**ST. JOHN STAR.**  
 ST. JOHN, N. B., MAY 25, 1901.  
 A TEMPORARY HARDSHIP.

The lumbermen in British Columbia are greatly excited over a bill which was passed by the legislature in the closing hours of the session. This bill prohibits the exportation of logs to the United States, and says that all the timber cut in British Columbia must be manufactured in that province. Lumbermen say that the law will work havoc with the industry on the coast for this season at least, inasmuch as the immediate enforcement of the law those who have heretofore sold to the American markets, and they are the great majority, have now no time to make other disposal of this season's cut, and in many cases operations in the limits have been suspended. Vancouver is especially to suffer by this, as firms in that city have been furnishing supplies to the logging camps and have now lost that business. This reason for this legislation is that the American mill men buy logs from the B. C. lumbermen, and send them back as shingles, underselling the Canadian manufacturers.

**HYPNOTISM IN SURGERY.**  
 In St. Catherine's hospital, Brooklyn, this week, an effort was made to hypnotize a patient on whom a surgical operation was to be performed. The patient was perfectly willing, but unfortunately for the experiment the efforts of the hypnotist failed to induce sleep. One of the physicians, Dr. J. C. Kennedy, said: "If, as we expect, hypnotism can be employed in the place of ether, it will be a great blessing to the patient. While we are not particularly well pleased at the outcome of today's attempt, yet we feel that we have learned something and that as experiments are continued obstacles after obstacle will be removed. The patient will suffer no ill effects from being put to sleep, and he will know nothing of the operation until he comes out of the sleep."

**OLD AGE PENSIONS.**  
 A bill to provide pensions for aged workmen is now before the French chamber. It is proposed, says the New York Herald, to enforce a contribution of one to two cents a day from every workman according to his wages, the employer and the state to each contribute as much, and the whole to form a fund from which the workman after the age of sixty-five would receive a pension proportioned to the number of days he had contributed. In order to invest the accumulated fund the French cabinet proposes to gradually absorb government renties with the funds and pay the interest to the workmen.

Before departing on a trip to Europe this week Rev. Dr. Parkhurst, the famous New York reformer, made these pessimistic remarks to a reporter: "We are now morally sure that New York is a rotten city. Despite of all the good work that has been done the conditions are awful. If the situation in this city has been improved by the advertising for years of the crime existing I do not know it." Speaking in London this week before the Institute of Bankers, Sir Robert Giffen said it was sheer nonsense to assert that Great Britain was living on her capital in her dealings with foreign countries. He declared also that the South African war expenditure came out of income and not out of capital, adding that the war had scarcely disturbed business at home.

The census of Scotland, just completed, shows a total population of 4,471,967, or an increase since the last census, taken ten years ago, of 444,218. For the first time Scotland's population exceeds Ireland's. The population of Glasgow is 769,423, an increase of 142,371, or twenty-seven per cent, and that of Edinburgh 316,779, an increase of 51,833.

Canadian Socialist leagues have been formed in the following places: Montreal, Toronto, West Toronto, London, Malton, Poplar, Mount Forest, Galt, St. Thomas, Hamilton, Paris, Oshawa, Point Moody, Ferguson, Sapperton and Victoria, B. C., and Tantalus and Banff, N. W. T.

The members of the St. John Fabian League will be interested in the article quoted in this issue from the Montreal Star, concerning state-owned railways in Australia. Arabi Pasha, the famous Egyptian rebel, banished to Ceylon in 1882, has been pardoned.

