Blackmer and Inspector Bridges. Tea, cream, cake and coffee were provided in abundance, and the affair would have passed off pleasantly had it not been for the unseasonably cold of some hoodlums who ought to have been taken charge of by the police. The noise at times entirely drowned all attempts of the performers, and was most embarrassing to the ladies who sought to make the social enjoyable to the large number of patrons. The receipts of the evening were very satisfactory.

Last Monday our young ladies spent a delightful day at the residence of James Boies, the day being celebrated by a quilting, and the evening by music and games.

They have a new little girl at Frank Brooks' since last week, of which they are very proud. B. S. Miller is working in Mr. Wright's shop, for trying to perfect his model steeper, for which he intends to apply for a patent in a near future.

J. N. Grant is through hauling logs and has sent out his hired teams. It will take him two or three weeks yet with his own teams to finish his visit and birch timber. Another of our oldest residents, Fred. Patterson, passed quietly to his rest, a victim of la grippe, on Friday, 18th inst. The funeral services were attended by Bro. Hart, Limerick Grant.

Handling hemlock bark to Benton has given work to a good many men and teams of this locality, this winter. While standing near the tannery one day last week, Herbert Fox's team became frightened at the stream while and ran away. They had not gone far when they collided with another load of bark, and one of the horses, a very valuable animal, was seriously injured. W. S. COUNTRY NEWS.

Harvey Station. MARCH 1.—The snow is very deep here, and people have some difficulty in moving around. There has not been as much lumber and tanbark landed here this winter as usual, owing to the great depth of snow in the woods.

A fire on the railroad accident at Newburg Junction, in which Allan Tracey was killed, and O. S. Mersereau badly injured, caused a painful sensation here, as both men were well known. Joseph Robinson, of this place, was on board the wrecking train at the time of the accident, and had a very narrow escape.

Penniac. Feb. 22.—George Youmans, aged 16, son of the late Stephen and Amelia Youmans, died of consumption at the home of Frank Mitchell on the 17th inst. He had been ill a long time and death was a happy release. The funeral took place Monday afternoon and was very largely attended. Rev. Mr. Parsons conducted the service. Deceased leaves one brother and two sisters.

It is with sadness that the people of this place learn of the sudden death of Miss Millie Moore of Burden. This was her birth place, and she had been here for many years; and it is but a few months since she visited her many friends here. We sincerely sympathize with Mr. Moore and family in their sorrow.

James Robertson of Gibson, who has been cooking in the woods for John Long, became ill last week and had to be taken home. Owing to the fact that the road had not been broken out after the storm, the travelling was most tedious, especially to a sick man.

The men are coming out of the woods. They say the snow is too deep for satisfactory work. Miss Mattie Goodspeed is home from high school, with scarlet fever. E. Jewett of Woodstock, is visiting friends here.

On account of frequent storms and bad roads, the ministers who preach here have been unable to fill but a few appointments. Miss Edna Estabrooks has returned from a lengthy visit to Blanchville. Leland Clarke has moved into his new house which is a fine one.

SELECTIONS FROM SUNBURY. Mill Settlement. Feb. 28.—Snow storms are the order of the day. Hardly a day passes without more or less falling, in consequence of which the roads are very slippery. The young people spent a very pleasant time at Henry Knorr's, Thursday evening. Music, games and dancing formed the chief amusements.

A very happy domestic event transpired at the residence of Charles Knorr on Thursday, Feb. 28—it was a boy. Robert Charlton has returned from Carleton, ill with la grippe. Mrs. Mary Gardner has gone to Libermia to take music lessons.

A bean supper is to be held at Blenheim, March 5. A pleasant time is anticipated. Lucinda Charlton has returned home from Grand Bay. One afternoon recently two young ladies started "deer" hunting on snowshoes. They succeeded in capturing two, but unfortunately one escaped.

Persons requiring information concerning the latest in balusters should enquire of a certain young gentleman and lady of this place. Our mails are very irregular this winter on account of heavy roads.

Miss M. Hinchoy is slowly recovering from her cold, also Miss L. Price. C. Calhoun is in the settlement again, having to leave the lumber woods on account of la grippe.

A candy party will be held at R. Snow's March 10th. All are cordially invited. Come and spend a pleasant evening and you never will regret it.

NEWS FROM QUEENS. Upper Gagetown. Feb. 27.—Rev. Mr. Hopper has tendered his resignation as pastor of the Upper Gagetown Baptist church, to take effect May 1st. Melvin Cormier has returned from his short visit to Boston.

Mr. and Mrs. Gifford Gordon are rejoicing over the arrival of a young daughter. Fred Weston met with a slight accident the other day, resulting in damaging the sleigh considerably in which he was driving. Happily he was alone. While driving with one of the select horses of the place—it being quite dark—the sleigh ran upon a bank of snow, and the driver was not it.

The municipal election which takes place to-morrow at Gagetown no doubt will be very exciting. John Hoban and David Coe are the contesting parties. On returning from Fredericton during a heavy north east snow storm, a certain person got lost on his own farm. No doubt when he was in his orchard he thought he was in the woods, and away it was some time before the election.

The house of Benjamin Coy was damaged by fire a few days ago, but the fire company acted promptly and the fire was soon under control. David Currie of Boston, a former resident of Upper Gagetown, is stopping a few days here. It has been a number of years since he has been in U. G.

George Forks of Duck Creek, intends moving away soon. We regret very much that he is to leave here, as he and his family will be missed very much in the P. B. School, in which they were a great help. W. Gunter, teacher of the academy, has been absent from his school two or three days, taking a trip to St. John.

Mr. Murray is eighty years old and had just recovered from an attack of la grippe.

Representatives of the W. C. T. U. waited on Hon. A. G. Blair at St. John yesterday, in an effort to support measures including women, but the Premier declined to commit himself to the proposition. He said he felt constrained to stand upon the position that it would be unwise to do in this province what had not yet been tried in the old civilizations like that of England. Certainly as he felt at this moment, he could not promote the legislation which they sought, unless he sympathized with their desires for the elevation of their sex.

The Lumber Cut. Robert Connors, the well known St. Francis lumber operator says most of the men are out of the woods, and the ice is all that prevents stream driving from being undertaken now. The lumber cut this winter has been away below the average; in fact without the logs held over from last winter there would be a small quantity of logs for manufacture next season. Some fifteen million American logs, which were cut last winter, are held over on the upper St. John. Ten millions are for Cushing & Co., and two for Stetson, Cutler & Co. W. H. Murray held over ten millions of provincial logs.
