If she lives until January next Mrs. Rosborough will be ninety-three years old. A number of young men met at Dr. J. W. Bridger's office, Monday evening, to talk over the organization of a Y. M. C. A. in this city, but reached no definite conclusion. The proposition has not been abandoned, however, but is hoped it will reach a satisfactory solution.

Dr. Judson Coy who has bought Dr. Mott's practice at Prince William, was married at St. Ann's church in this city Wednesday morning, to Grace, daughter of John B. Ingraham, of Lower Queensbury, Rev. Canon Roberts performing the ceremony. The wedding was a quiet one, only immediate friends of the parties being present. It is now settled, says the Sussex Record, that the ecclesiastical court, before which the case of the Rev. H. W. Little will be heard, is to be opened at Fredericton on the 12th December. The members of the court are the Rev. Mr. Parkinson, Rev. Mr. Wilkinson and Canon Neales, with C. N. Vroom and E. J. Wetmore. T. Carleton Allen will be counsel for the court.

Sad Death at Harvey. On Saturday last James Swan, of Harvey Settlement, was out working on his farm and not returning to dinner his wife became alarmed and got some neighbors to go where her husband was at work in order to ascertain the cause of his delay. They found him dead. It is supposed that in a fit (to which he was subject) he fell into a pool of water and was drowned or choked, as there was only a puddle of water where he was lying. He was a young man with a wife and one child, and the event is a very sad one.

College Y. M. C. A. Convention. The College Y. M. C. A. convention opened at the University last night, with representatives present from Sackville, Dalhousie, Acadia, Prince of Wales College and the University, thirteen delegates in all outside of Fredericton. Mr. Baird, of the University, presided, and Dr. Harrison welcomed the delegates, who responded in brief addresses. Prof. W. C. Murray, of Dalhousie College, read a clever paper on the "significance of feeling in belief"; the session proving a very pleasant and profitable one. To-day two business sessions were held at the University, and this evening Rev. Dr. McLeod will address the convention and the public in the Temperance Hall. Fraser G. Marshall, Maritime Secretary, will also speak and show why Fredericton should have a Y. M. C. A.

A FATAL ACCIDENT.

David Wilson Killed by Falling from the Roof of T. G. Leggie's House.

A very sad and fatal accident occurred at T. G. Leggie's residence, corner church and George streets Wednesday afternoon. Harry Clark has the contract for making the improvements to Mr. Leggie's premises, and in his attempt to lay the masonry for the new wing, and poor Wilson lying unconscious in a pool of blood at the bottom, are the only circumstances to assist in reaching a conclusion as to how the unfortunate fellow met his death. It is believed that he was attempting to raise the window to get in up stairs where there was a fire and to eat his lunch which he carried from home, and that he missed his footing and fell to the sidewalk, a distance of about fifteen feet. The walk was covered with ice and Wilson evidently struck on his head and shoulder. He was carried to the hospital, where he remained for some five minutes before he was discovered unconscious, with blood oozing out of his ears and nose. He was at once carried into W. T. Whitehead's residence, doctors were promptly on the spot, but he lay there nearly an hour when it was thought advisable to remove him to Victoria hospital. A stretcher was prepared, tender hands arranged the poor fellow on a temporary bed, and strong arms carried him to the hospital. His wife had arrived before this and was almost distracted with grief. From the first, Wilson's injuries appeared likely to prove fatal. His collar bone was broken and it was believed that the base of the skull was fractured. He never recovered complete consciousness. He was able to recognize his wife for a moment and his pastor, Rev. P. O. Hartley, but that was all. He was kept constantly under morphine and whenever its effects commenced to wear off he would struggle as if in intense pain. Dr. McLearn, the attending physician, had some hope of his patient's life Wednesday morning, but it was very faint. There was nothing to be done for the poor fellow and he died shortly before midnight. The funeral will be held at St. John's at 2 o'clock tomorrow at St. Mary's, and will be under the direction of the Foresters of that place. Mr. Wilson held \$1,000 insurance in the order payable to his wife. He leaves no children, and was about thirty-five years old.

DEATH OF SAMUEL DAYTON.

For Forty Years a Prominent Resident of St. Mary's.

The village of St. Mary's is mourning to-day through the death yesterday afternoon of Squire Samuel Dayton, one of its most prominent and popular citizens. Mr. Dayton was taken ill two weeks ago while on a business trip to St. John, and gradually sank until yesterday afternoon, when death relieved him of his sufferings. He was a native of Douglas, but has been a resident of St. Mary's for forty years, being engaged nearly all that time in the lumber business. He was burned out in the fire last fall, but rebuilt his residence and store on a much larger and more convenient scale, and was doing a good business. Mr. Dayton was an intelligent and enterprising man, and was personally liked wherever he was known. He held the office of justice of the peace for many years, and his influence was always on the right side. He was twice married, first to Miss Hampecker and second to Miss Gilman, sister of Ald. Gilman of this city. The latter, with five children by his first wife and three by the second, survives him. One of his sons is Milton Dayton, merchant of Edmundston, and a daughter is the wife of H. B. Kilburn of the First National bank at Houltou. Another daughter, deceased, was married to J. W. McCreary of this city. Mr. Dayton would have been seventy-one years old in January next. The funeral will take place from his late residence, St. Mary's, at 2 p. m. to-morrow.

THANKSGIVING FOOTBALL.

St. John Downs the University, but Strike a Snag in the City Team.

The St. John footballists accompanied by a number of their friends and admirers arrived Thursday morning and registered at the Queen. They were scheduled for two games—against the University in the P. M. and against the city team in the afternoon. The St. John football team, and play took place in Scully's field in the afternoon before about five hundred spectators. The University game was called first and was a very lively one. The University boys put up a good game but were beaten 3 to 0, thus giving St. John the chance to play off with Sackville for the league cup.

ITALY'S BIG EARTHQUAKE.

Reports of disasters caused by the earthquake in southern Italy, show that there has been great loss of life. Proportionately 1,200 inhabitants have been obliterated. Virtually all the buildings were thrown into ruins. The number of deaths is not known, but in one church forty-seven persons were buried alive under fallen walls. The last authoritative report was that the list of the dead was well above sixty. In another village of the same province, eight persons were killed outright by falling buildings. The damage to property has been enormous.
