

Always Tired

Of course you are. Tired when you go to bed, tired when you get up, tired all the time.

Your doctor calls it nerve exhaustion, general debility. He recommends a nerve-lifter, a general tonic.

Ask him what he thinks of Ayer's Sarsaparilla for this. We are willing to leave the question with him. He knows all about our Sarsaparilla and what it will do.

For half-sick and half-well people there isn't a medicine its equal in the whole world.

FOR CHILDREN

Nothing, that comes in a bottle, is more important for children than Scott's emulsion of cod-liver oil. And "important" means that it keeps them in even health, on the highest plane of physical life.

"Do they live on it, then?"

No; they don't touch it, except when they need it.

"When do they need it?"

Whenever they show, in whatever way, the least disturbance of even balance of health. It is not for acute diseases, with some exceptions; it is for a slight falling off from first-rate condition.

It is to be used as a food, whenever their usual food does not quite answer the purpose of food.

We'll send you a little to try, if you like.

The mystery surrounding the tragic death of J. Wesley Allen and his wife and daughters, whose bodies were found in the ruins of their home in Shirley, Maine, on Monday, has grown deeper, notwithstanding the fact that one man has been arrested on suspicion of being in some way connected with the crime.

BRAIN FOOD.

Is of Little Benefit Unless It is Digested. Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains.

For business men, office men and clerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in severe outdoor manual labor can live on a heavy meat diet and continue in health.

As a general rule meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food, that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stomachs lack, pepsin diastase and by stimulating the gastric glands increase the natural secretion of hydr chloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion which means perfect health.

There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestives; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies.

Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

GAINED

BY USING MILBURN'S PILLS.

VICTORIA, B. C., March 8, 1901.

The T. Milburn Co., Limited,
Toronto, Ont.

Dear Sirs,—Some time ago my daughter,

aged 19 years, was troubled with bad headaches and loss of appetite. She was tired and listless most of the time, and was losing flesh.

Her system got badly run down, so hearing your Heart and Nerve

Pills highly spoken of I procured a box, and by the time she had used them she had gained 9½ lbs. in weight and is now in perfect health.

Yours truly,

MRS. P. H. CURTIS.

Seven Years Afflicted With

Fever Sore,

Permanently Cured by

Gates' Nerve Ointment.

C. GATES SON & CO.

DEAR SIR:—As the result of an accident my hip was injured so as to cause a FEVER SORE for which I was under treatment for seven long years but could get nothing that did it much good. At last I obtained your Nerve Ointment which has made a complete cure, and I believe, had I not got it I would have been a cripple yet.

I also know of two similar cases which your Ointment has cured, one of which was PRONOUNCED INCURABLE by doctors in the States. My own cure is permanent as it is several years since it was effected.

Yours sincerely,
