Dr. Williams' Pink Pills for Pale People—the best tonic in the world—can not harm the most delicate.

They make people strong.

RHEUMATISM'S PANGS.

(From the Chatham Banner.)
Everyone in the Village of Wheatley knows Mr. Peter Slipp, who has been a resident of the place for upwards of twenty years, and who, during the whole of that period up to last year, was a constant sufferer from acute rheumatism, complicated by other troubles until he was worn almost to a shadow. At the age of twenty he joined the New York cavalry, and served through the war of the rebellion. He took part in the historic battles of Bull Run, Fredericksburg, Gettysburg, Culpeper, etc., and at one time rode eighty miles at a stretch, carrying despatches through the enemy's lines. On another occasion he was on horseback for four days and five nights, and it is little wonder that such hardships left him, as they did thousands of others, with a wrecked constitution. While in the army as a result of poor food and often bad water, he was attacked with diarrhoea, which assumed a chronic form. This of course was a heavy burden, and he was obliged to leave the army, and he has since been a prey to the pains and terrors of rheumatism. A correspondent of the Banner has said: "I never expected to see any better in this world, and I had tried scores of medicines which brought me no relief at all. Some times for weeks at a time I could not lie down or sleep, and could eat but little. I was not only troubled with rheumatism, but my limbs were subject to fainting spells, and at other times everything appeared to turn black before my eyes. I would often feel sick at the stomach, at which times food would prove poisonous to me. My kidneys also troubled me greatly, and my nervous system seemed completely shattered. Tongue can scarcely tell how much I endured dur-

ing these long and weary years. About a year ago I was advised to try Dr. Williams' Pink Pills, and it was a grand day for me that I began their use. After I had used a few boxes my pains had decreased and I was considerably better. Later, through a continued use of the pills, I could eat, sleep, and felt as able to work as I had done twenty years ago. I now feel well and strong, and if any of my old comrades see this and are afflicted I would urge them to try Dr. Williams' Pink Pills."

ANÆMIA CURED.

(From the Sun, Orangeville, Ont.)
Some months ago Maggie, the fifteen-year-old daughter of Mr. and Mrs. J. Sweeney of John street in this town, began to fall both in health and spirits. Her face was almost as white as chalk, her appetite very feeble, and her limbs began to swell. Notwithstanding her growing weakness she persisted in attending school, until one day her teacher advised her to go home and not return until she felt better. At the same time the teacher, who knew the value of Dr. Williams' Pink Pills in such cases, advised her to take them. The advice was followed, and Mrs. Sweeney told our reporter that almost from the outset there was an improvement in her daughter's constitution. Her appetite became better, the color returned to her face, and the severe headaches that had made her so miserable, vanished, and she is now feeling better than she has done for many months.

It is quite evident that this young maiden was suffering from a lack of blood, as do so many young girls who are just at a critical point in life, and it is quite as apparent that there is no other remedy the equal of Dr. Williams' Pink Pills in such cases. They enrich the blood, stimulate the nerves, and build up the entire system, and mothers will act prudently if they insist upon their daughters taking an occasional box. We know from experience that Dr. Williams' Pink Pills have done great good in Orangeville and vicinity, and there is scarcely a day that our reporter does not come in contact with some one who has a good word to say for this wonderful medicine.

HAVE YOU INDIGESTION?

Have you a pain in the stomach? Fullness or distention after meals? Wind on the stomach? Hiccoughing and eructation? Sickening bile, distaste for food? A yellow tongue, bad complexion, taste in the mouth?

These things arise from indigestion and dyspepsia; they can be cured by Dr. Williams' Pink Pills.

DYSPEPSIA CURED.

Miss Lila McLaughlin, a young lady who is teaching in the Port Stewart public school, says:—"Some months ago I was suffering with a severe attack of dyspepsia. I procured some medicine from the doctor which seemed to help me for a time, then it apparently lost its effect and I became worse. I had a terrible pain in the stomach, which caused me much suffering. Then vomiting set in and continued until I was so weak I could scarcely stand, and at times my sight would seem to leave me. While in this state one of my friends advised me to try Dr. Williams' Pink Pills, and I procured a half dozen boxes. By the time I had used them I had fully recovered my health, and I can recommend them to others similarly suffering."

FEMALE WEAKNESS CURED.

