

The Chatham World, a strong Conservative newspaper, and a straight opponent of the Blair government, has this today on the attitude of the St. John towards the local administration:

"We beg to say that the rural newspaper man is too obtuse to comprehend the tone of the St. John towards prominent Conservatives in the Government and supporting the Government. Some of them may be candidates for the Commons at the next election, and then how can it support them, or what good will it support? It is severe on Mr. Skinner for having resigned one office and accepted another, actually going so far as to suggest that the new Recorder be ignored by the Common Council and other lawyers employed to do the city's law business? And it is possible that Mr. Skinner may be one of its party's candidates. The situation will be rather embarrassing. Then there is Mr. Pugsley, who seems to be the coming man for Kings. The Sun, if it says anything in his favor, will be pelted with the charges that it threw at him during his connexion with the Local Government. The party papers, if they were clever enough, would recognize the fact that the Local Government is a coalition.

The Globe labors to the extent of a column and a half to prove that because C. N. Skinner is a Conservative, he should not have been appointed Recorder of St. John. The Sun with reasons quite as good as the Globe produces, might also establish that because A. I. Truman, John McMillan, John L. Carleton and Yvonne McLellan are Liberals they should not have been appointed to the position held by them. As the Local Government is not taking advice, however from either of these journals, their efforts are altogether unappreciated.

The state funeral at Halifax, Thursday, seems to have been a very grand and solemn affair. Considering that the treasury of Canada was at the disposal of the government in making the arrangements, it is not surprising that the effects were wonderful. The people of Canada, with singular unanimity, however, have hastened to pay their respects to the memory of the dead statesman. All the particulars of the funeral are given elsewhere, and the length of the report has reduced our usual editorial and news budget today.

The New Brunswick legislature is summoned to meet on Thursday January 31st for the despatch of business.

THE LATE JOHN B. GRIEVES.

His Fellow Curlers Present Mrs. Grievés with a Tenderly Worded Resolution.

The Fredericton curling club lost its most useful member by the death of John B. Grievés, and the members of the club have expressed their regret and their sympathy with Mrs. Grievés in the following resolutions which have been presented to her at a noted dinner:

Resolved, That the members of the Fredericton curling club desire to take this, their first opportunity, to place on record their earnest and sincere regrets at the loss the club has sustained in the death of their late brother curler, John B. Grievés, who was not only its oldest member, but one who had always taken a very active interest in the promotion of its welfare, particularly in the management and direction of its affairs. By his skill and excellence as a player, he did much toward establishing the well earned reputation of the club; and by all who knew him he was held in the highest esteem as an upright, honest and generous man, and one who was ever ready to advance anything for the prosperity of the game he loved so well. Not only as a skilled curler will we love, cherish his memory, but in the hearts of every member of the Fredericton curling club there is a feeling of sorrow that their companion and friend, John Grievés, is no more.

Further resolved, That the members of the club desire earnestly and humbly to extend to his widow and daughter their sincere and heartfelt sympathy in this great affliction at the death of a kind and devoted husband and father.

And further resolved, That a copy of these resolutions, signed by all the members of the club, be forwarded to Mrs. Grievés.

The resolutions were very beautifully engrossed on parchment by T. G. Loggie.

Death of Mrs. Street.

Sincere regret is very generally expressed at the death of Mrs. A. F. Street, which occurred Tuesday evening. She had been ill for three weeks from drowsy and for the last twenty-four hours of her life was unconscious. The deceased was the eldest daughter of Sir Leonard Tilley, and was a great favorite among her friends and in the community. She was an active Christian worker, a charitable lady, whose heart and purse was at all times open to the needy, and her place in the Cathedral congregation will be hard to fill. To Mr. Street and the other bereaved relatives the Herald offers her heartfelt sympathy. The funeral took place Thursday afternoon and was very largely attended. Many beautiful floral offerings were laid on the casket. The pall bearers were Col. Munnell, A. G. Beckwith, E. Byron Winslow, John Black, H. B. Rainsford and T. Carleton Allen. The choir mourners were the bereaved husband, his son, Lee L. Street, Sir Leonard Tilley, H. C. Tilley, L. P. D. Tilley and J. D. Chipman of St. Stephen. The services were at the Cathedral, and that sacred edifice was filled to the doors. The Bishop, Rev. Mr. Whalley, Canon Roberts and Rev. H. Montgomery participated, and the full choir rendered appropriate music. Interment was made at Forest Hill Cemetery, and the funeral arrangements were in charge of John G. Adams.

