ASSAULT.—James Fitzpatrick and Ed. Curran were standing on King Square, Saturday night, when without any provocation Fitzpatrick dealt Curran a severe blow in the face. He was promptly arrested and marched to the station.

A FIGHT of about fifteen minutes duration took place on Prince William street, near the Custom House, Monday. Capt. Rouse, of the Bark "Kate Upham" and one of his sailors were the combatants. They were separated after blood made its appearance on the parties.

THE opening lecture of a course to be delivered under the auspices of the Father Mathew Association was given in St Malachi's Hall last Sunday evening by R. F. Quigley, Esq. He handled his subject "Character sustained by Religion—the sheet Anchor of Temperance Reform," with his usual ability. A large audience was present.

UNDER FALSE PRETENCES.—A young woman named Mary Altban was arrested on Saturday for obtaining goods from Mr. John O'Gorman's store, Dock street and other places. The goods were to be charge to Capt. Barry of the Schr. "Ocean Bird." The captain had her arrested, but did no' appear against her when the trial came on. Thursday morning she was discharged.

ACCIDENTS.—On Saturday last, Wm. Shaw, of Exmouth street, had one of his fingers so badly cut that it had to be amputated. Mrs. Perkins, City Road, fell down stairs, Saturday night, and was severely injured. On Monday afternoon Mr. H. H. Fairweather got some of his fingers badly mangled while assisting to move a small steam engine on Fairweather's wharf. An elderly lady named Crockett was run over by a horse and waggon at the corner of Cliff and Waterloo streets, Wednesday. She was taken into a neighbouring house and then sent to her home on White street.

THE NEW INSTRUMENTS for the City Cornet Band have arrived and are on exhibition at the store of Messrs. Landry & Co., King street. This Band is connected with the Father Mathew Association and is deserving of great credit for the way in which it has succeeded in overcoming many difficulties before it reached its present efficient condition. We understand that they require a small sum of money to enable them to pay off a balance due on the instruments and will, during the week, call on their friends to assist them, when we hope they will meet with the success they are deserving of.

A GOOD JOKE.—Rumor says that a Carleton Alderman and one of our sedate city dignitaries being determined to have some fun this week at the expense of His Worship the Mayor who was in Halifax. It appears there was an old black pipe laying around the Council Chamber, smoked only in time of peace by the worthy Ald. of Sydney and his Worship, and, no doubt, thinking that the latter would need it, they procured a neat little box and after stowing the pipe nicely they then wrapped both up in nice paper and sealed the contents and sent them, addressed as follows: "To His Worship the Mayor of Halifax, please deliver to Mayor Earle." Our readers can imagine what was said when the parcel was opened

FIRES.—Mr. C. A. Stockton's house, Mount Pleasant, was slightly damaged by fire on Monday afternoon. About half past 5 o'clock, Thursday morning, a serious fire broke out in Mr. Connor's Ropewalk, near the Marsh Bridge. The walk was totally destroyed, as were also the stables adjoining belonging to the S. John Co. Agricultural Society and leased to Mr Joseph Woods. The ell of a dwelling house belonging to Mr. Connors on the east side of the ropewalk was also burned. A house on the west side owned by Mr. J. Kelley also caught fire and was partially damaged. The City and Portland engines and companies were on the ground and worked well. A horse, owned by Mr. Connors, was burned to death in a stable to the rear of the ropewalk. Mr. C. had an insurance of $2,000 on his property, and the Agricultural Society had $1,000 on the stables. Loss heavy.

PORTLAND

HANDSOME COLLECTION.—The collection at St. Peters Church last Sunday for the poor amounted to nearly $230.

AUCTION SALE.—On Saturday last, Mr. D. Dunham's house. Metcalf street, Indiantown, was sold to W. G. Brown for $550.

CAPT. Vanwart, of the *Star*, has purchased the *Soulanges* for $700. The steamer will be fitted up for the spring season at Indiantown.

THE "Ladies Inprovement Association" is the name of a new society started in Indiautown. They visit the houses of their friends and sing, recite, etc.

ATTEMPTED ROBBERY.—A gang of roughs dragged Mr. S. McCaviour into an alley, Saturday night, and tried to rob him of some money but he got away from them.

THE case of Dewyre vs. Town of Portland, for injuries sustained by falling near the Black Spring Road, was finished this week before the Circuit Court, and a virdict of $250 and costs awarded the plantiff.

EARLY CLOSING.—A petition is being circulated among the grocery dealers for signatures to close their stores at eight o'clock in the evening until further notice, the movemeht to take effect next Monday night.

