Holloway's PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. KIRKUS, Chemist, to Professor Holloway, dated 6th June, 1851.

To Professor Holloway.

Sir,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer who can refer to my enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the violence of the attack was so alarming, and the information set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them until they effected a perfect cure. I could have sent you many more cases, but the above, from the severity of the attack, and the speedy cure, I think, speaks much in favour of your astonishing Pills. (Signed) R. W. KIRKUS, Chemist of your assistance.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter from Mr. R. W. KIRKUS, Chemist, to Professor Holloway, dated 6th June, 1851.

To Professor Holloway.

Sir,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a painful tightness in the bowels, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by their advice she was bled, and purged, and she was at last induced to try your Pills, which she continued to take until they effected a perfect cure. I could have sent you many more cases, but the above, from the severity of the attack, and the speedy cure, I think, speaks much in favour of your astonishing Pills. (Signed) R. W. KIRKUS, Chemist of your assistance.
