MAKES PLEA FOR NATIONAL UNITY

Premier Laurier Spoke on Duties of Canadian Citizenship.

Winnipeg, Man., July 13—Sir Wilfrid Laurier at noon today formally opened the annual exhibition which will continue for ten days, and gives promise of being the most successful yet held in the West. The entries are usually heavy. The visitors from Western points are pouring in on every train, and the hotel accommodation is nearly at its limit already.

Premier Laurier and Hon. G. P. Graham spoke at the little French settlement of St. Anne De Chenes, Manitoba in the afternoon. The meeting was held in a garden amid rustic surroundings, and the welcome of the people was graceful and affectionate. Sir Wilfrid eschewed politics, and spoke on the duties of Canadian citizenship, making a plea for tolerence and unity in working out the destiny of Canada. Mr. Graham spoke on transportation, and expressed the hope that he would live to see the Georgion Bay Canal and Hudson's Bay Railway completed.

LIFE A NIGHTMARE

Helpless and Broken Down, Dr. Williams' Pink Pills Came to the Rescue.

There are many who think anaemia is a trouble confined to growing girls and women, but this is not the case. Thousands of men are anaemic, and attribute their growing weakness to mental or physicial overwork, or worry, and who do not appear to realize that they are swiftly passing into that condition known as general debility and that their trouble is due entirely to the fact that their blood is watery and impure. If the trouble is not taken in time, they pass from one stage to another until the break down is complete, and often until a cure is beyond hope. To men in all walks of life there is no medicine so valuable as Dr. William's Pink Pills. If you feel jaded, weak or worn out these Pills will make that rich, red blood that puts vim and energy into every portion of the body. Making good blood is the mission of Dr. Williams' Pink Pills and good blood is the one secret of good health and vigorous life. An excellent case in point is that of Mr. R. W. Ellis, of Balcarres, Sask., who says: "Just four years ago I was in England making preparations to fulfil the long cherished ambition of coming to Canada. My health at that time was normal though I was never very strong Three weeks before the time of my departure I was overcome with a feeling of general weakness and faintness which rendered me so inert and lifeless that my days were shrouded in gloom. Consultation with a doctor brought me no consolation. Debility was my trouble and I was on the point of a breakdown. 'Canada in your condition means death,' said the doctor. 'You must have a complete rest.' A rest, however, was out of the question a fortnight's holiday I had and then back to earn my daily bread. The next years were a series of misery and despair, body and brain undermined with a complaint the doctor could only call debility, but apparently could not cure. Snatching holidays when I could I struggled on until the opening of 1909, when completely prostrated I was compelled to go to my parents and become a burden to them. My life was simply an existence and friends said, behind my back, 'consumption.'

"In April, 1909, I began taking Dr. Williams' Pink Pills. Three months later, on July 1st, I sailed from Liverpool on the Tunisian for Montreal, full of new life, energy and hope. In this great country I am making good and I owe it all to Dr. Williams' Pink Pills. In three months they changed me from a nervous wreck to a healthy man. When doctors failed they succeeded, and I honestly believe they saved my life."

You can procure this great health giving medicine from any dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

His Glorious Victory.

The commanding officer had surprised the young lieutenant and his daughter trying to occupy the same chair.

The lieutenant sprang to his feet and saluted.

"Sir," he said, "I have the honor to report an engagement at close quarters in which I have been entirely victorious. It now merely remains for you to give your sanction to the terms of surrender."—London Scraps.

Influence of Pluck.

The smallest, the most purely instinctive effort of mere pluck has a lifting power and deserves our thankful admiration. Every degree and every form of courage tends to raise the whole tone of life within the range of its influence in proportion to the amount and the quality of the endurance exercised.

His Phenomenal Luck.

"You say he is lucky?"

"You bet."

"In what does his luck consist?"

"Marriage, you see, is his hobby."

"Well?"

"Every woman he marries gets a divorce."

BOURASSA IS AFTER EARL GREY

Nationalist Leader Accuses Gov.-Gen., of Speaking Bitterly Against French Canadians.

Montreal, July 13—Mr. Henri Bourassa is beginning to speak out in meeting, having given this evening what he alleges is the drift of a statement made in March last at Rideau Hall by Lord Grey, when His Excellency expressed the greatest disappointment at the attitude of the French-Canadians. Mr. Bourassa says that "at first the Governor-General took the silence of the French-Canadians to mean consent, but when the opposition to the Naval Bill became so outspoken, His Excellency expressed himself very bitterly against the clergy and the pig-headedness and slowness of Quebec generally. He added, however, the following: 'It will, however, be no difference. We will have Laurier ten years more in power, and he will lead the Province and the French-Canadians along the proper paths to where they should be.'"

MY PHYSICIANS TOLD ME I MUST DIE, but South American Kidney Cure cured me of that awful Bright's disease. Middleton, N. B.

Gentlemen:—This is to say that in 1904 I was very sick with Heart trouble and Headache, due to change of life, my life seemed to me really not worth living, had a doctor in attendance, but kept falling away until I reached 125 lbs. I was advised to use your LIFE OF MAN BITTERS and SYRUP, which I did and cantruly say they are wonderful. After I had taken the first two or three bottles I felt much worse than usual, but as the directions said this was sometimes the result I continued their use, and soon began to see marked improvement in strength, so that I was able to work and gained 30 lbs in flesh. I thank you for placing these remedies within my reach, and heartily recommend their use to ladies at this time of life, and advise the contsnuance of them as I know it sometimes takes a few dozen bottles, but the cost is small compared with physicians charges.

I am sending you this, that you may make it known and thus benefit some one who may be suffering as I was.

With heart felt thanks, I am

Yours very truly,

MRS. JOHN FOLEY.

CONNOLLY WAS SENT UP FOR TRIAL

Albert, July 13—The preliminary examination of Thomas Connolly was finished today before Police Magistrate Peck of Hopewell. The prisoner was committeed for trial on the charge of murder.

Mr. Fowler, counsel for the defence, asked the magistrate to call a witness for the crown, Colby Mills. M. Hannington objected, and the magistrate sustained the objection.

The prisoner was sent up for trial to the superior court which opens on the first Tuesday of September, with Judge Landry presiding.

Mr. Fowler asked the magistrate to furnish him with a copy of the evidence, in order that he might make application to the supreme court for bail for the prisoner. The magistrate said he would comply with this request.

Mr. Fowler will seek bail for the prisoner, who in the meantime has been committed to jail.