THE Town has a new oyster saloon. It has been just opened by J. A. Herbert & Co on Main street, nearly opposite the Long Wharf. Families or individuals can be supplied with the best fresh Shediac oysters on the most reasonable terms.

OFFICIAL VISIT.—Messrs. R. J. Ritchie, P. J. O'Keefe, Jas. Daley and John P. McRory, officers of the N. B. Union, visited St. Aloysius Association last Tuesday evening and delivered addresses showing up the advantages of such societies.

ASSAULT.—Robt. A Courteny, lumber surveyor, was set upon by some rough youths near St. Luke's Church, Thursday night. He managed to beat them off. If the police would keep their eye near the Douglas Road and McCoskery's Road corners where these youths most do congregate it would be much needed.

WATCH SNATCHER.—Robt. Gilbraith, a young man of 20 years, went into Mr. D. Doherty's store, Main street, Thursday evening, and while examining some watches snatched two or three and ran out. Mr. Doherty's son followed and pursued him into an adjoining alley where he caught him and marched him out in the street, and then he gave him in charge to the police. A crowd blocked up the street and some person shoved iheir arm through a milliner's window.

THE Straight Shore has lately been the scene of a row nearly every Sunday. The police pay the place a visit occasionally, but so seldom that the people often turn out to look at the wonder. Last Sunday some youths got drunk and fought each other near Mr. Cartwright's house. After they got tired they imagined they had a grievance against Mr. Daniel Fitch, a tenant of Cartwright's and accordingly his door was battered and kicked in. He managed, however, to escape the fury of the roughs. It is a pity that decent people up there should be disturbed by such rowdies.

CAMPED OUT.—We have been informed that a number of depraved females have possession of two camps in the bushes near the Mill Dam, a short distance from the new bridge, out the Adelaide Road. These "soiled doves" have occupied the camps for over a fortnight and at night sally forth into the streets of the town and drum up the frequenters of their different establishments, who, now that work is slack, are neither few nor far between. Of course the young men who make such places their haunt, bring along with them their customary supplies of rum, tobacco and cards, how they obtain them does not appear, and, after concluding their night's orgies, wind up with breaking each others' noses. Of course there is a police force in the town and these things have taken place almost under their eyes during the last two weeks, if not at the present writing. Have they been asleep or winked at the proceedings or do they declare their ignorance of the existence of such a nuisance at such a short distance from a public road and almost within earshot of a respectable neighbourhood? When the police have been active in their duties the HERALD has been always ready to award them due praise, but in this case they have proved themselves delinquent in allowing such a nuisance to exist. We hope that if the birds—"doves" of course—have not yet flown, that two or three policemen will scour the locality, pull the camps over their heads and arrest those found in or near them. Should this number be afraid to undertake the duty, the whole force should be detailed to tear up the establishments root and branch.

CARLETON.

ANOTHER.—Diptheria has this week carried off a fine little girl belonging to Mr. Frederick Nice, an employe on the ferry boat.

QUICK WORK.—We are glad to see that Mr. Danl. G. Davis, has opened a new place of business in Mr. John McAuley's house, Blue Rock.

THE Brig "Kate Upham" belonging to A. L. Palmer, Esq., is now lying at Carleton, in order to be repaired, she having suffered a good deal on her late passage.

RUM.—Frank McBrine got drunk this week and got into an altercation with some stranger whose name we could not learn, who used a knife cutting Frank's thumb very badly. Dr. White dressed the wound; rum will be the ruination of him if he does not mend his ways.

FIRE.—A fire broke out on Thursday morning about ten o'clock, in a house on St. John street, belonging to Mr. John McCaffery. The firemen were promptly in attendance and the damage done slight. The cause of the fire was a stovepipe that was entered through a partition.

STORM.—During the gale this week a large tree, an old landmark on the McLaughlin property, Blue Rock, which for forty years has braved the breezes, was blown down. A large number of fences were also blown down as well as a large frame of a new house that was being erected on Tower Hill. Fortunally no greater damage was done.

MUSIC.—The Carleton Serenade Band paraded through the streets on Wednesday evening, playing their sweet music for the benefit of the citizens, on their way to the rally in St. Patrick's Hall. They have improved very much of late, and are now practising several new pieces. Prof. Hayes is their present Band master and Mr. Patrick Martin, leader.

