A quiet wedding took place at the residence of Andrew J. Stephens, Sand Point road, St. John, Wednesday night, when his third daughter, Fannie Louise, was united in marriage to George W. The citizens' band will furnish music.

Henry B. Rainford has been at Ottawa pushing a claim against the government in compensation for injuries received by his son Thomas, while undergoing instruction at the Quebec military school some time ago. The young man has since been invalid at his home here, and the claim is that he did not receive proper care and attention at the hands of the military surgeons. To-day Mr. Rainford received word that he will receive \$1,000.

T. G. Loggie went to Boiestown Monday, and swore in the guardians for the salmon fishery claim, owned by himself, Judge Steadman, Edgar Hanson, Hon. A. F. Randolph and other gentlemen, on the S. W. Miramichi. Wednesday morning 25,000 salmon fry were received from the Newcastle hatchery and were placed in the South West five miles above Boiestown, under the direction of Mr. Loggie and Robert Orr, fishery commissioner.

In the Sunbury County Court this week, Judge Steadman presiding, the grand jury found a true bill against Archibald Connolly for assault on Robert, Mr. Palmer, a most successful teacher and he will be retiring his valuable services. No doubt his resignation is one of the fruits of the trustees' economical programme inaugurated last winter. Mr. Palmer's salary was among those reduced, and while he believes he regrets leaving Fredericton, the larger remuneration offered at Sackville overcame his objections. His place will be difficult to fill.

Hose Station Repairs. The fire committee have ordered some further repairs to Nos. 1 and No. 5 hose stations, and when these are completed all the property of the department will be in good condition. These two buildings were very greatly improved last year, but it has been found that the roofs need re-shingling, and this necessary work is now being done. At both hose stations in addition to the new roof, gas is to be introduced into the buildings, and the ceilings in No. 5 will be mended and lath-and-plastered. No. 5 also want a hose drying tower, but that has not yet been ordered by the committee. Johnston McKenzie, captain of No. 5, will do the shingling on both stations, and the plumbing work will be done by Jerry O'Brien.

Who Can They Be? A Fredericton despatch to the St. John Record says: It is stated to-day on reliable authority that one of Fredericton's wealthiest citizens, and his wife, both of whom have always been prominent members of the Baptist denomination in this city, are soon to become members of the Church of England, and are now being prepared for confirmation.

DR. TWITCHELL TALKS.

On an Interesting Topic to Fredericton Horsemen.

Dr. Twitchell, the eminent Maine authority on all branches of agricultural work, is always welcomed by New Brunswick farmers and horsemen, for he has always an interesting message to deliver. Last night in the Queen hotel coach house, he addressed quite a large audience on the advantage of judging exhibits by the advance, in preference to the committee system.

The lecture was under the auspices of the local Agricultural Society and Dr. Twitchell came here through the efforts of W. W. Hubbard, and the Secretary of the society, A. S. Murray. Those present included Hon. H. R. Emmerson, J. L. Innes, Hon. F. P. Thompson, W. T. Whitehead, A. S. Murray, F. B. Edgewood, Isaac Trabody, John H. Reid, Ald. Golding, R. A. Estey, John A. Edwards, H. C. Butler, John Boyle, P. C. Powys, R. S. Barker, F. C. D. Bristowe, C. Boyle, A. D. Thomas, and representatives of the local press.

On motion of Mr. Murray, J. L. Innes was called to the chair, and the Secretary for Agriculture introduced Dr. Twitchell with a few fitting words. He said we were sorry we did not have the Doctor with us often, for we always benefited greatly from his intelligent advice and wisdom on agricultural matters.

Dr. Twitchell, on stepping to the front, launched directly into his subject, making out a very strong case for the score card system of judging at exhibitions. He afterwards gave a practical illustration of how the work is done, using one of Mr. Edwards' handsome chestnuts, and giving an amount of useful information about the horse and the different points of his own ideal. The HERALD will publish later a fuller report of the very interesting address. Messrs. Thompson, Innes, Reid, Simmons, Estey, Edwards, Murray and others plied the doctor with numerous questions during his address and were promptly answered.

A vote of thanks, moved by Mr. Reid and seconded by Mr. Murray, was presented to the lecturer by the chairman.

An Important Meeting.

This morning Mr. Innes, Secretary for Agriculture, received the following important letter from Prof. J. W. Robertson, which is self-explanatory:

Ottawa, 21st June, 1894.

Dear Mr. Innes:

I intend to be at Fredericton on Tuesday first until the 3.20 train in the afternoon. I will arrive by the 10.10 a.m. train from St. John. Could you do me the favor of asking the Mayor to invite some of the leading citizens and members of the Board of Trade to meet me at any hour and place they may appoint during my stay in Fredericton, to discuss the desirability of holding our large picnic of farmers in connection with our dairy work at Fredericton in August. I am anxious that this our picnic should be a great success, as His Excellency the Governor General and Lady Aberdeen will likely be present at it. I believe it will serve the agricultural and dairy interests of New Brunswick in a most efficient manner.

I am, yours very truly,

J. W. ROBERTSON.

Mr. Innes has interested himself in Prof. Robertson's proposition, and has arranged with the Mayor for a meeting at 11.30 a.m. Tuesday, in Council Chamber, where Prof. Robertson will meet the City Council, the Board of Trade, members of the Agricultural Society, and all citizens who will be good enough to attend. Let there be a full meeting and prompt action will secure success.

Convicted and Sentenced.

