BOOM THE MIRAMICHI!

Life is a continuous struggle and we overcome an obstacle today to meet a new one tomorrow. When we hear of the great opportunities in western Canada and the United States where the settler is making so much money, it should be remembered that there are as many, if not more, drawbacks and difficulties to overcome than there is here at home.

Many people are coming back and taking back and taking up the old farms, having proved by experience that the old Miramichi was not such a bad place after all.

When a merchant hears a customer complaining because things are not going just right, it is a matter of business for him to do what he can to cheer them up and encourage them so that they will have more confidence in their own place. If he can show them some way to make a dollar so much the better; better for them, better for him, and better for the community.

BOOM THE MIRAMICHI!

SCHOOL CHILDREN.

Children who cannot get along in the public school are unfortunate. They are to be pitied rather than blamed. Through the processes of petting and pampering their abnormalities have developed to such an extent that they cannot be adjusted to the requirements of the school. They have been trained diligent application or persistent effort and they have never acquired the sense of personal responsibility

for anything in life, and have not been held accountable for results in any line.

When they find themselves unable to do the work of the class they transfer the responsibility for their actions and encouraged them to believe that because they do not excel there must be something wrong with the school.

Disappointed parents too often hold the teacher accountable for faults and failures that has been developed by the methods of the home.

The children who cannot adjust themselves to the demands of institutional life think they have a hard time in school. They will find the adjustments of the world's many sided work a thousandfold more difficult.

WRITE 'MOST EVERY DAY!

Comrades, have you wife or mother?

Write 'most every day,
Half the joy is gone from life
When you're far away.
Write her from the speeding car,
Never mind the thump and jar
Which your loving letters mar—
Write 'most every day.

Would you some kind service render,
Sweet attention pay?
Then a loving message send her
When you're far away.
Would you all her home life brighten,
Would you all her sorrows lighten,
Bonds of sweet affection tighten?
Write home now, to-day.

And, no matter where you wander,
I am sure 'twould pay,
Could you see the loved ones ponder
Over what you say.
Have your tablet in your "grip,"
Fountain pen charged to the tip,
Never let a good chance slip—
Write them while you may.

The writing habit is growing enormously. This is right. Many a letter from home has saved a moral downfall, and strengthened loved ones for the battle of life. To those away we would say, Write home as often as you can. DO IT NOW.