**LETTERS FROM PHILADELPHIA.**  
**THE PROTESTANT LORD'S PRAYER.**

To the Editor of the Star:  
 Sir,—There has been a terrible outrage committed on the broad-minded and anti-biased Roman Catholic students at the high school. The writer says that recently they were compelled to either rise or leave the room while "the Protestant Lord's Prayer," whatever that is, was being recited. The Catholic students were guided by the dictates of their own conscience in refusing to rise. Just think for one moment what remorse and humiliation the average high school boy's conscience would feel in listening to the "Protestant Lord's Prayer"—a prayer, I suppose, made especially by a Protestant, patented and copyrighted—and how unfair it is to the Catholic student; how he is kept down by such an outrageous act, and surely it is as the writer intimates a great barrier to any Catholic who would seek justice and fair play. "Bigotry" of course, the Catholic schools are free from anything pertaining to bigotry. I will point out one instance. Miss Carr, a Roman Catholic, is principal of Elm street school. She is all right, and no fault is found with Miss Carr because she is a Roman Catholic. A short time ago, there was wanted a teacher to take the place of one in St. Peter's school for a day or so. Notwithstanding there was quite a number of Protestant teachers not employed, not one would be taken on, but a Roman Catholic teacher was brought from one of the schools in Carleton. According to the Freeman, this is "conscience, not bigotry." If the Protestants objected to Miss Carr being principal, no less authority than the Rev. Father Garner, Aid. J. McGoldrick, J. J. McGaffigan, Police Magistrate Ritchie, etc., owners, etc., of the Freeman, would call it bigotry. The time will come when the Protestants of the high school by their being in the school will surely see that the school law is carried out as first intended by the promoters, and then all these outrages upon a school boy's conscience, especially the Roman Catholic student, will be eliminated.

**PROTESTANT.**  
 To the Editor of the Star:  
 Sir,—I see by the Freeman that a "gross insult" has been offered to the conscience of the Roman Catholic people in the high school by their being asked to stand while "the Protestant Lord's Prayer" was being recited. This is a very serious matter. In order to show how gross and horrible the insult must have been I give you here the Lord's Prayer as it is recited in the Douay or Catholic version of the Bible.

As said in the Schools:  
 Our Father who art in heaven, Hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in heaven. Give us this day our daily bread and forgive us our debts as we forgive them who trespass against us (or our debtors). And lead us not into temptation. But deliver us from evil. For Thine is the kingdom and the power and the glory forever. Amen.  
 Douay Bible Matt. VI.

Our Father who art in heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in heaven. Give us this day our superabundant bread. And forgive us our debts. And lead us not into temptation. But deliver us from evil. Amen.  
 Douay Bible, Luke XI.  
 Father, I allowed be thy name. Thy Kingdom come. Give us this day our daily bread. And forgive us our sins, for we also forgive every one that is indebted to us. And lead us not into temptation.

**OUTING DAYS.**

The Charlottetown Patriot says: "Judge Forbes of St. John and son, H. D. Forbes, arrived by the express last evening and registered at the Davias. This morning they left on a fishing expedition to Morell." H. H. Cosman of the Seaman's Mission and his son returned today from a fishing trip to Springdale. They caught about five dozen trout, some of them beauties.

**HERE'S WHAT WE WANT.**

Here are samples of the outing net, sent in by correspondents to a Bangor paper: A Millinocket correspondent, writing May 22nd, says: "Some great catches of trout are now being made from Schoodic brook and from the Millinocket stream. Some of the best catches follow: J. E. Marchie, Schoodic brook, 60 beauties in two hours; William St. John and George Rapley, Schoodic brook, 70, some of them 12 inches long; R. M. Lewis, Schoodic brook, 47 in about two hours; R. M. Lewis, Millinocket stream, 21 beauties averaging about nine inches; W. O. Dewitt, Millinocket stream, 46. Everybody seems to be getting all the trout they care for just now and parties may be seen returning every day with from five or six to 25 nice large trout."

**CREED REVISION.**

PHILADELPHIA, May 24.—After having finally decided yesterday the amendment to the articles of creed rested for further consideration, the Presbyterian general assembly today proceeded to discuss the report offered by Rev. Dr. Julius W. Williams of Cumberland, Md. This amendment substitutes the minority report, which agrees with the majority report in all but recitals, "It" expressing the preservation of a summary of the reformed faith.
