U. N. B. CENTENNIAL.

Arrangements for the Celebration Nearing Completion.

MANY PROMINENT EDUCATIONALISTS WILL ATTEND.

List of Colleges To Be Represented.

AN ATTRACTIVE PROGRAM HAS BEEN PREPARED.

Arrangements for the celebration of the centennial of the University of New Brunswick are almost complete. Prominent educationalists from the great universities of Canada, the United States and Great Britain have accepted invitations to be present and take part in the proceedings. The members of the provincial government and of the corporation of Fredericton are co-operating heartily with the committee having the arrangements in charge, and nothing is being left undone, likely to contribute to the success of the celebration.

The programme for the three days' celebration has been definitely arranged as follows:—

Tuesday, May 29th.

10 a m to 12 noon—Reception of guests and visitors by the chancellor and faculty in the College hall.

2 p m—Procession in academic or official costumes from College hall to the Parliament building.

Proportional Order.

UNIVERSITY CENTENNIAL.

Visitors to be Lunched at Windsor Hall by the Civic Corporation.

The committee of the city council appointed a short time ago to act with the committee that has the university centennial celebration in charge, held a meeting last evening. Matters in connection with the celebration was discussed and it was agreed that the Mayor and civic corporation should proceed to the University on the afternoon of Tuesday, May 29th and join in the procession to the parliament buildings, where the honorary degrees are to be conferred.

On Wednesday morning, at 9.30 o'clock the Mayor and civic corporation will join in the procession from the college build-

ing to the opera house, where a public meeting will be held, and speeches delivered by prominent visitors. An address of welcome will be presented to the visitors by the Mayor, and at one o'clock the visitors, including members of the senate, alumni etc, will proceed to Windsor Hall and partake of luncheon as the guests of the city. This is the program for the civic receptions unanimously decided on by the committee, and it will no doubt meet with the hearty approval of all citizens.

The pretty little summer camp erected by W. P. Flewelling just above Maryville last season is the victim of vandalism. During the winter access was gained to it by some persons unknown, and the place was badly wrecked. Every pane of glass was broken, and the dishes and other furnishings were destroyed. It is a pity the law could not lay its heavy hand on the rascals who committed the depredations.

Policeman Barker of Maryville, who has been at work on the case, has succeeded in recovering a portion of the stolen property at the home of a Maryville resident. A fourteen year old boy is suspected of having had a hand in the robbery.

The remains of the late Mrs. Elisha VanWart were laid to rest in the Pickard burying ground at Douglas. The funeral services were held at her late home at two o'clock by Rev. G. M. Campbell of this city. The remains were followed to the grave by a very large concourse of people, including many relatives and friends from the city.

The funeral of the late Robert Cain took place at 1.30 o'clock yesterday afternoon from his late home on Charlotte street and was largely attended. The remains were taken to St. Dunstan's church, where services were conducted by Rev. Father Morphy. Interment was made at the Hermitage.

Mrs. Davis, widow of the late John Davis, passed away at her home on Brunswick street Sunday night. She fell and fractured her hip over two years ago, and has been an invalid ever since. She was 82 years of age and leaves a family of one son, George H. Davis, now of Colorado, and one daughter, Miss Isabella Davis, who resides at home. Mrs. J. D. Phinney and Miss Louise Davis of this city are step daughters of the deceased and Robert Davis of Chicago, a step son. The funeral took place this Tuesday afternoon at four o'clock. Interment was made in the old burying ground.

Arrangement for the celebration of Empire Day in the city schools are not yet completed, but it is understood that the celebration will be carried out on quite an extensive scale. It is proposed to have exercises of a patriotic nature in the school in the forenoon and in the afternoon, if the weather is favorable, the people are to be mustered on parliament square, where a program consisting of patriotic songs and speeches will be carried out. A committee of the "Daughters of the Empire" have the affair in hand.

At the congregational meeting in the Methodist church Friday night, it was decided to repaint the exterior of the church and make some extensive repairs to the parsonage. The proposition emanated from the board of trustees and was heartily endorsed by the meeting. It is understood that work will be commenced in the course of a few weeks.

A R Tibbitts, while bicycling on Queen street on Friday afternoon, was run into by another wheelman going in an opposite direction and sustained quite painful injuries. He was thrown heavily to the ground and considerably bruised about the left shoulder. His injuries are not serious enough, however to prevent him from attending to his duties.

Rev J G Colquhoun who graduated from Pine Hill College, a few weeks ago, was in the city and preached very acceptably at St. Paul's church, Sunday. He left Tuesday afternoon for Roseland, B.C., to engage in missionary work among the miners, and the many friends made here during his work as catechist last year, will wish him every success in his new home.

Adam Moore, the stalwart and successful hunter and trapper of Scotch Lake, is to start this week on his annual pilgrimage to the Tobique and Nepisiquit rivers, in quest of fur bearing animals. He will be accompanied by a Mr. Buckshot of New York, who will spend a month hunting bears under Mr. Moore's guidance. Mr. Moore's son, and his hunting partner, Charles Cremins, are already on the spot. They spent some weeks on the Nepisiquit last season, and met with great success, shooting and trapping no less than twenty bears, besides a number of sable, mink, and other small animals.

T. P. Hetherington has resigned his position as manager of the Nixon Company's agricultural implement agency in this city, and has accepted an appointment offered him by the Dominion of a Yukon surveying party. He went down river this morning to visit his father, Thomas Hetherington, ex-M. P. for Queens, and will leave for Dawson City early next week. Mr. Hetherington, during his short stay here has made many friends, who will be glad of his good fortune, exceedingly regret his departure from this city.

The alarm of the Saturday morning was for a slight blaze at the residence of L. A. Morrell, traveller for J. Clarke & Son, Saunders street. It appears that Mr. Morrell's little boy had applied a match to a pillow slip on a bed, "just to see it burn." Fortunately the fire was discovered before it had made much headway, otherwise the experiment might have proved a costly one for the youngster as he got back into bed after applying the match and might have been suffocated or burned to death.
