The curling season is now in full swing, and the first series of the curl matches is nearly completed. The club is making preparations for an expected visit from St. John rinks. A bonspiel on the north shore would be something new for St. John players, and through the stance is rather long, the Campbellton club believe they can offer inducements that will well repay foreign clubs to pay us a visit.

Fire broke out in the residence of T. W. Brown on Monday evening, but was speedily extinguished. The loss is rather heavy, the extent of the fire, as Mr. Brown's library was almost totally destroyed by fire and water.

This seems to be a particularly fatal season for children in this place. Mr. and Mrs. David Graham lost their youngest child on Monday last, and Mr. and Mrs. B. Cyr their infant daughter the same day. Both funerals took place yesterday.

Rev. E. Bertram Hooper of Moncton is the guest of Mr. and Mrs. J. S. Beredict.

NORTHESK, Northumberland Co., Jan. 12.—The town of last week settled the snow, and the designs is excellent. Lumbering is not done nearly so extensively as last winter. Therefore we have a great many hills men, partly owing to the lumber business, but more especially to the scarcity of fish in the river, which is the farmers' main support in the winter months.

Miss Sadie McKay of Stathadham and Ernest Hare of Whiteville were made happy at the Baptist parsonage, Newcastle, on Wednesday, the 5th. Rev. Mr. Baker officiated. The bride wore a pretty suit garnished with steel trimmings and pink silk. Miss Bernice Jones attended the bride.

The groom was supported by Loran McKay. After the ceremony the young couple drove to the home of Wm. Hare, Whiteville, where they were welcomed by a few invited guests. A sumptuous repast was served, and the rest of the evening was passed in merry conversation and social chat.

The Whitneyville division, Sons of Temperance, had their social time on Friday evening, the 7th. A very pleasant evening was spent with music, recitations and speeches. A luncheon was served, which all did ample justice. At an early hour they separated.

Miss Evelyn Keys of Red Bank was the guest of Miss Helen Daymond on Saturday.

Mr. and Mrs. Baker of Douglas- town paid Mr. and Mrs. Gordon of Strathadam a visit this week.

Miss Bessie Whitney, who has been home on a vacation, returned to Truro on Saturday, where she will finish the course of kindergarten. Miss Addie Swanson of Douglas-town accompanied her from Newcastle.

Rev. Mr. and Mrs. Murray were the guests of Mr. and Mrs. R. P. Whitney on Wednesday.

The eldest daughter of Parker McLean is very ill with rheumatic fever. Major McFavish is improving slowly.

Mrs. Archie McKenzie while combing her hair injured the sight of her eye by striking it with the comb. She has suffered severely.

Peter Forsyth is able to drive out. Miss Robertson and Miss Bernice Jones were the guests of Mrs. James Brander last evening.

FREDERICTON JUNCTION, Sun- day, Jan. 14.—The young people of this town held a concert and literary entertainment in the hall last evening. The audience was large and appreciative. The sum of \$20 was realized.

The health of one of our most worthy citizens, H. A. Thomas, is not satisfactory.

The dog special with dogs for the Klondyke lost one of their canines here. The animal is now in possession of Thos. Wm. Alexander.

FREDERICTON JUNCTION, Jan. 15.—Yesterday John E. Smith was driving a load of hay the sleds stowed on the hay road, upsetting the load and precipitating Mr. Smith on to a fence. He received painful bodily injury, besides being badly cut about the face. Dr. Murray dressed his wounds, but is reticent regarding internal injuries.

HOPEWELL CLIFFE, Jan. 14.—The Albert municipal council concluded its business this afternoon.

It was ordered that the court house be re-painted, any color but black or white to be adopted. It was also ordered that the roof of the jail building be raised several feet to make increased accommodations for the jailor.

The jailor's bill of \$115.83 was ordered to be paid.

SUSSEX, Jan. 15.—The stipendiary magistrate was this afternoon en- gaged in taking the preliminary ex- amination in a case in which Samuel Chapman, harness maker, of Sussex, is informant and complainant, in the interest of the Pleasant Lake Fish- ing club, of which he is a member.

