The Knights of Pythias may expect a big crowd at their picnic next Wednesday. They go to Willow Bank farm, Burton, by the Weston, and everybody attending anticipates a pleasant day. The Knights never do things by halves. The prizes they offer for the various sports are shown on Oak Hall's windows, and are the most expensive seen here for many a day. The Citizens' band will accompany the excursion. J. D. Fowler is chairman and Sgt. Fowler secretary of the general committee.

A company has been formed among leading citizens of St. John and Fredericton to purchase the rights of the Keely cure for the maritime provinces, and Wednesday's Gazette contains a notice of their intention to apply for incorporation under the name of the Leslie E. Keely Institutes of the Maritime Provinces of Canada. The names appearing in the application are George F. Baird, Wesley Van Wart, Willard Kitchin, Henry Chestnut, Wm. R. McCloskey and W. In the evening many of the visitors and their friends in this city, enjoyed a dance in Masonic hall, the celebration was in honor of Emancipation day.

A DUSKY ADONIS

Weds a White Girl at Bangor—Both Belonged to Fredericton.

A wedding in which Fredericton was interested occurred at Bangor last week, the principals being George Waters (colored), a native of Keswick Ridge, and later a resident of this city, and Annie McInnis, a white girl, who is said to belong in this vicinity.

George Waters, who has been porter at the Jerrard for three years, and Annie McInnis, who has been employed in the same house as table girl for a year, disappeared suddenly at 9 p.m., Saturday, and from that time they were considered missing.

It is supposed that they have become bound one to the other with Cupid's dainty knot and gone from here to live and love in peace in the country. The most interesting part of it is that while Annie is a dark haired, blue-eyed lass of Scotch extraction, from somewhere in the Maritime Provinces, George is a very black though fairly good-looking colored man of African descent.

For a long time past George has been lavishing his kindest attentions upon the pretty kitchen girl of the Jerrard, and finally it became known that they were to be married. When this announcement was made there were objections in various quarters, Annie's brother being one of the chief objectors. George was not to be cheated of his intended bride by anybody's talk, however, and a few days ago he declared that he would shoot the first person who offered the least interference or tried in any way to prevent the marriage.

On Thursday night a colored man came into The News office with a scrap of paper upon which was scrawled the announcement that "George Waters" had been married to someone, but as the bride's name could not be deciphered by anybody the marriage notice was not published. The name, it now appears, was "Annie McInnis" and they were married, as the News ascertained, by a Justice of the Peace.

Mr. Jerrard, proprietor of the house where the lovers were employed, became dissatisfied some time since with Waters, and gave him a week in which

To Find Another Place. The week was up Saturday and it was on the evening of that day that the people at the Jerrard saw George and Annie for the last time. It was thought that the young woman had gone up stairs to her room, while the porter was seen to go out at the side door, but later on, when Annie's brother and a clergyman called to see her, she could not be found.

Both George and Annie left their trunks in the house, packed ready for a journey, and until they send for their belongings it is likely that their whereabouts will remain unknown. The police were notified of the supposed elopement, but were unable to get any trace of the illy assorted pair. As they were married, of course, it was a slipshod matter—merely an eccentric expropriation by a man and his new wife, an impromptu honeymoon trip. But it is a queer match, anyway.

Severely Scalded. A lamentable accident, which may cost the victim his life, occurred in the dye house of the Gibson cotton mill at Maryville, Thursday afternoon. While John Allen, a young man of about twenty-five, was working around one of the vats, he lost his balance and fell into the vat which was filled with boiling dye. Dr. Coulthard, of this city, who was visiting a patient in Maryville, was immediately on the scene. He did all he could for the unfortunate young man, dressing his badly burned body as quickly as possible. Allen was removed to his residence where he is now in a very precarious condition. Dr. Coulthard does not think that he will recover. He is very badly burned, his entire body from feet to neck having been immersed in the boiling liquid.

A Long Bicycle Ride. A. A. Shute and H. H. Hagerman returned Wednesday from their bicycle trip through Nova Scotia. They were absent two weeks and rode 400 miles. They crossed to Digby, and mounting their silent steeds ran through the Annapolis valley to Halifax and returned by the Intercolonial route, wheeling most of the way. The last day's run, sixty miles, was from Pictouville to St. John, and this they accomplished in time to catch the afternoon train to Fredericton. They enjoyed the trip very much, were very well treated by the people with whom they came in contact, but found the roads much inferior to those of New Brunswick.

At the Methodist Sunday school rooms Tuesday evening, John J. Weddall, on behalf of the Epworth league, presented a very complimentary address to J. M. Palmer, the retiring president, accompanied by a student's lamp, Mr. Palmer making a very feeling reply. The latter gentleman, with his mother and sisters, have since left Fredericton, and in future will reside at Sackville.

The Unionist foot club boys were represented at a meeting at St. John Tuesday, and adopted a code of bye-laws and regulations was adopted for the government of the association, and the officers elected were: George W. Jones, President; Grant Hall, Moncton, Secretary; J. M. Blakely, Secretary; Allen Hoban, Treasurer.

