A Prominent Citizen Gone.

Isaac Simmons, the well known tanner, died on Monday about noon. Mr. Simmons has been in poor health for some time but was thought to be recovering. Ever since an attack of the Grippe about three years ago he has not been well, his heart bothering him very much. Monday morning he arose early and appeared better than usual. He went about his work as usual. Abont 11.30 he returned to the house again and said to his wife that he thought he would go upstairs and lie down a while. He undressed and went to bed. After doing some housework his wife returned to his room in about fifteen minutes. He was lying very still. She called him but received no answer. Dr. Crocket was passing the house at the time and Mrs. Simmons called him in. He made an examination and found Mr. Simmons dying. He died peacefully without a struggle and apparently without pain

He was an extensive manufacturer of patent leather and had the reputation of tanning the largest and best hides east of New York. He was engaged in this business up to the time of his death Before he was taken sick Mr. Simmons used to ship $1000 worth of tanned leather every month.

He was born in Queens county, Sept. 24th, 1831, and was therefore in his 64th year. He was a member in good standing of the Oddfellows and was prominent in the Orange order for a number of years. In religion he was a Methodist. He represented Wellington Ward for three years in the City Coucil, leaving a good record behind him.

He served in the old Victoria rifles seven years as a lieutenant, going to St. Andrews with them in 1866, the date of the Fenian raid. A widow, two sons and two daughters survive him. One son and one daughter are at present living in St. John. The other son and daughter are living at home.

The Marysville Festival.

The musical festival and promenade concert in the grove at Marysville on Thursday evening was a splendid success. There was upwards of five hundred people in attendance and all appeared to enjoy themselves immensely. The Marysville brass band and the Citizens' band of this city were present, and the music furnished was of a very high order. The refreshment booth was liberally patronized, and the Dolly Varden family provoked considerable amusement.

Miss Bessie Boone of St. Marys, was the fortunate winner of the ladies' coupon prize, which was an elegant berry set. Ticket, number 57 drew the gents' prize, a handsome parlor lamp, but the holder did not put in an appearance to claim it.

Y. M. C. A. Convention.

The Y. M. C. A, convention for the Maritime provinces opened at Halifax, Thursday morning. The officers for the ensuing year were elected as follows: President, Capt. J. E. Masters, Moncton; first vice-president, J. C. MacKintosh, Halifax; second vice-president, Dr. F. W. Barber, Fredericton; third vice-president, J. H. Goudy, Yarmouth; fourth vice-president, A. McLeod, Kentville; fifth vice-president, C. W. Jackson, Sackville; secretary, John Hay, Truro; assistant secretary, F. A. Crowe, Chatham. At the afternoon session the reports from the college associations were received, including that from the University of New Brunswick. The Acadia College association has a membership of 51, Dalhousie has 56, and the U. N. B. 40.

Picnic at Kingsclear.

The members of Randolph Council, R. T. of T. held a picnic at Kingsclear, yesterday, on the grounds of the agricultural society. They were joined by a number of their colored brethren from Woodstock, and a very enjoyable day was spent. In the afternoon Joe Eatman's celebrated nine vanquished a mixed nine of several colors, from Woodstock and elsewhere, at baseball the score standing nine to three in favor of the former. In the evening a grand ball was held in the Agricultural hall, which was gayly fitted up for the occasion. Dancing was kept up until after midnight and all appeared to enjoy themselves immensely. The party arrived home at five o'clock yesterday morning.

Everybody in Fredericton remembers Charley McCullough the U.N.B athlete of '92, and all the old boys will be glad that he still wins wherever he goes. In the Pentathion contest Monday night, in St. John, he easily came out first among all the competitors, having fifty points more than his nearest opponent. The St. John papers did not say much about the contest. St. John men were so irretrievably out of sight that such a course was natural, if not in good taste. Fredericton sports will watch for the result of the big contest in Halifax where Charley has gone to compete.

On the last day he came down from Moncton, a distance of over ninety miles.—St. John Globe. Charley left Fredericton for Nova Scotia with his brother, T. W. Porter and Harold Babbit some weeks ago.

The following is clipped from the St. John Globe: Messrs. Chas. E. Sulis and W. H. Carney, of New Bedford, Mass., are the guests of C. E. Brackett. Mr. Carney, or Sergt Carney, as he is better known, has quite a history. He was a Union soldier and was present at the storming of Fort Wagner, South Carolina, and distinguised himself by successfully defending and rescuing the flag. He belonged to the 54th Massachusetts regiment, and was one of the four hundred out of the eleven hundred in that regiment who survived the attack. Sergt. Carney is in possession of a medal presented for brave and meritorious conduct at Fort Sumter. This is the first time he has ever touched British soil and his impressions are delightful. After visiting here for a few days he will proceed to Fredericton, thence back home. Mr. Carney is now in the employ of the American government.

