Josh Adams, near Claremont, Sumpter county, South Carolina, was burned Wednesday. His four children, who were locked in the house while the father and mother attended religious services, were burned to death.  
While Messrs. Arthur George and Reuben Thompson were working on the marsh at Sackville, near the residence of the former they were disposed of in short order and the men put on the defensive. After a short skirmish Mr. Thompson shot them.  
A girl 11 years of age, daughter of A. D. Brown, Ecomine, Restigouche, a few days ago, had a cartridge, which she had been carrying in her pocket, go off with the sharp end of her school pencil, it exploded, and so mutilated three of her fingers and a thumb that amputation was necessary.  
The contract between the Dominion government and the Allan Steamship Co. for the carrying of mail by the Dominion line to Canada has been renewed for another year, and arrangements have been made whereby the best boats of the Dominion line as well as are to be utilized in carrying English mails to and from Canada.  
A tragedy occurred at Victoria, P. E. I., on Monday. Dr. Byrne and his wife were found dead, one lying on the bed and the other on a sofa. They are thought to have both committed suicide by poison. They were both victims of the drink habit. An inquest will be held. Dr. Byrne was a veterinary surgeon, and formerly lived in Charlottetown.  
Three men were lowering lumber with a rope down a steep incline in No. 1 slope at Springhill Mines Tuesday. Richard Costigan stood at the bottom to detach the rope. A rope slipped through the hands of the workmen, dashed down in its descent a distance of 100 feet, striking Costigan on the head with considerable force and inflicting injuries from which he died in three hours.  
Henry Patterson lived with his two sisters at Pictou. Henry was doing business as usual on Saturday. The twenty-four hours later he was dead. Within an hour of the brother's death one of the sisters passed away. Tuesday the second sister died. The whole family is thus wiped out. The three funerals will take place at the same time. The deaths were from pneumonia, resulting from colds.  
Mrs. Zambiar states that the Wahoboby, who last year massacred a German expedition under Lieut. Von Zeeviski, killing three hundred men, have just attacked the German station at Mipwapa, on the road to Usgara. The Arab governor, two Germans, and two British soldiers were killed and many were wounded. It is reported the natives have made attacks on other European stations.  
The charges made against Rev. E. S. Crisp by Rev. D. D. Currie are to be investigated. The conference special committee met on Wednesday afternoon and considered the matter. The general opinion was that an investigation should be held, even though Mr. Currie declined to assist the conference by formulating his charges and presenting them in the regular way. Some arrangements were made which will enable the committee to begin the enquiry and the whole matter to be probed to the bottom.  
Mr. Spence's crew were on their way to the woods, they stopped for the night at the house of one Mr. McColl, on the Woodstock road. One of the teams was made up of four horses and a large wagon, the wagon being heavily loaded with oats, quills, and the men's clothes. The men went to bed leaving the wagon standing in the yard. When they arose in the morning nothing of the wagon or its load remained except the iron work. Both wagon and load had been burned during the night. The cause of the fire is unknown, but some think it caught from a spark dropped the night before from a pipe; others think the load was stolen and the cart burned to hide the theft. The loss is estimated at between \$200 and \$300.  
Thirty thousand pilgrims have started from the Kremlin for Troitz, Russia, to celebrate the five hundredth anniversary of the death of St. Sergius. They are accompanied by one thousand of the clergy bearing sacred symbols and images. The pilgrims passed last night in the village of Motshahchij in the open air. Their kerseiee lanes revealed a weird scene. For three miles along the road the pilgrims were huddled together in groups, sleeping on sacks of bracken bread. The whole distance is forty miles. It is expected one hundred thousand pilgrims will assemble at the Troitz monastery. Cossack regiments are leading and guarding the procession. St. Sergius was the chief actor in the fourteenth century struggle to throw off the Tartar yoke.
