NOTIFY THIS OFFICE.—Subscribers to THE HERALD who contemplate removing will be kind enough to notify this office, so that their papers may be promptly delivered.

FOR BURIAL.—John A. Parent arrived here on Wednesday from West Virginia with the body of his adopted son, for burial. Mr. Parent formerly belonged to this county.

PLEASANT PARTY.—There was a very pleasant party at the residence of J. W. Tabor on Wednesday evening last, when Miss Annie Hagerman entertained a number of her friends.

CHIPMAN MATTERS.—Hugh McLean is a little better, and hopes are now entertained for his recovery. Geo. Elkins, of Cumberland Bay, died on Tuesday last. David Day, son of Archie Day, had one of his arms broken last week by falling from his horse.

TO THE STATES.—G. E. Fenety and wife, Miss Fenety and Harry started for a trip to the United States on Thursday last. They will be away some six or seven weeks. Mrs. Carter, of St. John, and daughter, met them at Fredericton Junction and will accompany them on their trip.

FIRST OF THE SEASON.—On Wednesday a steam tug with several scows left St. John for this port. They got up as far as Sewell's camp, six miles below town, where they remained. They will leave at once with deal from the Marysville mill, the lumber being rafted at the mill and floated down to the mouth of the Nashwaak river.

PAINFUL WOUND.—On Saturday night last, Alex. Neilson, farmer for R. A. Estey, was driving to the farm below town with a colt. Between the mills the colt shied throwing Neilson from the wagon. He had one ear almost torn from his head, leaving a portion of the skull bare. He is attended by Dr. Coulthard, and is doing well.

AT BUCTOUCHE.—Alfred Haines, bridge inspector, has gone to Buctouche to inspect and report on the Big Buctouche bridge. While there he will examine the Birch island bridge and consider the advisability of putting in a draw to allow free passage to steamers. He goes from there to Canaan to decide on the best location for a bridge either at the Forks or at Coles island.

CROSSING THE BRIDGE.—The C. P. R. will not use the railway bridge till their summer time table is issued, about the first of June. There has been considerable work done on the new curve, in putting up semaphores and fences. It is going to be a junction where the station agent will require to be a careful officer, and John Henry who is now in charge at Gibson is as good a man as can be got for the position.

GONE VISITING.—Among those who have gone to St. John during the week, presumably to take in the Gilmore concerts, are Mr and Mrs Street, Mr and Mrs J B Grieves, Miss Allen, Miss Ada Allen, Mrs D Hatt, Mrs Chas Hatt, Miss Hatt, Stephen Ritchie, Mr McCulloch, Misses Powys, Miss Frankie Tibbitts, Miss M Bailey, Mr Lee, Archie Tibbitts, A M Brail, J R McConnell, S H McKee, Mrs F Hilyard and Miss Hilyard.

INCREASED HIS CREW.—John Gibson has been compelled to increase his crew of ship carpenters so that his vessel may be completed in time for launching during the high water. There are now thirty men at work and the planking is about half completed. The vessel will be ready to launch about the eighth of May. She has been carefully built and reflects credit on the owner as well as on the builder, James Tennant, of St. John.

AT CANTERBURY STATION.—At the Easter meeting held in Trinity church, Canterbury station, E. London and Thos. English were elected church wardens; Alfred Wibberly, R. H. Scott, John English, Jas. McMullin (Dead Creek), Jas. English, Andrew H. Cunningham, Fred. McMullin, Andrew Cunningham, John Cunningham, Hugh Hamilton, Geo. Graham, Hugh Walling, vestry men; E. London, delegate to the synod and D. C. S; R. H. Scott, substitute.

HIGH SCHOOL CONCERT.—The high school pupils gave a very choice musical and literary entertainment in the church hall here on Wednesday night, which was well attended considering that several other attractions were in progress on the same evening. At the close of the literary part of the feast refreshments of a more substantial nature were served. The boys are to be congratulated on the success which attended their efforts and a similar treat will be looked for in the near future.

STREAM DRIVING.—All the large operators on the upper St. John and Miramichi sent crews on Thursday to their respective drives. It is reported from all sources that the snow will not amount to much, so far as stream driving is concerned, as there is very little of it. Drivers differ very much in their opinions respecting the prospects. Some say that the spring is shaping right for a good driving season, that nothing will be done till the first week of May; others say that there will not be one drive brought out.