Frederick Brydon, alias Frederick Gibbons, and Annie Rushton, both of the town of Moncton, who are charged with having at the parish of Water- ford, in Kings county, on the twenty-ninth day of November last, broken into the house of one John L. G. Melvin, and stealing therefrom ten woolen hosi- ets, one coffee pot and two carving knives, the property of the Pleasant Lake Fishing club, valued at about twenty-five dollars. The parties were arrested at Moncton and brought to Sussex to be dealt with. Three wit- nesses were examined and the pri- soners were remanded to Hampton jail until Tuesday afternoon next, when the hearing will be resumed. The members of the club, who had built a new little cot by the side of the lake at Waterford, are determined to lift this matter to the bottom, as his example to others who have taken too great a liberty with fishing cuts, fired up at a good deal of expense and trouble.

A spirited horse attached to a sleigh, owned and being driven by Col. Beer, ran away last evening from Church av- enue, the colonel and Mrs. Pennington, who was with him, had a narrow escape.

Linsed and Turpentine are not only popular remedies, but are also the best known to medical science for the treatment of the nervous mem- branes of respiratory organs. Dr. Chas. compounded this valuable syrup so as to take away the unpleasant tastes of turpentine and linsed.

Mothers will find this medicine in- valuable for children. It is so pleas- ant to take, and will positively cure Croup, Whooping Cough and chest troubles.

WHAT DR. WILLIAMS' PINK PILLS have done for others they will do for you, if given a fair trial.

From the Meaford, Ont., Monitor.

About two years ago the Monitor procured an interview with Mr. Reuben Petch of Grenville, in order to ascertain from his own lips if the reports were well founded that he attributed his most extraordinary return to health to the use of Dr. Williams' Pink Pills for Pale People. The result of the interview was published in the Monitor under date of Jan. 17th, 1890. Mr. Petch's case was certainly one of the most extraordinary in the annals of medicine in Canada, if not in the world. He had been ill for five years, and in that time he consumed no less than six of the best physicians he could find, but none could give him the least relief. His limbs and body were puffed and bloated to such an extent that he could not get his clothes on, and for two years he had not dressed. He had lost the use of his limbs entirely. His flesh seemed to be dead, and pins could be stuck into various parts of the body without being felt or creating the slightest sensation. He could not move about and he attempted to get up would fall, and would have to be lifted up. He was unable to open his mouth, suffer- ing from a severe case of dysphagia, and had to take solid food, and had to be fed with a spoon like a child. The doctors said his trouble was spinal, and that he could not possibly get better. He was, in fact, nothing more or less than an animated corpse, so helpless was he. He was a member of the Canadian Mutual Life Association, and was under their rules entitled to disability insurance and made a claim for it. Two doctors, on behalf of the association, were sent to examine him, and they pronounced him incurable, and permanently dis- abled, and in accordance with their report he was paid a disability in- surance of \$1,650.00. This was about two

years after his sickness began. For three years more he lingered in the condition above noted, utterly help- less, and a burden to himself, and friends. He was then advised to try Dr. Williams' Pink Pills. He did not hope that they would help him, but in his sad condition he was prepared to grasp at anything that afforded the prospect of even a slight relief. The first change noted in his condition after he began the use of the pills was a disposition to sweat freely. Then life began to return to his listless dead body, and from that time on his progress towards recovery and activity was steady and certain.

The publication of the interview, containing the facts above noted, created unusual interest, not only in this section, but throughout Canada. That a man, whose limbs and body were all but dead, who had been ex- amined by medical experts, and pro- nounced incurable, and on the strength of their report was paid a large dis- ability claim, should afterwards be cured by Dr. Williams' Pink Pills, was looked upon as a marvel. Many were skeptical; not as to the cure for the fact that he was actively going about proved this—but they did not believe it would prove permanent. In view of the doubts thus expressed the Monitor determined to watch the case closely, and now, nearly two years after the case was first published, has again interviewed Mr. Petch, with the result that we are in a position to say most emphatically that this remarkable cure has proved permanent.

