LOCAL NEWS.

LOST A JOINT.—Miss Bessie Gregory lost one joint of a finger in the cotton mill machinery at Marysville on Friday. Dr. Sharp attended.

ASSAULT CASE.—The assault case, in which Geo. Rideout was defendant and W. H. White of St. Mary's plaintiff, which was set down for trial on Thursday, was settled out of court.

SHOOTING SEASON.—Although the open season for partridge has not begun, yet the sportsmen are beginning to make their accustomed hunts. Several good bags have already reached the town.

THE IVANHOE.—And now the Ivanhoe, which has a new owner every six months, is in the hands of J A Edwards, of the Queen, who will run it in connection with the Marysville suburban train.

THIRD DISTRICT MEETING.—Quite a large number of clergy and lay delegates met at the Free Christian Baptist church, Marysville, on Friday afternoon at two o'clock, when the meeting of the third district was convened.

CATTLE SHOW.—The Prince William Agricultural Society district No. 38, will hold their annual cattle show on their grounds on Tuesday, October 10th next. It is expected that the exhibits will be numerous and unusually good.

REV. MR. CRAWLEY'S SUCCESSOR.—The members of the Baptist church, this city, held a business meeting on Tuesday evening, and decided to extend a call to Rev. Dr. Saunders. The Rev. Mr. Crawley will leave the city about the first prox.

GETTING ROUND.—The immigrant boy who was living with John Love at Southampton and who was kicked by a horse in the forehead while attempting to bring the horse from a field, is recovering, though he was unconscious for hours. He is fourteen years of age.

FOURTH DISTRICT F. C. B.—The congregations of the F. C. Baptist churches of the fourth district held their yearly meeting with the church at Fredericton Junction, beginning Saturday last. Rev. G. F. Currie preached the annual sermon on Sunday last from John 28.

LOST HIS HAND.—David Johnston, a son of ex-councillor Henry Johnston, of Welsford, a well known farmer, had his hand terribly crushed in a threshing machine at which he was working on Monday afternoon. Dr. Christie, of St. John, was called who found it necessary to amputate the injured member.

GIBSON'S DRIVES.—After an unusually hard season, the Nashwaak drives have been got within reach of the mill so that there will be no further "shut down" this season. It is said that one gang will be run by night till late in the fall. There is a crew working on the big half mile jam below Stanley, and it is being worked out.

SUICIDE AT NEWCASTLE.—A Chatham man named Crosby, was confined in the jail at Newcastle. He created quite a sensation Friday when the jailer entered his cell. With a handkerchief and a pair of braces he had attempted suicide by hanging and but for the prompt work of the jailer, would have succeeded in his object.

MERITED PRAISE.—The St. Croix Courier says: The playing of the Infantry school band, which accompanied the Fredericton excursionists on Monday, was very highly spoken of by those competent to judge, and was much appreciated by the large and delighted audiences that collected in front of the Queen hotel during their open air concerts.

BAD FALL.—John Dennison fell from the roof of his house at Penniac on Saturday last, and hurt himself severely. He was standing on a staging, repairing the building, when it broke and he fell about twenty feet, alighting on a hogshead. His face was very badly cut, the nose being almost severed. Although quite old, he is doing as well as can be expected.

WATERING CART, WHERE IS IT?—The first heavy shower of the summer, it will be remembered, broke down the city watering cart in front of the post office, and now it appears that it has passed into oblivion. It is not! is the reply when any one enquires where it is. On Thursday and Friday the dust rose in clouds and the stores and residences got the full benefit.

WOOD LOCOMOTIVES.—Some of the locomotives of the C. E. R. have been fitted up for burning wood instead of coal, and are making their regular trips on the road. An enormous shed is to be erected just above the bridge at Marysville, where the short wood from the mills will be housed till dry enough for the train. There will be a consequent large reduction in running expenses.

ST. JOHN ELECTION.—The new scheme for the election of aldermen at St. John, was placed squarely before the electors of that city on Thursday, and the result of the ballot shows that the people were almost unanimous in its favor. The vote stood 2,158 to 704, or over three to one. Carleton vote was strongly in favor of the scheme, being 305 to 34. Queens ward gave a majority of 10 to 1, while Dukes did about as well.

HALL-SLIPP CASE.—The jury in the Hall-Slipp case at Hampton, after three hours deliberation on Tuesday, found for the defendant Slipp on all the points submitted to them. Slipp, it will be remembered, was carrying on business in Woodstock and in September, 1892, made an assignment. He was arrested for obtaining goods under false pretences but was acquitted at the trial in Charlotte county.

