## EDUCATE THE CHILD

On Monday morning a number of little boys were arraigned in the police court on a charge of setting fires on Strawberry Marsh on Sunday. One of the little fellows admitted also that he was the possessor of a revolver which he often carried about his person. These little lads had been for some time past the plague of the police, as well as the people. They had frequently been warned, but warning was wasted until they found themselves behind the prison bars.

It is not the first time we have called the attentions of parents to the conduct of their children; and yet parents are so heedless or grossly careless of the welfare of their progeny that they allow them to grow up like wild animals, to be guided by their own instincts, and influenced by such evil companions as they may chance to fall in with.

Since parents are so negligent, it is well that the Policeman and the Magistrate are taking a hand in the game. Let the Town Council strengthen their hands by passing a bye-law prohibiting children from roaming the streets at night.

## THE I. C. R.

The recent attack on the Intercolonial made by Lord Northcliffe, and the wide publicity given his statements by Upper Canadian papers, has caused many patrons of the I. C. R. to rally to its defence in a spirited manner that is causing the management a good deal of satisfaction. Letters from prominent business men who have travelled

extensively, are being received daily, these being expressions of appreciation of the train service generally, and particularly of that given between Montreal, St. John and Halifax by Canada's famous train, the Maritime express. These letters are written in many instances by men who have travelled on nearly every railroad on this continent, and who, therefore, have a keen appreciation of the comforts that tend to render pleasant a long journey by rail. Their opinions are likely to be more widely appreciated than those of Lord Northcliffe, whose unreasonable criticism has aroused so much comment. It is quite evident the Intercolonial has still many firm friends left to it, and among them those who patronize it most and know it best.—Telegraph.

## SILVER ANNIVERSARY OF THE W.C.T.U.

An Interesting Program was Successfully Carried Out

## BOUQUET TO MRS. TROY

On Thursday evening at St. James' church the members of the W. C. T. U. celebrated their silver anniversary. The church was beautifully decorated for the occasion, among the decorations being a large globe girdled about and tied with a beautiful bow of white ribbon.

A splendid programme which had been arranged, was well carried out. After the opening with devotional exercises, a solo, God shall wipe away all tears, by Arthur Sullivan, was rendered by Mrs. J. W. Miller, after which followed the presentation of a handsome bouquet of flowers tied with a beautiful bow of white ribbon, to Mrs. Jas. Troy, she being the only charter member of the Society present. The honor of making the presentation was conferred on little Delphina Copp, and was seconded by a few brief remarks by Mrs. S. McLeod. Mrs. Troy thanked the members for the gift and added in well chosen words a few appropriate remarks in reference to the work of the Society.

The speaker of the evening was Mr. Botkin, American Consul, of Campbellton. He is a most pleasing speaker and the audience were delighted with his logical remarks.

Other speakers of the evening were Rev. Dr. Cousins, Rev. Mr. Dean and the Rev. Mr. McArthur. A solo, The Publican, by Van Water, was rendered by Miss Hattie Gunn and More Love to Thee by Mrs. Pearl Russell.

A solo, Round the World was sung by Mr. Calder, the chorus being rendered by the entire choir. Two anthems were rendered by the choir. Miss Mabel McGregor and Miss Helen Stables acted as ushers. The benediction was given by Rev. Mr. Nichol.

## EVICTED STRIKERS' GOODS RAIN SOAKED IN STREETS

The Industrial Struggle at Ludlow, Mass., Shows Some Pitiable Incidents To-day—About 300 Persons Were Turned Out in the Streets.

Ludlow, Mass., Nov. 29.—The elements during last night and the early part of to-day added to the misery of more than 25 families evicted on Saturday from tenements owned by the Ludlow Manufacturing Associates, because of a strike in the mills of the company. The household effects of the evicted persons were piled together in a great heap in the street in front of the houses from which they had been removed. The owners found shelter for themselves and their families, but not for the goods. Last night rain ruined the greater part of the clothing and bedding and caused great damage to the furniture.

The work of eviction was suspended today, but it was announced that on Wednesday the occupants of sixteen other houses owned by the company would be ordered to leave. Nearly all the houses from which the strikers were expelled on Saturday were two family structures, and nearly all the tenants were Polish. Each family had a number of lodgers, and it is estimated that at least three thousand persons were made homeless by the eviction proceedings.

Thus far there have been no serious disturbances in connection with the expulsion of the strikers, but the authorities fearing that trouble may develop before the evictions cease, continue to maintain a strong force of police, deputy sheriffs and special officers in the town.

The principal development to-day was the importation of a band of 50 Italian strike breakers. These men were brought to town in a special electric car and under a strong guard of deputies and police and taken to the works.

Ludlow presented a contrast to-day to the town it was three months ago. Previous to the strike of 3,000 operatives at the mills of the Ludlow Manufacturing Associates, the town had

Try This in November.

Thousands upon thousands of families, who have not been regular eaters of Quaker Oats will begin on the first of November and eat Quaker Oats once or twice every day for thirty days of this month; the result in good health and more strength and vigor will mean that every other month in the year will find them doing the same thing.

Try it! Serve Quaker Oats plentifully and frequently for the thirty days of November and leave off a corresponding amount of meat and greasy foods. You'll get more health, more vigor and strength than you ever got in thirty days of any other kind of eating. While you are trying this see that the children get a full share. They will show the benefits even more quickly and surely than the adults. It's the best food for all ages.