Mr. John DeCarra, Sarnanation, Ont., writes:—"I take the liberty of writing you a few lines in praise of your Dr. Williams' Pink Pills. For some time my wife was a great sufferer from trouble peculiar to females. She was very weak, suffered from dizziness and headache, and her complexion was sallow. She was not able to do any work, and friends were almost hopeless of her recovery. She was unable to get any rest, and she had to be carried to bed. In the course of a week her appetite began to improve and she felt more hopeful. She continued using the pills, and under the treatment has fully recovered her health and activity. We both strongly advise women suffering as she did to use Dr. Williams' Pink Pills."

PARALYSIS.

Do your hands tremble? Are you liable to tremors that you cannot control? Have you lost the full power of using your hands? Do you stagger or falter in walking? Is the face distorted? Is all one side of the body affected? These symptoms indicate the beginning of Paralysis. There will follow agonizing pains, complete disability and death, unless you take it in time. Dr. Williams' Pink Pills will cure you.

HOSPITAL TREATMENT FAILED.

Dr. Williams' Pink Pills have done more to alleviate suffering than any other medicine yet discovered. They have effected cures in hundreds of cases pronounced incurable by physicians, and they have brought relief into the homes of thousands throughout the Dominion. Among those who speak of this wonderful medicine in terms of gratitude is Mr. Lemuel McCready of Shannon, N. B. He says:—"A year ago I was taken with a pain in my right leg, which gradually worked down to the knee, where it settled. At first I thought it an attack of rheumatism, and treated it with the medicine ordinarily used for that trouble, but with no benefit. The knee began to swell and the pain became excruciating. I wasted away to a mere shadow, and was no better than a cripple. I then consulted a physician, but still got no relief. Then I went to an hospital at St. John. The physician who examined me there said my trouble was consumption of the bone, and that it might be necessary to amputate my leg. Thoroughly discouraged, I returned home. Then my mother urged me to try Dr. Williams' Pink Pills. After using two or three boxes I found the pain greatly diminishing, and by the time I had taken seven boxes the limb had regained its normal condition, the pain had all disappeared, and I had gained greatly in flesh and was as well as ever I had been in my life. I feel very grateful for I believe Dr. Williams' Pink Pills saved me from a life of helplessness."

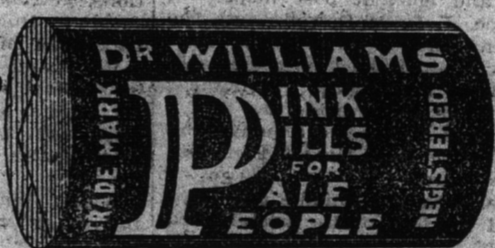

It is such wonderful cures as Mr. McCready's that have given Dr. Williams' Pink Pills their great reputation and made them the favorite medicine in thousands of families throughout the land.

Remember! The NAME of the Post Office must be sent in all cases to ensure prompt compliance with your request.

Bark Birman Wood, now at Montevideo, goes to Penzance to load lumber for Rio Janeiro.

William Stevens of 158 St. James street is at the General Public Hospital with a broken leg. While walking along the I. C. R. track from Quispamsis to Rothesay, he fell and the limb was broken by striking the rail.

Miss McIntyre of Prospect Isle, Me., formerly of St. John, and Miss Tilton of Fairville, young lady nurses at Victoria hospital, who have been undergoing the examinations and qualifying as professional nurses, have successfully passed.—Gleaner.

Steamer Warfield, Capt. McNeil, from Japan and China, ports via Colombo Jan. 8 for New York, before reported seen in the Red Sea in tow, has been towed into Parin by British steamer Geomus. The Warfield has steam pipe burst, but otherwise is only slightly damaged. She was towed 220 miles. Arguments to save service, not salvage service. Repairs will probably occupy about five days.

The causes of death reported at the Board of Health office for week ending January 22nd, 1896, were: Exposure; 1; pyæmia; 1; paralysis; rheumatism; 1; heart disease; 1; imperfect heart; 1; cancer of stomach; peritonitis; anæmia; 1; total, 8.

The engagement of Clarence L. Chapman and Miss Charlotte M. Jordan of Banor is announced. Mr. Chapman, who had, up to within a few months ago, been connected with the Banor house, is now proprietor of the St. Croix Exchange, Calais.

A public temperance meeting will be given under the auspices of Waring district lodge, I. O. G. T., in the Nainewick hall, on January 27th, at 7 o'clock, to which all are invited. Some of the best talent of St. John and other places are expected to take part.

H. R. McLaughlin received a telegram Thursday from St. Margaret, the scene of his lumbering operations, of a most satisfactory character. The mill is about completed, which is ten days earlier than estimated, and the prospects for a good season's work are very encouraging.

