NEWS OF THE WEEK.

THEFT.—A case of medical instruments was stolen from Dr. McFarlane's office, Main street, Portland, the other day.

STRIKE.—The members of the Scowmen's Union have struck work in consequence of their wages being reduced from $2 to $1,50 per day.

THANKSGIVING DAY.—Thursday, Nov. 21st, has been proclaimed Thanksgiving Day throughout the province by Governor Chandler.

DEATH IN THE MARINE HOSPITAL.—Jas. Sutherland who was injured a few days ago on board the ship St. Helena, died at the Marine Hospital, Thursday.

NEW VESSEL.—The keel of a new ship after the style of the "Cedar Croft," has been started by Mr. David Lynch in his yard, near the Long Wharf, Portland.

FELL INTO A WELL.—A little girl named Noonan fell into a Fort Howe well, Tuesday. Fortunately the water wasn't deep enough to drown her and she cried out until a passer by lifted her out.

DEAD INFANT.—Tuesday morning Andrew Boyd found the dead body of an infant on the mud in Courtenay Bay. The remains were conveyed to the Dead House where an inquest was held on Wednesday.

A CONTRACTOR named Frank Mines, who has been doing business in this city since the big fire and who this year had been a partner in the plastering business with a Mr. James Healy, cleared out on Sunday night's train leaving a number of workmen to mourn his absence.

BURGLARY.—Mr. Chas. Courtney's billiard and lunch rooms, head of North Wharf, and Messrs. H & R. Pierce's hair dressing saloon were entered evidently by the same burglars early last Sunday morning. A quantity of cigars and $3 in cash were taken from Courtney's and $40 in cash from Messrs. Pierce's establishment.

JUMPED FROM A WINDOW.—On Saturday night Mrs. John Daly, of Pond street, jumped out of a window to the ground below, a distance of over twenty feet, to escape from her husband, who was following her through the house with a stick of wood in one hand and a carving knife in the other. Mrs. Daly was so severely injured that she was taken to the Hospital.

FIRES.—Last Sunday evening there was a slight fire in Mr. Rafter's house, Winter St. Portland. At an early hour Tuesday morning two houses on Main street, Portland, one belonging to Mr. Daniel Doherty, clothier, and other to Mr. Smith, were damaged by fire, the latter only slightly. On Tuesday a house and shop belonging to Jacob Robertson, at Weldsford was burned.

SUSPENDED ANIMATION.—The *Courier* says that on Sunday last, as Mr. David Clinipan, of St David, Charlotte County was sitting in Church he suddenly ceased to breathe, and a death like appearance came over him. All efforts to restore life at the church failing, he was taken home, where he soon returned to consciousness. He was in his usual health in the morning and it is not known what caused his sudden illness.

IRISH FRIENDLY SOCIETY.—It will be noticed by reference to our advertising columns that the above Society will hold another Special Meeting at their rooms, Hamilton's Hall, on Tuesday evening next. We have been informed that Mr. Nannary particularly requests every member of the Society to be present, in order that they may hear from him a full and complete statement of his management of the late Gift Enterprise.

A NEEDLE'S WANDERINGS.—Miss McPartland, of Lower Cove, not long since accidentally stuck a sewing needle into the thick part of the palm of one of her hands, and in attempting to withdraw it too quickly, it broke, leaving, as she supposed, a small piece of the point in her hand. On Saturday last, thirteen days after its insertion, the remaining part made its appearance at the back of her hand, nearer the wrist. In attempting to extract this, two small pieces were broken from the point, but the remainder, when finally removed, measured seven-eights of an inch. The pain was at times severe.—*Telegraph*.