LEFT THE CITY.—George I. Gunter, the popular livery stable keeper, left the city on Saturday last for the land across the line. He had sent a team ahead to a point up river near the boundary. Mr. Williams, of Marysville, who held a bill of sale of the whole stock of teams and carriages, with deputy sheriff Hawthorne, followed Mr. Gunter and overtook him at Pokiok. The team was given up and he was allowed to go. George has for some time been suffering severely with cancer, rendering him unfit to attend to business.

FROM THE CENSUS.

Population of the City and the different Parishes.

According to the late census the populations of the different parishes of the county stand as follows:

Bright	1,661	Kingsclear	1,746
Canterbury	2,297	Manners-Sut'n	1,693
Douglas	2,880	Marysville	1,339
Dumfries	689	New Maryland	409
North Lake	755	Prince William	1,398
Queensbury	1,540	St. Marys	3,354
Southampton	2,310	Stanley	2,406
Carleton ward	1,621	Kings ward	1,074
Queens ward	1,387	St. Anns ward	1,588
Wellington ward, 832			
Total for county	24,477		
Total for Fredericton	6,502		

There are 15,733 males to 15,246 females, a majority for the former of 487. Total number of families, 5,564 living in 5,302 houses, 5,132 of these houses being of wood, 135 of brick and twelve of stone, the majority of houses being of two stories, viz.: 2,632. Of uninhabited houses the number is 266 with 57 houses in course of construction.

Stanley leads the other parishes in the average size of families, being 6·4, while Marysville is next with 5·9. In the case of Marysville the large number of boarders accounts for the size of the families, the boarders being apparently included. With respect to Stanley there is evidently a mistake. The other parishes range at about 5·4 to each family. St. Anns ward, this city, is the lowest, having only 4·9 to a family. The total number of widows is placed at 867 to 451 widowers. The number of children is 10,282 or one third of the total population. Substracting the total number of adult females and total of children, leaves a population of 8,445 men, a small showing for the county. Of French Canadians there are 239 in York. Of religions the Baptists with 6,676 lead the list. The other denominations are as follows. F. C. Baptists, 4,030; Congregationalists, 255; Disciples, 7; Advents, 201; Unitarians, 6; Univeralists, 42; Salvation army, 142; Roman Catholics, 4,170; Church of England, 5,548; Presbyterians, 4,829; Methodists, 4,828; other denominations, 162.

The Trial of Good for Arson.

The preliminary examination of Charles Good, of Kingsclear, who was held for the burning of A. E. Cliff's barn on the 8th inst., at Kingsclear, came up at the police court on Monday before Mr. Marsh. J. A. Vanwart appeared for the prosecution, while Geo. A. Hughes conducted the defence. Among the witnesses examined were A. E. Cliff, George Strange, Joshua Howard, Geo. Francis and the policemen who made the arrest.

The evidence of policeman Roberts was that on Sunday, the 9th inst., he with Phillips and deputy sheriff Hawthorne went to Kingsclear and that he arrested Good who was in bed at his own residence. They conveyed the prisoner to Cliff's residence and there put up their teams. With the prisoner they visited the remains of the burnt barn and leaving Hawthorne and the prisoner at Kilburn's they, with Cliff and King, examined certain foot marks that were pointed out by Cliff. The tracks led from the door of the barn and occasionally one was distinguishable through the fields in the direction of Good's house. One of a pair of boots which the prisoner said he wore the night before, was fitted into one track near prisoner's house. The toe corresponded very well but on account of the uneveness of the ground the heel could not be traced. A track was fitted at the barn and the large nail marks in the impression corresponded with the nails in the boot. Roberts further testified that when taking Good from jail to the court on Tuesday, that the prisoner said he made the tracks in the field going to a spring for water, that if he had kept in the gutter the tracks would not be seen. This was corroborated by Phillips and Hawthorne.

The case was postponed till Monday on account of the illness of James Howard, one of the chief witnesses.

Sheriff Harding's Death.

Sheriff Harding, of St. John, died at his residence in that city at an early hour on Thursday morning. The deceased was one of the best known men of the province. He was born at Harding's point on Long Reach in 1819 and was 74 years of age. He studied law and was admitted to the bar in 1841. He was for a term speaker and representative in the lower house. Last week he was in this city and was as well known to our citizens as though he were a resident. He took a great interest in athletics and while he was patron of rowing at St. John that city through the Paris crew won the first place in the world for that kind of sport. Not only has St. John met with a great loss by Sheriff Harding's death but it will be felt by all throughout the province.