Judge Van Wart presided at the York circuit court which took Tuesday and Wednesday, received complimentary addresses from the bar of Fredericton and the grand jury. There were no civil cases entered. The criminal cases were against the Milville burglars: John Evans for breaking and entering Ealey's store in company with Benj. Dunford on May 8th; against John Evans and David Greenlaw for breaking and entering the same store in company with Benj. Dunford on May 14; against David Greenlaw for receiving stolen goods. The grand jury brought on a true bill on all indictments. Evans and Greenlaw both pleaded guilty and were sentenced to two years imprisonment, each. Greenlaw in the alternative and Evans in the reformatory, and they were taken to Dorchester and St. John respectively, on Thursday, by Deputy Sheriff Hawthorn and Constable Smith.

Benjamin Dunford, who was sent up for trial for complicity in the Milville robbery, was arraigned before Judge Steadman in the York county court Saturday morning. He elected to be tried under the speedy trials act, and pleaded guilty. He was sentenced until Wednesday, when he was sentenced to two years in Dorchester penitentiary. He was also taken to that institution Thursday by the Deputy Sheriff.

"A Spendthrift Son."

The St. Andrews Beacon is in receipt of a communication from C. E. Carmichael, with respect to an article recently published under the above heading in the Beacon, and briefly referred to in THE HERALD. He presumes he is the party alluded to in the article. He admits having charge of the business of his family and declares that the amounts expended by him were for household expenses, which were very heavy, and for his own salary of \$2 per day. He says it required about \$2,000 per year to pay the bills. He desires to be distinctly understood that he will like the "boys" and "girls," and sincerely hopes the liking is reciprocated. He devils, he remarks, is not so black as he is painted. (Carmichael is a near relative by marriage of a family formerly resident in Fredericton, but now living at St. Andrews.)

One of the Fruits.

J. M. Palmer, a popular and efficient teacher in the High School, will retire from the city service at the close of the present term, and has accepted the principalship of the boys' Academy at Sackville, made vacant by the retirement of C. W. Harrison. The engagement was made during Dr. Allison's visit here last week, and he has made an excellent selection. Mr. Palmer is a most successful teacher and he will be retiring his valuable services. No doubt his resignation is one of the fruits of the trustees' economical programme inaugurated last winter. Mr. Palmer's salary was among those reduced, and while he believes he regrets leaving Fredericton, the larger remuneration offered at Sackville overcame his objections. His place will be difficult to fill.

In addition to the new walks, about 500 yards of the old asphalt, principally on Queen street, are to be repaired.

Inoculation in Fredericton.

TO THE EDITOR OF THE HERALD:

Sir,—I was greatly impressed with your article in THE HERALD of last Saturday, in reference to the apathy of our civic authorities in not making proclamation for the apprehension of the parties who set fire to the Hoeg building, on King street, designedly as you complain of struck me at the time. While it is far from my intention to reflect upon any body of men who compose our City Council, I desire here to state that on the day after the burning of the second exhibition building, the Mayor of that day (as I am informed) took it upon himself to assume the responsibility of offering a reward of \$50 for the apprehension and conviction of the offender, and the bills were posted within twelve hours after the fire. Had he waited for the Council to meet, he might, or might not, have received the sanction of that body, and besides by that time the excitement would have been all over. But the effect of the timely proclamation was that it aroused the notorious gang, pretty well known or suspected at the time, to a source of their danger, and some of them either left the City, or for the remainder of the season kept themselves out of harm's way. Here has been a great factory destroyed by the torch of some precious rascal; and yet our authorities seem to be asleep—all at all events do not take the first step in the way of offering a reward, say of \$100, or even more, which would be money well spent, if a conviction followed; but if it did not follow, it would serve as an intimation to the lurking rascals about our City. I write warmly, and urge large real estate owners, and unless there is some negligence in the future and incendiaries are not followed up, the effect will be that such persons as myself will be very apt to abandon the City altogether. As to the fire investigations, they are well enough as far as they go. We should go to work without preliminaries and have the rascals down. A CRITIC.

A Kingsclear Wedding.

Prof. Duff of Paris University, Lafayette, Indiana, formerly of the U. S. A., and Miss Isabel Macintosh, of Kingsclear, were married at St. Peter's Episcopal church, Spring Hill, Wednesday, at 12.30 p.m., in the presence of quite a large gathering of friends. The ceremony was performed by Rev. H. Montgomery. The bride was attended by her sister, Miss Marian Macintosh, and Prof. W. C. Murray of Dalhousie college, Halifax, supported the groom. Among those present were Police Magistrate Marsh, who is an uncle of the bride, and Mr. and Mrs. Hugh H. McLean, St. John. Mr. and Mrs. Duff left on the afternoon train for Montreal, where they will take a steamer for their bridal tour in Europe.

DIED.

At Bangor, Maine, on the 19th inst., Edward Lockard, of the Barony, York county, aged twenty-one years.

At Doulos, York county, on the 19th inst., Mrs. Walter Cruikshank, aged eighty-two years.

At St. Marys, York Co., June 21st, Rose, relict of the late Lawrence Hughes, aged 95 years.

Yesterday's Fire.

The fire alarm bells rang at five o'clock yesterday afternoon, when flames were discovered in Peter Malloy's house, Needham street. There was quite a stiff breeze blowing at the time, and some fear was felt that the fire might spread to adjoining buildings. The firemen, however, promptly subdued the flames after the roof and upper story had been pretty well destroyed. Mr. Malloy got part of his furniture out and had \$400 insurance on his house. Much sympathy is felt for him, as he has been in hard luck through illness, and had only recently got his home completed.