ACCIDENTS.—Oscar Jones, a painter, fell from the window of a school house attached to the Leinster street Baptist Church, Tuesday, and was severely injured internally. He was taken in a coach to Carleton where he resides. The Moncton *Times* says that a small child of Mr. Seamen's fell into a tub of water and was fearfully scalded. An elderly woman named McGowan was run over by a team and slightly injured while coming from Vespers last Sunday afternoon. On Tuesday, a team driven by a man named Giggy, run over a lad named Henderson, on Brooks street Portland, severely injuring him. Mr. W. D. W. Hubbard, the auctioneer, got a very severe fall on the sidewalk in front of Warwick's store on King street, yesterday afternoon. He was sent home in a coach. Mr. Wm. Ewart of Dewolf Corner, St. James, Charlotte Co., was severely injured on Monday, 28th inst, being kicked by a horse. The St. Croix *Courier* says that Miss Barbara Carmichael, teacher, was thrown out of a carriage while driving at the Rolling Dam on Halloween, her head striking against a stone and making a deep skul wound on the left side above the temple and a slight wound on the right side. Dr. Black attended. The young is lady in a fair way of recovery, but will be scarred for life.

SPORTING SQUIBS.—The London (Eng.) Rowing Club has a wooden spoon, which is given to the man absolutely last in a race, but the holder has the privilege of challenging any member of the club, with the view of getting rid of the unwelcome trophy.

The *Boston Herald* says that it is reported that another effort will be made next year to revive boating in St. John, N. B., and that a fund of $10,000 is one of the things desired, in order that Wallace Ross and other provincial oarsmen may be suitably backed. The plan can hardly succeed, as Wallace is not as popular as formerly, and envious oarsmen will seek to make unpopular any movement looking to his advancement in the good opinion of New Brunswickers.

Trickett, the Australian sculler, challenges Hanlan or Courteney to a 4, 5 or 6 mile race for £2,000, give or take expenses on mutual waters.

Ward, of Fredericton, will not run Anderson, of Portland, this year owing to a sprained ankle received while practising.

A challenge match between first and second juniors of the second and third teams of the N. B. Engineers was fired at Drury Range, Tuesday. Won by the Second Juniors.

A PECULIAR CHARACTER.—Last Saturday an elderly Scotchman named Glenn lodged information at the Police Court that he had been robbed of a $70 gold watch and $74 in cash by Mrs. Tyner, of Mill street. The woman being taken into custody indignantly denied the accusation and was ready for trial in the afternoon, but Glenn did not put in an appearance. The trial was then fixed for Monday, Mrs. Tyner being remanded to jail, bail being then refused. On Monday, when the case was called on, Glenn bolted again. Mrs. Tyner was afterwards released on bail to appear when called for by His Honor. Glenn had been an inmate of the Alms House and the inference is that he had neither the money nor watch. According to the Moncton *Times* this Glenn is a notorious scoundrel and imposter, who follows the role of temperance and religious man and has practised his trick in Moncton, Amherst and Halifax. It says: "If the Glenn who accused Mrs. Tyner of theft in St. John, is the same Glenn who proved himself such an old a scamp while here, the charge against that woman is a mere fabrication, as Glenn could not come in possession of so much money or a gold watch, unless by thieving, which probably he would not hesitate at."

DROWNED IN THE FALLS.

Yesterday afternoon, between 4 and 5 o'clock, the St. John Falls, which have gulped down many a victim, claimed another in the person of a young man named Charles Riley, belonging to Indiantown. Riley, it appears, was loading a small boat with what are termed "headings," (pieces of boards to be afterwards converted into barrel heads) near Cushing's mill slip, at the mouth of the falls. After completing his task, he jumped in the boat and with a pike-pole drew it—as he thought—clear of all danger from the seething, surging tide. On this he miscalculated, for on dropping the pike-pole to put out the oars, the mighty suction drew the boat in the whirls with terrible velocity. Here it capsized and spun like a top, Riley hanging for dear life on to the bottom. He was observed to climb on the boat and remove his coat. Two men named Dalton and Gleason who witnessed his struggles but were unable to give the slightest assistance called out to him to hold on to the boat but before the sound of their cries had died away, with death staring him in the face, Riley dashed into the treacherous tide with the hope of gaining an eddy where his swimming powers would have undoubtedly saved his life but fate ruled otherwise and down into the whirls he went. Riley was well liked and being an excellent swimmer had distinguished himself on several occasions particularly last summer in saving life.

CARLETON ITEMS.