CHEEK.—A barber who calls himself Riley but whose real name is Keleher, belonging to Halifax, got on a drunk this week and thought he would accomodate himself with free lodgings for the night, accordingly he went to the house of Mr. Cronk and after breaking the glass, unlocked the door and laid himself carefully down on the sofa. Mr Cronk gave him in charge. He has ately been working for Mr. Lane.

ROWDYISM.—A crowd of young men made the night hideous with their loud singing and dancing on the platform in front of constable Forbes' on the night of the fire. Such conduct is, to say the least, disgraceful, and very many of them ought to have known better, but when rum is in, wit is out. They afterwards made a raid on a liquor shop in the vicinity, breaking glass and other wise conducting themselves in a way anything but gentlemanly.

ACCIDENT.—Mr. John Larvey, of Carleton met with a very severe accident on Tuesday afternoon whilst working on board of a ship lying in the harbor, by a hatch falling down and smashing his foot badly. It appears to have been caused by carelessness. A man was in the act of lifting the hatch alone when feeling that it was dragging him along with it, instead of asking for help, he let it go, and the wonder is that he was not killed. It will be a long time before he can resume work.

TEMPERANCE.—The Rev. Father McDevitt lectured on Sunday evening in St. Patrick's Hall, Carleton, as announced in last Saturday's HERALD, under the auspices of the young mens society of St. John the Baptist. The lecture occupied about half an hour and was full of good advice addressed to the young men present of the neccessity of their banding together and uniting their efforts to suppress the vice of intemperance. The lecture was fairly attended, the night being very dark.

FIRE.—The firemeu of Carleton deserve the greatest of credit for the manner in which they worked at the late fire when Mr. Dan.. G. Davis' house and shop were consumed. The water supply was ample to meet all the demands, the full head being turned on at the reservoir. What at first sight appeared as being an immense conflagration owing to the gale that prevailed, was luckily confined to the one dwelling. He was insured for $3000, but his loss was far in excess of that. Mr. William J. Ervin, although his own dwelling was in great danger, supplied hot coffee and refreshments to the weary and deserving firemen and others.

PROVINCIAL.

THE Woodstock *Press* has suspended publication.

JOURNALISTIC.—The *Bee* is the name of a temperance paper lately started in Fredericton.

THE heating apparatus on the hot water plan, of St. Michael's College, Chatham, has been completed.

FIRE.—A house belonging to Mr. Wm. McFee, near "Paddy's Flat," Fairville, was burned last Saturday.

NEWCASTLE, Miramichi, ought to have its Mechanics' Institute repaired. It is described as being in a decayed state.

A BAND of music was present at the launching of Mr. R. A. Chapman's 1600 ton ship, at Rockland, Wednesday.

THOS. HODGINS, of Norton, K. C., has been on trial at the County Court for resisting a constable named Pierce in the discharge of his duty.

ROBBERY.—Mr. Wm. Guion's, variety store, Fredericton, was broken into last Saturday night and a large lot of goods and some money taken.

TENDERS for the construction of a Front Stone Tower for the Memramcook Catholic Church have been asked for and will be received by the Trustees of the Church until Dec. 7th.

DUNCAN W. PERLEY, Esq., son of the Hon. W. E. Perley, has been elected State Senate for the State of Nevada, U. S. Mr. Perley left Sunbury Co. for that place about six years ago.

ACCIDENTS.—Mr. John Percival, of Chatham, had part of two fingers cut off in a saw mill the other day. On Thursday morning a Miss Clark of Fairville, while passing from the house to an ell, received severe injuries by slipping and falling on her head.

ASSAULT.—On Saturday last, two Halifax travelling jewellers named Cohn and Cox had a row at Hillsboro, A. C., in consequence of one of them denouncing the other one a fraud. Cox got the most of it and Cohn being brought before a magistrate was fined $8 and costs.

SOME malicious person discharged a gun through the window of the house of a Mr. Wm. McVey, Central Norton, last Monday night. The ball grazed the head of a visitor. Search was made for the perpetrator but the darkness of the night prevented even a clue being obtained.

COMMITTED.—A lad named Benjamin Parsons, charged with placing a plank on the St. John and Maine Railway at Hoyt station, on the 15th inst, underwent preliminary examination at that place, Wednesday, and was committed for trial at the County Court of Sunbury which will be held at Oromocto in January.

A PAINFUL DISEASE.—An old man named Boyle, a resident of Pleasant Point, died from the effects of a painful disease in his throat, Thursday. He had battled with the disease a long time in the Hospital. Here the doctors could do nothing towards effecting a cure and the poor man was brought home and his people endeavored as much as possible to relieve his sufferings until death occurred.