LAMB TRADE.—Perhaps no heavier blow has fallen on the farmers of York and Carleton county than the total supression of the trade in lambs. No buyers have as yet visited either county, and there are hundreds of good lambs ready for market. The Americans say that they are not able to pay the price required for the animals and then to give one out of three to the custom authorities, the duties being about 35 per cent.

A NEW HOUSE.—The furniture firm of Willard Kitchen & Co. have added their name to our list of advertisers, and readers of THE HERALD will find something particularly interesting in their advertisement. The firm occupy the building, two doors above Peoples bank, Queen street, and carry a splendid and new stock of furniture of all kinds, pianos, organs and sewing machines. Careful attention paid to orders by mail.

RAFTING AND LOGS.—At the various booms on the river the work of rafting has been pushed along as rapidly as possible, but owing to the very long spell of low water there has not been as much lumber rafted to date as there was at this time last year. It will therefore cause the company to carry on the work as long as there is open water. The corporation drive, under Fred. Moore, has been started, but little progress has been made as yet.

THE AGONY INCREASES.—Nothing has been heard from the honorable Mr. Wilmot since his visit to Ottawa respecting the appointment of fish commissioner for Sunbury. It is said that he placed the matter very plainly before Clark Wallace at the Gagetown picnic, but nothing could be done to aid him by that worthy only the suggestion that perhaps the younger Tupper might carry out his wishes. Mr. Perley will also make a trip to Ottawa and the fun is becoming fast and furious.

THE EXHIBITION.

Special Features to be Seen at the Big Show.

On Wednesday evening next the full fire brigades of this city and St. Marys will turn out in a torch light procession, and on Thursday evening they will give the best display of fireworks ever seen here. It will take place on the exhibition grounds. A very popular feature will be the farmers' parade, in which all styles of farm machinery, ancient and modern, will have a place. Then there will be a hay rack decked with flowers, bearing forty children dressed in white. A corn husking party, with fiddler and dancers complete, will also be in the parade. Prizes are offered for the best displays, and some unique and very pleasing representations will be seen. The parade will leave the show grounds at 10 o'clock on Wednesday. The horse races, a full programme of which appears elsewhere, will prove very exciting as some close contests are promised.

The display of field and garden crops will be especially interesting, while the cattle, swine, sheep and poultry display will be excellent. The fancy work department is filling up rapidly, and there are many novelties in this line that all ladies should see.

Ask for excursion return tickets at whatever place you may enter any of the trains or steamers and you will be surprised at the low rates offered, the railways especially giving the lowest rates ever issued. The accommodation committee of the agricultural society have made arrangements so that all can find food and shelter at the usual rates, and ample stabling for horses has been arranged for.

One interesting competition of the show will be that in the cheese department when cheese from Woodstock, Sussex, Burtt's Corner, Prince William and Keswick Ridge will be put up for the prizes. York will have a hard struggle with Carleton for second, many believing that the first prize will go to Sussex.

At large expense the society has secured the following very popular attraction: The New York and Boston specialty company of artists the best that has ever visited the province. They will give exhibitions on Tuesday, Wednesday and Thursday, on the afternoon and evening of each day. The company is composed of the following, each a leader in his own particular line: Burke & West, burlesque, trapeze contortion and balancing; the most wonderful antique juggler Eberhardt; Mr and Mrs Pendy in their rendition of choice comody; the wizard of the north, Prof Heller in astounding feats of illusion; the man serpent, Parino, the wonder of the age; the exceedingly funny grotesque clowns, Puck and Judge, in tumbling, leaping, summersaulting and vaulting; the European and witty, Messrs Alfreno, in feats of agility on the flying rings; then comes the mimic, John Jeffries in songs, dances and bits of witticism; equipose supreme, West, cleverest balancing act on earth, monarch of the invisible piano wire, Signor Auguste; the show to conclude with the humorous pantomime, "Quartette of admirers," characters by the whole company. Of this troupe it is only necessary to say that it is considered the best that ever appeared before a New York audience. Remember it will be on the exhibition grounds and open every afternoon and evening of the exhibition. Everything will be of the highest merit and there will be nothing of an objectionable nature, the company having the best recommendations. Let every farmer and householder in the country take a holiday and bring their families to the exhibition. The rest will do them good and many lessons in connection with farm work will be learned.

Grand Falls Murder.

