Cor. Dock st, & Market Square.

feb9 MULLIN BROS.

NEWS OF THE WEEK.

LOCAL NEWS.

MR. P. GLEESON'S Card to the Electors of Prince Ward, appears in this week's HERALD.

MORRIS AND HANLON are matched to row a race for the championship of the United States, in June.

A $200 HORSE, owned by Mr. Wm. Peters, was drowned by jumping overboard from the ferry floats, on Wednesday morning.

THE DRAMATIC PERFORMANCE given by the St. Dunstan's Society, Fredericton, in their hall, Regent street, on Monday evening, was very successful.

THE CITY CORNET BAND, CONCERT, at St. Malachi's hall, on Tuesday evening, was well attended. The singing by Messrs. H Campbell, D Cain, Geo. Clark, W. Wallace and J. Stanton, was well received. The performance of the band elecited high encomiums.

SPRING is coming fast, and with it Mr. J. J. Mullin, Portland Bridge, is receiving a new stock of cloth, which will be made up, to suit customers, in the most approved style of the tailor's art. Mr. Mullin feels confident that all who patronize him may rely on getting good value for their money.

ST MALACHI'S T. A. R. SOCIETY will hold its regular monthly meeting to-morrow (Sunday) evening, in St. Malachi's Hall. The usual public meetings is postponed until later this month, when Rev. Father Connolly, and others, will open a new course of lectures. Due notice will be given of the date.

WM DOHERTY & CO., have removed to fine new premises, on the Market Square, where with a first class assortment of goods they will be prepared to attend to all orders with which they may be favored. Besides the main shop, which is very tastefully fitted up, and has a very neat front, there are a work-room and cutting-room up stairs. The stand is a good one, and no doubt the firm will achieve success there.

A WORD FOR THE HORSE.—Horse falls are getting to be quite numerous on our streets lately. These occurences are not all tame, if we are to judge by the crowds who flock around the fallen animals. The customary treatment is for five or six men to hold down his head when one would suffice, others pull off the britching, etc., contrary orders are issued, everybody rushing to the help of the poor brute, gets excited, and it would not be a subject of wonder if a respectable horse got frightened to death at the antics of those who come to his relief. These remarks particulary apply to two cases, one of which happened in the Market Slip, on Wednesday morning, and the other on the street in front of our office on Thursday afternoon. Teamsters should have their horses sharp shod, especially during the hard dry frosting spring mornings before the ice disappears from the streets, and by a slight expenditure not subject them to severe falls.

FATHER MATHEW ASSOCIATION.

The Semi-annual meeting of the Father Mathew Association was held in Sparrow's Hall, Germain Street, on last Thursday evening. The meeting was the largest and most interesting held since the fire and shows clearly the deep hold this excellant organization has taken in the community. Persons outside of this society cannot properly estimate the good work performed by this association, or thoroughly appreciate the great blessing its existence has proved to the Catholic young men of St. John since its organization. Approving as we do of all associations organized on a proper basis, and having for their object the improvement, morally, socially and intellectually of their members, and knowing of no other association in St. John better calculated to promote these objects, we heartly recommend the Catholic young men of our City who have not yet joined the F. M. A. ranks to do so at once. The newly elected President, in taking the chair, made some very appropriate remarks on the growth of the society and the beneficial influences its existence exercises in the community, and concluded by appealing to the members to persevere in the great and noble work in which they were engaged. The enthusiasm with which the President's remarks were received and the evident determination of those present to follow his advice, indicates that the association is thoroughly revived and destined to accomplish even greater things in the future than it has in the past. The Officers elect for the ensuing term are:

Rev. A. Ouellet, Spiritual Director;
F J. Duffy, President;
Richard O'Brien, Senr. Vice-president;
P. O'Connor, Jun. " "
John Allen, Rec. Secretary;
W. J. Brown, Fin. Secretary;
M. J. Driscoll, Cor. Secretary;
C. McGourty, Treasurer;
M. Henretta, Librarian;
James Connolly, Asst Librarian;
John Gallagher, Conductor.

Tobacco was named in honor of its discoverer, O. C. Cabot, a brother of Sebastion Cabot. They just spelled his name backward.

As my wife and I at the window one day,
Sat watching a man with a monkey,
A cart came by with "a broth of a boy,"
Who was driving a stout little donkey.
To my wife, I thus spoke by the way of a joke,
"There's a relation of yours in that carriage."
To which she replied, as the donkey she spied,
"Ah, yes, a relation—by marriage."