Mr. Sulis is well known in Fredericton, and his friends were glad to see him once more about Fredericton.

The petition of the grocers association to have the market law enforced, was referred to the market committee with power to act.

When the assessment was being apportioned this spring, $1,400 of the public works was placed for asphalting. It now seems that a large part of this amount has already been spent, and that there will be no asphalting done this season. Alds. Gilman, Everett and Golding took strong grounds on the question and gave reasons why this work should be carried out as laid down.

Ald. Babbitt, chairman of the finance committee, made his monthly statement which was, with payments made last evening, as follows:

Roads and Streets	$1,942 16
Support of Poor	1,941 91
Fire Department	983 20
Public Works	1,527 10
Contingencies	871 45
Street Lights	2,223 23
Sewerage and Water	3,704 58
Administration of Justice	2,277 54

George Hatt was appointed a constable.

Mayor Vanwart was so ill with acute rheumatism as to be unable to preside. Ald. Babbitt filled the chair excellently.

A Natty Rig.

One of the prettiest features in the circus parade last week, was Fred. B. Edgecombe's new parcel delivery wagon, which through the generalship of the driver, Norman Edgecombe, was accorded the head of the procession, and attracted much attention on all sides. The wagon is a very neat and attractive affair, small and light, but strong and durable. The running gear is painted in yellow, with a faint stripe in black; the body is in three colors, green, lake and ecru, with the proprietor's autograph signature running diagonally across each side. The wagon was built by John Edgecombe & Sons and the workmanship in every respect reflects credit on the makers. This is the first wagon of its kind in Fredericton and is a fair sample of F. B. Edgecombe's enterprise and business tact.

SOMETHING NEW.

A Novel Conundrum—What Does It Mean—Who Can Guess?

The big excursion to Calais and Stephen, August 20th, by the Pythian Knights promises to be a monster affair, many tickets having already been sold. The K. of P.'s are a bustling lot and are sparing no pains to make the excursion a grand success. The St. Stephen and Calais knights are making big efforts in respect to amusements for the large influx of visitors from all parts of New Brunswick and Maine, expected on that day, and the Uniform Rank parade of Knights from all over New Brunswick and Eastern Maine will in itself be well worth the trip. The Fredericton Knights will leave here on a special train at 6.45 a. m., and arrive in St. Stephen about 11 o'clock. The guesses on the "F. C. B" conundrum will be taken up on the train by a committee of the knights, and an equal number appointed by the excursionists, and the bottle containing the slip of paper on which the correct sentence is written, will be opened on the return of the excursion by the committee appointed by the excursionists, in the presence of the knights' committee. The puzzle is a fair and square one and the person getting the correct sentence will receive a ten dollar goldpiece. To show that the knights are dealing above board in the matter, they have decided that all knights in active membership in the order are excluded from competition. $1.25 takes you the round trip and allows you a guess on the "F. C. B."

An Exciting Match.

There is blood on the face of the moon in rifle shooting circles. Good shooting and close scores during the late spoon competitions have caused considerable speculation as to the respective merits of Fredericton's many excellent shots. Last Saturday afternoon the little excitement culminated in a match between two teams of six men each, captained respectively by Frank Risteen and Chas. E. Neill. The match was so closely contested that the result was in doubt until the last shot was fired. Charley himself made the highest individual score, but his team was defeated by one point. There will be a return match some day soon, when gore will be the laurel of victory. The following are the individual scores:

Boat Upset.

A party of young men, some of them belonging to this city and some from the city of fog, went out sailing on the afternoon of the Sabbath last past, and they fell into divers misfortunes. The craft was a cranky one and the boys were careless, and lo, shortly the water was full of splashing, yelling, gesticulating bodies, for the boat had turned her bottom to the sky. The youths were scared—very scared, and in their wild fear the remarks, which came over the water to people on shore, were to say the least, amusing. But they were all rescued. They had lost a little dignity, and perhaps a trifle of starch from their shirt fronts, but beyond that they were scathless. They won't go any more they say.

Coffee Pots.

WE have just received a lot of Coffee Pots, and after testing one ourselves in our own family, we are safe in recommending it and also in saying that there is no better way in the world of making coffee than by steaming it. By this process you secure all that is delicious and beneficial, and reject the rank, injurious part. You can't spoil your coffee; no eggs are needed to settle it; the coffee cannot boil; all the fine aroma is retained.