James Mockler makes a statement in answer to press versions of the unfortunate affair. He denies that he, his brother and the Price boys made their brags that they would clean Theriault's house out. "Now, in justice to the English boys who were there, let me say that this statement is not true. Thomas Mockler and a few other English boys went to Theriault's wedding, uninvited, as is the custom of the country, without any thought or intention of fighting. Theriault sold rum to three of the boys, and to others also. Thomas Mockler and George Price did not drink. The consequence was that a row was started, as is usual at such places where liquor is sold without a license. Maurice Sirois, the most important witness at the examination, swore that he did not know who struck the first blow, although he was standing within two feet of Theriault and Harry Mockler when the fight commenced."

Thomas Mockler, the boy who was murdered, had no part in the fight at all. He was standing by the window talking to some women whilst the row was going on, and it seems he was standing by the same window when Theriault stole up behind and took his life.

Star Line Sued.

There is fun brewing between G. H Needham, commercial traveller, and the Star line steamboat company. It appears that Mr. Needham sent his trunks to the wharf on Tuesday evening labelled for St John. The trunks were taken charge of by the officials of the David Weston and placed on board. When Mr. Needham went to the boat on Wednesday morning to go to St. John, he was astonished to hear that the boat had gone to White's Cove on a picnic excursion and his beloved trunks were with her. He returned to his hotel and was shortly after in consultation with a leading light of the legal profession and being advised that he had a good right of action against the company, he has instructed his lawyer to enter a suit at once.

Scott Act Spy.

Maxon, the Southampton Scott act spy, has been doing some lively work at Woodstock during the week and has had Oscar Dugan convicted of four first offences and one for third offence, the penalty being $230 and two months jail. Coles Dugan was convicted of two first offences, a penalty of $110. He is expected here on the 25th inst. Other convictions are: Harriet Farrell, Lower Woodstock, one first offence; James Burnham, East Florenceville, one first, and C A McKeon, one first and one third.

On Wednesday Scott act inspector McClintock committed to jail Jas. H. Wilbur, proprietor of the Wilbur house for a third offence under the Scott act. He will be sent to jail and a number of others who expect the same fate, are keeping out of harms way.

Last of the Outings.

The Penniac Methodist picnic was well attended on Saturday last. There were about two hundred present from Marysville and a few from this city.

The combined picnics of the Maugerville, Sheffield and Burton temperance lodges took place on Wednesday at White's Cove. The party went by David Weston.

The Marysville Methodist Sunday school went out by C E R to McLean's grove on Thursday and had an enjoyable time.

The Baptists of Upper Queensbury held a successful picnic on the grounds of Chas W Parent at that place on Thursday last. It was well attended and much enjoyed.

Rev Father Kiernan's friends will hold a social at Patrick McCluskey's, Maugerville, on Monday evening next. Tickets 35 cents.

Electric Lighting.

Once again the question of street lighting bobs serenely to the surface on the sea of street topics, and this time it is evident that the city council have entered into the subject in the proper way. They have asked the Fredericton electric light company to give terms for lighting the streets, and it is understood the terms are $52 each light per year for 50 lights, to burn all night. If this is satisfactory, it is highly probable that gas will be superseded on the streets in a short time. After their experience with Mr. Calkin, it is not at all probable that the council will try to place the work in the hands of an outside company.

The Nuptial Knot.

At St John, on Sept 13th, by the rev J A Gordon, Brazilla McLean, of Queens county, was married to Miss Lizzie Harned, of St John.

At Kingsclear on Tuesday, the 12th inst., the rev. Mr. Montgomery united in marriage R. C. Quartermain of Kingsclear and Miss Florence L. Stone of this city.

Two very popular residents of upper York county, Woodford Harper, of Prince William and Miss Jennie Carson, of Dumfries, were united in marriage by the rev Woodford H Sherwood, of Millville, on Tuesday morning last, the 12th inst., at the Exchange hotel, this city, in the presence of relatives and numerous friends. The bride was the recipient of numerous handsome presents. Mr and Mrs Harper will make their future home in Fredericton. They have the best wishes of a large circle.