The Temperance men of the different temperance organizations in Carleton are not behind hand in the good work as all the lodges show, we believe, already signs of increasing membership,

Times are reported as being pretty dull in Carleton as well as elsewhere. It is stated that Gregory's mill will shut down for good in two weeks. There is, however, considerable of long-shore work being done at present

The work on Rodney Wharf is now almost completed and is alike creditable to the Local Government and Corporation, as pedestrians in future need not be afraid to travel on the new and substantial sidewalks, being the best job done by the Government for several years on that side of the harbor. We would suggest to the energetic chairman of the Street Committee that he now employ some competent person to sweep it clean and prevent those teamsters from dropping slabs and edgings on it.

Climo's ever-popular Photographs, at liberal prices, are made at 13 Charlotte street (Jack's building). His beautiful prize stereoscopic views (all saved) of New Brunswick scenery, and St. John before the fire, can also be had at above address and of dealers.

Secretary Sherman has addressed to Secretary Evarts an official communication setting forth the injustice of the Canadian authorities in debarring American seamen from receiving reward, which is given to captains and crews of vessels in distress and towing them to places of safety. This position of the Canadian authorities is based on wrights, which, it is claimed belong to the seamen of each nation in the waters of their own country. It is therefore, stated that rewards of such service in Canadian waters belong exclusively to Canadian seamen. As this distinction is not observed in American waters our seamen are naturally indignant that they should be refused the reward of their bravery, on the ground that they are not Canadian seamen. The Secretary points out the custom that has always prevailed in this respect and submits the matter to the Department of the State to be brought to the attention of the Dominion Government through the proper diplomatic channels.

Testimonial from Mrs. Jane A. Lee.

INTELLIGENCE OFFICE, 102 PRINCESS ST., Saint John, N. B., July 29th, 1878.

Messrs. HANINGTON BROTHERS:

Gentlemen,—Three years ago I was going to write you how much benefit I received from taking two bottle of your Quinine Wine and Iron, being then very weak and low with no appetite for any sort of food, after a severe attack of Erysipelas in my head. Again, after the fire, I was nearly quite gone, and was restored to strength and activity by taking two bottles more, and last May I had to have recourse to the Quinine Wine and Iron again with the same beneficial results.

While I was taking it last, a person came in who had left her situation to get into the hospital, being so weak she could not work. I said, I will send you to a place where you will get seven dollars a month; take two bottles of Hanington's Qunine Wine and Iron with you, and if you are not able to earn the seven dollars I will pay you for the medicine. At the end of the month she was quite smart and is still filling the situation. I send you these few lines for the benefit of society (if you trouble to publish it), as there are so many sick at present. It would greatly benefit persons after *Sickness* or *Diphtheria*, and would most certainly prevent sickness by strengthening and building up the system. Yours very truly,

JANE A. LEE.

CONVALESCENTS from diphtheria, fevers, or any enervating disease, or sufferers from weakness, from whatever cause arising, will find "Hanington's Qunine Wine and Iron," taken according to the directions, highly beneficial.

CATARRH

CONSTITUTIONAL CATARRH REMEDY, CURES CATARRH

Thousands applaud its wonderful Cures.

Hear what a Reverend Gentleman says of the Constitutional Remedy.

T. J. B. HARDING, Esq.,
BROCKVILLE, ONT.

DEAR SIR.—It is now two years since your "Constitutional Catarrh Remedy" was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you, as at first the happy effects seemed to me to be "too good to be true."

I was afflicted in my head for years before I suspected it to be Catarrh. In reading in your Circular, I saw my case described in many particulars. The inward "drop" from the head had become very disagreeable, and a choking sensation often prevented me from lying long. I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your Agent came to Walkertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle, I found decided relief, and when I had used two bottles and a third, I quit taking it, feeling quite cured of that ailment, and have not used any since, until of late I have taken some for a cold in my head.

A sense of duty to sufferers from that loathsome disease, Catarrh, prompts me to send you this Certificate unsolicited, with leave to make what use of it you may see proper.

Yours truly,
W. TINDALL, Methodist Minister.