In the first cricket match Saturday between Civilian and Military, the former made 54 in the first and 72 in their second innings. The Military had only one inning, scoring 44. The highest figures were L. Fenety, 18, E. H. Allen, 16, H. C. Butler, 11, O. H. Sharp, 10, and Corp. Utton 10.

Geo. Howard, of Howard & Crangle, is seriously ill of congestion of the bowels, and this morning had the attention of both Dr. Seery and Dr. Coulthard. His friends feel grave alarm at his condition. He was taken ill Thursday morning, and his sufferings are intense.

The Masked Ball, a peculiarly amusing and popular comedy will be produced at the City Hall next Monday evening, by Frohman's company, which played Jans here a few weeks ago. The company is a strong one. Reserved seats at Fenety's.

Mrs. Coulthard, Coburn and Fisher performed a delicate surgical operation on Mrs. Rainford, sister of H. B. Rainford, at the latter's residence, Thursday, and the patient is fairly comfortable considering the circumstances.

Mrs. Charles Macdonald, of Halifax, wife of the Post Office Inspector for Nova Scotia, who has been here, the guest of her brother, Dr. McLean, was joined yesterday by Mr. Macdonald, and they left for home in the afternoon.

The I. C. R. will run a special train from Moncton to Fredericton via the Canada Eastern, Aug. 16th, fare \$2.00 and return from Moncton, and \$1.50 from northern points.

C. E. Macpherson, passenger agent of the C. P. R., is expected here Monday to arrange rates for the excursions week after next.

Richard Sibley, of the Montreal Trade Review, was at the Queen yesterday.

Have you seen those pretty all wool challises for 25 cents at Edgewcombe's; former prices were 40 cents. Have you seen the gloves and hose they are selling at a quarter of a dollar? In fact you can save a quarter of a dollar on every dollar, or twenty-five per cent just by spending your money at Fred. B. Edgewcombe's.—Adv.

THE RECEPTION.

The Local Arrangements are Progressing Favorably.

The Programme Outlined.

If the reception to Lord and Lady Aberdeen, week after next, is not a success, it will not be the fault of the gentlemen who have the matter in charge. Everybody connected with the management, from Governor Fraser down, are entering earnestly into the work. The leading features of the celebration, in the country generally, at least, will be the agricultural conference, and this is getting a boom all around. Prof. Robertson of the Ottawa Experimental farm, has sent out posters to every part of the province, and the local committees have arranged with all railway and steamboat lines for

Low Rates to Attending Visitors.

Mr. Hubbard, secy. of the N. B. Farmers' and Dalrymple's Association, has issued circulars to the agricultural societies, who have also been communicated with by the local committees, and a special meeting of the association is to be held here on the 15th inst., to prepare an address to His Excellency. As previously announced in the Herald, the conference will be held on the afternoon of the 15th, at the Parliament Square, and a platform will be erected at the main entrance to the parliament building, for the speakers and other distinguished guests. Those who are officially known as speakers are the Hon. the Hon. J. G. Harvey, ex-Governor Board, and Prof. Robertson, but it is probable that other names will be added to the list, including some of our prominent and popular public men. It will be

A Great Day for the farmers and dairymen of New Brunswick, and it is hoped that some thousands of them will be present and profit by the occasion.

The general programme will not be officially arranged until next week, but THE HERALD is in possession of the principal features, and we repeat them as they are received at the depot by a guard of honor from the 71st battalion, Governor Fraser, Premier Blair and other members of the local government, and the central committee. His Worship the Mayor and the civic committee. It is stated that

A Handsome Private Residence will be given up to the vice-regal party for use during their stay here, but THE HERALD is not at liberty yet to state the matter more definitely. On the evening of their arrival, the Governor and Mrs. Fraser will tender the distinguished visitors a reception and ball in the Parliament buildings, and these functions promise to be the grandest ever seen in the province. The invitation have been issued this week, and it is anticipated that nearly a thousand ladies and gentlemen will be present, representing all parts of the province.

On Thursday morning the visitors will be given a drive to interesting points in the city and to Maryville, and in the afternoon the agricultural conference will be held on Parliament Square, and here also the address will be presented. In the evening the Governor will entertain Lord and Lady Aberdeen and a few other guests

At a State Dinner at Farraline Place, and during its progress the firemen will arrive in front of the Governor's residence and give a grand fireworks display. They are extending a large party and other guests will be invited to enter barouches, and the firemen's torchlight procession will escort them through the principal streets. It is probable that the central committee will invite the citizens generally to illuminate their stores, residences, etc., and that the public buildings especially.

Will Make a Grand Display. The firemen are entering warmly into the arrangements. They are extending a large party in renewing their uniforms, have already ordered the fireworks, engaged the Citizens band for their procession, and expect to make a most attractive turnout ever witnessed in Fredericton.

