CUT OFF HIS TAIL.—On the night of the 24th, some parties unknown entered the barn at the rear of Lee's opera house, where Blanche Dunphy's blind pony was stabled, and coolly and deliberately cut off the creature's tail. Such a barbarous act deserves the severest punishment.

MUCH NEEDED REPAIRS.—The old plank sidewalk on the lower side of York street, between Brunswick and George, has been taken up and the ground levelled. The city council will probably lay an asphalt walk from King street to George this summer. There should be an asphalt sidewalk the whole distance out to the C. P. R. depot.

DOLL'S CARNIVAL.—Don't forget the doll's carnival in the curler's rink on the 13th of June and in aid of the blind of the province of N. B. All the children should go to see the one hundred dolls from Halifax, dressed in fancy costumes. Cooper's on King street, while lighting a cracker for a party, was injured by the explosion of the cracker, a portion of the contents entering one of her eyes. It was at first feared that the sight was entirely destroyed, but Dr. Vanwart, who was called, succeeded in restoring her vision, though he found the eye very badly hurt.

SMALL HOUSE.—The Taylors appeared at the city hall last night and were greeted with a very small house. Their performance certainly deserved much better patronage from Frederictonians. Miss Taylor gave a private exhibition of her wonderful powers of mind in the parlor of the Barker house yesterday afternoon, and astonished every who witnessed the strange and weird proceedings.

SET AT LIBERTY.—On the queen's birthday Major-General Herbert called his consultations to all the royal Canadian regiments, including that at Fredericton, and ordered a remission of all unexpired military punishments. As a consequence, privates McMurtry and McElroy, of the R. R. C. I., who were serving the term of the county gaol, were set at liberty Thursday afternoon.

This will be all the better for the anglers.—Chatham World.

CHAMPA.—Considerable amusement was caused on York street Thursday night by the running away of Percy Edgcombe's Sheldahl pony and cart, which dashed all the way out the street to the C. P. R. depot, resisting all attempts at capture, turning at the depot yard, and coming back at a rattling pace to King street, where a crowd collected to see it stop, and the capture was effected. Fortunately the street was clear, and no damage was done to cars or harness.

EXTRA GOOD OX.—Among the many fine York county horses is the three-year-old stallion, King, owned by W. H. Morgan, New Maryland. He is by B. D. Sewell's Suffolk punch; dam a Percheron mare by the old York county horse. King now weighs 1350, his dam weighed 1675, so he will likely be well up to the 2000 pounds mark when five years old. He has fine action for a large horse, is a dark bay, kind and tractable. He will stand for service at Horace Fugb's, Maryville, being at Hugh Edgar's, St. Marys, on Saturday afternoon and New Maryland on Saturday evening. Terms will be made known on application. He is a valuable horse and his services will be limited. Those requiring his services may notify the owner, W. H. Morgan at Maryville, who will meet parties if necessary at St. Marys, Fredericton or New Maryland as desired. He is the best bred stallion in the county.

The Conspiracy Case.

The second trial of C. B. Welton on the well known charges of conspiracy to defraud the Golden Rule Alliance and Mutual Reserve Fund Life Association Insurance companies, was concluded at the St. John county court on Tuesday last. The evidence was all read over to the jury and the judge finished his charge about four o'clock in the afternoon. The jury retired and after remaining all night reported at the opening of the court on Wednesday morning that they could not agree on their verdict. Their finding, however, was favorable to the prisoner, for on the charge of forgery they acquitted him, and on the charge of knowingly uttering forged papers, they found him not guilty.

Mr. Curvey moved for the discharge of the jury, and the prisoner was ordered back to jail. Thursday morning, on the opening of the court, the attorney general, for the crown, said that the crown would join with the prisoner's counsel in an agreement not to take any further proceedings against Welton and Randall on the remaining charges of conspiracy until the next session of the court on the fourth Tuesday of July. The prisoners were allowed their liberty on their own recognizances of \$10,000 for each. There are six against Dr. Randall and seven against C. B. Welton. The former entered into his own recognizance for \$60,000 and the latter for \$70,000. It is the general feeling in St. John that this will end the Welton-Randall business for all time. Rev. Sydney Welton's name was called by the court officer, but he failed to appear; he is in Boston.

Complimentary.

The following respecting Alfred Garden, son of James Garden, postmaster of Gibson, is clipped from the Toronto Mail: "A. Garden, who for some time past has assisted Rev. W. Gillespie in the Church of the Messiah, and is about to enter on parish duties, was highly complimented at a recent meeting of the congregation, when the following resolution was passed:—Moved by Mr. Grant Hillwell, seconded by Mr. Walter A. Stronger, 'That the congregation of the Church of the Messiah take this opportunity of expressing their appreciation of the services of Mr. Alfred Garden, who during his connection with the parish has by deep interest and zeal in all matters pertaining to the welfare of the church, gained the high esteem and affectionate regard of all who have come in contact with him. It is with much regret that the members of this congregation contemplate the removal of Mr. Garden from their midst, although rejoicing in the fact that the cause of his doing so, is in ordination to the sacred ministry of the gospel, and they earnestly trust and pray that his labors may be abundantly blessed in the salvation of souls and to the glory of God.' Mr. Garden replied in a very neat and touching speech, expressing his regret on leaving so warm friends, and asking their prayers on his behalf; the important work upon which he was about to enter."