Considerable discussion is being had respecting the successor to Sheriff Harding and it has been freely stated that a prominent lawyer of St. John has received the appoinment. The position is a good one which is one reason for considerable anxiety as to whom will be appointed. Many names are mentioned but as yet no Fredericton man has been named. It is probable that the vacancy will not be filled for a week or so at least, and it will go to a citizen of St John, as the law plainly specifies that the incumbent must be a freeholder of that city.

While nothing has as yet transpired to show that either will be appointed the names of H. J. Thorne and H. L. Sturdee are put forward in that city. Either man would be suitable for the position so far as ability or character is concerned.

At Charlotte County.

The St. Croix Courier says: Last Thursday evening N. W. Brown gave an interesting lecture on Lord Chatham, viewing the great commoner as patriot, statesman, orator and man. Mr. Brown returned to Fredericton on Saturday. In the same connection the St. Andrews Beacon says: N. W. Brown, of Southampton, York Co., and formerly principal of our high school, made a week's visit here among his old friends. On Tuesday evening, Wilberforce division held a special meeting to hear an address from him, and on Thursday evening he favored a large audience with a lecture on Lord Chatham, viewing the great commoner (1) as patriot, (2) statesman, (3) orator, (4) man.

Convention.

Many are asking if there is to be a convention in the liberal interest called in this county. It may be said that it appears to be Mr. Laurier's plan to call provincial conventions prior to the 20th of June, the date set for the Dominion convention; these provincial conventions to arrange dates and stations for each county. According to this plan Mr. Weldon of St. John, provincial president, will call a meeting at that city when dates will be fixed as far as possible for each county in the province. Till the general meeting no convention will be called in this county, as according to the bye-laws of the association, it must be called by one of the officers.

TANGIBLE REMINDER.—Prior to the prorogation, James Robinson, M. P. P., and Dr. Alward, with the unanimous concurrence of both sides of the house, presented a memorial to the government asking that the old members of the legislative council be each presented with the desk and chair which he occupied when that body was in existence. As it emanates from both sides of politics, it is believed that the government will accede to the request, and the hon. members of the late legislative council will have a tangible reminder of the important position they once occupied in connection with provincial politics.

MR. MORRISON BETTER.—The many friends of John A. Morrison, the popular mill owner, will be glad to learn that during the night he has had a change for the better. He is conscious, and it is believed now has a fair chance of recovery.

DEATHS.

Many Have Been Laid Away During the Week.

Hon. Mr. Burchill of Northumberland, has the sympathy of our citizens in the loss of his little daughter Francis, who died last Saturday night, aged one year and five months.

The remains of Herbert Hall, who was killed in the Maine lumber woods by a falling tree in February last, and there buried, were removed to Temperance Vale, this county, and buried on the 14th inst.

Mrs. John Payne of Oromocto, before reported in the HERALD as having fallen and broken one of her hips a short time since, died on Wednesday the 12th inst., as a result of the injury. She was well up in years and did not rally from the shock received. The funeral was conducted by rev. H. E. Dibblee of Maugerville.

Amos S. Mott, brother of J. A. S. Mott and Partelow Mott of St. John, died at the residence of his brother, Dr. Mott, Prince William, on Tuesday night. His death was caused by cancer of the stomach. His funeral took place at Prince William on Thursday.

James Shields, a well known resident of Maugerville, died at that place on Monday night last after a protracted illness from cancer of the stomach. Mr. Shields was a man who had a large circle of friends and was held in the highest esteem by all. He was ever active in social reform and Maugerville has met with a heavy loss by his death.

Much sorrow is expressed at the sudden death at the university on the 18th inst., of Mrs. Stockley, wife of Prof. Stockley of that institution. Deceased was a Miss Osborne. She was married in July last, and in the September following, she and Mr. Stockley came to this city where the deceased lady has made many friends. The funeral took place on Thursday morning with services at the cathedral, the interment taking place at Forest hill cemetery. The students of the university attended the funeral in a body. The bereft husband has the sympathy of all.

Much sympathy is expressed here for Robert Swim, of Doaktown, who has met with a heavy loss in the death of his wife on Thursday last at Doaktown, after a comparitively brief illness from brain trouble caused by erysipelas. Deceased will be remembered here as Miss Francis Ross, for some time teacher of the second department of the model school. On the eve of her marriage—but a year and a half ago—she was presented with several tangible tokens of esteem by the pupils of that institution. Not only was she highly esteemed by her pupils, but she was held in the highest respect by all, her many social qualities making her a general favorite in all circles. The funeral took place at Doaktown on Saturday at ten o'clock, there being a large attendance. Several went from this city to be present at the obsequies.

Dines His Friends.