A gentleman in the western part of the island, who proposes going to Klondyke in the spring, has been experimenting with himself, with a view to ascertaining how much treasure he can stand. During a recent cold snap, after divesting himself of coat and vest, he went to a secluded part of his farm and dug a make-believe gold mine, some seven or eight feet deep, and filled it with a mixture of sand, ash, frozen potatoes and dry beef for dinner, sitting on a snow bank, and after the day's work slept in the barn. Experiencing no ill effects from the experiment, his determination to go to the gold fields is stronger than ever.—Charlottetown Guardian.

First Tom Cat—How did you feel when the brick struck you? Second Tom Cat—Say! My past eight lives rose up before me in a second!—Puck.

Cards have been received in this city announcing the marriage on Wednesday, Jan. 19, of Miss Cora Flewelling, daughter of Mr. and Mrs. T. G. Flewelling, to Charles E. Russell. The groom was formerly a resident of this city, and was at one time a prominent athlete. He is now the accountant of the Ottawa Transportation Co. Mr. and Mrs. Russell have gone to Boston on a holiday trip. They will reside at 85 Albert street, Ottawa.

WEDDING BELLS.
A quiet wedding was solemnized Saturday at the residence of Dr. Wm. Bayard, when his niece, Miss Katherine Frances Bayard, was united in marriage to Thomas E. Kirkwood, teller of the Bank of British North America. On account of a recent death in the family of the groom, the marriage took place in the house and the invited guests included only members of the family. The bride wore a most becoming travelling gown of brown, trimmed with pink, with milk cape. Her sister, Miss Ada Bayard, was bridesmaid. She wore a gown of blue cloth. R. R. Ritchie performed the duties of groomsmen. The marriage was solemnized by Ven. Archdeacon Belgrave. After the ceremony luncheon was partaken of, at which Mr. and Mrs. Kirkwood took the C. E. R. train for Halifax. They received many beautiful presents, including several costly ones from relatives and friends in England and Scotland. Dr. Kirkwood, the groom's brother, sent a fine set of gold and silver suit. The bride was a beautiful specimen of womanhood, and the staff of the Bank of British North America gave a set of cut glass dessert dishes.

The steamer Scotia had begun on January 9th the work of laying the cable from Bermuda, which is to establish communication with Turk's Island, Bahamas and Jamaica.

THE DEATH ROLL.

The death occurred Sunday in this city of Mrs. Frederick Coster, wife of a former rector of St. George's church, Carleton, who passed peacefully away at the ripe old age of 94 years and three months.

Mrs. Coster was a very retiring lady, with a most amiable disposition, who endeared herself to all and consequently was beloved by those who had the pleasure of her acquaintance.

Mrs. Coster, since the death of her husband some thirty years ago, aged led a most quiet life, receiving only her personal friends, who were greatly attached to her and appreciated her many kindly and Christian qualities. Next most deeply her death.

Mrs. Coster was a daughter of the late Attorney Gen. Chas. J. Peters and was born in the old Hatheway house on Coburg street in 1802. Her husband was the rector of St. George's church for a number of years, and was a man who was held in the highest esteem by all classes and creeds. As a rector's wife, Mrs. Coster filled her position with a befitting dignity and kindly solicitude for those around her that was on the hearts of all. Mrs. Coster leaves only one son to mourn her loss, Geo. J. Coster of New York. Hurd Peters of this city is a half brother of Mrs. Coster.

The death occurred on Sunday morning of Mrs. Morgan, wife of Patrick Morgan, the well known north end grocery merchant, at the age of seventy-three years. While in poor health for some time, Mrs. Morgan had only been confined to her room for two weeks and no serious results were apprehended until that morning, when a turn for the worse suddenly set in and she expired in a short time. Mrs. Morgan was a native of England and came to this country over forty years ago. A lady of estimable qualities she had endeavored herself to all with whom she came in contact, and her death will be heard with deep regret, particularly in the north end, where she was so well and favorably known. She leaves a husband,

three daughters and two sons, the daughters being Mrs. F. H. Foster Mrs. Joseph Harrington and Miss Lizette Morgan. John Robinson of Vassie & Co. and Mrs. Jas. Hogan of this city are a brother and sister of deceased. Miss Morgan, who has been on a visit to Boston, will arrive home this afternoon. The sons are James and Thomas.

The death occurred at Penobscot on Saturday of Mrs. John Murray, aged sixty-three years, a lady well known and highly esteemed in Kings county. She leaves three daughters, namely, Mrs. L. Allison of Sussex, Mrs. Geo. T. Baskin of Madam Junction, and Mrs. Roseford of Boston. There are two sons, David H., residing at Schenectady, N. Y., and Irvine B., at Penobscot.

