

NEWS ABOUT TOWN

Social, Personal and General Occurrences of the Week.

CRISP AND TO THE POINT.

Issac McCarty an old colored resident of Kingslear, died yesterday aged 75.

Hon. H. R. Emerson is to lecture in the University course January 14th, on "Alien Immigration."

Charles Clowes of Mangerville, who was severely injured a short time ago by being thrown over an embankment, is again able to be out.

A Tory farmer, who could only get 41 cents per lb. in the market for his pork Saturday, expressed himself very forcibly against Foster and the N. P.

The local government at its meeting Tuesday, filled the vacancies on the city school board, by appointing J. W. Sparrow and Willard Kitchen to the positions.

Rev. Canon Roberts has been thirty-nine years in the ministry; three years at Douglas, fourteen in Westmorland and twenty-two as rector of St. Ann's church in this city.

Dr. McLeod occupied the pulpit of the Free Baptist church at Moncton Sunday, preaching a large congregation. Ten were baptized and eighteen received the right hand of fellowship.

Clifford Roberts, formerly engineer at Hoeg's cannery factory, who removed with his family to Maine several months ago, returned to the city Wednesday and will again take up his residence here.

Mr. Harrison M. P. P. for Sunbury, who was so ill last week, is much better now, and his friends hope for at least his partial restoration to health. He has engaged apartments at Long's hotel for the legislative session.

The Woodstock correspondent of the Sun says that from an incident which occurred Friday, it does not seem likely that the difference between the People's Bank of Halifax and Fred Moore is likely to end in an amicable settlement.

Sachem Gabe, the veteran Indian hunter and his son, have been on a hunting trip in the neighborhood of Ruisagornish Tuesday, notwithstanding his four score years, succeeded in bringing down a splendid specimen of a buck deer.

John Valentine, second son of the John Valentine, janitor of the Normal school, died of typhoid fever and pneumonia, at his father's home on Chancery lane, Tuesday p.m. Deceased was about seventeen years old, and was learning the carriage making business with Robert Colwell.

The creamery at Harvey, the past season, had fifty patrons and handled 337,625 pounds of milk, which was all sold in 20 cents per pound. Operations commenced June 10th and were concluded Oct. 17th.

The funeral of the late Eliza Carr, took place Wednesday p.m. The remains were taken to the Cathedral, where services were conducted by Bishop Kingdon and Rev. Sub-Dean Whalley, after which they were interred in the Rural cemetery. John G. Adams had charge of the arrangements.

On the 4th inst. C. W. Scott, Robert Elliott and Arthur Brichnell left Glasville, Carleton, with 34 head of cattle for Timothy Lynch's lumber camp at Burnt Hill, and McLean's Brook, followed by 15 large double teams of provisions. Mr. Lynch has 24 camps in Carleton County, cutting on the banks of the Miramichi.

The Kindergarten will be re-opened on Monday Jan. 6th, after the Christmas holidays, by Mrs. Kirk, who graduated in July from the Toronto Training School for Kindergartens. Mrs. Kirk took honors in both her junior and senior years, and comes highly recommended by Miss MacIntyre, Inspector of Kindergartens for Ontario.

A plaster cast of the late Metropolitan of Canada by J. Harrison Mills, the New York artist, is exhibited in the window of Messrs. McMillan's bookstore, St. John. This cast, which is intended to be used as a mould for a bronze bas-relief, is very much admired, being not only an excellent likeness of the late Bishop Medley, but also of great artistic merit.

Cous. Luther Goodspeed of Penniac, met with quite a painful accident Tuesday morning. He was engaged in chopping bushes in the woods near his home, when in some manner the axe slipped and struck him a glancing blow on the back of the left hand, which he was using to hold down the top of the bush. The chord of the middle finger was severed, and a deep laceration inflicted on the back of the hand. He drove to the city and had the wound dressed by Dr. Atherton.

Frederick Lodge No. 6 held their regular monthly meeting Tuesday night and elected the following officers: J. A. Reid, chancellor; commander, Willard Kitchen; vice chancellor, H. F. Smith, prelate; Chas. French, master of the works; Chas. A. Handley, master of arms; C. H. Thomas, master of the exchequer; A. J. Fowle, keeper of records and seals; Jas. Bell, outer guard; T. Amos Wilson, inner guard. These will be installed at the January meeting.

There was only a fair audience at the hall Monday night to hear Prof. Roberts lecture under the auspices of the Royal Arcanum on "The Making of Canada." Z. E. Everett presided, and introduced Prof. Roberts in fitting terms, and the Prof. was listened to with profound interest. A notice of the lecture, an eloquent effort, has already appeared in the HERALD. At the close Mr. Everett spoke a few words in praise of the lecture, and in explanation of the principles and objects of the Royal Arcanum which for many years has been one of the most popular fraternal orders in this city.

