THE ANNUAL SHOW of the St. John County Agricultural Society took place on Thursday and was pronounced far ahead of that of any previous year. There were over 400 entries. LITTLE CHILD RUN OVER AND KILLED ON THE ELGIN BRANCH.—A sad accident occurred on the Elgin Branch Railway, near Petitcodiac Station, yesterday. The engine passed over the legs of one of the children, a little girl, and we hear that the poor little sufferer died last evening.—Halifax Times of Wednesday.

The tickets, which are limited to 200, are sold very reasonably.

"ROWED JUST LIKE HIM."—Hearing that Mr. Hugh Campbell, the "vocalistic barber shill," got the better of Wallace Ross in a scull contest at Lily Lake, the other day, we were, of course, greatly surprised and wondered how it happened. We were, however, glad to hear that he was rowing remarkably fast this summer. He was, of course, interviewed but was somewhat reticent, he admitted however, that he had lost over a length. The latter, he said, was in a fever of sweat, while the exercise "didn't raise a hair" on him. "I won't tell you any more," said Hugh, "because I don't like to talk of my own doings, but what I can tell you is, in my opinion, that if you want any further information of what I can do in a scull you can get it by going out to Knox's at the Lake." Hugh recently told a friend that he knew Hanlon would beat Courtney, because he "rowed just like him."

SOMETHING EXTRAORDINARY IN THE POTATO LINE.—Mr. Patrick Hopper, who lives on Lutes street, has raised two crops of potatoes this year from the same piece of ground. He planted the seed for his first crop in the latter part of April, digging the potatoes, which were of a large size, about the 11th of July. The seed for the second crop was not put into the ground until two weeks after that, and Mr. Hopper, last Sunday, was eating potatoes the result of this planting. The potatoes of the second growth are quite plentiful but are not of very large size; they are also of excellent quality, being better than some of the potatoes raised from the first planting. Mr. Hopper thinks they would also have been of a larger size, if the frost had not appeared so soon this year caused by the wet weather.—Moncton Times.

THE NEW BALL for St. Michael's Cathedral, Chatham, which arrived a few weeks ago, was blessed last Sunday, the titular feast, by His Lordship, the Right Rev. Dr. Rogers, assisted by Reverend Fathers Joyce and Allen. The ceremony took place immediately after the Pontifical High Mass, and was witnessed by a large number of spectators. The collection taken up on the occasion towards paying for the bell amounted to nearly \$400—more than half the cost. The bell was cast in the celebrated Bell Foundry of McShane & Co., Baltimore, Maryland, U. S., and was ordered through their agents, Messrs. Wisdom & Fish, of this city. Its weight is 2,500 pounds. It is a rich, sonorous sound and gives every satisfaction. On Tuesday it was placed in position on the tower erected under the direction of Mr. James Desmond, in front of the Presbytery, where it is to remain until the tower of the Cathedral will be ready to receive it.—Advocate.

A lad named McIntosh, while playing in a yard near the railway station, Saturday afternoon, cut himself severely with a bottle. A little fellow named Morrison, belonging to Erin street, fell off a wagon, Monday, and received severe injuries. A lad named Trices was run over by a heavily laden wagon near Moncton on Monday and severely injured. At noon Wednesday, a lad named Scott was run over on Main street, Portland, and seriously injured. A young man named Emery fell over the curb stone lying on Union street, near Waterloo street, and received a deep cut in the face, from which the blood flowed freely.

A workman in Harris & Co.'s Machine shop, named Clark, had some of his fingers mangled Thursday afternoon, while holting some machinery.

RENNING AWAY FROM A WOULD-BE SUTOR.—On Tuesday morning Marshal Reed received a despatch stating that a runaway girl was on her way to Fredericton from Salem, Mass., and to arrest her if she could be found. Officers Gordon, Nickerson and Gallagher were accordingly dispatched by the Marshal to last night's train. The girl was found and taken in charge. She is very bright and prepossessing, missing of seventeen. She says she lives in Salem, Mass. Her father's name is a workman in a factory in that city. She had been paying his attentions to her. She did not fancy the would-be sutor, but her mother took his side and tried to induce her to marry him. She was so determined that she would not. She went to the railroad depot at Salem yesterday and bought a ticket for St. John, N. B., where relatives reside. She has been detained in this city to-day (Wednesday) by Marshal Reed, but if some one does not come from Salem to see about her, he will allow her to continue on her journey to the Province. Synipally is very strongly in her favor here.—Bangor Commercial.

Testimonial from Mrs. Jane A. Leo. INTERESTING (PRICE, 10¢) PUBLISHED BY J. S. BENTLEY, 25th July 1878. Messrs. HANINGTON BROTHERS.

Genlman.—Three years ago I was going to write you how much benefit I received from taking two bottles of your Quinine Wine and Iron, both of which were weak and low with no appetite for any sort of food, after a severe attack of Erysipelas in my head. Again, after the fire, I was nearly quite gone, and was restored to strength and activity by taking two bottles more, and last May I had to recover to the Quinine Wine and Iron again with the same beneficial results.

While I was taking it last, a person came in who had lost her situation to get into this hospital, being so weak she could not work. I said, I will send you to a place where you will get seven dollars a month; take two

bottles of Hanington's Quinine Wine and Iron with you, and if you are not able to earn the seven dollars I will pay you for the medicine. At the end of the month she was quite smart and still filling the situation. I send you these few lines for the benefit of society (if you trouble to publish it), as there are so many sick at present. It would greatly benefit persons after Stomach or Diaphtheria, and would most certainly prevent sickness by strengthening and building up the system. Yours very truly, JAMES LEO.

CONVALESCENTS from diphtheria, fevers, or any eruptive disease, or sufferers from weakness, from whatever cause arising, will find "Hanington's Quinine Wine and Iron," taken according to the directions, highly beneficial.

THE BEST TONIC AND BLOOD PURIFIER.—"Hanington's Quinine Wine and Iron" for the cure of indigestion, weakness, loss of appetite, depression, want of energy, and all ills arising from the blood and a low state of the system. Price 50 cents per bottle; 4 bottles for \$2.00.

The liabilities of the City of Glasgow Bank, which closed its doors on Wednesday, stood at \$3,000,000. The young servants of the bank held in yesterday at over \$200, and within the week at \$237. The bank was established in 1839, and had 60 to 65 branches. The other Scotch banks were asked for assistance, but after examining the books at a meeting yesterday, refused to do more than redeem the circulation of the City of Glasgow Bank, which is stated at \$3,250,000. The failure has caused great excitement through Scotland and in the London Stock Exchange, where there was a heavy fall in Scotch railway securities by the consequence of the pressure of the City of Glasgow Bank, which is generally attributed to its resources being locked in bills, shares and debentures of various kinds that were not readily convertible.

The Summer Progress says: Last week I went out to a dwelling house in Lot 10 acquiring for work, and there found no one in excepting a young servant girl, the rascal seized her and attempted to drag her into a room. The girl got clear and soon after the owner of the house came in and kicked the scoundrel out. He then made his way to another farm house, and laid hold of a young girl about twenty years of age. The girl being alone seized a large table fork and showed fight, and notwithstanding all her efforts, the villain had high contempt for her when the girl's mother entered and seized an axe. He then fought the mother and daughter, and was not driven off until the husband came to the rescue. He then went slowly off. The people are alarmed and it is not unlikely that if he is caught he will be lynched.
