**LETTER FROM ONLOOKER**

Blackville N. B. May 10  
W. N. Duchemin Esq.,  
Millerton N. B.

Dear Sir:

I am writing to congratulate you on your paper, the Miramichi News, and am proud that we have a paper, be it ever so small, printed on paper made out of spruce cut on our famous Miramichi. It shows what the Miramichi District could do if it only got fair play. If our moneyed men would wake up and start some industries along the Miramichi to give our men employment all the year around instead of hoarding their money in the banks, and trying to keep everything that starts up down, it would be a still better country, and also if the Dominion Government would send more money fast to build more Railways and necessary works instead of shovelling it by the millions into the West.

Your article on our pulp wood in your first issue was just to my liking. We have a great chance here in Blackville for a pulp and paper mill at the mouth of Bartholomou's River. There is water-power of several hundred horse power, fine building sites, Railway and lots of spruce lumber.

Hoping that the people will patronize you in your venture and help you along in your good work of booming the Miramichi and also wishing you every success

I remain  
Your truly  
ONLOOKER.