T. C. Bohan, the popular station agent of the C. P. Ry. Co., had a painful somnambulistic experience the other night at his boarding place at the Presque Isle hotel. Mr. Bohan arose while in his sleep, walked into the corridor and off the head of the stairs, falling with such force as to fracture his collar bone and sustain other painful injuries. Mr. Bohan is well known in this city, having for some time been agent at Gibson. He is a brother of Mrs. Timothy Lynch of Fredericton and his friends will regret to hear of his misadventure.

Shute, and thus giving the public the benefit of scientific eye testing in Fredericton.

C. McCluskey, of Gibson, whose advertisement will be found in our columns, has just relatives from Penna. where he has been engaged moving Mr. Price's barn. The job was a very difficult one owing to an embankment of 100 feet, nearly perpendicular, but Mr. McCluskey was equal to the task. He has another barn to move for the same man and over the same embankment, and it is not saying too much that the job will be safely and expeditiously accomplished. Mr. McCluskey is prepared to do all work in moving buildings.

Good value in trunks, valises, etc., at Anderson & Walker's.

City Council Meeting.

Mayor Beckwith presided at the regular monthly meeting of the city council, Wednesday evening, and all the aldermen were promptly in their places.

After routine business, D. S. Barker and S. A. Parlie were appointed auditors of the school accounts on motion of Ald. Moore, and Ald. MacNutt presented the annual report of the chief engineer of the fire department, which is published elsewhere in a condensed form.

Ald. Rosborough complained that the fire alarm whistle ordered for the past hose had not yet materialized, and he made a motion to invest Ald. Babbitt with authority to act in the matter, but the latter declined and the motion was withdrawn. During the discussion, Ald. Gilman and Ald. MacNutt stated that the gas works only steamed up six months in the year. Ald. Farrell defended the fire committee chairman's inaction in the matter, claiming that there were other parts of the city equally deficient in alarm facilities.

The Hoegs special committee's report was presented substantially as in last week's Herald, viz: enacting the property of the firm from taxes and giving them free water up to 250,000 gallons for five years.

Ald. Macpherson moved that the term be extended to ten years, but it was voted down, he and Ald. Macnutt only voting yes. The report was then carried.

The report of the assessment appeal committee granted a reduction of \$14,722 in the income tax. Dr. E. Bayard Fisher, and the appeal of D. McCathern was dismissed.

D. F. George's lease of a portion of the river front for gas purposes was renewed at \$50 per year.

The majority of assessment appeals committee in reference to recommending the payment of the \$90 bill of Miss Hooper for costs of Scott act prosecutions, nearly two years ago, was submitted, and there was considerable discussion on it. Ald. Moore, Farrell and Macnutt pointed out that the bill had been thrown out by the council of 1893, and since then a Supreme Court decision had declared the city not liable for it, but the report of the committee recommending its payment was carried.

The Aldermen, Anderson, Rosborough, Babbitt, Macpherson, Estabrooks, Nay: Ald. Farrell, Golding, Moore and Macnutt. John J. Weddall was re-appointed school trustee and Richard Sisson janitor of the city hall.

The city hall committee was authorized to purchase two flags for the city hall, and after the council ordered the bells to toll, Thursday, for half an hour during Sir John Thompson's funeral, the meeting adjourned.

There was a large attendance at the regular monthly meeting of the Curling Club Wednesday evening, President Neill in the chair. The following were elected skips for this winter's matches with foreign clubs:

To play St. Andrew's and Thistle Clubs at St. John, St. Stephen Club at St. Stephen, and St. Andrew's and Thistle Clubs at Fredericton—H. C. Ratter, J. H. Hawthorn, T. G. Loggie and E. H. Allen. To play the St. Stephen Club at Fredericton—E. H. Allen, G. W. Hoegg, H. C. Ratter and J. H. Hawthorn.

