A VERY PLEASANT AFFAIR.

Successful Opening of the Bicycling and Boating Club House.

The bicycling and boating club members scored a great victory Monday night. It was not on the wheel nor yet on the water, but in the social world which they entered most hospitably at their new club house. The occasion was a beautiful decorated and lighted, and the grounds were a blaze of light. The boys worked hard all Monday to have everything in shape for their guests in the evening, and their efforts were well rewarded by the splendid display they were able to make.

The reception was fixed for 8:30 p.m., and before nine the club house was jammed with the citizens of Fredericton, who came to rejoice with the club, and to enjoy a social evening. Mrs. Wesley VanWart, Mrs. T. C. Allen, Mrs. J. S. Neill, Mayor VanWart and R. S. Barker received the guests, who numbered in the vicinity of 400. After the formal greetings the Mayor introduced Governor Fraser, who made a pleasant speech, commending the enterprise of the club. If he had shown any opposition to the erection of the building he would have been a great disappointment to the club. He introduced and made a pleasant speech. He bemoaned the club members to set their faces against any form of gambling in the new club house. Then Mayor VanWart mounted the rostrum and hurled off a few pleasantries. He thanked the people for attending in such large numbers, and declared the building formally open.

The most order of business was dancing, and such a crush when the Citizens' band struck up the first waltz. However, the older people did not stay late, and the youngsters had the floor to themselves till 1 a.m., dancing a program of about twenty numbers. The band played the regular dances, and Miss Perkins furnished music on a piano for the extras. During the evening refreshments were served from booths on the grounds. Much of the success of the occasion was due to the untiring efforts of R. S. Barker, secretary of the reception committee, who personally looked after all the details. The whole affair was most pleasant and successful, and will be regarded by those who were one of the best social entertainments ever given in Fredericton.

The Wife Won.

In the equity court here, Tuesday, Judge Barker delivered judgment in the case of Annie E. Johnson by her next friend, against her husband, Am. E. Johnson. The plaintiff and defendant formerly lived together at St. Mary's, but for the past few years have been residing separately and apart. Mrs. Johnson brought the present suit to divest her husband of his marital rights in her property on the ground of cruelty. His honor found that Johnson was guilty of the cruelty sufficient to warrant the injunction being perpetual, restraining him from committing waste on his wife's land, and also restraining him from farming or otherwise interfering with her property so long as she should be at Act in respect. His honor therefore decreed accordingly, and that defendant pay the costs of the suit.
