ST. PATRICK'S T. A. R. SOCIETY
RALLY.

A temperance meeting was held at St. Patrick's Hall, Carleton, on Sunday evening last, under the auspices of St. Patrick's T. A. R. Society. The attendance was very large, some seven hundred people of both sexes being present. The platform was occupied by Rev. T. Connolly, V. G., Messrs. R. J. Ritchie, Esq., President of the N. B. Union, P. J. O'Keefe, President of the Society, and Thos. O'Reilly, Rec. Sec. Mr. Ritchie, the first speaker thought there was no necessity of his trying to picture to those present the many advantages to be derived from being a member of a total abstinence society, as many of them knew by their past experience more about it than he could tell them, and asked all those who had formerly been members, to ask themselves the question, had it been of any advantage to them? He was sure the answer would be a unanimous one in favor of total abstinence. He referred to the duty of young men in particular to at once renew the pledge they had formerly made, and to the many

miles from Londonderry, Vt. in the town of Landgrove, is situated a large frame hotel building that has almost a historic association in these parts, it having been built nearly fifty years since by Simeon Leland, father of the Leland Brothers, the celebrated hotel-keepers, and run by him a number of years, as a hotel, under the name of "The Green Mountain Coffee House." Since the building of railroads this property as a hotel has become wasteful and unprofitable, and was abandoned by its early associations, and was, it is said, "since repaired and repainted by one Parsons, who is illustrated in the old adage, 'is stranger than fiction.'" It is said that Simeon had a long-standing ailment upon one of his legs, and a few days in turning over in bed, snatched away about four inches above the knee. A successful amputation was performed, and the bone was found divided of all its length. The matter, and complexly honest, Mr. Simeon is now doing well, with prospect of recovery.
