

The Renowned Remedy
FOLLOWAY'S OINTMENT
A MOST ASTONISHING CURE OF SCROFUL
ULCERS.—A CASE CONTAINED IN THE
MAYOR OF DUBLIN.
Copy of a Letter from J. Ross, Esq., Mayor

To Professor Holloway.

Dear Sir, — Mrs Sarah Dixon, of Cambridge Boston, has this day deposed before me that she considerable period was severely afflicted with Spinal Stiffness and Ulcers in her arms, feet, and all parts of her body; and although the first of medical aid was obtained, at the cost of large sums of money, she obtained no permanent relief, but gradually grew weaker, and was suffering, but gradually recovering.

Being recommended by a friend to try your Ointment, she procured a small pot, and used the Pills, and before that was all cured, and in a few days amendment appeared. By persevering with the medicine for a short time longer, according to

directions and strictly adhering to your plan of diet. &c. she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly

To Professor Holloway.

Sir,—I am glad to be a considerable space from
your attack of Epilepsy, which at present has

in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despair of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say, the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood who are similarly afflicted, who derive equal benefit.

I am, Sir, your obliged and faithful servant,

The following important communication has been forwarded to me by Professor H. Dixon for publication:—
Mr. B. Dixon, Chemist, King-st., Northampton.
Copy of a Letter from Captain Sandeys of Great Yarmouth, dated January 19th, 1869.
 Dear Sir,—I send you the particulars of a case affected by Professor Holloway's invaluable medicines: Mr. John Weston, late in Her Majesty's service, in the 4th and 5th Regiments of Foot, and lately the aide-de-camp to the Duke of Cambridge, was attacked by a severe attack of Gravel in the month of March, 1868, and was obliged to leave his regiment, and to enter the Royal Naval Hospital for six months, where he was treated by Mr. Portman, Surgeon, and Dr. English, and returned to Northampton, where he was

remained in inmate four months, there, as at Mt. Airy, refusing to leave the firm amputated, he was turned out incurable. He then came to Yarrow and was under a medical gentleman for about four months, but his ailment became so much worse, that all hope was lost. At this period, by my advice he tried Holloway's Ointment and Pills, which, unremitted application, healed all the ulcers, &c. restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

*Copy of a Letter from Mr. T. F. Kea, Chemist,
Lower Mosley Lane, Manchester, dated Feb.
12th, 1853.*

To Professor Halloway.

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary case of a bad breast, effected solely by the use of celebrated Ointment and Pills. Mrs. Martin of Pritts-ree, in this town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by herated wounds in the breast. She had had no experience in the use of all the known remedies for the cure of all the above mentioned ailments, and had been to visit a lady

of cure being effected. In this distressing
painful condition of body and mind, she was
sueded to have recourse to your invaluable
ment and Pills, which she immediately did, at
the course of a very short time the effect pro-
duced was most astonishing; her appetite was speed-
ily improved, the sores and ulcers in the breast grad-
ually healed, and the nervous excitement of the
system was wholly removed.

I remain, Dear Sir, yours faithfully,
T. FORSTER ESQ.