An account of the dinner given by James Robinson, M. P. P., at the Barker House, at the closing of the session of the local house, was crowded from our columns last week. Mr. Robinson's hospitality is without question and the party assembled included thirty members of the assembly, also justice Tuck, sheriff Harding and Dr. Pugsley. On the right of the host was premier Blair and judge Palmer, to the left Mr. Shaw, M. P. P. and Judge Tuck. Hon. Mr. Tweedie, surveyor general, occupied the vice chair.

Dr. Pugsley proposed the health of the host paying a marked tribute to the many excellent qualities of the member for Northumberland. He spoke of the high esteem in which the host was held, both as a man and legislator.

Mr. Seivewright proposed the health of the surveyor general. Mr. Shaw proposed the health of speaker Burchill and referred to the impartial and able manner in which he had discharged the duties of that important position. Mr. Shaw responded to the toast of her majesty's loyal opposition. The announcement that the members were wanted at the assembly room broke up a very pleasant gathering.

Temperance Legislation.

Pitts is endeavoring to work on the feelings of the temperance people of the county by a garbled statement in his journal that when the bill respecting temperance legislation was before the house the government opposed it. Those who heard the debate will not have to be told that this statement is incorrect.

The feeling of every member of the house respecting the question was that legislation should be passed compelling instruction on temperance in the public schools. The difficulty was to show that the bill asked for would do more towards this than is at present being done.

All that was asked was a change of text book. And it was not shown by Pitts or anyone else that if the change was made there would be any gain in the amount of information imparted.

There was no question as to the temperance principles of government or opposition.

Gibson and St. Marys.

Harry Simmons is going to look after the Simmons & Burpee mill at Van Buren, Me.

There was an alarm of fire on Monday afternoon, the roof of Jeffrey's factory showing a slight blaze. Little damage was done.

The R. T. of T. intend holding a concert within a fortnight when, besides local talent, there will appear outside talent from St. John and other places.

Arthur Sewell is at work with a crew gathering up the logs that last fall were carried into the swamps and lowlands along the river in Sunbury county.

H. Niles has had his house completely renovated this spring, a crew of carpenters and painters being there for over a month. It is one of the finest residences in central New Brunswick.

A temperance mass meeting will be held under the auspices of R. T. of T., during the coming week at which several clergymen will speak. There will be also a good musical program provided. The purpose of the meeting is to arrange for the building of a temperance hall, which will be open to all denominations. It will be known as the town hall.

Marysville News.

The ice has run out and were it not for snow the town would present its usual summer appearance.

William Gibson has gone to St. Stephen in the interests of the New York life insurance company.

Two of the gangs, which have been running for the past fortnight, shut down on Monday, on account of the water.

The St. John Sun of Friday says: Among the well known provincial musicians in the city last night to hear Gilmore's band was prof. Cadwallader of Fredericton. He registered at the Victoria.

GONE TO ENGLAND.—Sachem Gabe of St. Marys and his son, Gabriel Atquin, left by this morning's train for Halifax where they will take an Allen line steamer for Liverpool, England. They will take part in several exhibitions in that country, showing the various phases of Indian life in New Brunswick. The old man, who is about seventy years of age, was across the water once before when he was well received by the gentry of that country and brought back many tokens of their esteem, among others a well filled purse. The young man is an expert in all kinds of Indian manufactures, is also a first-class canoe man and rifle shot. They will return in time to appear at the world's fair.

TEMPERANCE MEETING.—A temperance meeting will be held in the church hall, this city, under the auspices of the church of England, on Monday evening next at eight o'clock. Judge Hanington, Mr. Phinney and Rev. Mr. Parkinson, of Gibson, will deliver addresses. All are cordially invited.

Capt. William Barker, of Barker's point, who has been ill for the past three months, is very low at present and does not show any signs of recovery.

The first boat of the season to reach this city came this morning. It was the woodboat, Pursuit, Capt. Brannen, from Long Reach.

On Thursday evening the city council held a special meeting. The principal subject under discussion was the purchase of another hose cart.

J. D. McKay of the firm of B. Yerxa & Co., will retire from the firm on the 1st of May next. The business will then be removed to the York street store now occupied by Mr. Tupper.

Passengers at Fredericton Junction miss the genial John Buchanan, who for years has filled the important position of station master at that place. He was called to Westfield on account of the illness of his brother and has a month's leave of absence.

MARRIAGES.

Weddings in Various Localities.

John Astle of Derby, was married at Blackville on the 11th inst., by the rev. T. G. Johnstone, to Miss Lavinia, daughter of Charles Wells of Blackville.