On being again questioned, Mr. Petch said:—"You see those hands? The skin is now natural and elastic. Once they were hard and without sen- sation. You could pierce them with a pin and I would not feel it, and what is true of my hands is true of the rest of my body. Perhaps you

have observed that I have now even ceased to use a cane, and can get about my business perfectly well. You may say there is absolutely no doubt as to my cure being perma- nent; indeed I am in even better health than when I gave you the first inter- view."

"Do you still attribute your cure to the use of Dr. Williams' Pink Pills?" asked the Monitor.

"Unquestionably I do," was the reply. "Doctors had failed, as had also the numerous remedies recommended by my friends. Nothing I took had the slightest effect upon me until I began the use of Dr. Williams' Pink Pills. To this wonderful medicine I owe my release from a living death. I have since recommended Dr. Williams' Pink Pills to many of my friends, and the verdict is in their favor; I shall always bless the day I was induced to take them."

The above are the chief statements made by Mr. Petch in this latest in- terview, and the Monitor may remark, from a long acquaintance with him, that we consider his statements abso- lutely true and reliable. He has no interest to serve other than a desire to recommend the medicine that has done so much for him, and we feel sure that if any sufferer will write Mr. Petch, enclosing a stamp for re- ply, he will endorse all the statements made above. We may further add that Mr. Petch's remarkable recovery leaves no doubt of the wonderful curative powers of Dr. Williams' Pink Pills, and it seems reasonable to in- fer that they will do for others what they have done for him—restore health and vitality.

The check at the head of this article is a fac simile of the one by which Mr. Petch's disability claim was paid, and is given in further corroboration of his statements.

VILLIERS, M. P., DEAD.

The Father of the British House of Commons Passes Away.

LONDON, Jan. 16.—The Right Hon. Charles Villiers, M. P. for South Wolverhampton, and known as the "Father of the House of Com- mons," having sat continuously in the house since 1835, died at 9 o'clock to- night.

In addition to being the oldest mem- ber of the house of commons, he was father of the English bar, for he was "called" at Lincoln's Inn in 1827. Mr. Gladstone, seven years the junior of Mr. Villiers, married Parliament two years before him, but while the ser- vice of Mr. Villiers had been contin- uous, that of Mr. Gladstone was broken when he retired from the house of commons. Mr. Villiers was returned for Wolverhampton three years after the passage of the great Reform act and the last parliament of William IV. Besides being the oldest member of parliament, he was the oldest sur- viving parliamentary backbite. Not- withstanding his extremely advanced age his memory was singularly retain- ing, and he was able to entertain friends for hours at a time with lively scenes in the house of commons dur- ing the first half of the century.

RECENT FUNERALS.

A very large number of people at- tended the funeral of the late John Chamberlain, which took place from 188 Mill street on Friday afternoon. The deceased was identified with many societies, which turned out in regalia to attend the funeral. The casket was completely covered with flowers, sent by friends from all over the city. A very beautiful maitre cross of lilacs, roses, carnations, azaleas, hyacinths and ferns, with the letters I. O. F., in purple across the centre, was sent by Court Loyalist, 121, I. O. F., New Brunswick lodge, K. of P., sent a very pretty shield of yellow, blue and red; and New Brunswick lodge, No. 22, F. and A. M., sent a square and com- plete set of regalia, with the letters I. O. F. and the compass of white roses, azaleas, hyacinths, and ferns. The funeral of the late Mrs. Matthe Robb took place from the residence of John Jackson, Gilbert's Lane, Friday afternoon. Rev. Mr. Batough conducted the services, and interment was in the Church of England burial ground.

A BOY MURDERER.

A Philadelphia Lad of Fifteen Supposed to Have Killed a Five Year Old Boy.

PHILADELPHIA, Jan. 16.—The body of five years old Percy Lockyer, who is believed to have been mur- dered on Friday night by fifteen year old Samuel Henderson, was today found in the bottom of Reddie's creek, 60th and Catherine streets, and there seems little doubt in the minds of the police that young Henderson is guilty of the crime. He is now locked in a cell at police headquarters. The body of the child when found was weighted by two heavy stones, one about his neck and the other around his ankles. His skull was crushed in and there was a knife thrust just above the heart, and similar wounds on his breast, side and forehead, while on the side of his face was a long cut ex- tending from below the eye to the chin.