Charles B. Harrison, M.P.P. for Sunbury, who has been in very poor health for a long time, has had his affliction augmented by a telegram from Chicago stating that his youngest son William, who has been at that place for the past year undergoing treatment, was lying dangerously ill, and not expected to recover. The sad news was a great shock to Mr. Harrison, as the reports he had been receiving from Chicago lately had led him to believe that his son was almost recovered from the ailment for which he sought treatment.

A Gagetown correspondent writes the Herald: Seeing several accounts of large hogs killed in York Co., I thought that it would not come amiss to let the farmers of that section hear what Queens County could do in raising pork. C. H. Ebbett has this fall killed five spring pigs, which weighed respectively as follows 294, 317, 316, 340 and 353, making an average of 322 per pig. He also killed on same day, three hogs eight months old, which weighed 572, 472 and 460. Several of his neighbors have killed spring pigs weighing 500 and over, and hogs weighing over 500 lbs. this fall; so, for I think Queens Co. takes the lead.

DROPPED DEAD.

George Staples, an old Resident of Nashwaakia, Expires Tuesday Morning from Heart Disease.

George Staples, a well known resident and constable of Nashwaakia, dropped dead at his home at that place at noon Tuesday.

He had been confined to the house the past week with a heavy cold, and Monday afternoon he called in Dr. Mullin of St. Mary's.

The doctor prescribed for him, and then left, promising to return in the morning. In the morning, however, the patient was greatly improved, and sent word to the doctor informing him that there would be need of his calling.

About eleven o'clock, F. P. Robinson called to see Mr. Staples, and he was then in the best of spirits and conversed freely with Mr. Robinson for some time.

After Mr. Robinson had taken his departure, Mr. Staples seated himself in a chair alongside of the kitchen fire, while his daughter-in-law was preparing dinner.

Suddenly he was seen to topple over on the floor, and when assistance reached him, life was extinct.

Dr. Mullin was at once summoned, but arrived too late to be of any service. He pronounced heart disease as the cause of death.

The deceased had frequently been attacked with violent pains during the past few years, but no one was aware that he was a sufferer from heart disease.

He was sixty years of age, and leaves a family consisting of three sons. He resided with his son Jerry, who is at present in the Miramichi lumber woods.

Sudden Death.

Mrs. Edney, wife of George Edney of John Edgecombe & Sons carriage factory, died suddenly Tuesday morning at her home on King street, under very painful circumstances.

She retired to bed Monday night in usual good health, and next morning at 6.30, when preparing to arise, she was suddenly seized with a violent fit of coughing.

Her husband, who was with her at the time, became alarmed, and at once summoned Drs Crockett and Coburn, who were quickly on the scene.

They found that the patient was suffering from an attack of hemorrhage, and as she was within a week or ten days of confinement, they found it necessary to bring on labor in order to give her relief.

Everything that medical science could conceive was done for the unfortunate woman, but without avail, and she expired at nine o'clock.

The deceased was 30 years of age, and leaves a husband and two children to mourn the loss of a loving wife and mother.

She was a daughter of the late Robert Busin, of Stanley, and a sister of Mrs. William Harvey, of Tay Creek. An unmarried sister of the deceased resides in Carleton County.

The bereaved husband will have the sympathy of the community in his sad affliction.

The funeral took place Thursday afternoon.

YOUNG PEOPLE'S SOCIAL.

A Success At the Free Baptist Church Wednesday Night.

A large number of persons took advantage of the invitation of the Young People's Society of the Free Baptist church last night, and spent a very pleasant social evening.

A committee consisting of the pastor, president of the society, and three lady members were on hand, to welcome all who came in. An hour or so having been spent in social converse, the president of the society, Mr. M. Tennant took the chair and called the meeting to order, when the following programme was carried:

Address by President M. Tennant. Chorus, Brightly Gleams Our Banner Solo, Mrs. R. Blackieff. Cornet Solo, Hatheway Cosman Solo, Mr. Tennant.

Autograph selections, Messrs. Hartley, Yerxa and Cosman.

Vocal Solo with Guitar accompaniment, Mr. R. H. Buchanan.

Duet, Mrs. Hartley and Mrs. Blackieff. Chorus.

Refreshments consisting of coffee, cake and ice cream were then served to all present, by the young people of the society.

The number of envelopes passed in indicate that the congregation of the church is in hearty sympathy with the society, and desires to assist them in their efforts to keep up the finances of the church.

Bold Robbery.