(Campbellton Enterprise.)
The death of Mrs. John Hayter occurred suddenly last week. On Wednesday, 12th inst., she was going about the house in her usual health when she was stricken with paralysis on Saturday afternoon, the 15th, she passed away. Deceased was 70 years of age. During the last seventeen years of her life she has lived with her son-in-law, A. G. Adams. Previous to her coming to Campbellton she was a member of Main street Baptist church, St. John. But after her arrival here joined the Presbyterian church, of which she was a member and earnest member till the last.

David Gordon Mott, recently deceased in Panama, was a son of the late Wm. Mott, and brother of W. A. Mott, M. P. P., was born in Campbellton in 1833, and removed to Boston about 1853, where he resided till 1886, since which he has resided in Colon, Columbia republic, being for a number of years past master mechanic of the Panama railroad. He married Miss Mary Mowat, daughter of the late John Mowat, who with a young son survives him. Mr. Mott was a man of sterling integrity and ability and was a general favorite with all his acquaintances. During his visit to Campbellton last summer Mr. Mott had expressed his determination to return to Canada shortly, as he found the tropical climate was undermining his health.

FREDERICKTON, N. B., Jan. 23.—Rev. Richard Simonds died quite suddenly at the Windsor hall about five o'clock this morning. He had not been in very good health for the last week or ten days, and on Friday congestion of the lungs developed, resulting in his death, as stated above. The deceased had just passed his seventy-fifth year, and has been an ordained priest of the Church of England for fifty years. His surviving children are Rev. Jas. Simonds of Halifax, N. S., R. H. Simonds of Moncton, P. E. Simonds of Gloucester, Man., and C. A. E. Simonds of this city. Mrs. Henry Wilmer of Belmont, Mrs. A. F. Tippet of Montreal and Miss Simonds are his daughters. The funeral will probably be on Tuesday afternoon. The burial at Ormonde.

ACADIA COLLEGE, Wolfville, N. S., Jan. 23.—Stanford F. Doleman of Lockport, N. S., a member of the junior class of Acadia college, died suddenly yesterday. He was in poor health, but his death was not expected. He was in conversation with fellow students at a little before ten o'clock and was found dead about an hour afterwards. The physician pronounced his death due to heart disease. A memorial service of much interest was held today. The body will be taken to Lockport for interment.

HALIFAX, N. S., Jan. 24.—James M. Fayshah of Wolfville, brother of the late Colonel Fayshah of Windsor, died yesterday in his ninety-seventh year of age. He leaves an estate valued at \$20,000, bequeathed to his widow. This lady is ninety-four and remarkable, as it seems has never before seen a death in her own home. H. W. Trice of the United States has been appointed manager of the Post Office and Light Co. in succession to Peter Young, who goes to Pittsburg.

HEADACHES AND DIZZINESS.

Alex. C. C. Baidy of Martville, Que., says:—"After several years of continual suffering, I was persuaded to try Dr. Williams' Pink Pills, and have reason to bless the day I began their use. Prior to beginning the use of the Pills I had been under doctors' care, and had used every remedy, but with no effect, beyond occasional temporary relief. I suffered from extreme headaches, dizziness, loss of appetite, and palpitation of the heart. I got so weak that frequently I could scarcely move about, and my whole nervous system appeared to be in a state of complete prostration. When I began the use of Dr. Williams' Pink Pills I doubted very much if any medicine would restore my health, but I determined to give them a trial. After I had taken several boxes I noticed that I could sleep better, and that my nervous troubles were growing less. My illness had been going on for about four years, so that I did not anticipate that it would be easily eradicated, especially as doctors' treatment had failed, but after I had taken about a dozen boxes I was again in the full enjoyment of health. I think people using Dr. Williams' Pink Pills should pay special attention to the directions, and not at any expense get from one or two boxes. Had I been so unreasonable I would not today be enjoying the good health I have, and I hope this message may benefit some poor discouraged sufferer."

When I began the use of Dr. Williams' Pink Pills I doubted very much if any medicine would restore my health, but I determined to give them a trial. After I had taken several boxes I noticed that I could sleep better, and that my nervous troubles were growing less. My illness had been going on for about four years, so that I did not anticipate that it would be easily eradicated, especially as doctors' treatment had failed, but after I had taken about a dozen boxes I was again in the full enjoyment of health.