NARROW ESCAPE.—Yesterday morning, while Mr. Wm. Rivers was endeavoring to shift a scow at his father's mill wharf, Pleasant Point, it swung out into the stream and was carried down towards the falls with a strong tide. The only article in the scow was a pole and with this he could do nothing. The scow was rapidly drawn towards the mouth of the falls but it was intercepted by Thos. Bagnell and ferryman Conwell, the latter taking Mr. Rivers from his unpleasant situation and landing him on Long & Barnhill's mill wharf. It was dead low water in the falls and had he not been promptly rescued would have, no doubt, met the same fate as the young man Rilcy, a short time ago.

THAT HORSE.—Some Spur Cove youths purchased a horse the other day for little or nothing, intending to get a sled and have a lively time as soon winter would come. He was kept for a few days in a woodshed and provided with just enough hay to keep the life in him. Last Sunday morning when the club arrived to see how the animal was getting on, he wasn't there. They imagined he was stolen, but search being made he was found in the vicinity of Spruce Lake. How he managed to get there was a miracle. He was led joyfully back to his former quarters and an informal meeting of the club being held, it was decided to part with him for $7, which a country man who had seen him in the dark, had offered.

THE St. Croix *Courier* has the following in reference to Mr. D. W. McCormick: "We regret to state that Mr. D. W. McCormick has decided to close the Queen Hotel, and leaves St. Stephen to take up his residence in St. John, where he will conduct the New Victoria Hotel. Mr. McCormick has well established his reputation as a landlord, first as proprietor of the Watson House, and, since the fire, of the Queen Hotel, and is well and popularly known to the travelling public. While, in his removal we have to regret the loss of a good citizen, we wish him the fullest measure of success in his new venture, and cordially commend him to the good graces of the citizens of St. John, and the continued patronage of the travelling public.

FREDERICTON NOTES.

WEATHER.—The weather here is perfectly delightful overhead, but the walking is terrible; we had a slight snow storm on the morning of the 26th but there is no sign of it now. There is every appearance of a late fall.

The building on the corner of Queen and Regent streets, owned by Mr. A. A. Sterling and lately occupied by Mr. M. Moran as a grocery store is being thoroughly overhauled and will when completed be occupied by Mr. H. Cropley as a book store and printing office.

BAZAAR.—The ladies of St Dunstan's church are as busy as bees stitching away for the proposed bazaar to be held in February. There seems to be two parties and a rivalry existing to see who can do the most. With a stimulus of this sort to push on the work we may look forward to it being a grand success.

NEW BUILDING.—The large three storey brick building, owned by Mr. Owen Sharkey, now in course of erection on the corner of Queen street and Barker alley is being pushed rapidly forward and when completed will be an ornament to the lower end of the city; it is to have a French roof and front similar to that of Mr. A. F. Randolph's, a building for its solidity neatness of design and superior workmanship, second to none in the province.

CLUB ROOMS.—It is to be regretted that so many of our young men are being led astray by the infatuations of club rooms. There are no less than six different institutions of this kind running at full blast in this city at present. Is it possible that the parents of these young men have no control over them, or can it be that they are ignorant of the existence of these dens? I do not refer to temperance club rooms, far from it, it is to those disreputable places of retreat that young men have established here for the filthy purposes of loafing, drinking, smoking, gambling and every thing that is vile and abominable. The young men who formed the notorious Farinicious Galactophagus club of last winter are to be commended for their actions this winter. Instead of organizing again they have about all joined St. Dunstan's temperance society.

DOMINION ITEMS.

Pickpockets did a big business in Halifax recently.

It is rumored that Queen Victoria will visit Canada, if possible, in 1879.

A GREAT PAPER.—On most public matters now-a-days there are great differences of opinion, but the people of all classes seem to be quite united on one question. Every person who has seen it admits that the *Family Herald and Weekly Star*, of Montreal, is the very best weekly newspaper in the country. It is really a publication that no man can well afford to do without. Take it all in all, it has no equal. The price is only $1.00 a year, and Canvassers get splendid commissions. It is published by the FAMILY HERALD Publishing Co., Montreal.

A meeting of the Shareholders of the Merchants Bank was held on Wednesday the 10th inst., says the Charlottetown, P. E. I, *Argus*, when the following gentlemen were elected Directors for the ensuing year, the former Board having resigned:—Robert Longworth, re-elected; L. C. Owen, re-elected; L. H. Davies, Alex. Brown, re-elected; Artemas Lord, re-elected; Wm. Dodd, G. R. Beer. As soon as the Directors met in their Board Room, Messrs. Brown and Lord tendered their resignations, which were accepted, and Messrs. W. H. Findley and H. J. Callbeck, who stood next on the voting ticket, were elected in their places. We believe that the Shareholders have made an excellent choice. Unless we are greatly mistaken in our estimate of the gentlemen who compose the new Board of Directors, it will be found that it is one in which the Stockholders and the general public can place implicit confidence. We understand that the Bank will recommence operations in the course of a few days.

