

ACUTE INDIGESTION

A Trouble That Causes Unfold Suffering to Thousands Throughout Canada.

"I suffered so much with acute indigestion that I frequently would walk the floor through the long nights," said Mrs. Thomas Vincent, residing at 98 St. Peter street, Quebec. "I had been afflicted with the trouble," she continued, "for upwards of twenty years, but it was only during the past year that it assumed an acute form. There were times when I was almost distracted; everything I ate disagreed with me and the pains in the region of the stomach were unbearable. When the attacks were at their worst my head would grow dizzy and would throb violently, and sometimes I would experience severe attacks of nausea. As time went on I was almost worn out either through abstinence from food or the havoc it wrought when I did take it. I tried many much lauded dyspepsia cures, but they did me no good. In fact I got nothing that helped me until my nephew urged me to take Dr. Williams' Pink Pills. He had used them himself with the greatest benefit, and assured me that they would help me. After I had taken three or four boxes of the pills there was some improvement, and I continued to take the pills regularly for about three months, and at the end of that time I found myself cured. I could eat a hearty meal and eat it with relish; I slept soundly at night, my weight increased, and my constitution generally was built up. I think Dr. Williams' Pink Pills will cure any case of dyspepsia, if they are given a fair trial such as I gave them."

Dr. Williams' Pink Pills cure cases like Mrs. Vincent's simply because they fill the veins with that rich, red blood that enables every organ of the body to do its work properly. That is the reason why the pills cure all blood and nerve troubles such as anaemia, neuralgia, rheumatism, heart troubles, skin diseases, St. Vitus dance, paralysis and the special ailments of growing girls and women of middle age. When you ask for Dr. Williams' Pink Pills see that you get the genuine with the full name "Dr. Williams' Pink Pills for Pale People" printed on the wrapper around every box. Sold by medicine dealers everywhere, or by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

NEWS SUMMARY.

The First Baptist church at Calgary was burned on Thursday; loss, \$10,000.

The White block at Moosomin, N. W. T. occupied by a number of business firms, was burned on Thursday; loss, \$40,000.

For the first time within the memory of men who navigate St. Croix waters, St. Andrews bay was on Thursday morning frozen clear across from the Perry shore to Clam Cove head, making one unbroken glare of ice from that point to the head of tidewater.

Sarah Goodfellow, mother of Walla Goodfellow, who died recently of typhoid fever, and Elizabeth See, Isabella M. Grant and W. A. Brundette, Christian Scientists, who were in attendance upon Goodfellow during his illness, have been committed for trial on the charge of manslaughter at Toronto.

Sir William Ramsey, the famous chemist who is cited as being convinced of the great possibilities of Snell's process for recovering gold from the sea water, writes that he disclaims responsibility for such an opinion. He says that experiments at selected places on the coast showed one-thirtieth of a grain of gold is obtainable from a ton of sea water, but nothing is yet proved by the experiments to warrant belief that the process is potentially profitable.

After many years of trials, the introduction of rubber in a commercial sense has been established in Hawaii. Six years ago a rubber plantation was started at Nalghu, but little

had been heard of the venture until recently. Now the trees have been found in a condition to produce rubber, and the work of gathering sap probably will soon begin. Those interested are among the wealthiest Hawaiians. More than five thousand saplings have been planted.

Fred. Doull, of Sloughton, Assinboia, writes to his parents at Sackville that on February 1st the King-Edward Hotel, at which he and Mrs. Doull, nee Bishop, of Dorchester, N. B., were boarding, was burned to the ground. The thermometer registered 40 degrees below zero, and many were badly frost-bitten. Doull saved valuable books and papers belonging to the firm, but lost all personal effects, including wedding gifts.

Johann Lewalter has traced the tune of "Yankee Doodle" to 1776, at Wasenberg, the central depot of the Hessian troops employed as mercenaries in the War of American Independence. Lewalter is an eminent authority on folk-songs. He says "Yankee Doodle" is a dance tune the Hessian troops picked up, and adds that in the district to-day, numerous tunes may be heard which closely resemble it in lift and rhythm.

This is the season when business men are planning the year's work, and deciding what help will be needed. Inquiries are now pouring in to the St. John Business College for bookkeepers and stenographers, and Messrs. Kerr & Son are kept busy at their accustomed work of qualifying their students and placing them in good positions.

The annual report of the public works department shows that the telegraphs cover more than 6,000 miles and the cable 402 miles. The total expenditure for the year reached \$7,392,289, including \$900,000 advanced to the Montreal harbor commissioners. \$3,389,936 was spent on harbor and river works, \$1,890,281 on public buildings. Telegraphs cost \$385,093. The dredging and plants cost \$74,181, bridges and roads \$103,795. The revenue collected by the department was \$273,503, a decrease of \$2,000.

C. Bennett Shaw, aged forty years, died at Windsor, N. S., on Thursday from the effects of the accident which befell him on Jan. 28th, when about 10 o'clock in the evening he went to the cellar for some kindling wood, taking with him a lighted lamp. He was returning to ascend the steps and had placed his foot on the second step when he fainted, the lamp falling and breaking and igniting the dry wood. Mrs. Shaw, hearing the noise, hastened to the cellar and found her husband unconscious, and in order to quench the flames had to use a bucket of water. Mr. Shaw was terribly burned about the face, and also on the arms and hands, especially the right one, which was so badly disfigured that amputation was at first thought necessary. He also received a nasty cut over the right eye, in which several stitches had to be taken.

Dr. Mackay's SPECIFIC For the Treatment of Alcoholism.

Used in connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted \$500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells. No Sanatorium is required. The Treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days. This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorder's Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration. Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec. The Government of Quebec through the Judges ordered over 500 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent of cures with these cases.

With the public and official endorsement and the record of results published it is unnecessary to waste money experimenting further. All communications private.