A daring robbery was perpetrated at the Union club rooms on York street a few days ago. Some exceedingly bold men succeeded in effecting an entrance, and after taking a general survey of the surroundings, his eye rested on a drawer which contained the accumulated funds of the club, amounting to some three or four dollars.

After appropriating this sum in the most mysterious manner in which he had ever been seen, he fled with the money, and no clue to his identity has yet been discovered. A faithful watch dog, which was going guard duty at the club room the time the robbery was committed, had not been seen since, and the supposition is that it was either frightened away or stolen.

Molasses Stealer.

A bold theft was committed at the store of Miss Hannah Lippett, on York street, last evening. Shortly before six o'clock a man from Ruisagornish entered the shop and purchased five gallons of molasses. This was placed in a cask and left on the platform in front of the shop, while he went after his team. When he returned a few minutes later the cask was nowhere to be seen. Somebody had come along in a team and lifted it. The man from Ruisagornish had to purchase a new substitute before he could return home. Detective Roberts has the matter in hand.

Wedded At Marysville.

Norman McGinnis, and Miss Melinda McCray, daughter of John McCray, of Marysville, were married at that place Wednesday. The ceremony was performed at the residence of the bride's father, in the presence of a large number of invited guests. Miss Bertha McCray, sister of the bride, acted as bridesmaid, and the groom was unsupported. Rev. W. W. Lodge tied the nuptial knot. The bride was the recipient of a large number of elegant wedding presents, from her many friends in Marysville.

A. H. Vanwart, the well known ice man, has succeeded in clearing a space of two acres on the river below Estey's mill and will obtain therefrom his supply of ice for the coming year. He found the ice piled up and frozen to a depth of ten feet in some places, and this had to be sunk and melted out of the way in order to make room for new ice to form. Mr. Vanwart does not intend to allow any obstacles to stand in the way of procuring for his customers the best obtainable.

A syndicate of St. Mary's gentlemen intend gathering ice this season for the American market.

BOARD OF TRADE.

The Meeting of the Executive Wednesday.

Endorsed the Proposed Adoption of Standard Time.

And the Exemption of the New Shoe Factory from Taxation.

The council of the Fredericton Board of Trade held a meeting Wednesday afternoon in the office of the secretary J. W. McCreedy. There were present Jas. S. Weddall, A. H. F. Randolph, M. Tennant, H. H. Pitta, Fred B. Edgecombe, J. M. Wiley, Geo. W. Hodge, J. T. Clarke.

President Neill explained that the object of the meeting, was to consider the question of adopting standard time, and also to deal with the proposed shoe factory.

After some discussion on the first subject, which was participated in by Messrs. Chestnut, Edgecombe and Weddall, it was moved by C. Fred Chestnut seconded by A. H. F. Randolph, that the council recommend that the city council adopt eastern standard or railway time.

This was carried unanimously, and the secretary was instructed to forward a copy of the resolution to the city council.

Mr. Neill then read a communication from O. M. Hart of New York the proponent of the proposed shoe factory, and submitted the following prospectus which had been received from Mr. Hart:

The cost of manufacturing a shoe that would sell at \$2, making them at the rate of 500 pairs per day, would be as follows:

Table with 2 columns: Item and Amount. Items include Cost of stock for each pair, Labor, Findings, Commission for selling, 10 p c allowance for office, coal and wear and tear of machinery, 10 p c allowance for bad debts, Total, Capital Required to Manufacture 500 Pairs per Day, Plant, Average amount invested in labor, Average amount of working capital, per 3 months, Monthly profit, Profits, 150,000 x 7 1/2 c equals \$11,666, \$11,666 profit on \$50,000 equals 23 p c, 23 p c less 10 p c for unforeseen mishaps, equals 13 p c net profit.

Mr. Neill produced plans of the proposed building, which had been prepared by William Minnie of Gibson. The building is to be of wood, and will be 150 x 40, and will contain three stories besides a basement.

Fred B. Edgecombe made a few remarks, in which he expressed himself in hearty sympathy with the movement. A few days ago he had a conversation with a well known shoe man in St. John, who said there was no doubt a shoe factory in Fredericton would be a good investment.

He thought a very desirable site could be obtained reasonably on the old race course, and he hoped the citizens would give it their support and subscribe the capital.

Mr. Hodge spoke about the shoe factory at Amherst, and said it had paid dividends of 10 per cent every year to its stockholders. He did not see why, with good management, the same thing could not be done here.

It was then moved by Mr. Edgecombe, that the City Council be asked to grant a ten year's exemption from taxation, and water rates to the proposed factory. This was seconded by M. Tennant, and carried unanimously, and the secretary was instructed to write the City Council to that effect.