The Lumber Drive.

News from the lumber drives from all sections of the province is most encouraging. At present the prospects are good for all the lumber to get out. As yet no drives are reported hung up. Michael Welch, who was in town to-day, has just returned from the Miramichi. His cut of three and a half millions on the Burnt Hill stream is in the main Miramichi in the corporation limit. He is now on his way to look after the logs on the south branch of the Miramichi. William Richards and Timothy Lynch are also getting well along with their lumber on these waters. On the Kennebec stream reports come in equally encouraging. Richardson's drive, including two years' cut of nearly nine millions, is said to be the same as of W. H. Lawrence. R. A. Esley received a despatch Tuesday night that his cut of one and a half millions on the upper Tobique in the main river. Beveridge's drive of about three millions, and Hale's of three or four millions, on the same waters, are also reported in the main river. The water is still too high to permit of rafting in the main river. Small rafts are, however, arriving at Springfield daily, and are being bracketed and despatched to St. John as soon as a raft is made up.

The Trade in Blueberries.

The blueberry season has not opened as yet, but Mr. Wilnot, M. P., of Sunbury county, who was in St. John to see the cabinet ministers in relation to the trade a few days ago, is preparing for it. He seeks to have the duty removed from the berries, and that the duties on boxes sent to the states, sixteen boxes being contained in each crate. Duty is charged on the crates the first time of entering, and each time they enter afterwards they are admitted free. Mr. Wilnot seeks to have the whole of the duty taken off as few of the crates ever return.

As an indication of the size of the blueberry business, which is growing rapidly, it is only necessary to state that last year between the stations of Welsford and McAdam, on the C. P. R., \$14,000 were paid to packers. Charlotte, Westmorland, Kent and other counties also do a large business.

Drowned at the Narrows.

The community of Stanley was shocked on Saturday last by the intelligence that Albert Kelley, son of John Kelley, of that place, had drowned. The unfortunate man was working on the Naaskaivik drive and was engaged with a companion named Sullivan in breaking a jam in the Narrows. When the jam started Sullivan rushed for the shore. Looking back he saw no signs of Kelley and at once gave the alarm. The accident happened just as the men were quitting work. The body was recovered and buried at Stanley. Deceased was a young man, a son-in-law of Robert Scott. A large attendance at the funeral attested the respect that was felt for him in the village.

THE TWENTY-FOURTH.

University Sports and Other Features of the Day.

Wednesday, the 24th, was real Queen's weather, bright with a very pleasant breeze. Quite a number of citizens took the early train from St. John, but the majority of them went to St. Stephen to witness the celebration at that place.

At eleven o'clock, Capt. F. H. Risten with the Fredericton bicycle club went out to Maryville for a run. After returning they took in the principal streets. The club was about fifteen strong and looked very well in uniform. The parade will be the means of inducing many others to apply for membership.

The Royal school of Infantry turned out just before noon and performed sundry evolutions in the officers square. A few de jure members of the club were present. The parade in the music in the barracks square previous to marching to the scene of the morning's operations, lieutenant Mansfield read to the troops a telegram, which he had received from Ottawa announcing that Her Majesty had been pleased to confer upon the regiment the title of "Royal," and that henceforth it should be designated the Royal Regiment of Canadian Infantry.

The principal feature of the holiday attractions was the annual sports of the university. A. A. club, which were held on the terrace in front of the college building in the afternoon, commencing at 1:30 P. M. As usual the old college building and the beautiful university grounds were appropriately and handsomely decorated with bunting and other ornaments, and the great majority of holiday makers, both celestial and terrestrial, were present in their very best summer attire. The C. R. I. band was in attendance on the occasion, and the following musical program in their usual inimitable manner. The program of sports comprised fourteen events, all of which were well contested, and some records broken during the afternoon. The following is the list with the prize-winners, their time and distance, and the former record for comparison: Standing broad jump—1st, A. H. Hoban, 12 ft. 6 in.; 2nd, C. H. Elliott, 10 ft. 4 in.; 3rd, Malone, 10 ft. 4 in.; 4th, F. T. Chesley, 10 ft. 3 in.; former record 12 ft. 4 in.

100 yards dash—1st, Veasey, time 11 sec.; 2nd, G. H. Mitchell, 12 sec.; 3rd, Armstrong; former record 10 1/2 sec.