Clifton, N. S., has a sad case of insanity. A man named Wm. A. Nelson has been for some years suffering from mental aberration. On Sunday, 17th inst, he exhibited the condition of a manequite insane. He took a little dog in his arms and running for nearly a mile to the residence of a Mr. Gray, opened the door and pitched the dog in, saying "here's your dog, keep him. He then went to another man's house and before he left smashed nearly all the window glass in the house. A crowd collected but dared not interfere with him as he appeared quite savage. He then went to his own house and probably imagining the crowd who followed him and watched his movements, would interfere with him, he carried into the house, blocks of wood, pitchforks, axes and all the sharp instruments he could find. During the night, he retreated to the barn when those outside heard him lecturing to the dumb beasts. In the morning six head of cattle were found slaughtered by him with an axe. Of all the animals in the barn, a calf only escaped butchery. He threatened destruction to those who would dare approach him. From a distance it was observed that his shirt was bloody and his throat was fearfully cut. The son of the maniac went to Truro for a doctor to sew up the wounds, but the doctor on his arrival at the scene refused to go near the crazy one and rapidly retreated. Afterwards Nelson was secured by a constable and some others and conveyed to Truro Jail where his wounds were dressed and found to be most serious. It is wonderful that he did not bleed to death. Nelson had been in the asylum before. His second wife had to clear out to the United States, not being able to live with him on account of his wild actions.

Testimonial from Mrs. Jane A. Lee.

INTELLIGENCE OFFICE, 102 PRINCESS ST.,
Saint John, N. B., July 29th, 1879.
Messrs. HANINGTON BROTHERS:

Gentlemen,—Three years ago I was going to write you how much benefit I received from taking two bottle of your Quinine Wine and Iron, being then very weak and low with no appetite for any sort of food, after a severe attack of Erysipelas in my head. Again, after the fire, I was nearly quite gone, and was restored to strength and activity by taking two bottles more, and last May I had to have recourse to the Quinine Wine and Iron again with the same beneficial results.

While I was taking it last, a person came in who had left her situation to get into the hospital, being so weak she could not work. I said, I will send you to a place where you will get seven dollars a month; take two bottles of Hanington's Quinine Wine and Iron with you, and if you are not able to earn the seven dollars I will pay you for the medicine. At the end of the month she was quite smart and is still filling the situation I send you these few lines for the benefit of society (if you trouble to publish it), as there are so many sick at present. It would greatly benefit persons after *Sickness* or *Diphtheria*, and would most certainly prevent sickness by strengthening and building up the system. Yours very truly,
JANE A. LEE.

CONVALESCENTS from diphtheria, fevers, or any enervating disease, or sufferers from weakness, from whatever cause arising, will find "Hanington's Quinine Wine and Iron," taken according to the directions, highly beneficial.

THE BEST TONIC AND BLOOD PURIFIER.—"Hanington's Quinine Wine and Iron" for the cure of indigestion, weakness, loss of appetite, depression, want of energy, and all troubles arising from the blood and a low state of the system. Price 50 cents per bottle; bottles $2 50

IF any person would see the difference between real worth and tinsel worthlessness let him buy a small pack of Sheridan's Horse and Cattle powders and feed it out to his hens. The increase of eggs will surprise you.

MR. H. R. STEVENS:—

Dear Sir,—My only object in giving you this testimonial is to spread valuable information. Having been badly affected with Salt Rheum, and the whole surface of my skin being covered with pimples and eruptions, many of which caused me great pain and annoyance, and knowing it to be a blood disease, I took many of the advertised blood preparations, among which was any quantity of Sarsaparilla, without obtaining any benefit until I commenced taking the VEGETINE, and before I had completed the first bottle, I saw that I had got the right medicine. Consequently I followed on with it until I had taken seven bottles, when I was pronounced a well man, and my skin is smooth and entirely free from pimples and eruptions. I have never enjoyed so good health before, and I attribute it all to the use of VEGETINE. To benefit those afflicted with Rheumatism, I will make mention also of the VEGETINE's wonderful power of curing me of this acute complaint, of which I have suffered so intensely.