On Monday evening last, Prof. and Mrs. Cadwallader of Marysville, were remembered by their many friends in a most substantial manner. It would be safe to say that there is no more popular couple than the professor and wife, and when the twentieth anniversary of their wedded life came round, as it did on Monday evening, their friends, to the number of sixty, thought it a fitting opportunity for an expression of their feelings. Many handsome gifts in silver, tangible tokens of esteem, found their way into the professor's residence. The Rev. Mr. Lodge, in his address on the occasion, said that though their married life had reached the stage when a china wedding was in order, yet their friends thought it could be more fittingly commemorated in silver, and so they had taken the liberty of adding the five years. A very pleasant evening was spent, and the best of good things in the line of both mental and physical refreshments were served. The HERALD extends congratulations to prof. and Mrs. Cadwallader.

The rev T G Johnstone solemnized the marriage of Lewis Robinson, of Blissville, to Miss Maggie Colford, of Blackville, at the latter place on the 4th inst. Only immediate friends were present.

Called Home.

At North Clones, Queens county, the remains of one of its most respected men, James Barton, was laid to rest. The funeral service was by rev. F. Frizell. Death was the result of hemorrhage from an abscess.

Mrs. Benjamin Hanson, an old resident of Durham, died at that place on Monday morning, the 11th inst., at six o'clock, at the age of sixty-nine. She had been ill for a long time of consumption. Deceased was a devout christian and was highly respected.

A much esteemed lady of Waterborough, Queen's, Mrs. Eben Slocumb, died at that place on Wednesday, the 6th inst. Deceased was a daughter of John McCann, and was in her twenty-second year. Much grief is expressed in the community where she had many friends.

Shortly after eleven o'clock on Monday evening, Mrs. Daniel Meehan died at her residence, Regent street. She had not complained of being unwell but appeared in her usual good health. Heart disease was the cause of death. She was in her fiftieth year, and was highly esteemed. The funeral, which was largely attended, took place on Wednesday. The sympathy of all is extended to the grief stricken family.

Marysville people were shocked on Friday to hear that at an early hour that morning Mrs Russell, wife of Solomon Russell, had passed away by death. She had been in apparent good health till on Wednesday she complained of feeling unwell. Deceased was a lady well known in musical circles, as for years she carried on classes in this city and vicinity. All speak of her death with much regret. Deceased for some years had charge of the musical department at Sackville academy. Her native place was St Andrews, where some of her relatives reside at present. The funeral takes place to-morrow afternoon from her late residence at Marysville to the Methodist cemetry, the rev Mr Lodge to officiate.

Exhibition Rates.

Those of our readers residing along the route of the C E railway and who intend visiting their friends in this city next week and seeing the exhibition, will find the following of special interest. The C E R will sell excursion tickets from all stations to Fredericton on 18th and 19th Sept. at one single first-class fare for round trip, and on the 20th a special train will leave Chatham at 6 o'clock, a m., carrying passengers at the following low rates for round trip: From Chatham, Chatham Junction, $1.50; Blackville, Upper Blackville, Blissfield, $1.40; Doaktown, McNamee's, Ludlow, $1.25; Boiestown, Astle Crossing, Portage Road, $1.00. Cross Creek, Covered Bridge, 75c; Zionville, Durham, Nashwaak, 50c: Manzer's, Goodspeed's, Penniac, 40c; Marysville, 20c. The above rates are good on the regular train on the 20th. All these tickets are good to return by regular train until Sept. 23d.

A. O. Hibernians.

The A. O. H. excursion from this city to St. Stephen was undoubtedly the best outing of the season. When the train steamed out of the station, there were eight packed cars of excursionists, and although there was some overcrowding, yet it did not detract from the enjoyment. St. Stephen was reached at 11.30 a. m., and from that till seven the party took in the sights and scenes of the border towns. Calais and St. Stephen folks are remarked for hospitality everywhere, and the right hand of fellowship was extended in the most cordial manner. The daily Times, of Calais, speaking of the excursionists said: "It was the best looking and best behaved lot of excursionists that ever visited the town." The day was fine and no accident marred the enjoyment of any. The races were well patronized, though a large part of the holiday makers spent the day visiting the many beautiful residences which adorn both banks of the placid St. Croix.

Sneak Thieves.

On Saturday night last some sneak thief or thieves broke into an old house in which Ezra Grant keeps things to sell at Southampton. Mr. Grant has fitted up one end of it into a kind of store which has two doors that lock together. With some instrument these were pried apart and an entrance made. Next morning socks, boots and shoes, clothing of all kinds, were scattered over the floor. Some money was taken. There was some "graveyard" money in one drawer but it was overlooked, although the drawer had been overhauled. Mr Grant offers a reward of $100 for evidence that will lead to the conviction of the guilty.