The dates for these matches have not yet been arranged, but members of the club want to have things started so as to leave for St. John on the 22nd inst, and play in St. Stephen before their return.

G. L. Fenety was admitted to membership, and C. E. Neill was added to the managing committee, taking the place of the late J. B. Grievés.

The resolutions of condolence on the death of John B. Grievés, printed elsewhere today, were ordered and entered on the minutes.

When Messrs. E. H. Allen and T. G. Loggie presented Mrs. Grievés with this address Wednesday on behalf of the club Mrs. Grievés showed her appreciation of the club's sympathy by returning to them the Royal Caledonian silver medal which her late husband had won while a member of the club, and asked that it be competed for. This was duly accepted Wednesday night by the secretary of the club and a resolution of thanks adopted. At the close of the meeting the newly elected skips entertained the members to an oyster supper at Edgar's.

Business Change. L. W. Johnson has sold his business establishment at New Carlisle, Quebec, to Charles Reid, of Newcastle, who for the past three years has been book-keeper for Clark & Lounsbury. This would seem to close the career of an active and enterprising man of business who has been in 1878 selling agricultural implements to farmers. Agencies to sell these articles were established all over the province by Mr. Johnson, and as the sales increased buildings were erected in Woodstock, Newcastle, Moncton and New Carlisle, and warehouses rented at other central places to become branches of the main establishment. The members of the firms of J. Clark & Son, Fredericton; Balmair Bros., Woodstock, and Clark & Lounsbury, Newcastle, were all, for many years, employees of Johnson & Co., and the majority never worked for any other mercantile firms. All these firms took over parts of the Johnson & Co. business and they have been successful in the fields occupied. Many of the agents first made in 1878, are yet acting locally for the successors of the old firm. Mr. Johnson did well for himself and promoted the prosperity of others, and should enjoy a respect of his commercial life. Incidentally it might be added that Mr. Johnson was the business manager and part owner of the Farmer for a few years, and with the consent of his associates in the property, changed the policies of the paper at the beginning from free trade to protection, of which he has always been a pronounced supporter.

Death Rate for 1894. The number of burial certificates issued during 1894 by the Fredericton office of health numbered 125. The deaths were due to the following causes:

Table with 2 columns: Cause of death, Number of deaths. Includes Old age, Consumption, Heart Disease, Pneumonia, La Grippe, Paralysis, Cholera Infantum, Bronchitis, Still Born, Congestion of Lungs, Spinal Disease, Bright's Disease, Kidney Disease, Inflammation of Bowels, and Other Causes.

A report reaches THE HERALD from Kingsclear that a young man from Fredericton connected with a newspaper, and a resident of Kingsclear had quite a lively brush up the road New Year's Eve, that the scribe discharged three shots from his revolver at his antagonist without striking him however, and that the latter sought to lay a complaint before a justice without success. This is the story that reaches THE HERALD, but the details are exceedingly quite spicy.

Extra.

In his annual report on the fire department, submitted to the city council Wednesday evening, Chief Engineer Lipssett says: Owing to the retirement of Capt. Hawthorne from the H. & L. & P. Co., in May last, no roll of this company was sent in for my approval. Authority was at once given me by the fire committee to have a new company formed at once. I selected Mr. N. Smith, now captain, who having had many years experience in the fire department, I considered a suitable person for my approval. Authority was at once given me by the fire committee to have a new company formed at once. I selected Mr. N. Smith, now captain, who having had many years experience in the fire department, I considered a suitable person for my approval.

Owing to circumstances, changes were also made in some of the hose companies, that have so far worked very satisfactorily. There are still further changes that will be suggested, and if carried out, will tend to the greater efficiency of the department.

I would again strongly recommend the purchase of a new hose cart for the Central hose company the coming summer. This is a much needed improvement and cannot be much longer delayed.