Friday forenoon the visitors will be given another drive, probably visiting the Normal School, University, old Government House, the Colonist, the Press, and other public institutions, and about noon they will embark for St. John on the David Weston as the guests of the local Government. Dinner will be served on board, and it is probable that a number of public men will accompany the party to St. John.

These are the outlines of a celebration which promise to be the most successful of any similar demonstration ever witnessed in this city. Next week THE HERALD will be able to give the official programme, and all the smaller details of the celebration.

MR. HUME'S ELECTION.

He is Now Claimed as a Government Supporter.

THE HERALD last week noted the election of J. Fred. Hume, formerly of Fredericton, to the British Columbia legislature, and classed him as an opposition member, but later reports showed that the government claim him as a supporter. The Kootenay Mail (Kelowna) thus refers to Mr. Hume's position:

"It is said that Mr. Hume's committee informed the Premier, when he was in Nelson this week, that Mr. Hume's candidacy must not be looked upon as a condemnation of the government's policy in Southern Kootenay, and that he was in full accord with the government and would sit on the government side of the house; that the contest was strictly a personal one between Hume and the Premier."

Hon. Mr. Davie, the Premier, visited Mr. Hume's constituency during the election and spoke in support of Mr. Buchanan, and on his return to Victoria, in an interview with the Colonist he said that Mr. Hume was the candidate. At New Denver it was made very evident that in the contest for the seat the question of the government was left out of the fight, seemingly being entirely between the individuals on personal rather than political issues. I went to Nelson, where I afterwards attended a public meeting called by Mr. Hume and presided over by Mr. Bigelow. It was accorded the right to give an address before speeches directed against the government. On polling day, as you know, the government candidate was not elected. Mr. Hume securing a majority, and in the evening there was quite a big celebration in Nelson, after the result of the count was made known. About seventy-five or so of Mr. Hume's supporters visited me during the course of the affair, headed by Mr. Bigelow, the chairman of the meeting of the previous evening. They called upon me for a speech, and after I had responded, they took occasion to assume me that there was no political significance whatever in the majority polled for Mr. Hume, and that the defeat of Mr. Buchanan was no condemnation of the government, with which on the whole they expressed themselves as well contented. The election, it was stated in speeches by Mr. Bigelow and others, which were applauded to the echo, had been conducted on merely personal grounds, and the deputation wound up with three hearty cheers for the government, for Mr. Hume, and for the defeated candidate.

FOR SALE BY KITCHEN & SHEA, OPP. POST OFFICE, FREDERICTON

Harvey Station. Aug 2.—Haying is now almost finished in this locality, the weather having been all that could be desired, and the crop has been secured in fine condition. Most of our farmers say that they have a half more hay than they had last year. The oat and potato crops are not very promising, the oats are badly affected by the blight.

Among the summer visitors here are Mrs. St. Clair, of Cambridgeport, Mass, who is visiting her uncle, D. Glendinning; Mr. and Mrs. Connell and Mrs. Levi Talbot, of Dorchester, Mass, and Oswald Mowat, of Montreal.

We are glad to report that Geo. Herbert who has been in poor health for some time, is rapidly improving. Wm. T. Donohoe, who has also been very sick, is much better.

The young people's society of Christian Endeavor met at the usual time, last Monday evening. It was well attended and new members were added. The following officers were elected for the next six months: President, J. W. Taylor; Vice President, Miss M. Robinson; Cor. Secretary, Miss Minnie Glendon; Sec. Secretary, Miss Alice Smith; Treasurer, Miss Mabel Emberton; Prayer Meeting Committee, Geo. Piercy, Miss L. Robinson and Miss J. Taylor.

W. G. Chamberlain, who has been principal of the school for the last three years, is about to leave us. He will go to Chicago in a few days to study medicine. During his stay here Mr. Chamberlain made many warm friends, and his place in society will be very hard to fill.

Miss E. Olive Patterson, who has been ill of consumption for some time past, died last Thursday morning. She was in her seventeenth year, and was a very fine girl, and much sorrow is felt at her early death. A large number of the Royal Templars of Temperance, of which order deceased was a member, attended the funeral and walked in procession with her badge on. The burial service of the order was read at the grave. The following address of sympathy was sent to the bereaved parents by Harvey Council, No. 54, R. T. of T.:

MR. AND MRS. W. W. PATTERSON: DEAR FRIENDS,—As it has pleased the Divine Providence to remove your daughter from our midst, we, on behalf of Harvey Council, No. 54, R. T. of T., desire to convey to you our most sincere sympathy. The loss which you have sustained is a very great one, and we trust that the hand which doeth all things will help and comfort you in your time of trouble.

Your daughter was a valued member of the order of Royal Templars, and was much esteemed by us, and it is with sorrow that we see her taken away; but as we mourn we must remember that the One who allowed the flower to be plucked so early has wise purposes that we know not of, and what seems to us to be a loss, is no doubt, a great gain to our departed sister.

(Signed) J. W. TAYLOR, W. G. CHAMBERLAIN, CHARLOTTE ROSS.