CALAIS RACES.—The races at Calais, which were witnessed by a large number of Fredericonians on Monday last, were well contested. The 2.38 class was won by Rose L., with Helena B. of this city, second, and Vichmont third; best time 2.30¾. Harold M. got first place in the 2.30 class, with Rattler second and Deceived third; time 2.27½. There was considerable talk about the decision in this race, as some considered that Rattler did not have a fair showing. Geo. Leavitt's stallion, Lycurgus, tried to beat the record made by Brazilian at St. Stephen last week, 2.24, but fell four seconds short, doing the mile in 2.28.

District Meeting.

On Sunday the services by the third district F C Baptists will be conducted as follows: Rev F C Hartley will preach at Marysville at 11 a m, rev M Halse in the afternoon at 3, rev Jos McLeod in the evening at 7. Rev Mr Foster will occupy the Fredericton F C Baptist church in the morning at the usual hour, rev Mr Long in the evening. Rev A G Downey will preach at the Gibson Methodist church at 11 a m.

SHERIFF DIBBLEE'S FUNERAL.—The funeral of the late sheriff Dibblee of Woodstock, took place Wednesday and was very largely attended. The fire department marched in the procession. There were sixty teams which, with the large number on foot, made the greatest funeral ever seen in Woodstock. Rev. H. E. Dibblee and canon Ketchum conducted the ceremonies.

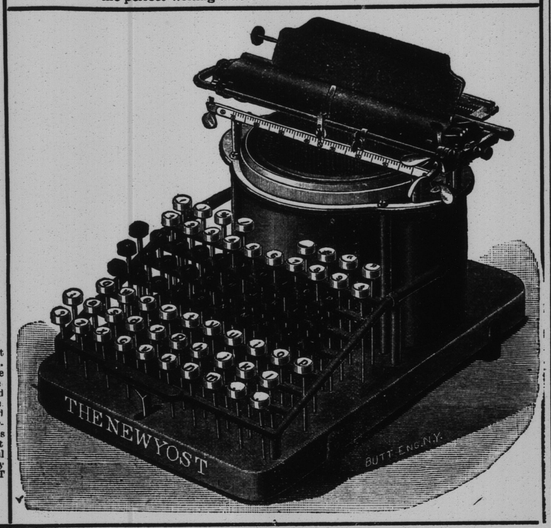
THE history of the introduction of the Yost has been marvellous since its very inception. Never did a radical new comer so rapidly replace its established rivals. Its long awaited improvements, however, gave it a hearty welcome, and to-day its following is world-wide and enthusiastic. Thousands of operators have tried and preferred it, and thousands of others — who lack the courage of their convictions — stick to the old machines from force of habit only — already acknowledge it as THE typewriter. And all of this wonderful success of the past has been won with the early model of the Yost, upon which the NEW YOST is a vast step in advance.

THIS is what ails them: The Fear of Change, which Milton says used to perplex monarchs when they saw a long tailed comet in the sky. The Change is Here; not heralded by a comet but by the New Yost, the perfect writing machine.



The New Yost combines the life long experience of the Inventor, G. W. N. Yost, who invented the "Remington" in 1873, the "Caligraph" in 1880 and the "Yost" in 1889; the latest and best improvements have been added during 1892, making the New Yost an ideal, perfect typewriter. The New Yost prints direct from steel type; its work is never blurred but is clean cut and beautiful. The alignment is absolutely perfect and permanent. The paper feed is an ideal success, the best ever applied to a typewriter. The line spacing absolutely perfect.

CLASSES IN GERMAN AND FRENCH.—We understand that professor Stockley intends to hold German and French classes during the winter, in the afternoons and evenings — not at the college but in town—if a sufficient number send their names to him as being willing to attend. Or special classes will be given to individuat pupils.

Commander-in-Chief.

General Herbert after a round of disappointments reached this city on the afternoon of Wednesday and was met at the train by col Maunsell and major Gordon. All the men of the infantry school had put on an extra polish and looked well when the inspection began. The general does nothing by halves. He inspected the books, equipment, barracks, hospital, examining every detail, and was well pleased with the manner in which affairs have been conducted. Of course the barracks did not please him but that was only what was expected. In the evening he was entertained at the officers mess. The leading officers of the school and of the 71st battalion, with several prominent citizens attended.

CHIRAVERIE.—There was a rousing chiraverie at St. Marys on Thursday night last, when Jas. Painter and Miss Sandwith of that place were married. The boys turned out in full force, and the full band of horns, guns and cowbells kept the residents awake till well after midnight.