On Monday evening, at the cathedral, R. H. Mackay was married to Miss Emily Roberts. They have the best wishes of a large circle of friends.

At Canterbury Station on the 5th inst., at the residence of James McMullen, the rev. C. A. Warneford solemnized the marriage of Charles M. Shanks of Gladstone, Sunbury Co., to Miss Fannie McMullen. Many costly presents attested the esteem in which the bride was held in that parish.

Dr. George Colter, of Marionette, Wis., was married on Tuesday evening, the 18th inst., to Miss Mary Louise, daughter of A. R. Laing, a wealthy soap manufacturer of that state. Mr. Colter will be remembered here as he belongs to Keswick, and attended high school and Normal school in this city.

GOT A JOB.—Some men are born lucky; such appears to be the fate of Wm. Lipsett. He has been appointed a custom house officer at Canterbury station. There has been no officer of this kind at that point heretofore, but William has been knocking round and a job must be found for him so he has been sent there. As there are officers at McAdam and at Woodstock, there does not appear to be any great necessity for such an appointment, still William has to do something. It is highly probable that officers will be appointed in all the villages throughout the county. There is no more smuggling done at Canterbury than at any other point, if any is done, and William may be said to have a soft snap. It is not as yet officially determined whether the citizens of Canterbury station will be called on to welcome him in any ostentatious manner, and now that he is out of the way of his party here they feel satisfied that in whatever way he is received they can wash their hands of him as for some time past they apparently felt that they had somehow secured an elephant.

WHO IS HE?—A case came up in the police court on Thursday, Geo. Currie vs. James Morgan for assault. The plaintiff did not appear and it is the general opinion that the whole thing was a fake. The only George Currie in the city was interviewed and said he had no case at the police court, that he had not been assaulted and did not have anyone arrested. Of course Mr. Morgan was on hand at the police court as he felt pretty well satisfied that as he had assaulted no one he could not be condemned. The bogus Geo. Currie will be looked for and when found will be presented with a bill for costs of court. Children and fools should not handle edged tools.

NECKTIE SOCIAL.—The F. C. Baptists of Gibson held a necktie social in the church hall at that place on Wednesday evening last, which was well attended. Mrs. H. Pickard, Mrs. D. Vanstone, Mrs. W. Robinson and the other ladies of the congregation bore the burden of the affair and were ably assisted by the sterner sex. After tea a short literary and musical entertainment was given. The principal features were a solo by Miss Steele and a dialogue by H. Pickard, Miss Steele, Miss Pickard, L. Belyea and Master Bagnell. It was well carried out. The proceeds, which go to the church fund, amounted to $26. Marysville turned out in full force.

CAUGHT SMUGGLING.—L. V. Tuyeffort, of the Nashawannuck manufacturing company had a rather lively time at McAdam on Wednesday last, when his baggage was overhauled by the custom house officers. He represented he had so many pairs of suspenders, but on investigation his trunks were found to contain more than twice as many as he had represented. He was taken in charge by the officers and conveyed to St. John. He pleaded ignorance of the law, but at length paid the cost and the goods were released.

THE STEAMERS.—The steamer Star made the run from St. John to Gagetown and return on Wednesday. The David Weston has been repaired and is at Indiantown. On Tuesday the tug Captain went to Westfield to tow the first raft of logs out of the Neripis. The ice in Grand and Washademoak lakes still holds. The tugs Dirigo and Fanchon will reach here to-day or Monday to hang booms for the boom company. The Florenceville will be ready as soon as there is a chance to get up river. She made her first trip last year on the 19th inst.

BANGOR AND AROOSTOOK.—Robert Logan, of Gibson, has returned from Houlton where he was looking for a contract on the Bangor and Aroostook railway. The work is being pushed along rapidly and men are scarce. All the sections between Brownville and Houlton are under contract. The track will be laid and the line fenced simultaneously. Moses Burpee is chief engineer of the work. C. L. B. Miles has 15 miles north of the east branch of the Penobscot through Staceyville.

UPPER MAGAGUADAVIC.

APRIL 18.—The weather is at present very stormy and winter like.

Mrs. Jos. McCutcheon, who has been a great sufferer for the past year, died suddenly on Friday morning. Deceased leaves a husband and eight children to mourn. Rev. Mr. Easton preached a very appropriate sermon, and the remains were interred in the new burying ground. The funeral was very largely attended, among those present was her mother Mrs. Ross, of Harvey. The community extend their sympathy to the family and relatives in their bereavement. Deceased was much esteemed in the neighborhood and her death will not be forgotten soon.