All Kinds of Job Printing executed at this Office.

FREE FERRIES.

A public meeting was held in the City Hall, Carleton, on Monday evening last, to hear the report of a committee appointed some time ago to confer with the Common Council with reference to Ferry matters. The committee submitted the following:—

REPORT:

Gentlemen,—Your Committee appointed at a public meeting held in this hall, a few weeks since, to take into consideration matters relating to the ferry,—

Beg leave to report that they have had a number of meetings with the Ferry Committee of the Common Council, and the resolutions passed at the previous public meetings were argued.

Several members of the Ferry Committee expressed their willingness to your committee with what was asked, except in the matter of a free ferry, which they say would involve a direct tax on every rate-payer in the city, and they would not entertain it. They are also willing to assist your committee in going to the Legislature for an appropriation to make the ferry more efficient.

The ferry committee through their chairman explained the reasons why they did certain things on which charges were preferred against the ferry and its management, and though in themselves were very reasonable still in some instances, they acknowledged themselves in error. The dilapidated condition of the whole ferry appurtenances was a very great argument in their favor. So far they have promised to put on two boats as soon as the traffic warrants it.

Your committee having done what they could with the Common Council, it now remains for us to go to the Legislature. They have been advised, and they consider that more can be done with the Dominion Government than by petition.

In reference to the Local Legislature, your committee has headings for petitions which you will to-night be called upon to sign, asking for an appropriation towards the ferry, etc., and to do so successfully with a petition it must be backed up by a delegation and a certain liability, which we ask you to provide for.

Respectfully submitted,
GEORGE H CLARK,
J. HENRY LEONARD,
R. R. ALLEN,
J. M. McLACHLAN,
R. N. KNIGHT,
ROBERT A. CASKIN,
TIMOTHY DONOVAN,
D. W. CLARK,
GEORGE F. HARDING.

On motion the above report was adopted, and Messrs J. Henry Leonard, D. W. Clark, T. Donovan, R. R. Allen, and Ald. Wilson, were appointed a Committee to proceed to Fredericton and present the following petition to the Governor-in-Council:

To the Honorable S L Tilley, C. B., Lieutenant Governor of the Province of New Brunswick:
To the Honorable The Legislative Council;
To the Honorable The House of Assembly;

Gentlemen—The petition of the subscribers humbly sheweth:—

That the steam ferry across the Harbor of Saint John is a great highway and, with its approaches has been for many years supported by the City.

That a large funded debt has been incurred in constructing ferry boats and floats, and making the approaches necessary to accommodate the travel.

That the interest on the debentures sold for ferry improvements, together with the expenses of maintenance, for a heavy tax on the people, especially on the western section (the inhabitants of which are principally mechanics and laborers), and contribute a large proportion towards the revenue of the City.

That from the published reports, annual appropriations are made towards the support of ferries, bridges and highways as well as large subsidies to railways throughout the province; and the city although containing about one tenth of the inhabitants contribute at least their proportion with other sections.

Your petitioners therefore pray, that your Honor will give the Ferry matter a favorable consideration; and if you do not feel justified in making it one of the Public Highways of the Province, and treat in a similar way as you have done many other river crossings—by making it free—that you will grant such a subsidy as will in making it more efficient.

About 100 hundred persons present signed the petition.

Some criminal statistics recently published in the London *Times* greatly discredit the idea that habitual criminals are mainly the product of great cities. In Manchester no doubt 16 out of every 10,000 belong to that class, and in Liverpool 11; but in London there are only four, and in Taunton, the sleepiest of little towns, they rise to 17. Of course the last figure may be accidental, but the proportion of crime, though not of course the aggregate mass of crime, in London has always been low, partly from the vigilance of the police, partly from the number of careers open to the inhabitants, and partly from the quicker intelligence which is only generated in great cities. Crimes of malignity, in particular, such as fire raising, flourish chiefly in rural districts and petty towns, as do also rapes and all crimes of violence not dictated by a wish to obtain property.

Children as a rule are not very much impressed with the utility or eloquence of sermons. Now and then, however, a hopeful and practical boy or girl hits the nail on the head, as was the case a few days since at Cambridgeport, Massachusetts, where the following occurred:

Scene—Sunday morning, an hour before service.

Mother (to three children)—"Come children, be getting ready for church."

Boy (aged seven)—"Well, I'd just like to know what preaching's for, any way."

Girl (aged five)—"Why don't you know? it's to give the singers a rest."