Putting 16 lb shot—1st, Malone, 30 ft. 9 in.; 2nd, C. H. Elliott, 30 ft.; 3rd, F. T. Chesley, 29 ft. 5 in.; former record 35 ft. 3 in.

220 yards dash—1st, Veasey, time 2:31 sec.; 2nd, S. H. McKee; 3rd, A. T. Hoban; former record 2:33 sec.

Running broad jump—1st, Veasey, 17 ft. 3 in.; 2nd, C. H. Elliott, 17 ft. 2 in.; 3rd, F. T. Chesley, 16 ft. 5 in.

C. E. McCallough, of '92, also entered in this event to try for the record, and succeeded in breaking it by 1 foot, doing 18 ft. 10 in.; former record 17 ft. 9 in.

Running high jump—1st A. T. Hoban, 5 ft. 11 in.; 2nd, Burpee, 5 ft. 11 in.; 3rd, C. H. Elliott, 5 ft. 11 in.; former record 5 ft. 11 in. Hoban and Burpee were in a close competition and the former won on a toss.

McCallough, '92, also entered against his old record of 5 ft. 11 in., made in 1892, and succeeded in adding 1/2 inch to the height then attained by him, thus making his own record 5 ft. 11 in.

Half mile walk—1st, R. W. McCallan, 1 min. 24 sec.; 2nd, F. T. Chesley; former record 5 min. 54 sec.

Hop, step and jump—1st, Veasey, 36 ft. 11 in.; 2nd, C. H. Elliott, 36 ft. 5 in.; 3rd, A. T. Hoban, 36 ft. 1 in.; former record 40 ft. 5 in.

Three standing jumps—1st, A. T. Hoban, 33 ft. 6 in.; 2nd, C. H. Elliott, 31 ft. 6 in.; 3rd, Malone, 29 ft. 10 in.; former record 34 ft. 10 in.

Mile race—1st, C. R. Mitchell, time 6 min. 10 sec.; 2nd, F. T. Chesley; 3rd, R. T. Aiken; former record 5 min. 10 1/2 sec.

Among the undergraduates, who alone competed for prizes, one record was broken, that of the standing broad jump, which had stood at 12 feet, 4 inches, since 1883. Hoban has the honour of adding another one and a half inches to this record, thus placing it at a very respectable figure for amateur athletes.

W. M. Veasey carries off six first prizes out of a possible fourteen. He is the winner of the belt presented by the class of '80, to the holder of the best general athletic, and also of the gold medal presented to the best athlete of the class. He will thus have seven gold medals and a fine belt as trophies of his athletic prowess in the Olympics of New Brunswick.

C. R. Mitchell gets possession for the present year of the gold medal presented by J. D. Fowler, to be competed for in the half mile race, and carried off by the athlete making the best time in three years.

F. T. Chesley wins Mr. Wilnot's gold medal for the best general athlete of the freshmen class.

The first prizes were in each case gold medals, of very handsome and appropriate designs, and the second or third prizes included a number of beautiful and useful articles.

Mrs. Bridges, wife of the Classical professor, made the presentation of the prizes to the successful competitors. Altogether, it was a very enjoyable and successful day, and the university students are to be congratulated on their wisdom in again making the change from the fall to the spring.

The Y. M. C. A. excursion from St. John to Fredericton on the 24th, met with some very delays that it did not arrive in the city till about seven o'clock p. m. It started from St. John in the O'Leive, but before they were very far from St. John it was discovered that her machinery would not work altogether satisfactorily, and at John O. Vanwart's landing a stop was made on account of the slip pump refusing to work, and the excursionists were taken to the David Weston which was then on her regular trip to St. John. She brought the party back and started to return to St. John at 11 o'clock p. m. The excursionists did not get out to the curling rink, where they were to hold a promenade concert to the music of their orchestra, till about 9 o'clock, and the concert was not the success that it might otherwise have been.

Builders Look at This.

At this season of the year there are always more or less houses, barns and other buildings being erected. It is often difficult to get the right dimensions of lumber and the various kinds necessary, and a word in this connection may not come amiss. The connection may not come amiss. The steam saw mill of T. E. Babbin & Son, at Gibson, is fully prepared to manufacture all kinds of building lumber, scantling, shingles, boards, clapboards, laths, etc. Besides keeping a full stock of lumber on hand, they are prepared to cut and saw all sizes of lumber, and are ever ready to saw out frames of any length and size either from their own logs or from logs which may be brought to them. They have good facilities for shipping also, being on the river and may be readily brought or taken from the mill while, if preferred, the cars of the C. P. R. run through their yard and a car load may be sent to any point. They have always in stock dry flooring, dry pine, for finishing purposes, shag wainscoting, in fact any thing in the house building line that is usually required. Before purchasing elsewhere, where what may be just what you want, visit Babbin's mill and be satisfied. Saving of any kind done at short notice. Fredericton, N. B., May 24th, 1893.
