Lagrippe Conquered.

DARTMOUTH, Sept. 24th, 1895.
MRS. C. GATES & Co., Middleton, N. S.
This is to certify that while living at Belmont, in Colchester County, about 17 years ago, I took a very heavy cold and had severe cough and an attack of Bronchitis, which reduced me very much—was very bad for a month, friends feared my going into decline. I procured some of your Bitters and Syrup, which I took and soon began to improve, and kept on gaining till I fully recovered. Five years ago I was seized with an attack of La Grippe, which reduced me so much that I could scarcely walk without falling over. I then took eighteen bottles of your Bitters and Syrup, which built me up and made me thoroughly well. We continue to use your medicine and never think of being without them in the house. I am willing to make oath to the truthfulness of the above statement.
Yours very sincerely,
HENRY ARCHIBALD.
