IMPURE MILK

Is the kind most frequently gotten from grocery stores—milk that is old, tainted and poor.

We now have an up-to-date system of treating and delivering milk. We have fresh morning's milk from Jersey cows delivered to us early every morning, and it is at once put into sterilized bottles and into our new iced milk case, where it quickly cools. We can thus deliver ice cold milk which is only a few hours old—and you can always be sure it is sweet, pure and wholesome. A small item, perhaps, but an important one to our customers.

A quiet wedding took place last evening at the residence of Robert Sprague, 138 Carmarthen street, when Mrs. Jane Gandle, of Greer, St. John county, was united in marriage to Rev. B. O. Hartman, B. D., of Baie Verte, Westmorland county. The ceremony was performed by Rev. Dr. Howard Sprague, assisted by Rev. C. W. Hamilton. Only the immediate relatives of the contracting parties were present.

In North End Thursday a party of small boys came across a ground hog which took for its hiding place a convenient wood pile. The odd little stranger put up a stiff fight, using its sharp tusks to good advantage, but it was overcome and placed in a rabbit house, made of laths. Next day, when the captors went to the place where they supposed their new pet to be, the house was empty. No barriers were broken, no damage of any kind, but a cleverly burrowed tunnel explained the escape.

The steamer Aberdeen met with her first serious accident while conveying a picnic party Thursday, when with the 71st Regt. BIRTHS.

ESTY—At Waasis station, Aug. 29, to the wife of [illegible] daughter.

RUSSELL SAGE WILL BOOM SHORE LINE.

Bound to Make it a Paying Proposition.

Work on Improving Road and Connecting it With Boston and St. John is to be Pushed.

The survey party that has been at work on the New Brunswick Southern Railway have completed their work and now the matter of completing the extensive repairs is in the hands of the railway and the bridge building companies that have the work in hand.

The surveys provide for a connection at St. Stephen with the Western Counties Railway and the connection of the line with the C. P. R. so that the N. B. Southern trains will start from and arrive at the I. C. R. depot.

The Dominion Bridge Company are getting along splendidly with their work and in a few days will complete the Lepreaux bridges. Four others are to be put in. The railway company have not been fortunate with their end of the work as they have not had delivered the ties needed. The blame for this they place on the Inglewood Pulp Company, who have failed to deliver according to contract.

Col. H. H. McLean, the manager of the road, stated this morning that so many thousand ties should have been delivered before September 1st, this was not done and he would do all he could to secure ties from other quarters so that the work could be rushed.

Col. McLean said it was the intention of Russel Sage, the actual owner of the road, to put it in the best possible shape and make it a part of a through line to Boston, as only in this way could it be made to pay. The road had sunk a lot of money and Mr. Sage was determined to get it back if business enterprise would do it.

Asked as to the rumored report of the purchase of the line by the C. P. R., Mr. McLean said as far as he knew the C. P. R. did not even desire to purchase the road. He did not doubt but that Mr. Sage would sell if he got his price, but at present no offer had been made.

POLICE COURT.

The police court opened at 9.30 this morning and three drunks were fined $4 or ten days.

Hung Kee, a gentleman of Chinese extraction, was brought into court this morning charged with running a laundry on Wall street without a license. Hung Kee is an old looking gentleman clothed in long hair and spectacles. He was accompanied by Hun Lee, another laundry man, who acted as his solicitor and interpreter. Sing Lee and Sing Lee's brother were also involved in the case and the magistrate informed Hun Lee this morning that if Hung was not out of the town by Tuesday, he would have "Sing Lee and Sing Lee's brother and you and him all up here" and fine him $40 or twice the amount of the fine. "He got no money now," argued Lee.

WILL JOIN THE OBLATES.

Leo P. Bradley, son of Charles Bradley, of the North End, was a passenger to Boston by the steamer Calvin Austin on Saturday evening last. Mr. Bradley was en route to Tewkesbury Centre, Mass., where he will enter the novitiate of the Oblates Mary Immaculate. At the close of the novitiate, which usually occupies one year, the vows of the order are taken and Mr. Bradley will then go to Washington, where he will complete his theological studies. The Oblate Fathers have their own seminary in that city. Mr. Bradley is a graduate of St. Dunstan's College, having completed the classical course in June of this year. In his choice of the higher life he is followed by the prayers of his many friends and by the good wishes of hosts of acquaintances in St. John and throughout the provinces, among whom he was a general favorite.—New Freeman.

TODAY'S BIG GAME.

What promises to be one of the best games seen here this year will take place this afternoon on the Victoria grounds, when the St. John team will again meet the Presque Isle team. Goode and McEachern will be the opposing pitchers, and considerable interest has been aroused as to the outcome.

On Monday, Labor Day, the Moncton Y. M. C. C. team, comprising the best talent available there, will be on hand for two big games, morning and afternoon, on the Victoria grounds.

Defects in Children's Eyes

Should be suspected when there is an aversion to study. The normal child delights in school work, but when handicapped by poor vision soon loses interest in work which he does not fully understand.

A little attention now may save your child the reputation of being dull and backward, and may make his school-work a pleasure.