The following gentlemen were proposed for membership, and their names will be submitted and balloted upon at the next general meeting:

By Mr. Wiley—Z. R. Everett. By Mr. Neill—Dr. Coulthard, and E. St. John Bliss.

By Fred B. Edgecombe—R. A. Estey. By A. H. F. Randolph—Henry Chestnut.

The advisability of increasing the membership of the board, so as to include a larger number of the business men of the city, was discussed at some length, and each member was requested to make an effort to bring in some new men.

The board now has a membership of 40, and an effort will be made to increase this to 100.

The board cordially approved of the City Council opening up new streets, and the fact that very few vacant houses were to be found, showed the necessity of it.

The annual general meeting of the board will be held in the City Hall on the second Monday in January, when it is hoped a large number of the business men will become members.

CROWN LAND SALE. Eleven Timber Berths Sold at Auction Wednesday Morning.

Eleven berths of timber lands were sold at public auction at the crown land office Wednesday. Competition was quite lively for a time, and some of the best sold well. Following is the result of the sale: A three mile berth on Kewick river, at mouth of Clearwater brook, applied for by A. E. Alexander, to applicant at upset price; six miles on Middle and Little River, Gloucester county, went to the applicant, Samuel Adams, at the upset price; two mile berth at Ed River, Lower Bay Du Vin, to the applicant, T. B. Williston, at upset price; two miles at Adam's Gulch, branch of Grog brook, to S. McGregor, the applicant, at upset price.

A berth containing two miles, situated on the Head X branch of the Lepreux River, applied for by W. T. Whitehead, was finally knocked down to Geo. Barrhill for \$71 per mile. Another two mile berth, located on Christopher's brook, went to A. E. Alexander, at upset price.

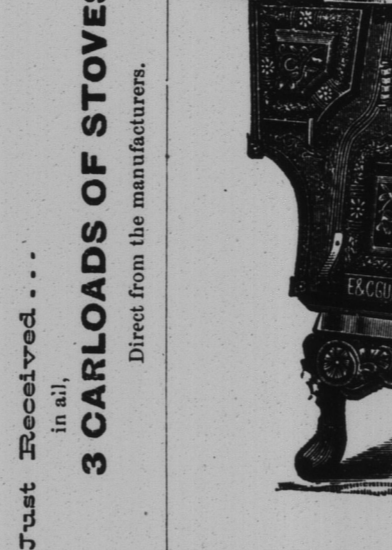

A block containing four and one-half miles, situated on Berling brook, applied for by J. G. Russell, went to Jas. Robison for \$59.50 per mile. A lot on Salmon brook, branch of Cain's river, applied for by Wm. Richards, was sold to T. B. Winslow for \$17 per mile. Another containing three miles, on the branch of the Jacques river, was applied for by T. B. Winslow, and sold to the Prescott Lumber Company for \$27 per mile. Thomas Hetherington was the applicant for a five and one-half mile berth on Cannan river, but it was finally knocked down to Hilliard Bros. at \$25 per mile. The last on the list was a two mile lot on the South branch of Trout Creek, which was allowed to go to the applicant, King McFarlane, without competition. The sales aggregated \$766.25.

THE CITY COUNCIL.

Met Engineer Chipman and Formally Accepted his Offer.

An informal meeting of the city council was held Wednesday night for the purpose of meeting Mr. Chipman, the Toronto sanitary engineer, and dealing with his offer to prepare plans for a complete system of sewerage. There were present, His Worship the Mayor, Alds Anderson, Adams, Gilmor, Everett, Lemont, Limerick, Rabbitt and Willis Chipman, C.E. of Toronto. Mayor Vanwart explained the object of the meeting. He spoke of the steps that were about to be taken in the matter of sewerage, and briefly outlined the plan which the council intended following.

Mr. Chipman being called on by the Mayor, repeated to the council the offer he made several weeks ago by letter. He said he was prepared to make a plan of the city on a convenient scale, to include a description of various courses which might be adopted, together with his own recommendations, and also a careful estimate of the cost of construction and running expenses for the sum of \$125,000. The report containing all the particulars was to be published in pamphlet form at the city's expense for the information of citizens, and to be printed under his supervision, said report to be ready not later than January 1st next.

Mr. Neill produced plans of the proposed building, which had been prepared by William Minnie of Gibson. The building is to be of wood, and will be 150 x 40, and will contain three stories besides a basement.

Fred B. Edgecombe made a few remarks, in which he expressed himself in hearty sympathy with the movement. A few days ago he had a conversation with a well known shoe man in St. John, who said there was no doubt a shoe factory in Fredericton would be a good investment.
